Dear Friends,

On behalf of nearly 5,800 students, many hundreds of professors and staff members, and more than 26,000 alumni, let me welcome you to Sacred Heart University. You will find in these pages just some of the reasons that the Princeton Review has included our University among The Best 366 Colleges in America and U.S. News & World Report ranks us among the finest in the Northeast. The second-largest Catholic university in New England, Sacred Heart offers more than 40 undergraduate, graduate, and doctoral programs on its main campus in Fairfield, Connecticut, and satellites in Connecticut, Luxembourg and Ireland.

The University is made up of four distinctive colleges: Arts and Sciences, Education and Health Professions, University College, and the John F. Welch College of Business.

Educating students in the legacy and tradition of GE's legendary Jack Welch, this College is accredited by the AASCB International, an elite designation belonging to fewer than 10% of business schools worldwide. A leader in the use of educational technology, SHU has been ranked by Intel as the #11 "unwired" college in the United States. It fields 32 Division I varsity teams and sponsors an award-winning program of community service.

Sacred Heart University is rooted in the Catholic intellectual tradition. We are here to assist you in your journey of learning and to travel with you as you work to build a better, more peaceful world. Please call on anyone listed in these pages with your questions and concerns. We welcome your interest in our community of active and engaged learners and hope your time with us is both challenging and productive. With every best wish, I am

Sincerely,

Anthony J. Cernera, Ph.D.

Graduate Academic Calendar 2009-2011

Semester Courses – Level Programs – Chemistry, Computer Science & Information Technology, Criminal Justice, Nursing, Physical Therapy, Religious Studies

FALL SEMESTER

Labor Day (no classes) 2009 Mon., Sep. 7 2010 Mon., Sep. 6
Classes begin Mon., Sep. 8 Mon., Sep. 7
Last day to Add/Drop Mon., Sep. 14 Mon., Sep. 13
Last day to withdraw without Fri., Oct. 9 Fri., Oct. 8
WF option Sun.-Tue., Oct. 11-13 Sun.-Tue., Oct. 10-12
Columbus weekend Tue., Oct. 13 Tue., Oct. 12
Faculty Institute Day (no classes) "Wed., Oct. 14"
Last day to complete work from Wed.-Sun., Nov. 25-29 Wed.-Sun., Nov. 24-28
Spring/Summer Sat., Dec. 19 Sat., Dec. 18
Thanksgiving Holiday Thur.-Sun., Dec. 24-27 Thur.-Sun., Dec. 24-26
Christmas Holiday Thur.-Sun., Dec. 29-Jan. 3 Fri.-Sun., Dec. 31-Jan. 2
New Year’s Holiday

SPRING SEMESTER

Martin Luther King Day (no classes) 2010 Mon., Jan. 18 2011 Mon., Jan. 17
Classes Begin Tue., Jan. 19 Tue., Jan. 18
Last day to Add/Drop Mon., Jan. 25 Mon., Jan. 24
Last day to Withdraw w/o penalty Fri., Feb. 19 Fri., Feb. 18
Last day to convert Incomplete grades Mon., Mar. 1 Mon., Feb. 28
Spring Break Sun.-Sun., Mar. 7-14 Sun.-Sun., Mar. 6-13
Easter Holiday Wed.-Tue., Mar. 31-Apr. 6 Wed.-Mon., Apr. 20-25
Faculty Institute Day (no classes) Tue., Apr. 6 Tue., Apr. 19
Classes end (including finals) Tue., May 11 Tue., May 10
Graduate Commencement Sat., May 15 Sat., May 14
Memorial Day Mon., May 31 Mon., May 30

SUMMER SESSION I

Summer Session I classes begin 2010 Mon., Jun. 7 2011 Mon., Jun. 6
Independence Day (no classes) Mon., Jul. 5 Mon., Jul. 4
Monday classes meet Fri., Jul. 9 Fri., Jul. 8
Classes End (including finals) Tue., Jul. 13 Tue., Jul. 12

SUMMER SESSION II

Classes end (including finals) Thur., Aug. 19 Thur., Aug. 18

Statement of University Policies

While every effort is made to ensure the accuracy of information provided in this catalog, accuracy cannot be guaranteed. Sacred Heart University reserves the right to make changes at any time without prior notice. The University provides the information in this catalog solely for the convenience of the reader, who may not rely upon it as a promise or legal obligation. Sacred Heart University expressly disclaims any liability based on the contents.

The University is committed to the concept of equal educational opportunities for all. Individuals are considered for admission to student status, and its services, facilities, programs and activities are administered in a nondiscriminatory manner as required by law without regard to race, religion, color, sex, national or ethnic origin, gender, age or handicap.

The institution recognizes the Family Rights and Privacy Act of 1974, which defines the rights and protects the privacy of students with regard to their educational records.

The University is an Equal Opportunity Employer in accordance with its Affirmative Action Policy. It does not discriminate as required by law in its employment practices on the basis of race, color, national or ethnic origin, religion, age, sex, sexual orientation, or handicap.

Sacred Heart University is committed to the maintenance of a community environment where respect for the dignity and worth of each individual is demonstrated and where diversity and the free exchange of ideas can flourish. The maintenance of that community requires its members to avoid behavior that creates division, to promote behavior that enhances cooperation among groups and to encourage the development of each person as a unique individual.

The University does not condone racism, sexism, sexual harassment, intolerance or any other acts of discrimination. The University is authorized under federal law to enroll nonimmigrant alien students.

Any person who has a complaint regarding any unlawful discrimination may obtain the policies and procedures to file a complaint from the Human Resources Department. A complaint by a student for unlawful discrimination in violation of Sacred Heart University policies or state or federal law regarding disability may also be filed with the Director of Special Services located at the University's Jandrisevits Learning Center who will direct the complaint to Human Resources.

Accreditation and Memberships

ACCREDITATION
Sacred Heart University has been granted institutional accreditation by the New England Association of Schools and Colleges, one of six regional associations in the United States that accredit schools and colleges. Institutional accreditation is the means used by regional accrediting commissions to assure the educational community, the general public and other agencies and organizations that an institution has clearly defined and appropriate educational objectives and that it has established conditions under which its achievements can be met. Accreditation also provides that an institution is so organized, staffed and supported that it can continue to meet its objectives in the future.

In addition, several University programs have received either specialized accreditation or approval by the state of Connecticut or have been granted specialized accreditation by national professional organizations. The Master of Arts in Teaching program is accredited by the Connecticut State Department of Higher Education; the Education program for teacher certification at the elementary and secondary levels is approved by the Connecticut State Department of Education; the Bachelor of Science in Nursing and Master of Science in Nursing programs are accredited by the Commission on Collegiate Nursing Education (CCNE); National League for Nursing; the Master of Science in Occupational Therapy is accredited by the American Occupational Therapy Association; the Doctor of Physical Therapy is accredited by the American Physical Therapy Association; the Bachelor of Arts or Science in Social Work program is accredited by the Council on Social Work Education; and the John F. Welch College of Business is accredited by the Association to Advance Collegiate Schools of Business (AACSB). The University is approved by the Connecticut State Department of Education for the education of veterans and their eligible dependents.

Mission and History

MISSION STATEMENT
Sacred Heart University is a coeducational, independent, comprehensive institution of higher learning in the Catholic intellectual tradition whose primary objective is to prepare men and women to live in and make their contributions to the human community. The University aims to assist in the development of people knowledgeable of self, rooted in faith, educated in mind, compassionate in heart, responsive to social and civic obligations, and able to respond to an ever-changing world. It does this by calling forth the intellectual potential of its students, nurturing each one's spiritual and moral growth, and deepening in them a sense of social responsibility. The University is committed to combining education for life with preparation for professional excellence. Sacred Heart University is Catholic in tradition and spirit. As a Catholic university, it seeks to play its appropriate role in the modern world. It exemplifies in its life the Judeo-Christian values of the Godgiven freedom and dignity of every human person. Inspired by the ecumenical spirit of the Second Vatican Council, Sacred Heart University welcomes men and women of all religious traditions and beliefs who share its concerns for truth, scholarship, the dignity of the human person, freedom, and the betterment of human society. It values religious diversity as enhancing the University
community and creating opportunities for dialogue in the common search for truth. Through its curricular and co-curricular activities and campus ministry programs, the University provides the context in which students have the opportunity to appropriate in a critical fashion their own religious traditions. Sacred Heart University challenges its students to think critically, analyze carefully, evaluate with a sense of justice and proportion, and convey conclusions in an intelligible and articulate fashion. The University provides the environment in which its students can develop the aesthetic dimension of life by nurturing their abilities to imagine, create and appreciate. It assists students to acquire a rich understanding of their own cultural and family heritages so as to assume their responsibilities as conveyors and creators of culture and family. As a community of teachers and scholars, Sacred Heart University exists for the pursuit of truth. It joins with other colleges and universities in the task of expanding human knowledge and deepening human understanding. It encourages and supports the scholarly and artistic work of its faculty and students. Further, it has a responsibility to share its resources and its special gifts and talents for the betterment of the human community. All members of the University community are encouraged to participate in the wider community through service to others, especially the poor. From its founding, the University has been recognized for its caring approach to students. This expresses the University's belief that each student is born with a unique set of qualities and skills. It respects the personal and academic freedom of each of its members while, at the same time, fostering a genuine experience of community. By so doing, it creates the environment in which each person in the University shares in common goals and a common commitment to truth, justice, and concern for others.

HISTORY
Sacred Heart University was founded in 1963 by the Most Reverend Walter W. Curtis, Bishop of the Diocese of Bridgeport. It was established to provide an affordable, quality education at a Catholic university. From its outset, the University bore the mark of innovation. Charting a new direction within American Catholicism, the University was to be led and staffed by the laity, as an independent Catholic University. Signs of the University's growth and vibrancy are evident. The enrollment has risen from the original class of 173 students to more than 5,700 full- and part-time undergraduate and graduate students in Fall 2006. Correspondingly, the faculty has increased from 9 to over 190 full-time professors and a cadre of dedicated affiliate faculty members. The University has grown and has enhanced the undergraduate student experience in several other ways. In 1990, it accepted for the first time students who wanted the "residential" experience. It now has ten residence halls, and 66% of the full-time undergraduate students live in University housing. New degree programs and majors in relevant disciplines are consistently added to our curriculum. The University offers Division I athletics with 32 varsity teams. The expansive William H. Pitt Health and Recreation Center is available to all students and the community at large. Recognizing the importance of technology, Sacred Heart University provides all undergraduate students with a laptop computer. The University campus is a wireless environment. The University consists of four colleges: College of Arts and Sciences, John F. Welch College of Business, College of Education and Health Professions, and University College. The latter is committed to the adult learner and provides continuing education programs. Its evening, weekend and accelerated courses earn praise for their diversity and relevance to changing lifestyles. An ever-widening outreach to the community balances the University's commitment to academic excellence. The Center for Spirituality and Ministry educates men and women for pastoral, administrative, catechetical and other Church ministries. The Center for Christian-Jewish Understanding, which earned the personal endorsement of
Pope John Paul II, has become a global leader in fostering interreligious dialogue. Closer to home, hundreds of students, faculty and staff volunteer their services in the community each year. The Center for Strategic Planning for Not-for-Profit Organizations provides business assistance to qualified groups at no cost. Through the Sacred Heart University—St. Charles Health and Wellness Center, faculty and students from Nursing, Physical Therapy, Psychology, Occupational Therapy and related disciplines bring the assets of contemporary health care practices and services to an at-risk population to the multicultural communities of St. Charles Church and neighborhood residents on Bridgeport’s East Side. The administration, faculty and staff, and students are proud to carry the Founder’s vision and the University’s mission into the third millennium.

Locations

Located on 56 suburban acres and adjacent properties in Fairfield, Connecticut, the main campus is just minutes from Exit 47 off the Merritt Parkway (Route 15), about one hour north of New York and less than three hours south of Boston. Major extension sites of the University are located in Stamford and Griswold, Connecticut. The University also offers a Master of Business Administration degree in the Grand Duchy of Luxembourg.

Curriculum

The University responds to community needs with courses that offer up-to-date specialized information and skills. At the same time, it maintains a commitment to the intellectual development of its students within a well-defined liberal arts program—the humanities, the physical sciences and the social sciences. Master’s degree programs are offered in the fields of:

- Business Administration (M.B.A.),
- Business Administration for Arts & Sciences (M.B.A.),
- Chemistry (M.S.),
- Computer Science and Information Technology (M.S.),
- Criminal Justice (M.A.),
- Family/Nurse Practitioner (M.S.N.),
- Geriatric Rehabilitation and Wellness (M.S.),
- Occupational Therapy (M.S.),
• Patient Care Services Administration (M.S.N. or MSN/MBA),
• Religious Studies (M.A.), and
• Teaching (M.A.T.).

Professional certificates (Sixth Year) in administration, CT. Literary Specialist and advanced teaching are also offered. A post-master's professional certificate is also available in Family Nurse Practitioner. A professional doctoral degree program is offered in Physical Therapy (DPT). A broad spectrum of short-term, noncredit courses, workshops and seminars is also offered by the University College each semester to meet the challenges of a dynamic and changing society.
**Graduate Admission**

Students are admitted into graduate study at Sacred Heart University using a portfolio approach. This allows the University to review an application using a variety of factors such as prior work experience and other nonacademic activities that may be relevant to the student’s planned area of study.

In addition to the admission requirements specified by each graduate program, all applicants must have a bachelor’s degree or equivalent from a higher education institution accredited by a regional association of colleges and schools recognized by the U.S. Secretary of Education and recognized as accredited by the Connecticut State Department of Education or a Connecticut higher education institution accredited by the Connecticut Board of Governors of Higher Education. Applicants are expected to have a cumulative undergraduate grade point average (GPA) of 3.0 (on a 4.0 scale) or higher. However, applicants with an undergraduate cumulative GPA below 3.0 may be provisionally accepted to certain programs if they demonstrate those qualities needed to succeed in the University’s graduate programs.

**APPLICATION DEADLINES**

There is no formal University-wide deadline for applications for graduate study. However, several departments and programs have established their own deadlines. For more information on specific program deadlines, contact the Office of Graduate Admissions at 203-365-7619. For all other programs, it is recommended that all application materials be submitted at least two months before the first day of class. International applicants should submit their materials four months before the first day of class. Applicants who are interested in obtaining an assistantship or financial assistance should submit applications as soon as possible to allow additional time for processing.

**COMPLETION OF THE APPLICATION FILE**

In order to complete an application for graduate study, the following materials must be sent to the Office of Graduate Admissions.

**Application**

A completed application form and any supplemental forms must be submitted to the Office of Graduate Admissions. Incomplete or unsigned applications will be returned. The application for graduate study may be completed online at www.sacredheart.edu/gradapp.cfm.

**Fee**

A nonrefundable fee must accompany the application. Checks should be made payable to Sacred Heart University. Applications without the fee or proof of payment will be returned.

**Transcripts**

Official transcripts from all prior colleges and universities attended must be submitted directly to the Office of Graduate Admissions. Official transcripts are those sent by the registrar of a college directly to the Office of Graduate Admissions. Sacred Heart University students and alumni may authorize the
Office of Graduate Admissions to obtain their official SHU transcripts on their behalf. Contact the Graduate Admissions Office for an authorization form. Hand-carried transcripts will not be accepted. All transcripts from foreign institutions must be accompanied by an evaluation completed by a translation service. The Office of Graduate Admissions has several recommended agencies for prospective students to contact.

Test Scores

Any test scores required for admission must be forwarded by the testing service to Sacred Heart University. For more information, contact the Office of Graduate Admissions at 203-365-7619.

Letters of Recommendation

Two letters of recommendation on behalf of the applicant must be submitted directly to the Office of Graduate Admissions. Certain programs have specific requirements for the recommendations. Contact the Office of Graduate Admissions for details at 203-365-7619.

Résumé

A résumé highlighting career and academic accomplishments should be sent to the Office of Graduate Admissions.

INITIAL TEACHING CERTIFICATION APPLICANTS

Candidates applying for their initial teaching certificate must complete an essay stating their reason(s) for wanting to be a teacher and describing any experiences that may have influenced that decision. Applicants must also submit a passing score on the Reading, Writing and Mathematics sections of the Praxis I examination or obtain an official Praxis waiver from the Connecticut State Department of Education. Applicants who have an undergraduate cumulative GPA under 2.75 (on a 4.0 scale) must request a waiver of this requirement from the Graduate Education program in order to be considered for admission.

CERTIFIED TEACHERS

Certified teachers who are applying for any graduate education program must submit a copy of their current certification.

INTERNATIONAL APPLICATIONS

International graduate students must possess the equivalent of a four-year bachelor’s degree from a U.S.-accredited college or university. In addition, international applicants should have achieved an excellent academic record that includes at least 16 years of primary, secondary and college-level education. In addition to the application for graduate study, international applicants must complete an application supplement for international graduate students, which can be obtained from the Office of Graduate Admissions. International applicants must have a minimum TOEFL score of 550 on the paper-based test, 80 on the Internet-based test (IBT), or 213 on the computer-based test to be admitted. Test scores must be forwarded from Educational Testing Service to Sacred Heart University. Exemption from TOEFL requirement may be possible if the applicant’s native language is English or the applicant has studied at a four-year college or university in the United States. All admitted international graduate students must take a placement test that includes an essay. International graduate students must demonstrate that sufficient financial support is available to study at Sacred Heart University for one year, as well as a reasonable expectation of continued support. A bank statement must be made available to the University verifying that such an amount is available. Once verification is received and the student has been accepted to the graduate program, the University International Center will issue the student an I-20 for the purpose of obtaining an F-1 Visa. For more information on international admissions, contact the Office of Graduate Admissions at 203-365-7619.
INCOMPLETE APPLICATIONS
The Office of Graduate Admissions will keep incomplete applications on file for one year. If an application has not been completed after one year, it will be considered withdrawn. Withdrawn incomplete applications are destroyed after two years.

INTERVIEWS AND ADVISEMENT SESSIONS
The University encourages prospective graduate students to meet with a representative from the Office of Graduate Admissions regarding their opportunities for graduate study. The University also suggests that prospective students meet with faculty advisors or program directors for academic advising. For more information on our various information sessions held throughout the year, call 203-365-7619.

ACCEPTANCE
Graduate students may be accepted under four categories: Fully Matriculated, Provisionally Accepted, Special Student and Auditor. The application process must be completed in order to be considered a Fully Matriculated or Provisionally Accepted student. Special students must register through the Office of Graduate Admissions. Auditors may register for courses through the Office of the Registrar.

Fully Matriculated Students
Those who have met all of the requirements for admission and have been accepted by the graduate program are considered Fully Matriculated Students.

Provisionally Accepted Students
Applicants whose undergraduate cumulative GPA falls below the minimum standard for admission, those who require additional prerequisite course work or who may benefit from close academic supervision may be admitted as Provisionally Accepted Students. Provisionally Accepted Students must complete any requirements outlined in the letter of provisional acceptance sent by the Office of Graduate Admissions. Upon completion of the requirements, the application file will be reviewed for consideration as a Fully Matriculated Student.

Special Students
Special Students are those who are taking courses and have not decided to matriculate into a graduate program. Special Students are considered non-matriculated students and may only complete a maximum of 6 to 9 credit hours at the University, per approval of the graduate program. Students who want to take courses beyond these initial credits must be admitted into a graduate program. This option is not available to Special Students considering a program for teacher certification or administrative certification.

Auditors
Students who want to take a course and not receive a grade or credit may register as an Auditor. A notation of audit is placed on a student's transcript. Students who want to audit a course must register for each course separately. Auditors are expected to participate in the learning process.

Readmission
Graduate students who fail to maintain continuous enrollment in their graduate program must complete an Application for Readmission. Continuous enrollment is defined as attendance for one of any three terms (for the purposes of this policy Late Spring and Summer count as one term) per academic year. The Application for Readmission must be submitted to the Office of Graduate Admissions. Students who are readmitted must adhere to the guidelines set forth in the current catalog. Graduate students who fail to register for more than six consecutive terms will be considered withdrawn from the University and must reapply under the current admission standards stipulated by the graduate program.
TRANSFER CREDITS AND RESIDENCY REQUIREMENTS

Graduate credits may be transferred to the University graduate degree programs provided that these credits were taken within the past six years at the graduate level from a regionally accredited college or university. A minimum grade of B is required for the courses to be transferred. All courses are transferred at the discretion of the program director. A maximum of 40 percent of the required credits can be applied toward a graduate degree. The remaining 60 percent or more must be taken in residence at the University. Graduate credits taken at the University toward another graduate degree program can be applied using the same criteria as those applied to transfer credits.
Academic Standards, Policies and Procedures
Academic Standards, Policies and Procedures

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Students may ask the University to amend a record that they believe is inaccurate or misleading. A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the University discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is the disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record to fulfill his/her professional responsibilities for the University.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. FERPA is administered by the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5901.

STUDENT RESPONSIBILITY

Students are responsible to know and apply the University's academic policies and procedures. They are responsible for meeting deadlines as outlined in the academic calendar or in other sections of this publication. Students are responsible to know and apply graduation requirements. Questions about academic progress should be addressed to the academic department or the Assistant Registrar for Graduation Services.
SACRED HEART UNIVERSITY NETWORK ACCOUNT AND OFFICIAL COMMUNICATIONS
When students are enrolled at Sacred Heart University, a University network account is created. The student is required to activate the account and is thereby given access to online services including Sacred Heart University email.
Official communication is directed to the student's University's electronic mailbox. In some cases official communications may be delivered by U.S. mail or campus mail. Students are expected to access their email regularly to stay abreast of important, time-sensitive information. Information on how to access Sacred Heart University's network is available from the University's website under MYSHU.
Sacred Heart University offers online and blended courses. Students must activate their Sacred Heart University network account and be registered to have access to course material and online applications.

MATRICULATION
Matriculation is an agreement with the University to a particular set of degree requirements. Graduate students who have met all the requirements and have been accepted by Graduate Admissions are considered fully admitted. Nonmatriculated students may take 6-9 credits with permission from Graduate Admissions. Students who want to take courses beyond these initial credits must be admitted to the University. The option to take courses as a nonmatriculated student does not apply to programs for teacher or administrative certification. Contact Graduate Admissions for further information.

CHANGES OF CURRICULUM AND CONTINUOUS ENROLLMENT
A matriculated student has the right to graduate under the requirements that existed at the time of his/her matriculation as long as continuous enrollment has been maintained.
Continuous enrollment means the student is in attendance for one of any three terms in an academic year. All summer session courses count as one term towards continuous enrollment calculations. Students who drop all their courses during the add/drop period may not use that semester as part of their continuous enrollment calculation. Students who fail to maintain continuous enrollment must apply for readmission. Readmitted students must follow the guidelines in effect at the time of readmission.
Students who are not enrolled in a semester may wish to maintain their network connections and access to certain services such as the Library and other online services. To do this, the student must contact the Academic department and request access to the department's continuous registration section. This registration will continue all network access. A fee of $100 will be applied. Such registration is not calculated as continuous enrollment as described in the above section.

MEASLES AND RUBELLA IMMUNIZATION/MENINGITIS VACCINATION
Connecticut law requires students born after December 31, 1956, to provide proof of two doses of measles vaccine administered at least one month apart. The first dose of vaccine must have been given after the student's first birthday and after January 1, 1969; the second dose must have been given after January 1, 1980. The student is also required to provide proof of one dose of rubella vaccine administered after the student's first birthday. Laboratory evidence (blood tests) of immunity is acceptable in lieu of administration of vaccine. For further information regarding immunization requirements, contact the University's Health Services Office at 203-371-7838.

ACADEMIC CALENDAR
The academic calendar varies depending on the graduate program. The calendar and important dates are posted on the
As an institution of higher learning, Sacred Heart University places special emphasis on academic integrity, which is a commitment to the fundamental values of honesty, trust, fairness, respect and responsibility. Only when these values are widely respected and practiced by all members of the University—students, faculty, administrators and staff—can the University maintain a culture that promotes free exploration of knowledge, constructive debate, genuine learning, effective research, fair assessment of student progress and development of members' characters.

These aims of the University require that its members exercise mutual responsibilities. At its core, academic integrity is secured by a principled commitment to carry out these responsibilities, not by rules and penalties. Students and faculty should strive to create an academic environment that is honest, fair and respectful of all. They do this by evaluating others' work fairly, by responding to others' ideas critically yet courteously, by respecting others' intellectual and physical property, and by nurturing the values of academic integrity in all contexts of University life.

Appropriate disciplinary action will be taken for violations of academic integrity, including plagiarism, cheating, any use of materials for an assignment or exam that is not permitted by the instructor, and theft or mutilation of intellectual materials or other University equipment. Faculty will assign failing grades for violations of the University's policy on academic integrity and students may immediately receive an F for a course in which they commit a violation. Violations of academic integrity are kept on file; second violations will bring additional sanctions, up to dismissal from the University. For any disciplinary action, the University affords the student the right of due process in an appeals procedure. All matriculated students will be provided with a full description of the University's standards for academic integrity, consequences for violations, and the appeals procedure.

MUTUAL RESPONSIBILITIES OF FACULTY AND STUDENTS

Sacred Heart University faculty have an ethical and professional obligation to take the following steps to promote academic integrity among students:

1. Refer in course syllabi to the University's policy on academic integrity.
2. Clearly explicate in course syllabi behaviors and actions that constitute academic dishonesty, especially those that may be specific to the assignments of the course.
3. Clearly explicate in course syllabi consequences for violations of academic integrity.
4. Reinforce these expectations and consequences periodically during the semester, such as when giving information for assignments.
5. Model and, where appropriate, teach students those scholarly practices that embody academic integrity.
6. Abide by this policy on academic integrity, including its reporting requirements.

Sacred Heart University students have the ethical obligation to take these steps to promote academic integrity among their peers:

1. Act with integrity in all their coursework.
2. Abide by this policy on academic integrity and any policies established by their professors and the department in which they are majoring.
3. Refuse to share materials with peers for the purpose of cheating, or that they believe will be used for cheating.
4. Take care with their own papers, tests, computer files, etc., lest these be stolen or appropriated by others.
5. Notify the professor of a course if they become aware that any form of cheating or plagiarism has occurred. Such notification is not dishonorable but maintains an academic environment in which all students are evaluated fairly for their work; it may also protect a student from a charge of dishonesty (if, for instance, the student's work was appropriated by another).

VIOLATIONS OF ACADEMIC INTEGRITY

Academic integrity can flourish only when members of the University voluntarily govern their personal behavior by high ethical standards. However, it is also crucial for the University to define the boundaries of ethical behavior and to prohibit attacks on the principles of academic integrity. Policies that govern faculty members' ethical responsibilities are treated in the Faculty Handbook. Students' ethical responsibilities are governed by the policy stated here. Departments and programs at the University may supplement this policy with additional guidelines and faculty members may specify additional guidelines in the syllabi for their classes. Students must adhere to such guidelines as well as to the University-wide policy.

All Sacred Heart University students, in all degree programs, are prohibited from engaging in any of the following types of behavior.

Cheating

Forms of cheating include, but are not limited to:

1. Having unpermitted notes during any exam or quiz. Only materials that a professor explicitly instructs students they may use during an examination are permitted.
2. Copying from other students during any exam or quiz.
3. Having unpermitted prior knowledge of any exam or quiz.
4. Copying or rewriting any homework or lab assignment from another student, or borrowing information for such assignments with the intention of presenting that work as one's own.
5. Using unpermitted materials or taking information from other students for a takehome exam. A take-home exam is an exam; therefore, it requires independent work.

Students should follow the procedures given by the professor.

Note: These standards require independent work by a student, except for those contexts where professors have specified forms of permitted collaboration with other students. If no form of collaboration has been specified, students must assume that none is permitted. Because assignments that involve group-based work can cause students to question what forms of collaboration are proper, they should seek guidance from their professors in all cases of doubt. Professors should make clear to students what forms of collaboration are permissible and impermissible. The standards on cheating do not prohibit students from studying together or from tutoring each other.

Plagiarism

Plagiarism is any act of misrepresenting the sources of one's information and ideas. When writing essays, it is the act of presenting another person's written words or ideas as one's own. When reporting experimental work, it includes the acts of falsifying data and presenting another's data as one's own. In speeches, it involves quoting passages of others' speeches or written words without mention of the author. Plagiarism is also possible in art and music, if one makes use of a work of art or music in a way that violates the standards of attribution in those fields.

Plagiarism may be willful, as when a student knowingly copies a source without attribution, or negligent, as when a student fails to cite sources properly. Both willful and negligent instances of plagiarism are subject to penalty—in part because professors must judge the result of a student's work, not his or her intentions, and in part because students are expected to know and follow the
standards for proper citation of sources.
Forms of plagiarism therefore include, but are not limited to:

1. Copying whole papers or passages from another student or from any source.
2. Allowing another student to copy or submit one's work.
3. Buying or obtaining a paper from any source, including term-paper sellers and Internet sources, and submitting that paper or passages of it as one's own work.
4. Pasting a passage from the Internet or any computer source into one's paper without quoting and attributing the passage.
5. Fabricating or falsifying a bibliography.
6. Falsifying one's results in scientific experiments, whether through fabrication or copying them from another source.
7. Appropriating another person's computer programming work for submission as an assignment.
8. When creating a web page, film or musical composition as a course assignment, failing to attribute material that comes from other media or failing to obtain proper permission for the use of such material.
9. Any other appropriation of another's intellectual property without proper attribution.
10. Submitting an assignment that one wrote during a previous semester or submitting the same assignment for more than one class simultaneously. This action includes reusing substantial portions of previously written work for a current assignment. (Students who are unsure of what work of their own they may use in preparing an assignment should consult their professors.) Assignments must be written the semester in which they are assigned unless a professor approves of the use of previously written material with specific guidelines. Assignments may be submitted for credit in a single course only unless professors in multiple courses are informed of and approve of the multiple submissions.

Note: Improper citation of sources occurs when a student presents all the sources he or she used in preparing a paper but fails to attribute quotations and information from those sources in the body of the paper. Specific examples include:

1. Failure to use quotation marks for direct quotes or for an author's distinctive phrases. (A rule of thumb to follow is that five or more words in succession from a source must be enclosed in quotation marks.)
2. Following an author's structure of writing and ideas, but rephrasing the sentences partially to give the impression that the whole passage reflects the student's structure and ideas.
3. Failure to give page numbers for quotations or for other information that did not originate with the student.

Such acts fall under the rubric of plagiarism. Because they sometimes do not involve willful misrepresentation, professors may have more lenient policies in dealing with them. Yet students should strive to cite all information properly and should note that professors have the discretion to treat these cases as seriously as the forms of plagiarism listed above.

OTHER VIOLATIONS
Other forms of unethical behavior that disrupt the processes of learning, teaching and research include:

1. Providing to other students exams or papers of one's own or from any source with the reasonable expectation that these will be used for the purpose of cheating or plagiarism.
2. Maintaining a file of exams or papers with the reasonable expectation that these will be used for the purpose of cheating or plagiarism.
3. Theft and defacement of library materials.
4. Theft of other students' notes,
5. Posting another person's work on the Internet without that person's permission.

COURSE-BASED SANCTIONS FOR VIOLATIONS OF ACADEMIC INTEGRITY

When a faculty member encounters a suspected case of academic dishonesty, he or she should address the matter with the student, after collecting whatever evidence may be available and relevant. The faculty member has the right to ask the student to provide evidence about sources used or other reasonable requests to establish the work the student did.

If the faculty member discovers that the student did act dishonestly, he or she will assign a penalty of a failing grade for the assignment; and may immediately assign the student a grade of F for the course.

Cases of improper citation are a matter of faculty discretion.

Faculty will report in writing the incident of academic dishonesty and the sanction imposed to the faculty's chair or program director, dean of the college in which the course was taken, and dean of the student's college within five working days of the sanction. The faculty member will provide all parties with appropriate documentation of the incident. The dean of the student's college will inform the student and his/her academic advisor in writing of the accusation, instructor's course-based sanction, and appeals process available to the student within five working days of the notification from the faculty member. In the instance of a second confirmed violation, the letter sent to the student will stipulate that this is a second violation. These timelines apply under normal circumstances, barring institutional exigencies.

APPEALS OF COURSE-BASED PENALTIES

The student will initially have presented his/her explanation to the faculty member when the faculty member first consulted the student about the work in question. The student who claims he/she did not act dishonestly should ordinarily attempt a resolution with the faculty member. If the resolution was not satisfactory following when a student failed a course or received a reduced course grade based on a formerly reported accusation of dishonesty, the student may appeal the grade by presenting a written statement demonstrating that he or she did not violate the present policy. The student should present supporting documentation. A documented appeal associated with a grade must be presented in writing within 15 working days of the notification from the dean of the student's college.

The procedure for a documented appeal is:

1. If the faculty member imposes a sanction because he or she finds the student acted in violation of the policy, the student may present the case in writing with supporting evidence to the department chair or program director of the faculty member involved. The chair/program director will consult with the faculty member in an attempt to resolve the matter. If the chairperson/program director is unable to resolve the matter, he or she will inform the student in writing. If the student wishes to pursue the matter further, the student may appeal in writing to the dean of the college in which the course was taken.

2. If the dean of the college in which the course was taken or the dean's designee finds that the appeal has merit, he or she will convene an appeal committee. This committee will consist of three faculty members: one selected by the student, one selected by the faculty member who taught the course, and one selected by the dean. After reviewing all documented evidence, the appeal committee will then propose a solution that the grade either stands or should be reviewed by the faculty member. This concludes the process.
CONSEQUENCES FOR SECOND AND SUBSEQUENT VIOLATION OF ACADEMIC INTEGRITY

The deans will maintain central files on all reported cases of student academic dishonesty in their colleges. Should a student transfer his or her major to another college, the dean will transfer files pertaining to that student to the dean of the other college.

When the dean of any college receives confirmed notice of a second violation by a student in that college, the dean will refer the matter to a standing faculty committee on academic integrity. This committee will consist of one faculty member each from the Colleges of Arts and Sciences, Business, and Education and Health Professions. The committee will also include the Dean of Students as a non-voting member. Faculty members of the committee will be appointed for two-year terms by a vote of the Faculty Senate. The purpose of this committee is to recommend additional sanctions to be taken against the student, including exclusion from the University for one or two semesters or dismissal from the University.

The committee will have available to it the full documentation of the student's previous violation of academic integrity and authority to request additional information and documentation as warranted; however, the committee is not to reconsider the student's guilt or innocence in those incidents. The committee will hear from the student's academic advisor and the chair or program director of the student's major department(s). The student will have an opportunity to address the committee if he or she wishes. The student may be accompanied by an advocate who is a current employee of the University who may not act as the student's legal counsel.

The committee will make a recommendation of sanction to the dean of the student's college, who will in turn make a recommendation to the Vice President for Academic Affairs. The decision of the Vice President for Academic Affairs will be final.

VIOLATIONS AND APPEALS OF VIOLATIONS OUTSIDE OF A COURSE

When a student is suspected of having violated academic integrity by an action that did not occur in the context of a course (see section above, Other Violations), the student, faculty, staff or administrator who suspects the violation and has plausible evidence should present this information to the Dean of Students. The Dean of Students will decide how to pursue the matter, and the student will have the right to appeal any consequences according to the Student Handbook.

GRADING SYSTEM

The academic standing of a graduate student is determined on the basis of the grade point average (GPA) earned each term. Each letter grade has an assigned value as indicated below.

The GPA is obtained by multiplying the value of each grade received by the number of credit hours assigned to each course, then dividing the total earned by the total credit hours attempted.

A minimum cumulative 3.0 GPA is required for graduation.

Graduate Studies uses this grading system:

<table>
<thead>
<tr>
<th>GRADE</th>
<th>POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.75</td>
</tr>
<tr>
<td>B+</td>
<td>3.5</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B-</td>
<td>2.75</td>
</tr>
<tr>
<td>C+</td>
<td>2.5</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
<tr>
<td>I</td>
<td>0</td>
</tr>
<tr>
<td>W</td>
<td>0</td>
</tr>
<tr>
<td>WF</td>
<td>0</td>
</tr>
</tbody>
</table>

I (Incomplete) grades may be changed by completing the deficient coursework no later than six weeks after the beginning of the following semester. All incomplete grades not changed within the six-week period will revert to Fs. In unusual circumstances, the six-week period can be
extended An Incomplete Extension (IX) will be in effect until the next conversion date which is six-weeks into the next major semester. After that date the Incomplete Extension grade will convert to an F. An Incomplete Extension may only be made once with the approval of the course instructor and the department chairperson.

W (Withdrawal) grades are recorded when a student officially withdraws from a course within the approved timeframe or if the instructor assigns the grade at the point of official withdrawal.

WF (Withdrawal Failing) grades are assigned to students who never attended but who have not officially withdrawn or if the instructor assigns the grade at the point of official withdrawal.

NG (No Grade) is recorded by the Registrar when a grade is not reported by the instructor. Students will not receive credit for courses assigned a NG grade. Students are financially responsible for the tuition and fees.

Note: I, W and NG grades are not factored in when calculating the GPA.

The Pass/Fail option is not available for matriculated students enrolled in courses that are part of their degree requirements. However, in certain circumstances, courses designated as co-requisites by the department may be designated as pass/fail grade. For example, laboratories and/or tutorials in Physical Therapy and Occupational Therapy may have a pass/fail grade as designated by the department. If a course is taken beyond the program requirements, a petition to take the course as P/F may be submitted to the program director.

CHANGE OF GRADES

An instructor may submit a Change of Grade only due to miscalculation of the original grade. Grade changes must be submitted by the instructor of record using the appropriate form. Grade changes must be submitted by the end of the following semester in which the grade was posted. Any exceptions will require additional approval.

When a grade below C is given in a required course, that course must be repeated. For a grade below C in an elective course, the student will be advised by the program director to repeat the course or take another elective in its place.

STUDENT GRADE GRIEVANCE—POLICY AND PROCEDURE

A student's dissatisfaction with a course grade is, in general, not sufficient grounds for warranting a grievance, convening a committee, or meriting a hearing.

Grounds for a grievance exist upon presentation of written documented evidence indicating:

- discriminatory treatment;
- the process determining the grade differs from that outlined in the course syllabus; or
- the process determining the grade was not presented in writing to the students.

A documented grievance associated with a grade must be presented within six (6) months after the original grade was issued.

The procedure for a documented grievance is as follows:

- The student is ordinarily expected to resolve the issue at hand with the faculty member.
- If the solution as provided by the faculty member is unacceptable to the student, the student may present the case in writing with supporting evidence to the department chairperson of the faculty member involved. The department chairperson will then make a judgment, after consultation with the faculty member and the student, in an attempt to bring the matter to resolution.
- If the department chairperson is unable to bring the matter to resolution or the judgment is unacceptable to the student, the student may present a formal appeal in writing to the dean of the college in which the course was taken or to his/her designee.
- If the dean of the college or his/her designee finds that the appeal has merit, he/she will convene a grievance
committee. This committee will consist of only faculty members: one faculty member selected by the student, one faculty member selected by the faculty member concerned, and one faculty member selected by the dean of the college or selected by his/her designee. The chairperson of the faculty member against whom the grievance is filed is not eligible to serve on the Grade Grievance Committee. After reviewing all documented evidence, the grievance committee will then propose a solution, supported by a rationale in writing, that the grade either stands or should be changed by the faculty member. If the faculty member is unavailable to change the grade, the department chairperson shall serve in lieu of the unavailable faculty member.

- In the extraordinary circumstances in which the faculty member does not accept the recommendation of the Grade Grievance Committee to change the grade after the Grade Grievance Committee ascertains that one or more grounds for a grievance outlined above has been substantiated, then the issue shall return to the Grade Grievance Committee, which will make the final grade decision to be implemented by the department chairperson. This step concludes the process.

ACADEMIC FORGIVENESS

When a failed course is repeated successfully, only the more recent of the two grades will be counted in the computation of the grade point average (GPA). A student who has repeated a failed course and wants to make an adjustment to his/her transcript must submit the appropriate repeated course form to the Registrar's Office. The original grade, however, will be kept on the transcript. This policy is limited to the first F successfully repeated during graduate study. Criteria for the successful repetition of a failed course will be established and promulgated by the respective program faculty. The limitation to forgiveness of a single F grade may be waived by student petition to the program or department director, with final approval of the petition being made by the college dean.

If an F course grade was the result of a violation of the University's policy on academic integrity, the grade is not subject to forgiveness. That is, the grade will remain in the computation of the GPA.

HONORS DESIGNATION FOR GRADUATING GRADUATE STUDENTS

The following represents the criteria for awarding the honor's designation for graduate students at the time of their graduation:

1. Students must be in top 20% of the graduating group within the degree program.
2. Students must have obtained at least a 3.7 QPR.
3. Students must have engaged in significant work (e.g., thesis, major project, course paper, etc.) that makes a recognized and documented contribution to the field of discipline.
4. A recommendation that an honor's designation be granted must be sent to the program director by a faculty member concerning the student's work.
5. Endorsement by the program director of the faculty member's recommendation and a recommendation for the award to the dean of the college.

ACADEMIC PROBATION

Any student whose GPA is below 3.0 will be considered to be on academic probation and may be required to obtain written permission from the program director before registering for additional coursework.

PROGRAM DISMISSAL

A student whose cumulative GPA is below 2.7 after completion of 18 credit hours will be dismissed from the University. Department/program standards take precedence over University standards. A student placed on academic probation
or dismissed may submit an appeal for change of status. For more information, contact the dean of the appropriate college.

*The academic probation and program dismissal policies described above are minimum University requirements. Each academic department may have additional requirements to maintain good standing or retained in the program.

**Academic Policies**

**FULL-TIME STUDENT STATUS**
To be considered a full-time student at the University, candidates must maintain registered status for nine credit hours per term, or a total of 18 credit hours per academic year, with a minimum of nine credit hours each semester.

Full-time student status is not calculated for Summer sessions.

International students (on an F-1 visa) must enroll for nine credit hours each term, Summer sessions excluded.

**TIME LIMIT FOR DEGREE COMPLETION**
A student must complete all the requirements for the degree within six years of the date of completion of the first course in the program. An extension of the time limit for completion of the degree can be granted only by the dean of the college after consultation with the program director.

**RESEARCH PROJECTS AND INDEPENDENT STUDY**
Many programs allow or require students to participate in research projects and/or courses of independent study. In both instances, these require prior approval by the academic program director and dean of the college, and close supervision by a faculty member. Students should consult with the academic program director about their interest in a research project or independent study, and must obtain the necessary approval before registering for a research project or independent study course.

In research designs proposing to use human subjects, students are required to seek approval from the University's Human Subject Review Committee before engaging in their research project. For further information, contact the dean of the appropriate college.

**THESIS**
A thesis may be required, encouraged or an option of a student's graduate program. Since a thesis is a special form of original research, it requires careful supervision by either an individual faculty member or a program thesis committee. Students considering a thesis should discuss their interest with the appropriate program director and should be familiar with and follow the procedures outlined in the Thesis Manual, which is available through the office of the dean of the appropriate college. For specific thesis requirements, see the Academic Programs section and accompanying Course Descriptions sections in this catalog.

Students registered for a thesis course or other final project, and have not completed the course at the end of the semester, are encouraged to apply for continuous registration. This will allow continuous access to network accounts and online applications. (See sections Matrication and Continuous Enrollment.)

**Academic Procedures**

**WEB ADVISOR**
Web Advisor is a secure site with access for current students and faculty. Through Web Advisor students can search for open classes and register online, add/drop courses, view their schedules with up-to-date room and instructor information, or check restrictions on their registration. Students may view their profile.
information and send corrections or view their grades and monitor their progress toward their degree goals.

ONLINE REGISTRATION USING WEB ADVISOR

Students are expected to register for classes through Web Advisor provided that they do not have any holds on their account (balance due, measles or meningitis noncompliance, parking tickets, etc.). This ensures that all students comply with Sacred Heart University policies. The student should contact the administrative departments to address any outstanding issues.

Students will be assigned time periods to register online. Messages will display on the screens whenever a student attempts to register for a class for which he or she is not qualified.

Online registration will only be available during specified date ranges but access to inquiry screens will always be available. Up-to-date information regarding class schedules, room and instructor information, and course offerings are available through Web Advisor.

Students who require special permission to register for a course may do so by completing the registration form and faxing the form with written permission from the Program Director to the Registrar's Office. Students may also complete this process in person during regular business hours. Information may be faxed to 203-365-7509.

REGISTRATION CONDITIONS

The University reserves the right to change class schedules or instructors at any time. In the event a course is cancelled, full refund of tuition and fees for the course will be provided to all registered students. Students must initiate all registration, drop or withdrawal actions. Requests from faculty or staff will not be processed unless a signed form or letter from the student is attached.

IN-PROCESS STUDENT REGISTRATION

Qualified students who have not yet completed the application process, or who have not received an admissions decision on their application, may register as an in-process student with written permission from the Graduate Admissions Office.

Students may complete up to six or nine credit hours under this designation depending on the academic program requirements.

In-process registration does not guarantee admission into a graduate program.

COURSE PREREQUISITES

Students are responsible to know course prerequisites and to meet those requirements before a course is taken. Information regarding course prerequisites can be found in this catalog and/or supplied by the appropriate academic program director. Exceptions to a prerequisite must be approved in advance by the academic program director. Credit may be denied to a student who takes a course without the proper prerequisites.

COURSE CHANGES—ADD/DROP

A student may change his/her course selection only within the first week of the semester (or the equivalent for accelerated/intensive courses). The procedure for schedule changes is available on the Registrar's webpage (http://www.sacredheart.edu/registrar.cfm). This process must be followed to ensure course registration and the proper calculation of tuition and issuance of refunds as listed in the Expenses and Student Financial Assistance chapter of this catalog.

Students may not add a course after the first week of the course (or the equivalent for accelerated/intensive session) without written permission of the course instructor and the department chair.

COURSE WITHDRAWAL

If withdrawal from a class becomes necessary, the student should obtain an official withdrawal form from the
Registrar’s Office. Official withdrawal is necessary to assure proper grade entry on the transcript and the issuance of any refunds.

A W grade will be issued for course withdrawals within the first five weeks of a semester (or the equivalent for accelerated/intensive courses). After that, a grade of W or WF will be issued at the discretion of the instructor. The last date to withdraw from a course is prior to the last scheduled class. A student’s failure to withdraw properly will result in a withdrawal failure (WF) grade.

Phone withdrawals are not accepted. Students who do not officially withdraw are still responsible for all tuition and fees. Nonattendance does not constitute official withdrawal. Course withdrawals may affect satisfactory academic progress (as defined in an earlier section) and may result in the loss of benefits or permission to participate in University activities or athletics. It is the student’s responsibility to understand these consequences.

VERIFYING STUDENT’S SCHEDULE

Each student is responsible for checking their schedule on Web Advisor to make sure the information is correct. Any problems should immediately be directed to the Registrar’s Office. Students will be held academically and financially responsible for their registration as indicated on their schedule in Web Advisor.

MILITARY LEAVE OF ABSENCE

Graduate Students called to active duty while enrolled in the University should contact their program director. Students must present documentation. Students wishing to obtain a Military Leave of Absence may be offered the following options after the program director confers with financial aid, instructors, and other University officials:

- Withdrawing from the courses with a full tuition refund or tuition credit, in accordance with University and government guidelines.
- If a student completed at least 70% of the coursework and upon recommendation of his/her dean, the student may elect to take incompletes and make special arrangements for course completion with individual instructors.
- Students are eligible to return within one year following active duty. However, the degree requirements may have changed, and the student may be required to comply with degree program requirements in effect at the time of their return to the University.

COMPLETE WITHDRAWAL FROM THE UNIVERSITY

Graduate students wishing to drop or withdraw from all their courses and thereby discontinue their enrollment should confer with their advisor or program director. University withdrawals are not official until all signatures are obtained.

Any refunds will be determined by the official date of the withdrawal. All fees are nonrefundable.

Drops will be recorded on the student’s record during the first week of the semester (the add/drop period) or the equivalent for accelerated or intensive courses.

A “W” grade will be recorded for withdrawals completed after the add/drop period and through the fifth week of the semester (or the equivalent for accelerated/intensive courses).

Instructors will have the discretion to enter a W or WF grade after the fifth week of the semester.

READMISSION

Students who fail to maintain continuous enrollment as defined in an early section, must apply for readmission through Graduate Admissions. Readmitted students must follow the guidelines in effect at the time of readmission.
SUBSTITUTIONS AND WAIVERS

In order to maintain academic quality and integrity, no student will be granted a substitution for a course or credits, unless it is in accordance with the University’s policy. A substitution may be granted at the discretion of the department chair/program director for any course in the respective discipline.

Based on the appropriate documentation, a student is granted permission to fulfill a specific course requirement with a course having many of the components as the original.

Requests for a substitution not stemming from a disability may be forwarded directly to the appropriate department chair/program director. Only upon approval from the department chair/program director may the request be forwarded to the Registrar’s Office.

If the basis for the requested substitution is a learning or physical disability, the student must submit verification of the disability to the Director of Special Services prior to the request for the substitution. If the Director of Special Services concludes that the documentation is deficient or inconclusive, the director may require further documentation to establish the disability. The cost of the documentation shall be borne by the student. Once the student's documentation has been accepted by the director of Special Services, the student may forward his or her request to the appropriate department chair/program director for determination of the substitution, if appropriate.

All waivers and substitutions must meet the requirements of any academic program accredited and/or licensed by an outside accrediting body or governmental agency.

APPLICATION FOR GRADUATION

To receive a degree, a student must complete all requirements for that degree as listed in the catalog in effect at the time of admission into the program. All students eligible for a degree must apply for graduation candidacy at least one semester before completing the degree. An online application is available through Web Advisor. Education and MBA candidates should submit their application to their respective departments. All other degree candidates should submit their application to the Assistant Registrar. Failure to comply may result in a delay in receiving the degree by the anticipated graduation date. Degrees are conferred three times a year in May, August and December. The Commencement Convocation is held once a year in May.

Students will be billed a graduation fee upon submitting the application for graduation. The graduation application fee is not refundable. In the event the student does not complete the requirements for the degree within one year of the originally indicated date, a new application including a new application fee will be required.

Students completing a credit certificate must submit an application for the certificate at least one semester in advance of completing the requirements. Failure to comply may result in a delay of receiving the certificate by the semester the certificate is completed. There is no fee for the credit certificate at this time.

TRANSCRIPTS

The transcript is the student’s official academic record. The student's written request must be received before a transcript will be released. The student can complete a Transcript Request form available in the Registrar’s Office or online at the Registrar’s webpage (www.sacredheart.edu/registrar.cfm), or send a written request. A fee is charged for each transcript requested. Transcripts will be withheld if the student has a financial obligation to the University. Allow 7–10 business days for processing a transcript request. Additional time to process requests may be required at peak times such as the start and close of each semester.
Academic and Community Resources and Student Services

ACADEMIC RESOURCES
Sacred Heart University currently has 17 buildings on its 56-acre campus and adjoining properties in the northeast corner of Fairfield, Connecticut. The William H. Pitt Health and Recreation Center opened September 1997, as did significant enhancements of the main academic facilities. Plans call for expansion of the library, a new classroom building, and other improvements. The University's College of Education and Health Professions is located at 7 Cambridge Drive, Trumbull, and houses the Departments of Education, Nursing, Occupational Therapy, Physical Therapy, and Human Movement and Sports Science.

Academic Center
The Academic Center contains mostly classrooms and faculty, administrative and academic departmental offices. This includes Campus Ministry, Campus Operations, Public Safety, Registrar, Student Affairs and Student Government offices. It houses the faculty offices of Biology, Chemistry, Computer Science, Criminal Justice, English, Environmental Science, Information Technology, Mathematics, Modern Foreign Language, Music, Psychology and Social Work. It is also a multipurpose activity center, housing the bookstore, chapel, computer center, dining hall, faculty lounge, Gallery of Contemporary Art, mailroom/print shop, science and language laboratories, snack bar and the Edgerton Center for the Performing Arts. Hawley Lounge serves as a student lounge and recreational activity center.

Bookstore
The bookstore is located on the first floor of the Academic Center, in the Humanities Center wing. Operated by Follett College Stores, it offers textbooks, supplies, clothing with the University's name and logo, and related items. Bookstore purchases can be made online. Visit the bookstore's website at www.sacredheart.edu. Click the Admissions tab, then click Bookstore (left margin).

Ryan-Matura Library
The Ryan-Matura Library is the source for information, whether it is the answer to a factual question or research for a term paper. Librarians are available to answer questions and assist students with extended research projects. Instruction sessions are also conducted for class groups to make them familiar with the library, with subject specific research and the research process. Librarians will also assist students with finding information in commercial databases or on the Internet. Periodicals and periodical indexes including newspapers are found in print, film and electronic format. Any book or periodical not found in the library can be obtained from another library through interlibrary loan. Materials can usually be obtained within 10 days. At present the Ryan-Matura Library holds approximately 132,000 print volumes, 50,000 non-print items and more than 15,000 periodical subscriptions. These include a significant number of fulltext journals available on more than 50 online index and abstracting databases. These can be reached 24 hours per day, 7 days per week from links on the library homepage. Databases are available from campus and home. The library also provides a wide range of electronic resources, including: Innovative Interfaces Online Catalog; Connecticut Digital Library; ProQuest Database (newspapers, general, business, medical and social sciences periodicals indexes); Encyclopedia Britannica Online; First Search database (includes World Cat, ERIC, Medline, Cinahl, MLA Bibliography, etc.); as well as many other electronic resources, including Psych Info. Access to these resources is available through the University's library homepage. The library's website is located at http://library.sacredheart.edu. It provides the user with access to the library catalog, information about the library, electronic reserve reading, links to research databases and other related information. The library
building also houses the Jandrisevits Learning Center.

**Lieberman Administration Building**

The Administration Building houses the President's office, the offices of the Provost and Vice President and Associate Vice President for Academic Affairs, the offices of University College and Media Studies Center; faculty offices for the Departments of Government and Politics, History, Media Studies, Philosophy and Religious Studies, Sociology, and Social Work.

**Curtis Hall**

Curtis Hall, named for the University's founder, the Most Reverend Walter W. Curtis, D.D., Bishop of the Diocese of Bridgeport, houses the offices of Undergraduate and Graduate Admissions, Student Financial Assistance, Career Development, and the Center for Irish Cultural Studies, Web Content Management and the Office of the Vice President for Enrollment Planning and Student Affairs. The Community Room also is located in this building.

**Oakview Drive**

Located off campus in neighboring Trumbull, Connecticut, the building at 101 Oakview Drive houses the office of the Senior Vice President for Finance and Administration; the Business Office; office of Facilities Management and Construction; office of Institutional Research; Motion Analysis Laboratory; Center for Christian-Jewish Understanding, SHU Polling Institute; office of the Vice President and Division of Institutional Advancement; Art Department and faculty offices; administrative offices of WSHU Radio, office of the Vice President of Human Resources; Department of Human Resources; and Payroll.

**Cambridge Drive, College of Education and Health Professions**

The faculty offices and many of the instructional spaces of the College of Education and Health Professions are located in neighboring Trumbull, Connecticut, at 7 Cambridge Drive, a short distance from the Park Avenue campus. This newly created, 52,000-square-foot facility houses state-of-the-art labs, classrooms, and library facilities for the College, which includes the Departments of Education, Nursing, Occupational Therapy, Physical Therapy and Human Movement. All graduate study for the College and many laboratory and didactic undergraduate courses are scheduled in this exciting space. In addition to the highly sophisticated classrooms, laboratories, and library spaces, there are new dining facilities, a physical therapy clinic, a reading clinic, and administrative and faculty offices. Ample parking is available and the facility is served by a regular University shuttle service.

**The William H. Pitt Health and Recreation Center**

The William H. Pitt Health and Recreation Center is home to the Pioneer men's and women's basketball, volleyball, and wrestling programs. The three-level, 141,000-square-foot complex features four multipurpose basketball courts, which can be easily converted for indoor tennis or convention use, and seats 2,100 for basketball. The main level of the Pitt Center also houses the Sacred Heart University Sports Medicine and Rehabilitation Center, a joint private practice/University venture offering many specialized clinical rehabilitation and wellness services in conjunction with academic-based faculty therapists, in a facility that features state-of-the-art physical therapy equipment. The Health and Fitness Center is located on the lower level of the Pitt Center. Offering a wide range of fitness equipment and classes, the 5,000-square-foot facility features an enclosed aerobics studio and main fitness area, where the latest generation of cardiovascular exercise machines and free weight equipment can be used. Locker rooms for both the Pioneer athletic teams and Health and Fitness Center members are adjacent to the fitness area. The upper level of the Pitt Center houses the Department of Athletics suite of
offices and the Board Room, which serves as a meeting/reception room for the Board of Trustees and other on-campus organizations. Graduate students may use the Fitness Center for a fee.

Campus Field

Campus Field is the home of the Pioneer football, men's and women's soccer, field hockey, men's and women's lacrosse, and men's and women's outdoor track and field. Built in 1993, Campus Field features a newly installed lights and $1.2 million state-of-the-art Sprint Turf synthetic-surface, multipurpose field. The field is surrounded by an eight-lane synthetic-surface running track available for competition and recreational use seating more than 3,500 spectators. Campus Field is an ideal location for large-scale events and has been host to athletic tournaments, graduations, and outdoor fairs. Adjacent to Campus Field are six state-of-the-art tennis courts constructed in 1995 and renovated in 2007. Rounding out the outdoor athletic facilities are the University tennis courts, and Pioneer Park softball field, most recently updated in 2007.

Park Avenue House

The offices of Personal Counseling Services and Health Services are located in the Park Avenue House at the southeast corner of the campus.

Schine Auditorium

The Schine Auditorium, located in the lower level of the Ryan-Matura Library, provides an appropriate setting for lectures, workshops, academic convocations, and other special programs. To reserve the 220-seat auditorium, call 203-371-7913 between 8:30 am and noon, Monday through Friday.

Instructional Technology and Student Mobile Computing Program

Recognizing the increasingly important role of technology in our society and in education, Sacred Heart University has made a commitment to, and a serious investment in, computers, networking and its supporting technologies. The University's network infrastructure provides connectivity to every facility on campus via a fiber-optic Gigabit Ethernet backbone. The network architecture is capable of supporting well over 5,000 simultaneous users at any given time.

Network services are provided to the student community via 100-megabit data jacks and 54Mbps wireless access. These provide access to the University library, Internet and student e-mail 24 hours a day, seven days a week. Wireless access is also provided in the academic buildings, library and most other indoor and outdoor locations where students gather on campus.

VPN, Citrix and terminal services are available to provide connectivity solutions for even the most sophisticated applications, from anywhere on the Internet. Outlook Web Access (OWA) is available through the web, for sending and receiving campus e-mail from any computer connected anywhere on the Internet.

To promote its "Anytime, Anywhere Learning" initiative, Sacred Heart University launched wireless networking in the summer of 2000 to create one of the first wireless network campuses in New England. This infrastructure allows students to use their laptops in nearly all outdoor areas on campus, and in most public areas indoors. The current wireless standard is 54Mbps 802.11g.

The students' computing laboratories are currently comprised of 300 desktop computers dispersed throughout several academic facilities. Seven laboratories are used for computer-related instruction, and an additional lab provides 24/7/365 access for Sacred Heart University students, faculty, and staff. The University continues to upgrade regular classrooms to "smart" classrooms with fixed multimedia capabilities that allow instructors to fully integrate technology in their classroom presentations. All general-purpose classrooms are equipped with LCD projectors, DVD, VCR, audio capabilities, and PC/laptop connections. All classrooms
on campus are equipped with an active data jack for instructors or students to access the network. Additionally, there are data/CATV connections in every room and wireless networking is accessible throughout the campus. The network infrastructure is designed with future technologies in mind and with excess capacity to allow for significant growth. The University is making a serious financial commitment to maintaining the network at peak performance capability and reliability. Upgrading the software and hardware that support the network is a continuous process and not one the University will ever say is complete. Sacred Heart’s commitment is to keeping a state-of-the-art system in place for all our campus customers.

In 1995, Sacred Heart University became the first university in Connecticut and the fourth in New England to require incoming freshmen to own a notebook computer that meets a specified standard (networking connectivity to access the Internet, e-mail, University library and other libraries across the country and other networked resources). By fall 1998, all of the University’s fulltime undergraduate students had notebook computers. In the fall of 2000 the laptop program was changed in order to replace every student-used laptop after two years of use, thereby ensuring that students have the latest hardware and most current software available. The Mobile Computing Program, and the universal nature of the program on this campus, makes integrating technology across the curriculum and into the daily lives of our students, a much easier process. In addition, Sacred Heart University provides all of its full-time faculty members with a choice of laptop, tablet or Mac laptop refreshed every two years. We offer similar programs to our adjunct faculty who are issued a two-year old laptop refreshed every year. We build and install on our laptops the same image which contains the latest Microsoft Office software and other necessary tools and utilities. Faculty members are able to incorporate more electronic course information into the curriculum and use computers as a key component of classroom instruction; faculty and students are able to communicate using Sacred Heart’s Online Web-based Course Management System, "BLACKBOARD," for class content, assignments, questions and classroom discussion groups; as well as virtual office hours. To expand on the mobile learning initiative, the University now offers the ITUNESU platform to provide the community with the tools required to download electronic content to portable players and replay the content when appropriate.

Computer Facilities

Sacred Heart University offers a state-of-the-art campus network. The library, classrooms, oncampus residence facilities, health and recreation center and faculty and administrative offices are all networked. With its fiber-optic infrastructure, the University is positioned to support a wide range of emerging technologies. The University has established itself as a pioneer in the implementation of technology across the curriculum.

A host of multiprocessor campus servers supports the labs and educational programs. The University's 140 Mbps Internet, 10 Mbps Internet2 and Gigabit backbone support 100 Mbps wired and 54Mbps wireless links throughout the campus. The network also supports video, voice and data across the campus. State-of-the-art routers and firewalls provide high-speed connectivity and security to Wide Area Network segments, and are completely managed in-house. This has allowed the administrators to implement traffic-shaping, intrusion prevention, and wireless security measures for access as secure as it is convenient. The University has adopted the "Blackboard" Transaction system to create a simplified means for identification and commerce transactions on campus. The Sacred Heart ID can also be used at select off-campus merchant locations to facilitate additional commerce transactions.

In support of the laptop program, the University has an on-site Notebook Service Center and Call Center staffed by certified technicians and open 12 hours a day.
Monday through Friday. The University’s Call Center is staffed 12 hours a day, 5 days a week, so that members of the University community can call trained technicians for assistance with anything on campus that pertains to technology. The Call Center can be accessed on campus through the internal telephone system and off campus via a toll-free telephone number. This facility is specifically designed to service and troubleshoot problems with laptops. In addition, Sacred Heart University has a full-time trainer who provides basic, intermediate and advanced instructional courses on all supported applications included on the laptop. Through Sacred Heart’s telephone support hotline, students, faculty and staff can dial a toll-free number to obtain technical assistance.

Jandrisevits Learning Center
Office of Academic Support

The Jandrisevits Learning Center (JLC) is located in the lower level of the Ryan-Matura Library. Staffed by highly experienced faculty tutors and well-trained peer assistants, the JLC provides a warm, friendly learning environment where the successful academic accomplishments of students are our primary concern. The JLC offers the following support services.

• individualized one-hour tutoring in all disciplines provided by a staff of 10 faculty tutors;
• monthly workshops on college-level learning skills such as note-taking, time management and test-taking;
• classroom learning assistants (70 peer tutors who provide academic support in disciplines across the curriculum);
• learning disability specialists in compliance with S 504 of the 1973 Rehabilitation Act;
• adaptive technology instruction for learning and physically challenged students;
• an online writing service (JWC.OWL); and
• drop-in tutoring for selected courses and referrals for individualized tutoring.

The JLC is open seven days a week:
Monday–Thursday, 10am–9pm; Friday, 10am–3pm; and Saturday–Sunday, 2pm–6pm.

Federally Mandated Services
Office of Special Services

Although there is no separate application process to be admitted into the Office of Special Services, all students with disabilities must submit appropriate documentation prior to the start of the academic year or prior to their request for services. The University’s documentation policy can be obtained by contacting the Office of Special Services.

Disclosure Letters.

At the written request of students, the Director of Special Services writes letters to some or all of the students’ professors that clearly states the nature of the disability and the appropriate classroom accommodations.

Extended-Time and Separate Environment Testing.

Extended-time testing (usually time and a half or double time) takes place either in classrooms designated by professors or in a separate, secluded environment within the JLC.

In-Class Notetaker.

In-class notetakers are fellow students who are also taking the class. By agreement, these students make copies of their notes or allow students in need to duplicate notes on a copy machine paid for by the JLC Disabilities Office.

Interpreting and/or Technical Services.

Deaf or hard-of-hearing students can request either an oral interpreter or an American Sign Language interpreter. If they do not use interpreters, but have a significant hearing loss, technology can be requested to assist in understanding classroom lectures and obtaining notes.
Alternative Forms of Testing.

Depending on the students’ documentation and disabilities, the Special Services Office negotiates appropriate alternative testing methods on a case-by-case basis.

Course Substitutions when Appropriate.

A course substitution policy enables physically and learning challenged students on a case-by-case basis to request previously approved alternatives in place of specific required courses, but only when it is clear that the required courses would severely disadvantage students' ability to successfully compete in those courses.

Classroom Learning Assistants Program.

Tutoring in disciplines across the curriculum is provided for all Sacred Heart University students free of charge by graduates and undergraduates in the Classroom Learning Assistants (CLA) Program. The CLAs are responsible for providing students with a full set of notes for the class, and assisting them with tests, study or paper preparations.

Books on Tape.

Students can be provided with recorded books either through Sacred Heart University’s institutional membership with Reading for the Blind and Dyslexic (RFB&D).

Additional Billable Services

I.D. Trained Specialists.

The Director of Special Services along with I.D. specialists collectively provide services day and evening for a total of 35 hours a week, assisting students with special needs on a one-to-one basis. These tutors have expertise in specialized pedagogy for the learning disabled and, thus, provide services over and beyond those offered by the University’s regular tutorial program.

Technical Services.

A closed-caption note-taking system provides notes for students who choose to avail themselves of an additional academic accommodation beyond those required by law.

Content Tutors.

Tutoring in disciplines across the curriculum is provided for all Sacred Heart students free of charge by graduates and undergraduates in the Classroom Learning Program. While students with disabilities may attend group CLA tutoring sessions, some also need the special expertise of faculty tutors — over and beyond what is provided by tutors in the Classroom Learning Assistants Program provide them with individual assistance on a regular basis.

Hired Scribes.

An upperclass student not registered for the class who attends the class for the sole purpose of taking notes for the student requesting the service is available. Scribes are paid not only for taking class notes but also for assisting with homework assignments.

Academic Coaching.

A personal service is available that assists learning and physically challenged students to develop organizational life-skills that will foster independence and increase their opportunities for academic success. Appointments: Call 203-371-7820, or come to the JLC, located in the lower level of the Ryan-Matura Library.

English as a Second Language (ESL)

The ESL program is designed for students whose native language is not English and who wish to study English either full- or part-time. Its purpose is to help students improve their oral and written communication skills in English, preparing them for successful study in an American academic institution. The program offers six levels of English language courses, from beginning to advanced. The first four levels are pre-academic intensive courses. The full-time ESL student enrolls in eight-week sessions, taking a cluster of oral communication, written communication,
and service learning in the community, totaling 20 hours per week. Levels 5 and 6 are academic levels and are credit-bearing, semester-long courses that focus on college reading and writing. Students in one of these levels may take other University classes while they complete their language training. Thus, the full-time, upper-level ESL student takes a combination of ESL and University courses, carefully planned by his or her academic advisor. Whereas the completion of level 5 satisfies the English language requirement for graduate study at this University, students may be advised to take level 6 as well. For further support, tutoring is also available at the University Learning Center. Placement in the ESL program depends on TOEFL or SAT scores, University placement tests, an oral interview and the student’s language profile. For more information regarding the program, contact the director at 203-371-7837.

Housing

For off-campus housing information, students can register on-line at http://sacredheart.apartmentsource.com.

COMMUNITY RESOURCES

Center for Christian-Jewish Understanding

The Center for Christian-Jewish Understanding (CCJU) is an educational and research division of Sacred Heart University. The center draws together clergy, laity, scholars, theologians and educators to focus on current religious thinking within Christianity and Judaism. As each tradition reevaluates attitudes toward the other, the Center fosters the exploration of the major philosophical and theological issues on the frontier of the Christian-Jewish dialogue as these are formulated by scholars at the international and national levels. The Center’s mission is to develop programs and publications to overcome deep-seated antagonisms, based on centuries of hostility and mutual estrangement, that recent progress has not yet healed. It fosters greater knowledge and understanding of the religious traditions of Christianity and Judaism and the history of their relationship, and provides a forum for dialogue. It promotes independent research and serves as a vehicle for processing and circulating its findings to appropriate institutions around the world. For further information about the CCJU, call 203-365-7592 or visit its website at www.ccju.org.

Center for Strategic Planning for Not-For-Profit Organizations

The Center for Strategic Planning for Not-For-Profit Organizations was established by Sacred Heart University within the John F. Welch College of Business to provide business assistance to qualified groups. Through the application of skills developed during their studies, teams of MBA students, under the guidance of an experienced advisor, address strategic issues central to the client’s longer term viability and effectiveness. In doing so, students provide a valuable service while being exposed to “realities of life” that transcend the formal academic environment. It is the mission of the Center to engender in the University’s MBA students a sense of community and an appreciation for those less fortunate by providing them a unique opportunity to give of their talents in the service of others. Functioning as teams, students will assist not-for-profit organizations with the development and implementation of strategic, business, and marketing plans necessary to meet their goals and objectives. In doing so, students will apply the skills learned in the SHU MBA program in a cooperative effort carried out in the spirit of the Catholic intellectual tradition to produce an outcome worthy of a grade. The mission of the Center is directly aligned with, and in support of, key elements of the mission of Sacred Heart University and the John F. Welch College of Business. The Center’s office is located at on Oakview campus. For further information call, 203-371-7853.
Edgerton Center for the Performing Arts

Since its opening in 1986, the Edgerton Center for the Performing Arts has presented the Fairfield County community with professional-quality theatrical, musical, and dance performances that are both accessible and affordable. Located on the main campus, the center, with a house that seats 776+, has been host to more than 52,000 patrons from over 29 towns since its opening.

In 2005, the Edgerton embarked on a partnership with Connecticut Family Theatre to establish the center as Connecticut's only professional family theatre. Now offering year-round productions, the Edgerton Center for the Performing Arts features programming designed to complement the educational development and cultural experience of local youth. In addition to offering year-round professional theatre for families, the Edgerton Center also features programming for a variety of audiences.

In addition to offering professional productions to the community, the Edgerton Center for the Performing Arts provides a venue through which Sacred Heart University's students and faculty can express their artistic voice. The Edgerton Center is host to productions from a variety of University organizations including the Concert Choir, Concert Band, Jazz Ensemble, and the SHU Players. Thanks to the contributions of Charles and Freda Edgerton, the Edgerton Center for the Performing Arts is a center for all seasons. The theatre is fully renovated and air conditioned, permitting it to remain available to students, faculty, and the community for a wide variety of artistic endeavors.

The gallery offers exhibits annually, which include a Student Exhibit, an exhibit of the Art faculty's work and exhibits by professional artists. Most exhibits have associated lectures.

The gallery also administers the University's Collection, the Sculpture on the Grounds program and the Voluntary Percent for Art program. For further information and exhibit hours, call the gallery at 203-365-7650.

Hersher Institute for Applied Ethics

Established in 1993, the Hersher Institute for Applied Ethics serves both the University community and the wider Fairfield County community by addressing issues of major ethical concern. The institute assists Sacred Heart University faculty from all disciplines to raise and examine broad ethical concerns and issues specific to their respective disciplines.

The Hersher Institute brings speakers to campus to address the faculty and provides training for integrating ethical viewpoints into the University curriculum. The institute supports the University's wider mission by co-sponsoring, with other departments and institutes, colloquia and conferences that raise important ethical questions for the University scholarly community and the general public. For further information, call 203-365-7657.

The Center for Spirituality and Ministry

The Center for Spirituality and Ministry provides educational and pastoral programs addressing needs and concerns of laity. A special emphasis of the center is to contribute to the spiritual, educational and professional formation of lay leaders for Church and society in the spirit of Gaudium et Spes. Programs sponsored through the center include a certificate in religion for Catholic school educators; and a graduate certificate in Pastoral and Catholic School Administration*, also offered through the University's College of Education and Health Professions.
The center's offices are located within the Administration Building under the aegis of University College and may be reached by phone at 203-371-7843. *The programs in Catholic School Administration are on moratorium. Presently enrolled candidates will be supported through the completion of their program until June 30, 2010. New applications will not be accepted.

Radio Stations

WSHU Public Radio is a professionally operated group of public radio stations licensed to Sacred Heart University with studios and control centers located on the Fairfield campus. A full member of National Public Radio (NPR), it is one of only two such stations in Connecticut and 356 in the United States. WSHU is the principal public radio source for Fairfield and New Haven Counties in Connecticut and Suffolk County, New York. More than 245,700 listeners tune in to the station's blend of award winning NPR news and talk programs, locally produced classical music, in-depth regional reporting, and unique entertainment.

WSHU utilizes student support in the form of internships, work-study students, and board operators. It also serves as a lab for audio production. In addition to its original 91.1 FM signal, WSHU operates two other radio stations—WSUF 89.9 FM in Noyack, New York, and WSHU 1260 AM in Westport, Connecticut—and seven translators: 90.1 FM (Stamford, CT), 91.3 FM (Huntington Station, NY), 91.7 FM (Ridge, NY), 93.3 FM (Northford, CT), 103.3 FM (Greenport, NY), 105.7 FM (Selden, NY), and 106.5 FM (Derby, CT).

STUDENT SERVICES

Campus Ministry

The office of Campus Ministry provides opportunities for persons of all faiths and religious traditions to share their faith in the life of the University community. Campus Ministry serves students, faculty, staff and the local community through daily liturgies, pastoral counseling, community outreach, educational programming and special projects, events and retreat programs.

Campus Ministry responds to student needs for worship, integration, reflection time, social interaction, meaningful discussion of life issues, responsible social action for justice, and exploration of moral, religious and relational issues.

The Eucharist is celebrated on Sundays and weekdays during the academic year. In addition, University-wide liturgical celebrations mark special days and seasons. Other interfaith worship and prayer opportunities are provided regularly.

Office of Career Development

The Office of Career Development offers a variety of services to enhance graduate students' professional development. Individual assistance as well as group workshops are available. Services include:

- Résumé Creation or Critiques: Résumé writing workshops are available. Staff members also work with students individually to develop the best résumé possible.
- Interviewing Skills Development: Interviewing workshops and individual assistance are available.
- Online Job Postings: The office maintains an online job bank and job search management website exclusively for Sacred Heart University students.
- Job Fairs and On-Campus Interviewing: On-campus recruitment events are offered each semester.
- Internships: Assistance is available in locating opportunities to complete internships in the student's field of study.

For additional information on the Office of Career Development, call 203-371-7975 or visit our website at www.sacredheart.edu.

Council of Graduate Students

The Council of Graduate Students serves as a voice to the University administration on behalf of the graduate student community. Its membership includes representatives from each graduate area of study and
meets regularly with members of the faculty and administration. The Council sponsors programs to improve the quality of the graduate student experience.

Dining Services
The University has a contract with Chartwell's, a professional food service corporation, to provide meals to students. The University Dining Hall, Coyote Jacks Grill (Roncalli Hall), Cambridge Commons, and the Outtakes Convenience Store offer dining service à la carte throughout the day and evening. The Holy Grounds Café, located in Christian Witness Commons, also provides dining services.

The William H. Pitt Health and Recreation Center
The William H. Pitt Health and Recreation Center includes an aerobics room, weight and exercise equipment rooms, indoor track, and volleyball and basketball courts. The complex also houses a professional physical therapy clinic (which is open to the public) in conjunction with the graduate Physical Therapy program. Students may use the facility during scheduled hours for a nominal fee each semester. Contact the Pitt Center director at 203-365-7533.

Graduate students are encouraged to participate in the University's intramural athletic program. The University sponsors competition in sports such as flag football, basketball and softball.

WELLNESS CENTER
Health Services
Health Services offers daily first-response treatment for minor health-related issues. The office is staffed by registered nurses and nurse practitioners. St. Vincent's Medical Center serves as Sacred Heart's Physician/Medical Director. A physician is available for appointments twice a week at a direct cost to the student or his or her insurance carrier. Health Services can also make referrals to local health care facilities, fills many basic prescriptions on campus, and has a discount arrangement with a local pharmacy that will deliver to campus. Graduate students may fulfill their immunization requirements through Health Services. Contact the Health Services director at 203-371-7838.

Counseling Services
The Counseling Center provides support services for all students. Professional counselors are available for individual and psychotropic counseling sessions. Personal development workshops are offered by the Center as well as group and topical counseling sessions. Appointments or referrals can be made by calling 203-371-7955.

Meningococcal Vaccine Law
Beginning with the 2002-2003 academic year, the State of Connecticut requires that all students who reside in on-campus halls must be vaccinated against meningitis. Proof of this vaccination must be presented to the appropriate University officials before a student can obtain entry to their resident hall. This new guideline for Connecticut colleges and universities is provided in Public Act 01-93.

For additional information, call the University's Health Services (203-371-7838), or stop by the lower level of the Park Avenue House.

International Student Visa Certification
An international student requesting an application for a student visa (F-1) must be accepted to the University in a full-time program of study. Since federal and/or state financial assistance is not available to international students, the student is also required to present certified evidence of sufficient funding to cover education and living expenses.

If, after attending the University, the student decides not to return, notification must be made in writing to the Office of International and Multicultural Affairs. If a student wishes to travel during the authorized time of study at the University, he or she must present a current I-20 form to the Office of Student Life for certification prior to departure. A student
not following the regulations of the U.S. Department of Justice Immigration and Naturalization Service is considered out of status and may be subject to deportation from the United States.

Public Safety and Parking
The Department of Public Safety, located in the Academic Center, is committed to fostering an environment in which all those who live, study, work or visit within the University campus are able to do so in a safe and secure environment. The department is committed to providing professional, timely and efficient public safety services to all its constituents on a 24-hour-a-day, seven-day-a-week basis.

Public Safety officers patrol the buildings and grounds of the University via vehicle, bicycle and foot. Services provided by the department include personal safety escorts, motor vehicle assistance (unlocks and jump-starts) and emergency medical response and treatment, as well as maintaining a lost-and-found department. Public Safety also issues parking decals and enforces parking and traffic regulations, provides key control and locksmith services, and investigates and documents incidents on campus.

Public Safety is the emergency response department on campus and acts as the liaison with the local police, fire and ambulance services.

All vehicles parked on campus must display a University decal, which can be purchased at the Department of Public Safety. Temporary parking passes are also available at the Information Booth at the entrance to the campus.

Department of Public Safety Telephone Numbers
Routine Business 203-371-7995
EMERGENCIES ONLY 203-371-7911
Fax Number 203-365-4781
Locksmith 203-365-7645
Snow Phone 203-365-SNOW (7669)
TTY 203-365-4714

Sports Medicine and Rehabilitation Clinic
The University operates two physical therapy and hand therapy clinic facilities, one on campus affiliated with the academic program in Physical Therapy, and one in Shelton, Connecticut. The on campus clinic is located in the William H. Pitt Health and Recreation Center. The clinics provide physical therapy and hand therapy services to students, employees and the public. Clinic staff include members of the Physical Therapy program faculty as well as several staff members who are advanced clinicians in orthopedic, sports physical therapy and hand therapy. All are licensed physical therapists. The clinics operate five days a week, 12 hours a day. Clinic service is also closely affiliated with the University's Athletic Training program to serve the rehabilitation needs of our student-athletes.

The clinical facility features the latest technological equipment in isokinetic testing with a new Biodex II system, a full range of orthopedic and sports physical therapy evaluation resources, a therapeutic pool and a full hand rehabilitation center. Patients may take advantage of the comprehensive fitness facilities of the William H. Pitt Health and Recreation Center under the supervision of a physical therapy staff member. The clinics are authorized providers for most major medical insurance carriers. For further information, call 203-396-8181.

Student Activities
The Office of Student Activities sponsors concerts, lectures and other activities for the University community. Graduate students are welcome to participate in these and other campus activities, such as band, chorus and co-curricular interest groups. Fees or admission charges may apply.
EXPENSES AND STUDENT
FINANCIAL ASSISTANCE
Tuition at Sacred Heart University is based on credit hours. The charge per credit hour may vary for each program. All tuition and fees must be paid on or before registration for each semester or session unless prior arrangements have been made. Students will not be allowed to register with a prior balance. A degree will not be conferred, nor will a transcript or an employer verification form be issued, until all financial obligations to the University have been met. The University reserves the right to require any past balance to be paid by certified check.

TUITION

Chemistry $625/credit
Computer Science/Information Technology (Full-time) $25,500/program
Computer Science/Information Technology (Part-time) $675/credit
Education $550/credit
MBA (Full-time) $24,000/year*
MBA (Part-time) $675/credit
Nursing $550/credit
Occupational Therapy $29,205/year
Doctorate Physical Therapy $29,310/year
Religious Studies $600/credit
Audit Tuition $650/course
Saturday Weekend Admin $560/credit
Ed Leadership $475/credit

MANDATORY FEES

Registration Fee (nonrefundable) $80/term
Library Fee $27/term
Student Council Fee $17/term

Some courses may require additional lab fees (see course listings).

* For more detailed information, refer to Student Accounts webpage at www.sacredheart.edu.

TUITION DISCOUNT

Diocesan Discounts are processed by the office of Student Financial Assistance

MAT students employed as teachers by the Dioceses of Bridgeport (call 203-365-4791), Hartford (call 860-396-8465), and Norwich (call 860-376-8408) are eligible for a tuition discount.

PAYMENT OF TUITION AND FEES

Students can pay tuition and other fees in full by cash, credit card, check, or money order. All checks should be made payable to Sacred Heart University. Credit Card Payments can be made online. Refer to Sacred Heart’s website (www.sacredheart.edu) for online payment instructions.*

MONTHLY PAYMENT PLAN OPTIONS

A monthly payment plan is available during Fall and Spring semesters only. For further information about payment plans, contact the University’s Student Accounts Office at 203-371-7925, or refer to Student Accounts webpage at www.sacredheart.edu.*

* Finance charge. If a payment is received later than the due date, a finance charge will be assessed at the rate of .75% per month, annual rate of 9%.

GUARANTEED PAYMENT PLAN

This program enables part-time students to register for a term without tuition payment at the time of registration. Further information regarding the Guaranteed Payment Plan can be obtained
on the Student Accounts webpage at www.sacredheart.edu.

WITHDRAWAL/REFUNDS

Withdrawals from courses must be made in person through the Office of the Registrar. Official withdrawal is necessary to assure the proper entry of grades on the transcript and the determination of any refund, if applicable. Refunds, which are issued by Student Accounts, are based on the full tuition charges. Failure to withdraw properly will result in the issuance of a withdrawal/failure (WF) grade. Those who improperly withdraw will be charged full tuition. Federal regulations require that veterans follow the University’s withdrawal procedure or be liable for repayment of any benefits received. All refunds will be based on the refund schedule and determined by the date of notification to the Registrar’s Office, not the date of the last class attended. Tuition refunds are based on the tuition charge:

- 100% Before the first class
- 80% Before the second class
- 60% Before the third class
- 40% Before the fourth class
- 20% Before the fifth class
- 0% After the fifth class

Registration and lab fees are nonrefundable unless the course is canceled.

Refunds can take four to six weeks to process. After withdrawing, students must contact Student Accounts at 203-371-7925 to receive a refund. Refunds are only given to students who have no outstanding balances.

REFUND ALLOCATION POLICY FOR FEDERAL FINANCIAL AID FUNDS

Withdrawing from all courses is considered withdrawing from the University. If you do this before 60% of the semester is completed (approximately 8-9 weeks into the semester), your financial aid award will be recalculated, according to the percentage of the semester you have completed. The formula for calculating this percentage is:

\[
\text{(Days enrolled) - (Official breaks of five days or longer)} \quad \frac{\text{Total number of class days in the semester}}{\text{}}
\]

RETURNING AID

If you have been awarded Title IV (federal) or state aid and you withdraw before completing 60% of the semester, some portion of your financial aid must be returned. The above formula determines what portion of the aid must be returned and the list below indicates the order in which the aid is returned.

Refunds to Federal Title IV programs are made in this order:

1. Federal Unsubsidized Stafford Loan
2. Federal Subsidized Stafford Loan
3. Federal Perkins Loan
4. Federal Graduate Plus Loan
5. Federal Plus Parent Loan for Undergraduate Students (Plus)
6. Federal Pell Grant
7. Federal Academic Competitiveness Grant
8. Federal Smart Grant
9. Federal Supplemental Educational Opportunity Grant (SEOG)
10. Other federal sources of aid
11. Other state, private, or institutional aid
12. The student

Refund examples are available in the Student Financial Assistance Office. It is important to discuss withdrawal and refund as it pertains to the individual student, and its implications for federal student loan repayment and future eligibility for financial assistance.
Financial Assistance

Qualified graduate students may be able to obtain financial assistance through a variety of programs. For further information on any of the programs listed below, contact the Office of Student Financial Assistance at 203-371-7980, or the sponsoring department.

FEDERAL STAFFORD LOANS
Graduate students who have been fully matriculated into the University may be eligible to receive a federal Stafford Loan. This program is administered by the Office of Student Financial Assistance and each loan applicant is required to file a Free Application for Federal Student Aid (FAFSA) form with the Department of Education. Once a FAFSA form is processed and the information has been received by the University, the Office of Student Financial Assistance will assist the student in completing a loan application. Full-time students may borrow a maximum of $20,500 per year from the Stafford program, both subsidized and unsubsidized. Payment begins six months after graduation, withdrawal, or change to less than half-time status. The student has 10 years to repay the loan.

FEDERAL GRADUATE PLUS LOAN
Graduate PLUS Loans are available to credit-worthy, U.S. citizens or eligible noncitizens. To process a loan, you must submit the Free Application for Federal Student Aid (FAFSA) and apply for a Stafford loan. The amount you are eligible to borrow is determined by the total cost of your educational program less the amount you receive from the Stafford loan and other financial aid.

FEDERAL TEACH GRANT
The TEACH Grant Program is a nonneed-based federal program that provides up to $4,000 per year to students enrolled in an eligible program and who agree to teach as a high-qualified teacher in a high-need field, at a low-income elementary or secondary school for at least four years within eight years of completing the program for which the TEACH grant was awarded. If the grant recipient fails to complete the required teaching service, the TEACH grant is converted to a Federal Direct Unsubsidized Loan with interest accruing from the date the grant was disbursed.

GRADUATE RESEARCH ASSISTANTSHIPS
A limited number of graduate research assistantships are available. Assistantships usually carry some tuition remission as they assist faculty with research projects. Students should contact the department directly concerning availability and eligibility requirements.

GRADUATE STAFF ASSISTANTSHIPS
A limited number of graduate staff assistantships are made available to graduate students who are fully matriculated and attend school on a full-time basis. Staff assistantships are chosen by the sponsoring administrative department and often pay a stipend as well as some tuition remission. More information may be obtained from the Office of Student Financial Assistance at 203-371-7980.

RESIDENCE HALL DIRECTORS
Several residence hall director positions are available through the Office of Residential Life and Housing Services. These are live-in positions and are usually filled by those who are interested in pursuing a career in student services. Residence hall directors are fully matriculated graduate students who attend school on a part-time basis while fulfilling their job responsibilities for the Office of Residential Life. Criteria are very selective and hiring decisions are made in the spring for the subsequent Fall term. For further information on this program, contact the Office of Residential Life and
Housing Services at 203-416-3417.

**VA ELIGIBILITY PROGRAMS**

Veterans and possibly their dependents are eligible for educational benefits in accordance with Title 38, Chapters 30–35 of the United States and Title 10 USC Chapter 106. Interested veterans should contact the Registrar’s Office, Monday through Thursday, 8:30am to 4pm and Friday from 8:30am to 1pm. For additional information regarding eligibility, call the Veterans Administration at 1-800-827-1000.
College of Arts & Sciences
College of Arts & Sciences
Claire J. Paolini, Ph.D., Dean
Phone: 203-396-8020
Fax: 203-396-8076
E-mail: paolinic@sacredheart.edu

The College of Arts and Sciences is the largest, and the most diverse, of the four colleges at Sacred Heart University. The college offers Bachelor of Arts and Bachelor of Science degrees; Associate in Arts and Science degrees; Master's degrees in Chemistry, Computer Science, Criminal Justice, and Religious Studies; and a variety of minors. The degrees are offered through the following academic departments: Art, Biology, Chemistry, Criminal Justice, Computer Science, English, Government and Politics, History, Mathematics, Media Studies and Digital Culture, Modern Foreign Languages, Philosophy and Religious Studies, Psychology, Social Work, Sociology, and Special Programs. The College of Arts and Sciences strives to provide a learning environment that fosters the growth, development, and nurturing of the entire individual.

CHEMISTRY LABORATORIES
There are eight chemistry laboratories serving the needs of inorganic chemistry, organic chemistry, physical chemistry, analytical chemistry, instrumental analysis, biochemistry, environmental chemistry, and computational chemistry. These laboratories contain the following major equipment:

Spectroscopy
Jeol ECLIPSE 400 high resolution 400 MHz NMR Spectrometer with self-shielding magnet system; Bruker Alpha FTIR; PE Spectrum One FT-IR Spectrometers; PE Lambda 20, Ultra-violet/Visible Spectrophotometer; Buck Scientific ACCUSYS 211 Flame and Graphite Furnace Atomic Absorption Spectrometer with Autosampler; Kett NIR Composition Analyzer.

Chromatography
PE HPLC Binary UV/Vis System with Series 200 Autosampler; Gow Mac 550P and two Gow Mac 69-400 TCD-P Gas Chromatographs; Dionex DX-80 Ion Analyzer.

Electrochemistry
Pine Dual Potentiostat System; EG&G Parc 264A and EG&G Parc 384 Polarographic Analyzer/- Stripping Voltammeter; EG&G Parc 303A SMDE Electrode; EG&G Parc 616 RDE Electrode.

COMPUTERS AND SOFTWARE
Licenses
Hyperchem Molecular Modeling System; ACD proton and carbon-13 NMR software; Wiley 6th edition MS spectral library of 138,000 MS Spectra and NIST Library Chemical Structure Database; Sadler search software and infrared spectrum library of 3500 organic and inorganic compounds; MATHCAD; ChemDraw; Chem3D; IR Tutor; Introduction to Spectroscopy; Spectra Deck; Turbochrom.

Others
Performance Plus HP 6890 GC/MS System with Purge-and-Trap Liquid Sample Concentrator; Rudolph Autopol IV Automatic Polarimeter; Johnson Matthey Mark II Magnetic Susceptibility Balance; Jenway PFP7 Flame Photometer; Bio-Rad Experion Automated Electrophoresis System; PE 48-well Thermal Cylider for DNA analysis; IEC Centra Cl.2 Benchtop Clinical Centrifuge; Classic Series C-Line Model C24 Benchtop Incubator Shaker; Labconco Tissue Culture Enclosure.
MASTER OF SCIENCE
IN CHEMISTRY

Sacred Heart University's Graduate Chemistry program includes a number of graduates with a Bachelor of Science degree in Chemistry who are working in the region and aspire to an advanced degree in Chemistry. The program is also composed of science graduates with a B.S. degree in other fields of science who are shifting career interests and want to obtain a degree in Chemistry. Enrollment in this program allows these students to use their science background to obtain an advanced degree in Chemistry without first obtaining a B.S. in Chemistry. This approach allows students to obtain a higher degree in the same time frame that it would have taken them to obtain just a B.S. in Chemistry. Local chemical industry scientists participate in the teaching of graduate courses. Students who opt to do research are allowed, if and when possible, to pursue their projects at their place of employment with joint supervision of their employer and University faculty. This allows students to work on relevant projects that interest them, while at the same time increasing collaboration between the University and local industries.

Goals and Objectives

The Master of Science in Chemistry program builds on the strength of the University's undergraduate Chemistry program. The program meets the needs of students and the chemical industry by offering a unique opportunity for career and personal advancement to employees of the local chemical industry, while serving the industry to employ and recruit better qualified chemists. In order to serve part-time as well as full-time students, graduate courses are offered in the evenings and on Saturdays. This, together with the University's ideal location, allows chemical industry employees to continue their study on a part-time basis while working full-time and thus take advantage of tuition reimbursement programs offered by their employers.

Course Loads

Both full-time and part-time graduate students are enrolled in the program. Full-time students must enroll in at least nine credit hours per semester. This allows them to normally finish the degree requirements in two years. Part-time students are expected to enroll in three to six credit hours per semester. This allows them to finish the degree requirements in three years or less.

Student Transfer Credit Policy

Transfer credits are granted for appropriate graduate-level courses with a grade of B or better, taken at other regionally accredited institutions. Students, however, must complete at least 70 percent of the required credits including the thesis (when applicable) at Sacred Heart University and pass the comprehensive exam, in order to obtain an M.S. degree in Chemistry.

Admission Requirements

Admission to the program is in January and September of each year. Full-time students are expected to finish the degree requirements in four semesters. Part-time students may require at least three years. The University's graduate admission policy is observed when admitting students to the program. Applicants with a B.S. degree in Chemistry or Chemical Engineering are accepted based on their undergraduate performance in Chemistry and other supporting subjects. Applicants with a B.S. degree in other areas of science and mathematics are admitted after completing the appropriate courses in Chemistry in order to meet individual graduate course prerequisites.

Degree Requirements

These tracks of study leading to an M.S. degree in Chemistry are available:
M.S. in Chemistry, Thesis Option
M.S. in Chemistry, Non-Thesis Option
M.S. IN CHEMISTRY, 
THESIS OPTION

Thirty semester hours of approved graduate credits must be completed for the degree with a minimum grade point average (GPA) of 3.0. Students must complete a 12-credit core plus a thesis.

Required Courses
CH 521 Advanced Organic Chemistry (3 credits) or CH 522 Organic Synthesis (3 credits)
CH 531 Advanced Physical Chemistry I: Molecular Structure (3 credits) or CH 532 Advanced Physical Chemistry II: Molecular Dynamics (3 credits)
CH 551 Advanced Analytical Instrumentation I: Spectroscopy (3 credits) or CH 552 Advanced Analytical Instrumentation II: Chromatography (3 credits)
CH 553 Advanced Inorganic Chemistry (3 credits)
CH 599 Thesis (6 credits)

M.S. IN CHEMISTRY, NON-THESIS OPTION

Thirty-three semester hours of approved graduate credits must be completed for the degree with a minimum GPA of 3.0. Students must complete a 12-credit core plus the Advanced Integrated Lab.

Required Courses
CH 521 Advanced Organic Chemistry (3 credits) or CH 522 Organic Synthesis (3 credits)
CH 531 Advanced Physical Chemistry I: Molecular Structure (3 credits) or CH 532 Advanced Physical Chemistry II: Molecular Dynamics (3 credits)
CH 551 Advanced Analytical Instrumentation I: Spectroscopy (3 credits) or CH 552 Advanced Analytical Instrumentation II: Chromatography (3 credits)
CH 553 Advanced Inorganic Chemistry (3 credits)
CH 595 Advanced Integrated Laboratory (3 credits)
CH 598 Comprehensive Test (0 credits)

Students electing the non-thesis option are required to pass a comprehensive exam. Students are required to take electives from graduate-level courses in Chemistry and no more than six credits of other approved courses in other related areas of science, mathematics, physics, biology and computer science.

Elective Courses (for both options)
CH 523 Organic Structure Determination (3 credits)
CH 524 Special Topics in Organic Chemistry (2–3 credits)
CH 534 Special Topics in Physical Chemistry (2–3 credits)
CH 541 Advanced Biochemistry (3 credits)
CH 545 Bioinformatics (3 credits)
CH 547 Computation Chemistry and Molecular Modeling (3 credits)
CH 549 Special Topics in Biochemistry (2–3 credits)
CH 554 Special Topics in Analytical Chemistry (2–3 credits)
CH 555 Theoretical Inorganic Chemistry (3 credits)
CH 556 Chemical Applications of Group Theory (3 credits)
CH 559 Special Topics in Inorganic Chemistry (2–3 credits)
CH 561 Environmental Chemistry (3 credits)
CH 565 Environmental Sampling and Analysis (3 credits)
CH 569 Special Topics in Environmental Chemistry (3 credits)
CH 571 Polymer Chemistry (3 credits)
CH 590 Chemical Information: Sources and Technology (3 credits)
CH 595 Advanced Integrated Laboratory (3 credits)

B.S./M.S. COMBINED DEGREE IN CHEMISTRY

This is a five-year undergraduate/graduate accelerated track. Students who complete this track receive both B.S. and M.S. degrees. Students must elect this track in their Freshman, Sophomore or Junior year. Traditional and Biochemistry concentrations are available at the undergraduate level. Students are required to complete 145 credits of undergraduate
and graduate-level courses and a thesis. The thesis involves six credits of original research.

**COURSE DESCRIPTIONS**

**CH 521 Advanced Organic Chemistry**

Prerequisite: CH 222 Organic Chemistry II or equivalent.
Explores the effects of structure and environment on reaction rates and equilibria and the use of statistical and quantum mechanics in organic chemical reactions. Topics include: organic reaction mechanism, Hückel theory, orbital symmetry, photochemistry and standard concepts of physical organic chemistry.

**CH 522 Organic Synthesis**

Prerequisite: CH 222 Organic Chemistry II or equivalent.
Surveys three general classes of reactions: reduction, oxidation and the formation of carbon-carbon bonds. Each reaction is used as a tool in chemical synthesis.

**CH 523 Organic Structure Determination**

Prerequisites: CH 222 Organic Chemistry II or equivalent and CH 351 Instrumental Analysis or equivalent.
Identification and structure determination of organic molecules by modern spectroscopic techniques. Emphasis is on IR, NMR, CMR and mass spectrometry. Hands-on work in NMR and FT-IR.

**CH 524 Special Topics in Organic Chemistry**

Topics include: heterocyclic chemistry, medicinal chemistry, polymer chemistry, supramolecular chemistry, organometallic chemistry, radical and photochemistry and combinatorial chemistry.

**CH 530 Physical Chemistry**

Prerequisite: CH 331; co- or prerequisite: MA 253 or permission of the program director.

A prerequisite to CH 531. Explores advanced kinetics and quantum mechanics.

**CH 531 Advanced Physical Chemistry I: Molecular Structure**

Prerequisite: CH 332.
Topics in quantum chemistry, molecular structure, group theory and applications of these topics to spectroscopy.

**CH 532 Advanced Physical Chemistry II: Molecular Dynamics**

Prerequisite: CH 332.
Topics in statistical thermodynamics, collision theory, and reaction dynamics and mechanism.

**CH 534 Special Topics in Physical Chemistry**

Topics include: magnetic resonance spectroscopy, statistical mechanics and mathematical and computer concepts in chemistry.

**CH 541 Advanced Biochemistry**

Prerequisite: CH 342 Biochemistry II or equivalent.
Explores the integration of the basic chemistry of biomolecules into living systems. Topics include: bioenergetics and metabolic pathways; biosynthesis and biodegradation of amino acids, proteins, nucleotides and DNA; chemical communication; hormones; and the cell cycle.

**CH 545 Bioinformatics**

This course provides an introduction to bioinformatics that is suitable for graduate students and advanced undergraduate students. Topics include a historical introduction to the subject; basic computer programming and database design; basic review of biochemistry, biomolecular sequence comparisons and alignments; biomolecular structure prediction; biomolecular function.
prediction; and data analysis. Students are required to solve theoretical problems and application problems using bioinformatics programs. Students may also be required to write a short bioinformatics program of their own. Example problems and applications usually focus on proteins. Students must have access to a computer and the Internet and are expected to purchase at least one primary class text.

CH 547 Computation Chemistry and Molecular Modeling 3 CH
This course provides an introduction to computational chemistry that is suitable for graduate students and advanced undergraduate students. Topics covered include a historical introduction to the subject, quantum mechanics, molecular mechanics, a brief introduction to statistical mechanics and a short review of thermodynamics. Students are required to solve theoretical problems and application problems using computational software, software that students might have to purchase. Example problems and applications are drawn from organic chemistry and biochemistry. Students must have access to a computer and the Internet and are expected to purchase at least one primary class text.

CH 549 Special Topics in Biochemistry 3 CH
Topics include: carbohydrate chemistry; enzyme kinetics; endocrinology; electrically excitable cells; computer-aided access to proteins and databases; cell motility; chemical concepts in genetic engineering.

CH 550 Instrumental Analysis 3 CH
Prerequisites: CH-252 and CH 331 or permission of the program director.
A prerequisite to CH 551. Explores theory and practice of instrumental methods of analysis: spectrophotometric, electroanalytical and chromatographic methods of separation and quantification.

CH 551 Advanced Analytical Instrumentation I: Spectroscopy 3 CH
Prerequisite: CH 351.
Fundamentals and practical aspects of analytical spectroscopy. Special emphasis is given to theory and instrumentation; methods and applications are covered.

CH 552 Advanced Analytical Instrumentation II: Chromatography 3 CH
Prerequisite: CH 351.
Fundamentals and practical aspects of analytical separation and chromatography. Special emphasis is given to theory and instrumentation; methods and applications are covered.

CH 553 Advanced Inorganic Chemistry 3 CH
Prerequisite: CH 331 Physical Chemistry I or equivalent.
The physical and chemical properties of the elements and their compounds are correlated with their positions in the periodic table. Bonding theory and coordination chemistry are emphasized. (This undergraduate/graduate level course also has an undergraduate course number of CH 355, Advanced Inorganic Chemistry, or equivalent.) Three credits will be given for the completion of this course with a grade of B or better.

CH 554 Special Topics in Analytical Chemistry 3 CH
Topics include: data acquisition and LIMS; aquatic chemistry; GC-MS: theory, instrumentation and method; thermal analysis; and applications of supercritical fluids.

CH 555 Theoretical Inorganic Chemistry 3 CH
Prerequisite: CH 355 Advanced Inorganic Chemistry, CH 553 or equivalent.
An advanced theoretical study of bonding and spectroscopy of inorganic compounds.
Topics include: crystal field, ligand field and molecular orbital theories of inorganic complexes; magnetic susceptibility; and electronic, infrared and Raman spectroscopy.

CH 556 Chemical Applications of Group Theory 3 CH
Prerequisite: CH 331 Physical Chemistry I or equivalent.

Presents basic principles of group theoretical methods. Topics include: molecular symmetry, normal coordinate analysis, molecular bonding and energy levels and theoretical basis for selection rules.

CH 559 Special Topics in Inorganic Chemistry 3 CH
Topics include: electronic spectra of transition metal complexes, reactions of transition metal complexes, ionic liquids and bioinorganic chemistry.

CH 561 Environmental Chemistry 3 CH
Prerequisites: CH 221 Organic Chemistry I or equivalent and MA 151 Introductory Calculus or equivalent.

Focuses on the chemical aspects of the human environment. Examines the sources, reactions, transport, effects and fates of chemical species in water, soil, air and living environments and the effects of technology thereon.

CH 565 Environmental Sampling and Analysis 3 CH
Prerequisite: CH 561.

Discusses methods and protocols of environmental sampling and analysis in water, air and biological matrices. Addresses EPA quality assurance and quality control plans. Laboratory and field work include: sampling of surface and groundwater, performing chemical and biological analyses of water, monitoring treated effluent quality control and detecting hazardous contaminants.

CH 569 Special Topics in Environmental Chemistry 3 CH
Topics include: water and wastewater treatment systems; hazardous waste management; environmental regulations; environmental hydrology and water resource management; environmental organic chemistry; atmospheric chemistry and air pollution; chemical toxicology.

CH 571 Polymer Chemistry 3 CH
Prerequisites: CH 222 Organic Chemistry II or equivalent and CH 331 Physical Chemistry I or equivalent or permission of program director.

An introduction to polymer chemistry through a study of step and chain polymerization and copolymerization as well as block and graft copolymers. Polymerization techniques in solution, emulsion and microemulsion are discussed as well as polymer structure and characterization with an overview of the properties of commercial polymers.

CH 590 Chemical Information: Sources and Technology 3 CH
Information is a vital key to success in today’s chemical industry. The premier chemical information sources will be reviewed with emphasis on Chemical Abstracts Service and Beilstein. Chemical information retrieval applications will be highlighted including STN International, SciFinder and Crossfire, in addition to Internet resources. Students will gain an appreciation for chemical database design and content as well as formulating queries for keyword and structure-based searches.

CH 595 Advanced Integrated Laboratory 3 CH
The central theme for this laboratory is inorganic coordination chemistry. Students are required to work on unified projects rather than a series of unrelated experiments. Projects involve synthesis and analysis of a complex or a pair of isomers. Emphasis is on analytical and instrumental methods that are fundamental for the characterization of inorganic compounds. Six hours of laboratory work per week.
CH 598 Comprehensive Test 0 CH
Chemistry graduate students (non-
thesis track) are required to pass a
comprehensive test (after the completion
of 33 credits in coursework) in fulfillment
of the MS degree.

CH 599 Thesis 3 + 3 CH
Original research under the supervision
of faculty member(s) leading to a written
thesis.

Computer Science
and Information
Technology

Domenick J. Pinto, M.S., Director
Phone: 203-371-7799
E-mail: pintod@sacredheart.edu

The University confers Master of Science
degrees in Computer Information
Science (MS), with tracks in Information
Technology (IT) as well as the traditional
Computer Science (CS) discipline. It also
offers recognized graduate certificates
in Computer Science, Information
Technology, IT and Network Security,
Database and Web Development, which are
some of the most lucrative and dynamic
fields in the contemporary marketplace.
Students choose their curriculum track
based on their educational and career
interests. Course content includes use
of software such as VB.net 2008, Flash
8, Fireworks 8, Director 11, Java, C++, C#,
ASP.net and content such as interactive
multimedia, data communications,
network security, Oracle, Artificial
Intelligence (AI) and software engineering.
Most classes are held in the evenings or
on Saturday mornings in Fairfield, with
some IT courses offered in Stamford and
a few courses offered during the day. This
structure accommodates working full-time
students as well as those who may wish to
participate in internships during the day.

ADMISSION REQUIREMENTS
Applications are processed on a rolling
basis. Applicants should have a cumulative
undergraduate GPA of 3.0 (on a 4.0 scale)
or better. However, students may be
admitted provisionally if their cumulative
GPA is better than 2.5. Such students are
allowed to take up to 12 credit hours
and must maintain a 3.0 GPA in those
courses. Provisional students who have
completed 12 credit hours will then be
considered for full matriculation. Except
under unusual circumstances, applicants
with a cumulative GPA of less than 2.5 are
not admitted. A GPA of 3.0 is required to
maintain good standing in the program
and for graduation. All prospective
students must complete an application
for admission, submit official transcripts
from each college or university attended
(including Sacred Heart University) and
forward two letters of recommendation
and a résumé. Course waivers (to a
maximum of nine credits) are granted on
the basis of a student's academic record.

PROGRAM PREREQUISITES
Students who do not have a bachelor's
degree in Computer Science or in a
related field may be required to complete
prerequisite coursework before full
admission is granted. The number of
courses is determined by which track a
student chooses to pursue.

COMPUTER SCIENCE TRACK
Prerequisite Requirements
The following prerequisite courses may
be required for those who wish to pursue
the Computer Science track. All courses
are to be completed with a grade of B or
better. Additional prerequisites may be
recommended by the program director.
All students are required to complete the
following coursework unless waived by the
program director:
CS 601 Assembly Language Programming
and Computer Systems (3 credits)
CS 602 Advanced Data Structures and
Algorithms (3 credits)
Calculus
COMPUTER SCIENCE MASTER'S DEGREE TRACK PROGRAM

Sacred Heart University offers both a graduate certificate and a Master of Science degree in this traditional track. This track is ideal for those who wish to pursue advanced study in areas of programming, data structures and fundamental computer language design.

Requirements

This track requires a minimum of 36 credit hours of graduate-level coursework to complete. Students may be required to complete an additional 13 credit hours of prerequisite coursework. Students with an undergraduate degree in Computer or Information Science may receive waivers for some courses. Course waivers are not granted for work experience. A thesis is not required; however, for those students in the scientific track who elect to complete a thesis, they must enroll in CS 690 Thesis I and CS 691 Thesis II. Those who do not elect to complete a thesis must complete at least three credits of CS 670 Research Project Seminar. A degree will be granted upon satisfactory completion of all coursework and a favorable recommendation of the faculty responsible for CS 670 or 690/691.

Required Courses

- CS 551 Introduction to Object-Oriented Programming with Java (3 credits)
- CS 603 Database Design (Oracle) (3 credits)
- CS 604 Advanced Software Engineering (3 credits)
- CS 611 Operating/Multiprogramming Systems (3 credits)
- CS 614 Theory of Computation (3 credits)
- CS 615 Programming in Unix (3 credits)
- CS 622 Network Security I (3 credits)
- CS 623 Advanced Network Security (3 credits)
- CS 625 Cryptography (3 credits)
- CS 670 Research Project Seminar (3 credits) or CS 690/691 Thesis I and/or II (3-6 credits)

Electives

3-6 credits
Total: 36 credits

INFORMATION TECHNOLOGY TRACK

Prerequisite Requirements

The following prerequisite courses may be required for those who wish to enter the Information Technology track. All courses are to be completed with a grade of B or better. Additional prerequisites may be recommended by the program director. Prerequisite courses cannot be taken concurrently.

- CS 500 Introduction to Structured Programming (3 credits)
- CS 501 Introduction to Data Structures (3 credits)

Prerequisites total: 6 credits

Information Technology Master's Degree Track Program

The Information Technology (IT) track is a new, innovative program designed specifically to accommodate the dynamic demands of the contemporary marketplace. With the exponential growth of the Internet and the wide-ranging ramifications of the accompanying technologies, the IT track will prepare individuals for careers that utilize, or are affected by, the latest technological advances and methods of modern business and industry.

Requirements

This track requires a minimum of 36 credit hours of graduate-level coursework. Students may be required to complete an additional six credit hours of prerequisite coursework. However, students with an undergraduate degree in Computer or Information Science may receive waivers for some courses. Course waivers are not granted for work experience.

Required Courses

- CS 551 Introduction to Object-Oriented Programming with Java (3 credits)
- CS 552 Windows Interface Design (VB.net 2008) (3 credits)
- CS 553 Web Design with Java Script (3 credits)
- CS 554 Fundamentals of Interactive
Multimedia (3 credits)
CS 601 Assembly Language Programming and Computer Systems (3 credits)
CS 603 Database Design (Oracle) (3 credits)
CS 620 Information Analysis and Systems Design (3 credits)
CS 621 Principles of Data Communication (3 credits)
CS 670 Research Project Seminar (3 credits)

Required courses total: 27 credits

Elective Courses
(Nine credits are required). A maximum of six credits can be an MBA (BU) offering. It is also at the discretion of the academic program director to approve any other CS or MBA course offering as an appropriate elective. The following is a partial list of electives:
BU 651 Management of Global Telecommunications (3 credits)
BU 652 Project/Program Management (3 credits)
BU 653 International Electronic Commerce and the Internet (3 credits)
CS 550 Dynamic Web Page Development (3 credits)
CS 555 Advanced Scripting with Interactive Media (3 credits)
CS 556 Electronic Commerce Technology (3 credits)
CS 557 Web Programming with ASP (3 credits)
CS 558 Advanced Topics in ASP Net (3 credits)
CS 560 Networking Applications (3 credits)
CS 561 Multimedia Authoring (Authorware) (3 credits)
CS 563 Flash Animation
CS 604 Advanced Software Engineering (3 credits)
CS 611 Operating/Multiprogramming Systems (3 credits)
CS 622 Network Security I (3 credits)
CS 623 Advanced Network Security (3 credits)
CS 624 Hands-on Network Security (3 credits)
CS 640 Special Topics in Computer Science (3 credits)

Elective courses total: 9 credits
Degree total: 36 credits

INFORMATION TECHNOLOGY CERTIFICATE TRACK PROGRAM
A student may choose to enroll in the Information Technology Graduate Certificate program to learn specific skills in the area of Information Technology. The certificate program is ideal for those who are undecided about committing to a full master's degree program, but wish to pursue advanced study in this field.

Requirements
The program requires the student to complete a minimum of 12 semester credit hours of coursework, with a minimum cumulative GPA of 3.0. Students matriculated in the master's program are not eligible for a graduate certificate. However, students who have successfully completed a graduate certificate may apply to the master's program and may be able to use those credits earned in the certificate program toward the master's degree. Contact the program director to determine which, if any, graduate certificate credits may apply. Graduate admissions procedures must be followed.

Prerequisite Courses
CS 500 Introduction to Structured Programming (3 credits)
CS 501 Introduction to Data Structures (3 credits)

Required Courses
CS 552 Windows Interface Design (VB.net) (3 credits)
CS 553 Web Design with Java Script (3 credits)
CS 603 Database Design (Oracle) (3 credits)
One elective from any available electives approved by program director

INTERACTIVE MULTIMEDIA CERTIFICATE TRACK PROGRAM
In response to the recent growth and use of multimedia applications in the modern business environment, this certificate has been explicitly designed for students who want to focus exclusively on the popular discipline of multimedia.
Requirements

The program requires the student to complete a minimum of 12 semester credit hours of coursework, with a minimum cumulative GPA of 3.0. Regular program prerequisites still apply (CS 500 Introduction to Structured Programming and CS 501 Introduction to Data Structures). Students matriculated in the master's program are not eligible for a graduate certificate. However, students who have successfully completed a graduate certificate may apply to the master's program and may be able to use those credits earned in the certificate program toward the master's degree. Contact the program director to determine which, if any, graduate certificate credits may apply. Graduate admissions procedures must be followed.

Prerequisite Courses (if required)
CS 500 Introduction to Structured Programming (3 credits)
CS 501 Introduction to Data Structures (3 credits)

Required Courses
CS 553 JavaScripting for Web Design (3 credits)
CS 554 Fundamentals of Interactive Multimedia (3 credits)
CS 557 Web Programming with ASP (3 credits)

Certificate total: 12–18 credits

WEB DEVELOPMENT
CERTIFICATE TRACK PROGRAM

This program provides students with the background and technical skills needed for a comprehensive understanding of the development, design and construction of professional web pages.

Requirements

The program requires the student to complete a minimum of 12 semester credit hours of coursework with a minimum cumulative GPA of 3.0. Two program prerequisites apply to those without suitable academic credentials in programming. Some required courses also require additional prerequisites (e.g., CS 501) All course credits earned in the program may be applied to the master's program.

Prerequisite Courses
(If required)
CS 500 Introduction to Structured Programming (3 credits)
CS 501 Introduction to Data Structures (3 credits)

Required Courses
CS 550 Dynamic Web Page Development (3 credits)
CS 552 Windows Interface Design (3 credits)
CS 553 JavaScripting for Web Design (3 credits)
CS 557 Web Programming with ASP (3 credits)

Certificate total: 12–18 credits

IT AND NETWORK SECURITY

Our country and, in fact, the entire world have become increasingly dependent on information technology as a means of staying competitive in business, industry, the arts, and commerce of all types. Education, electronic commerce, and the Defense Department are all areas that utilize technology on an exponentially expanding level with each passing year. But this dependence on and utilization of technology are accompanied by a growing risk of security issues that must be addressed if we are to thrive and survive in a technology-driven world. Inadequate security practices have left corporations vulnerable to a number of illegal activities such as computer fraud, telecommunications abuse, and unauthorized disclosure, modification,
and destruction of information. National security has been and will continue to be threatened unless corporations and the government on all levels are able to effect and maintain sufficient computer security. The certificate program in IT and Network Security is designed to provide individuals with introductory networking, ethical, and security skills to effectively address the areas of concern mentioned above. The courses in the certificate program:

- provide an overview of networking protocols and how they can be secured;
- introduce the individual to an array of social and ethical issues that are incumbent on those in providing security; and
- provide the individual with an introduction to computer programming, as it relates to the maintenance of security protocols. Upon completion of the certificate program, the student will be better equipped to enter or continue as a professional in the cyber security field.

Requirements

The certificate requires a total of 12 credits plus two prerequisite courses (CS 500 and CS 501). Prerequisite courses may be waived if evidence of prior completion of these prerequisites can be supplied. Courses taken for the certificate can be applied toward the MSCIS degree.

Prerequisite Courses
(If required)
CS 500 Introduction to Structured Programming (3 credits)
CS 501 Introduction to Data Structures (3 credits)

Required Courses
CS 621 Principles of Data Communication (3 credits)
CS 622 Network Security I (3 credits)
CS 623 Advanced Network Security (3 credits)

Elective Courses
CS 624 Hands-On Network Security (3 credits)
CS 625 Cryptography (3 credits)

COMPUTER SCIENCE AND INFORMATION TECHNOLOGY DATABASE CERTIFICATE

Prerequisites
CS 500 Introduction to Structured Programming (3 credits)
CS 501 Introduction to Data Structures (3 credits)

Required Courses
CS 603 Database Design (Oracle) (3 credits)
CS 631 Data Warehousing (3 credits)
CS 632 Advanced Database Topics (3 credits)
CS 633 Advanced Database Programming (3 credits)

(CS 603 will be a prerequisite for CS 631, CS 632 and CS 633)

Course Descriptions

CS 500 Introduction to Structured Programming 3 CH
This is an introductory course in computer programming using a structured programming language. Representative topics include: iteration, selection, procedures, functions, arrays and packages.

CS 501 Introduction to Data Structures 3 CH
Prerequisite: CS 111 or CS 500 Introduction to Structured Programming or equivalent.
A continuation of CS 500 utilizing a structured programming language to further implement multidimensional arrays and other data structures including: linked lists, stacks, queues, trees, etc. Also provides introduction to recursion and data abstraction.

CS 502 C Advanced Programming 3 CH
Prerequisite: CS 112 Data Structures or equivalent, or CS 501 Introduction to Data Structures.
Discusses advanced programming techniques with an emphasis on mathematical and scientific programming applications. Topics include: recursion,
pointers and some advanced data structures. C language is introduced in this course.

**CS 550 Dynamic Web Page Development**

Prerequisite: CS 500 Introduction to Structured Programming.

This course enables students to develop low-bandwidth visual effects for web pages. A variety of software is employed to develop web sites and media for the web. Topics include: web animation and interactivity using Adobe Flash®, a vector-based animation tool; vector-based graphic construction and digital compression using Macro-media Fireworks®, a graphic optimizing tool; and dynamic web page construction using Adobe Dreamweaver®, a visual HTML editor.

**CS 551 Introduction to Object-Oriented Programming with Java**

Prerequisite: CS 501 Introduction to Data Structures.

Provides an introduction to the fundamental concepts of object-oriented analysis (OOA), design (OOD) and programming (OOP), and how object-oriented languages differ from procedural languages. Notation is used to teach the concepts of abstraction, encapsulation, modularity, hierarchy and polymorphism. This course is designed for both programmers and analysts. Both C++ and Java are used to implement these object-oriented concepts.

**CS 552 Windows Interface Design (VB.net)**

Prerequisite: CS 501 Introduction to Data Structures.

This course introduces the fundamentals of writing Windows applications, event-driven programming and the GUI. Topics include: dialogues, menus, controls, data types, scope and life of variables, objects and instances, fonts and graphics, simple file I/O and other DLL procedures. VB.net is used in implementing various Windows applications.

**CS 553 Web Design with Java Script**

Prerequisite: CS 500 Introduction to Structured Programming.

This course shows how to embed Java "applets" into HTML pages, as well as create applets. The course covers the Java applet paradigm and the standard Java-class libraries. Students write Java applets, stand-alone applications, Native Libraries and content/protocol handlers for extending web browsers.

**CS 554 Fundamentals of Interactive Multimedia**

Prerequisite: CS 500 Introduction to Structured Programming.

Students develop multimedia applications of their own design using Adobe Director®. This course explores principles for effective interactive multimedia design from concept definition, storyboarding, multimedia development and authoring to testing and revision. It covers techniques to include sound, graphics, photographs, animation, video and text into multimedia presentations. Adobe Director movies are developed for use in authoring applications such as business presentations, interactive kiosks, CD-ROMs and Shockwave movies for the web.

**CS 555 Advanced Scripting with Interactive Multimedia**

Prerequisites: CS 501 Introduction to Data Structures and CS 554 Fundamentals of Interactive Multimedia.

This advanced multimedia development course explores program control for effective design and delivery of interactive multimedia applications. Students learn how to use the director's full-feature scripting language Lingo to develop the interactivity and program control of multimedia projects. Xobjects, special code segments that control external devices, are also covered.

**CS 557 Web Programming with ASP.net**

Prerequisites: CS 501 Introduction to Data Structures.
Structures and CS 552 Windows Interface Design.

Covers Active Server Pages and how they allow for powerful web site creation by combining program code with standard HTML. The class is presented in a tutorial system application. Students will successfully learn how to program using Visual Basic Script, the most commonly used ASP programming language. Other relevant topics include: integrating databases with a web site and effective site functionality.

CS 558 Advanced Topics in ASP.net 3 CH

The class will focus on some advanced ASP.net topics such as AJAX, web services, building custom components, profiles, LINQ, and web parts.

CS 560 Networking Applications 3 CH

Prerequisite: CS 621 Principles of Data Communication.

This hands-on course provides an in-depth introduction to IP addressing, TCP/IP, routing of IP packets, Internet protocol, TCP, DHCP, DNS, network management and a brief introduction to network security including use of firewalls, proxy servers, and footprint analysis.

CS 561 Multimedia Authoring (Authorware) 3 CH

Prerequisite: CS 500 Introduction to Structured Programming.

This authoring course covers design and delivery of interactive multimedia using an icon-based product. Students use the authoring tool Authorware to develop a variety of projects: CBT, interactive kiosks, performancesupport applications, interactive magazines and catalogs, educational games and interactive education and information that can be delivered over intranets.

CS 563 Flash Animation 3 CH

This is an introduction to Flash Animation class. Students will discover how to produce interactive multimedia. The course covers the Flash interface and tools used to develop Flash animations such as shape and motion tweening, motion guide path, masking, development of scenes, creation of movie clips and button symbols. They are used to create of a variety of animations such as: interactive presentations, interactive greeting cards, interactive tutorials, Web Sites, puzzles and small games. Basic actionscript will be covered in this class.

CS 601 Assembly Language Programming and Computer Systems 3 CH

Prerequisite: CS 501 Introduction to Data Structures.

Explores programming concepts at the interface of hardware and software: addressing, instructions, symbol tables, linkage, registers, ALU and CPU, anatomy of an assembler, relocatable code, macros, interrupts and debuggers.

CS 602 Advanced Data Structures and Algorithms 3 CH

Prerequisites: MA 151 Introductory Calculus, CS 502 C: Advanced Programming and CS 241 Advanced Programming Concepts Using “C.”

Explores the relationship between data structures and algorithms with a focus on space and time efficiency: review of recursion, data abstraction and complexity analysis, multilists, trees (including balanced binary trees, n-ary trees and Btrees), hash tables, external sorting, graphs and algorithm design techniques.

CS 603 Database Design (Oracle) 3 CH

Prerequisite: CS 501 Introduction to Data Structures.

Discusses goals and techniques in the design, implementation and maintenance of large database management systems: physical and logical organization; file structures; indexing; entity relationship models; hierarchical, network and relational models; normalization; query languages; and database logic.
CS 604 Advanced Software Engineering 3 CH
Prerequisite: CS 551 or permission of department.
Advanced Programming. Reviews models and metrics for software engineering in the large: software life-cycle models, software modeling tools, design and analysis of software subsystems, management of software projects, test plans, configuration control, reliability and metrics.

CS 605 Discrete Structures and Logic 3 CH
Prerequisites: CS 501 Introduction to Structured Programming and MA 151 Introductory Calculus.
Reviews the mathematical concepts and foundations of logic for computer science: sets, relations and functions; Boolean algebras; graphs; propositional and predicate logic; notions of logical consequence and provability; soundness and completeness of inference methods; resolution; unification; and introduction to theorem proving.

CS 611 Operating/Multiprogramming Systems 3 CH
Prerequisite: CS 502 C: Advanced Programming.
Explores the management of resources in a multiuser system: memory allocation and management, process scheduling, protection, concepts of concurrent processes, study of different operating systems and multiprocessing.

CS 613 Structure of Programming Languages 3 CH
Prerequisite: CS 602 Advanced Data Structures and Algorithms.
Discusses the syntax and semantics of programming languages including: an introduction to theory of languages and grammars; concepts of design and implementation of programming languages; and the comparison of different language paradigms such as imperative, functional, logic and object-oriented.

CS 614 Theory of Computation 3 CH
Prerequisite: Permission of instructor.
Reviews the theory of the power and limitations of computation and computers: Turing machines, recursive and recursively enumerable functions, equivalence of computing paradigms (Church-Turing thesis), undecidability, intractability and introduction to NP-completeness.

CS 615 Programming in Unix 3 CH
Prerequisite: CS 611 or permission of instructor.
Discusses main issues of Unix OS programming and administration. In particular, it explores a popular Unix text editor Emacs, Unix file system, process manipulation, regular expressions and their use, filters, and system administration and security.

CS 620 Information Analysis and System Design 3 CH
Prerequisite: CS 501 Introduction to Data Structures.
Discusses the design, analysis and management of information systems: system lifecycle management, hardware and software selection and evaluation, the role of information systems in decision support and other functional areas of business, project management, systems development and analysis, module design and techniques to reduce system complexity.

CS 621 Principles of Data Communication 3 CH
Prerequisite: CS 501 Introduction to Data Structures.
A survey of modern data communication techniques, including: data communication and local networking, hardware (e.g., terminals, modems, multiplexors), nodal and host processor architecture, packet switching, network control, protocols, software management and security.
CS 622 Network Security I 3 CH
Prerequisite: CS 621 Principles of Data Communication.
Is there a security problem in computing? How do IT and network managers interface with business managers to create a security system that meets the needs of both sides of the business? How does network security support the business mission and how many resources is business willing to give to support network security? This course addresses these complex issues. Among the topics covered are: conventional encryption and message confidentiality, public key cryptography and message authentication, authentication applications, e-mail security, IP security, Web security, firewalls, security in mobile networks, and other security issues.

CS 623 Advanced Network Security 3 CH
Prerequisite: CS 622 Network Security I.
This is the second course in security that emphasizes security at the system level. The course covers secure encryption, systems, program security (viruses and other malicious code), controls against program threats, protection in generalpurpose operating systems, trusted operating systems, database security, security in networks and distributed systems, administering security, and legal and ethical issues in security.

CS 624 Hands-On Network Security 3 CH
Prerequisites: CS 621 Principles of Data Communication and CS 622 Network Security I.
Designed for IT graduate students, this course uses VMWare of Connectix Virtual PC to simulate different environments. It examines networking security topics, firewalls (using Linux), packet filters, NAT, PAT, socks and HTTP proxies; public key infrastructure (using Microsoft Certification Server), encryption algorithms, decrypting passwords, dictionary decryption, brute force decryption, certificate servers; and vulnerability assessment, identifying security holes, forensics, tracing, log analysis, Layer 5 vulnerabilities (Services/Daemons and OS), identifying denial of service attack (simulation), identifying a virus/work attack (simulation), packet monitoring (sniffing).

CS 625 Cryptography 3 CH
Prerequisite: CS 622 Network Security I or permission of instructor.
Designed for CS graduate students, the course covers theoretical and practical aspects of modern applied computer cryptography. Topics include: block and stream ciphers; hash functions, data authentication, and identification; and digital signatures. Special emphasis is given to public-key cryptosystems. The course includes implementation of various encryption algorithms in different programming systems.

CS 631 Data Warehousing 3 CH
Prerequisite: CS 603 Database Design (Oracle).
Provides a comprehensive review of data warehousing technology. Areas of study include the evolution of the modern-day data warehouse; analysis and collection of business data requirements; dimensional modeling; the loading of data using Extraction, Transformation, and Loading (ETL) processes; data quality issues; and reporting from the data warehouse using SQL and Online Analytical Processing (OLAP) techniques. Several Oracle lab experiments are conducted to provide hands-on experience in the areas of data warehouse design, construction, data loading, and essential reporting techniques.

CS 632 Advanced Database Topics 3 CH
Prerequisite: CS 603 Database Design (Oracle).
Provides students with an advanced understanding of database technology. In addition to the entityrelationship model, alternate database models (such as
EAV and OOD) are investigated. Possible topics include indexing, optimization, XML, online analytic processing (OLAP), embedded SQL, locking techniques and parallel and distributed systems. Specific topics covered and focus of this course changes to reflect modern trends and the latest technology.

CS 633 Advanced Database Programming 3 CH
Prerequisite: CS 603 Database Design (Oracle).
Provides students with a thorough understanding of database programming. Students use the latest technology to create front-end applications to hit large-scale backend databases. SQL and stored procedures are used to retrieve data from various data stores. Emphasis is placed on a layered approach to programming. User-friendly design principles and business logic are used to teach students how to implement large-scale windows and/or web applications. The specific technology used will vary to reflect current trends in database programming technology.

CS 640 Special Topics in Computer Science 3 CH
Prerequisite: Determined at the time of course offering. Presents one-time and first-time offerings of courses on current topics.

CS 642 Artificial Intelligence 3 CH
Prerequisite: CS 602 Advanced Data Structures and Algorithms.
Examines the essentials of artificial intelligence (AI): definition of AI; heuristic, adversary and other search methods for problem solving and games; principles of knowledge representation; AI languages; and survey of applications.

CS 646 Computer Graphics 3 CH
Prerequisite: CS 602 Advanced Data Structures and Algorithms.
Reviews the principles of design and use of computer graphics: matrix algebra overview, basic drawing techniques, line and polygon clipping, linear transformations, projections, graphics standards and hardware, raster scan, refresh, storage, hidden line and surface elimination and shading.

CS 648 Distributed Database Systems 3 CH
Prerequisites: CS 603 Advanced Database Systems and CS 611 Operating/Multiprogramming Systems.
Explores the problems and opportunities inherent to distributed databases: file allocation, deadlock detection and prevention, synchronization, update consistency, query optimization, fault tolerance, etc.

CS 650 Principles of Natural Language Processing 3 CH
Prerequisite: CS 613 Structure of Programming Languages or CS 642 Artificial Intelligence.
Studies the issues arising in computer processing of languages like English and solution techniques: AI principles overview, significance of language structure in extracting meaning, ambiguities, parsing techniques, semantic issues, semantic models, pragmatics, text-based systems and case studies.

CS 652 Neural Networks 3 CH
Prerequisites: MA 151 Introductory Calculus and CS 642 Artificial Intelligence.
Discusses neural networks as a computation model complementary to symbolic AI: basic principles, history of neurocomputing, various models and their common ideas, applications in machine learning and pattern recognition and hybrid systems.

CS 654 Object-Oriented Programming Using C++ 3 CH
Prerequisite: CS 502 C: Advanced Programming or equivalent.
Reviews the principles of OOP: encapsulation, polymorphism and inheritance. C++ is used as the main vehicle for getting the ideas across. Issues
of multiple inheritance, persistence, etc. are covered, and comparison with other OOP languages are made, as time permits.

CS 670 Research Project Seminar 3 CH
Prerequisite: Determined by the faculty advisor.
Required for the non-thesis option, the student works with a faculty advisor in defining a short research or implementation project. For a research project, the student surveys relevant literature, critically analyzes the state of the art and possibly synthesizes improvements. For an implementation project, the student implements and tests a solution to the chosen problem; the project could involve a combination of research and implementation. At the end of the project, the student writes a report approved by the faculty member and makes a public presentation of the work.

CS 690 Thesis I 3 CH
Prerequisite: Determined by the faculty advisor.
Required for the thesis option, the student works with a faculty advisor in defining a substantial research or implementation project. For a research project, the student surveys relevant literature, critically analyzes the state of the art and synthesizes improvements. For an implementation project, the student implements and tests a solution to the chosen problem, comparing it with other work, if any; the project could involve a combination of research and implementation. At the end of this course, the student should have a well-defined problem, have surveyed relevant literature and have made partial progress toward the completion of the work. The student should be ready to make a brief presentation of the work in progress, as required by the advisor. Also, by the end of this course, a proposal describing the work should be written and approved by a thesis committee chosen by the student and the advisor, according to University policy.

CS 691 Thesis II 3 CH
Prerequisite: CS 690 Thesis I.
A continuation of CS 690, this course is required for the thesis option. By the end of this course, the student completes the work remaining in the project started in CS 690, as defined by the written proposal. A thesis must be written and defended in front of the thesis committee. The presentation portion of the thesis defense is open to the public.

Criminal Justice

Pearl Jacobs, Ph.D., Director
Phone: 203-371-7764
E-mail: jacobsp@sacredheart.edu

GOALS AND OBJECTIVES
The Master of Arts in Criminal Justice program provides students with a comprehensive knowledge of all components of the criminal justice system. This program is open to recipients of undergraduate degrees in Criminal Justice as well as individuals who have developed a career interest in criminal justice after completing an undergraduate degree in another discipline. This Master of Arts in Criminal Justice provides individuals with bachelor's degrees in Criminal Justice or other disciplines with the knowledge needed to obtain advanced professional positions in the field. It also enables individuals already employed in the field of criminal justice to advance further in their careers. Thirty credits are required to graduate from the program. Students must complete 18 required credits of the core curriculum plus an additional 12 credits of any elective courses. Students may also choose the 12 credits for a concentration in national security or criminal justice management. Upon completion of the required 30 credits, students desiring to pursue an advanced career in criminal justice must successfully complete a comprehensive examination. Students desiring to continue their education toward a Ph.D. should pursue the
3-credit thesis option rather than the comprehensive examination. The thesis course may be used to satisfy 3 of the 12 elective credits required.

ADMISSION
- Bachelor of Arts or Science degree with a 3.0 GPA from an accredited four-year college or university (official transcripts required)
- Completed Graduate application
- Application fee
- Two letters of recommendation
- Personal statement

ADMISSION DEADLINE
Although applications are reviewed by the Admissions Committee on a rolling basis, the University has a priority deadline of March 1 for Fall admittance and November 1 for Spring admittance for financial aid considerations.

REQUIRED COURSES (18 CREDITS)
- CJ 401 Theories and Analysis of Crime Causation and Deviance
- CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System
- CJ 403 Law, Society and Ethics
- CJ 404 Issues in the Administration of the Adult and Juvenile Correctional Systems
- CJ 405 Criminal Law
- CJ 406 Methods of Research Design and Statistical Analysis

ELECTIVE COURSES (12 CREDITS)
The program offers a variety of courses covering all aspects of the criminal justice system including:
- CJ 506 Victimology
- CJ 507 Organizational Procedures
- CJ 508 Capital Punishment
- CJ 509 Criminal Behavior and the Family
- CJ 510 Criminal Profiling
- CJ 511 Emergency Management
- CJ 513 Issues in National Security
- CJ 514 Domestic and International Terrorism

COURSE DESCRIPTIONS

CJ 401 Theories and Analysis of Crime Causation and Deviance 3 CH
Prerequisites: CJ 101 Introduction to Criminal Justice, CJ 200 Constitutional Law.
Examines the development and application of theories of crime causation and social deviance. The course includes an assessment of the issues and problems involved in controlling crime and deviance in society. Students learn about the nature of criminal behavior and the impact of this behavior on the victims, and study the development of programs and policies to control crime and assist the victims.

CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System 3 CH
Prerequisite: CJ 401 or permission of Department Chair.
Theories and Analysis of Crime Causation and Deviance. Examines the current problems and issues facing the American public agencies.
criminal justice system. The course explores controversial policies such as the use of force, discretion, access to the justice system, organizational and legal issues related to decision-making within the criminal justice system, the role of the courts and the correctional system.

CJ 403 Law, Society and Ethics 3 CH
Prerequisite: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of the Department Chair.

Focuses on constitutional and ethical issues as they affect the operation of the criminal justice system. Topics examined include legal issues related to punishment and the ethical responsibilities of criminal justice agents.

CJ 404 Issues in the Administration of the Adult and Juvenile Correctional Systems 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of Department Chair.

Explores the operation and nature of the American correctional system. The course examines the Juvenile Justice System as well as the adult correctional system. Theories and philosophies of correctional administration and the conditions that generate delinquent behavior are examined as well as current critical issues such as overcrowding, alternatives to incarceration, efforts to maintain family cohesion.

CJ 405 Criminal Law 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of Department Chair.

Examines various topics in substantive criminal law as they affect the operation of the criminal justice system. Topics may include standards of evidence, defenses, and punishments.

CJ 406 Methods of Research Design and Statistical Analysis 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of Department Chair.

This course must be taken at the graduate level. An undergraduate course in this subject cannot be substituted for the graduate course. Examines the research process and is designed to provide students with an understanding of the principles and practices of criminal justice empirical research. More specifically, methods of research and data analysis, as applied to the field of criminal justice, are presented. The application of these methods to criminal justice practice is demonstrated through various exercises. To better prepare capable professionals, students are taught both the language of scientific discourse and the ability to appraise empirical studies critically. To better prepare practitioners who are fair and respectful toward individuals from diverse backgrounds, research ethics, and sensitivity to populations-at-risk are promoted.

CJ 506 Victimology 3 CH
Prerequisites: CJ 101 Introduction to Criminal Justice, CJ 200 Constitutional Law.

Examines the victim through history. Course explores the victim movement, the nature and extent of criminal victimization and its affect on American society.

CJ 507 Organizational Procedures 3 CH
Prerequisites: CJ 101 Introduction to Criminal Justice, CJ 200 Constitutional Law.

Examines the criminal justice system from an organizational perspective. Course explores fraud control, risk analysis, and corporate crime control through case

CJ 508 Capital Punishment 3 CH
Prerequisites: CJ 101 Introduction to Criminal Justice, CJ 200 Constitutional Law.
Examines the theoretical, legal and ethical issues involved in this form of punishment.

CJ 509 Criminal Behavior and the Family 3 CH
Prerequisites: CJ 101 Introduction to Criminal Justice, CJ 200 Constitutional Law.
This course studies theories and research concerning the socialization experience and their impact on behavior. Topics examined include child abuse and neglect, parental substance abuse, disciplinary techniques, single parent families, etc.

CJ 510 Criminal Profiling 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of Department Chair.
Studies the process of identifying characteristics associated with individuals who become criminal sociopaths. Sociological theories of crime causation are used in the examination of criminal typology.

CJ 511 Emergency Management 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of Department Chair.
Examines the policies and systems necessary to govern in situations of conflict and uncertainty. Explores appropriate responses to serious incidents and disasters. Evaluates early warning systems and prevention strategies. Students learn the techniques involved in planning and preparing for crises, and forecasting potential crisis situations.

CJ 513 Issues in National Security 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of Department Chair.
Examines the changes in American policy fostered by the terrorist attacks of 9/11/01. Students study the organizations and resources developed since 9/11/01 to defend national security. The course explores the role played by all the components of the criminal justice system in providing for the security of the nation. Also studied are the policies and practices that have been developed for this purpose by the various agencies that represent the criminal justice system. Specifically, students study the adjudication process as it relates to issues of national security and the correctional practices employed to maintain national security.

CJ 514 Domestic and International Terrorism 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of Department Chair.
Examines the history, current developments, and responses to both international and domestic terrorism. Emphasis is on the examination of the law enforcement response to terrorism, and the sociological models of consensus and conflict in an effort to better understand the nature of terrorism. Assesses the strategies of terrorists, their funding and their use of the media, and examines the efforts of terrorist victimization.

CJ 515 Budgetary Planning in Public Agencies 3 CH
Prerequisites: CJ 401 Theories and Analysis of Crime Causation and Deviance, CJ 402 Critical Issues in the Administration and Management of the Criminal Justice System or permission of the Department Chair.
Examines the nature of public budgeting and financial management from the perspective of a public manager. Explores public budgeting from an analytical perspective.

CJ 601 Internship/Practicum Experience in Criminal Justice 3 CH
Prerequisite: CJ 406 Methods of Research Design and Statistical Analysis.
Students use their theoretical knowledge in a practical environment. Students are required to spend 150 hours interning in a criminal justice agency or use their current criminal justice work experience to apply theory. Students must observe and assist in the everyday operations of the agency. They are required to maintain a log of their activities and confer weekly with the faculty supervisor to discuss their individual progress. The class meets regularly with the professor so that students may share their internship/practicum experiences. Upon completion of the 150 hours, the student will prepare a two-part paper. Those fulfilling the requirements through their current work experience will also prepare a paper. The first part of the paper will consist of a literature review on a topic related to the internship. The second part of the paper will consist of a description of the work experience including the topics provided by the instructor/advisor.

CJ 650 Criminal Justice Thesis 3 CH
Prerequisite: Completion of 27 seven credits required by the program.
This course may be taken in place of the Comprehensive Examination. It is appropriate for students wanting to continue their education toward a Ph.D. in Criminal Justice. The student works with a mentor to develop a research project. The research project culminates in a thesis and an oral presentation of the thesis to faculty and students in the program.

Religious Studies

June-Ann Greeley, Ph.D., Director
Phone: 203-371-7713
Email: greeleyj@sacredheart.edu

Throughout human history, religion has played an enormous role in the shaping of human actions and perceptions, as well as social institutions and values. The academic study of religion involves a sympathetic yet critical examination of the human attempt to answer the questions, "Who are we and why are we here?" It also allows us to understand better the complex world in which we live. The study of religion uses the methods of several disciplines, including theology, philosophy, history, psychology, sociology, anthropology, and literary criticism. Methodologically and topically diverse, the Master of Arts in Religious Studies (MARS) program is unified by its commitment to the task of exploring the basic religious beliefs and insights that render human life and experience meaningful. Specific courses in the program examine the various symbols and myths, rituals and creeds, and events and institutions that illuminate the religious imagination and understanding. The student who completes the MARS program will be able to engage in critical dialogue with his/her own religious tradition and other traditions; understand these traditions in their complexity; and articulate coherent, religiously informed answers to basic questions of human meaning.

GOALS AND OBJECTIVES
The Graduate Program in Religious Studies is designed to suit the needs and interests of a wide variety of students. Whether one wishes to prepare for doctoral work in religion, pursue a career in religious education, or learn more about the world's religious traditions in order to enrich one's personal and/or professional life and activities, the program supplies a broad range of valuable resources. Each graduate student, in consultation with a faculty advisor, is encouraged to plan an
appropriate course of study. In addition to the goal of intellectual enrichment, this program has proven particularly beneficial in the professional advancement of educators, writers, spiritual directors, and directors of religious education. It also offers a strong foundation for students contemplating further study toward a doctoral degree or the ministry.

ADMISSION REQUIREMENTS
Applicants must have a strong undergraduate record from an accredited college or university. Official transcripts from all undergraduate and graduate institutions attended must be sent by those institutions to the Office of Graduate Admissions. Two letters of recommendation must accompany the application. A personal interview is required as part of the admission process. The Graduate Record Examination (GRE) is recommended for all applicants, and in some circumstances it may be required.

MA THESIS
Upon completing coursework, each MA student must write a master's thesis. The thesis is a formal document that shows the student has made an original contribution to knowledge. Writing the thesis is a learning experience in which the student draws upon integrated knowledge of religious studies and research skills to present a distinctive interpretation of a problem in the field. The thesis is at least 60 pages in length. The process typically requires a semester's worth of planning and a semester's worth of writing, under the direction of an advisor. See the program director to receive a full set of guidelines and to be matched with an advisor.

MA TEACHING CURRICULUM
For students interested in pursuing a career in teaching Religious Studies, six graduate credits may be earned in the University's Master of Arts in Teaching program and transferred to the MARS degree.

DEGREE REQUIREMENTS
All MA candidates must complete a total of 36 credit hours of graduate coursework, with a minimum GPA of 3.0. Student performance is reviewed by the graduate faculty at the end of each semester. If a student completes all coursework for the degree with a GPA below 3.0, then the student will be allowed to take a maximum of six additional credit hours of study to raise the average to 3.0. If this 3.0 average is not achieved, the student will not be allowed to continue in the program and no degree will be awarded. If a grade below C is earned in a required course, that course must be repeated. If a grade below C is earned in an elective course, the student must repeat that course or take another elective. In any case, the original grade is calculated into the GPA.

REQUIRED COURSES
RS 500 Research in the Study of Religion (3 credits)
RS 501 Phenomenology of Religion (3 credits)
RS 510 Modern Biblical Criticism and the Gospels (3 credits)
Elective in non-Christian religion (3 credits)
Any course that is primarily focused on a religious tradition other than Christianity. The department will provide a list of which courses meet the requirement in each year's schedule.
Free electives (21 credits)
MA Thesis (3 credits)

COURSE DESCRIPTIONS
RS 500 Research in the Study of Religion 3 CH
Prepares the student for graduate-level work in religion. Provides opportunities to apply various research methods used in the field, including history, surveys, ethnographies, literary criticism, and philosophical/theological analysis. Develops customs of writing and citation for publications in religious studies and theology.
RS 501 Phenomenology of Religion
3 CH
Focuses on contemporary methods for the investigation of religion and prepares the student for graduate-level work.

RS 505 Ancient Religions and Cults
3 CH
Explores the beliefs, practices, and teachings of ancient world religions including those of ancient Egypt and Mesopotamia, the mystery cults of the ancient Greco-Roman civilizations, and the religious traditions of pre-Christian northern Europe (Scandinavia) and ancient Iran. The focus of study is on the sacred writings of the religions, with emphasis on such major topics as deities and divine powers, rituals of birth and death, gender studies, and the relationships between ancient faith traditions and the emergence of monotheism.

RS 510 Modern Biblical Criticism and the Gospels
3 CH
Provides a brief history of biblical criticism leading up to an in-depth analysis of the achievements of recent biblical research in the area of New Testament studies.

RS 511 Introduction to the Hebrew Bible
3 CH
Examines the development of Hebrew Bible traditions, as well as the historical rise of the people of Israel; the distinctive religious awareness that accompanied it; and Israel's understanding of God, humanity and history.

RS 514 Introduction to Eastern Religions
3 CH
Explores the religious traditions of Asia, including Hinduism, Buddhism, Taoism, Confucianism and Shinto. Students are introduced to the beliefs and practices of these traditions in their historical context and to manifestations of Eastern religions in the contemporary United States.

RS 515 Introduction to Islam
3 CH
A theological and phenomenological exploration of beliefs, practices, and symbology of Islam, incorporating extensive readings from the Qur'an, the hadith and shari'a, and Sufism. This course analyzes contemporary topics such as religion and gender, and religion and politics.

RS 517 Introduction to Western Religions
3 CH
A theological and phenomenological exploration of the beliefs, history and practices of Judaism, Christianity, and Islam with particular emphasis on the sacred scriptures and spiritual traditions of each religion.

RS 518 Cults, Sects and New Religious Movements
3 CH
Explores beliefs and practices of new religions in America, including Mormonism, Unification Church, Christian Science, Scientology, Theosophy, New Age, Neopaganism, and UFO cults. Presents both sociological and theological approaches to understanding new religions.

RS 519 Women in World Religions
3 CH
An analysis of women's role in Christianity, Judaism, Hinduism, and Islam—both historical and contemporary—using theories and methods of gender study.

RS 520 Women in Christianity
3 CH
A theological, textual and gender-based examination of women in the history of Christianity, incorporating critical analysis of texts written about and by Christian women. Topics include the image of women and woman's spirituality in the Bible, writings of the Church Fathers, mystics, sectarian movements, and the feminist reconstruction of tradition.

RS 522 Women in American Religion
3 CH
A critical analysis of women and religion within the context of American history and culture. This course examines
religious writings/narratives by Native American women, and American women in Christianity, Judaism, and Islam. The impact of race, class, history, and/or ethnicity upon religious experience is also explored in the writings of feminist, Womanist (African-American) and Mujerista (Latina) theologians.

RS 524 The Gospel of John 3 CH
Provides a critical interpretation of the Gospel of John.

RS 526 The Letters of Paul 3 CH
Examines the social and religious world of St. Paul, his biography, his writings in the New Testament, and how these influenced the developing Christian church.

RS 529 The Historical Jesus 3 CH
Attempts to recover the words and actions of the historical Jesus through a proper methodological examination of the sources. Special emphasis is given to the parables of Jesus.

RS 530 The Death of Jesus 3 CH
Traces the development of the traditions of the passion and death of Jesus as they are found in the gospels of Matthew, Mark, Luke, and John.

RS 532 Contemporary Religious Thinkers 3 CH
Examines the selected, representative writings of specific religious thinkers. In any given semester, the course focuses on the work of either an important theologian or a contemporary scholar of religion. (Students should consult the instructor to obtain information concerning the topic for that semester.)

RS 533 Religion and Ecology 3 CH
Examines how religion has shaped humanity's relationship with nature, and explores various religious and philosophical responses to contemporary ecological problems.

RS 535 Religion and Sexuality 3 CH
Introduction to the Study of Religion.

Examines the relationship between religion and sexuality in various world religions. Topics include asceticism vs. eroticism, defining normality and deviance, sex as a means to challenge or maintain the social order, religious responses to the changing sexual morality in contemporary Western society.

RS 537 Three Teresas 3 CH
Studies the life and writings of three spiritual masters in the Carmelite tradition: St. Teresa of Avila, St. Therese of Lisieux, and Edith Stein, who was canonized as St. Teresa Benedicta of the Cross.

RS 538 Spiritual Teachers and Thinkers 3 CH
Explores the representative spiritual writings of a specific religious teacher from the history of the world's religions. Examples of such spiritual teachers include Hildegard of Bingen, Meister Eckhart, George Fox, Teresa of Avila, Ibn al'Arabi, and Martin Buber. Consult instructor for relevant topic.

RS 540 Understanding Theology 3 CH
Provides an introduction to the nature and role of theology. This course investigates both academic or "public" theology and confessional or Church centered theology.

RS 542 Medieval Theology 3 CH
A critical examination of central doctrines of Christianity, Judaism, and Islam as they developed during the Middle Ages. This course analyzes particular modalities of theological expression such as mysticism, sacred art/architecture, and women's visionary writings.

RS 543 Early Christian Thought 3 CH
Traces the course of the Church's historical and dogmatic traditions from the New Testament period to the Middle Ages.

RS 544 Christian-Jewish Understanding 3 CH
Examines the historical and theological
relationship between Judaism and Christianity beginning at the time of Jesus, which resulted in the separation of and misunderstanding between Christians and Jews through the Patristic period, Renaissance, Middle Ages, until the present time. Particular attention is paid to the recent positive studies in interreligious understanding advanced by the Second Vatican Council.

RS 555 History of Christian Ethics 3 CH

The ethical reflections of some of the most influential Christian thinkers from the Church fathers to the present (e.g., Augustine, Thomas Aquinas, and Martin Luther) applied to various important topics of ethical debate in Christian history (e.g., the notion of just war). A survey of the most important thinkers and documents in the history of Christian ethical reflection.

RS 559 Faith and Justice 3 CH

Exploring the content, sources, and methods of Catholic social ethics and investigates its relevance to social-ethical problems in both the United States and the global community. Service learning may be required.

RS 560 Bioethics: Religious Approaches 3 CH

Introduces students to the methods and principles of biomedical ethics, and explores several ethical issues in medical practice and health care policy. The theoretical frameworks employed include religious-ethical perspectives in Christianity and some other religious traditions, as well as philosophical and social critiques and proposals. Major topics covered include euthanasia, reproductive technologies, human cloning, consent for experimentation, and allocation of health care resources.

RS 561 Symbol, Myth and Ritual 3 CH

Defines the basic categories of symbol, myth and ritual and explores their religious significance. Theoretical analyses of the symbolic imagination are also examined.

RS 567 Mysticism 3 CH

This course introduces the student to the dimension of spirituality known as mysticism, through readings in and critical analysis of mystical texts of the world's religions, including Tao te Ching, the Hindu Upanishads, Zohar and other Kabbalistic texts, the poets of Sufism, and Christian mystics from the history of Christianity.

RS 568 Classics of Western Spirituality 3 CH

Provides a close examination of the writings of one or more of the great spiritual masters of the Western religious traditions (e.g., John of the Cross, Theresa of Avila, Ignatius Loyola, Teilhard de Chardin, Martin Buber and Thomas Merton).

RS 575 Death 3 CH

Examines the concept of “death”—the central reality in human life and that which makes authentic, full, human and humane life possible.

RS 577 Pilgrimage and Spiritual Journeys 3 CH

Introduces the religious ritual activity of pilgrimage, a spiritually inspired journey in time and over space. The concept is studied in several religions and from several methodological angles that occurs in many religious traditions.

RS 581 Religion, Health and Healing 3 CH

Explores theories and practices of healing in Eastern, Western and Primal religions. Examines research on connections between religion and health and efficacy of alternative and spiritual therapies.

RS 589 Religion, War and Peace 3 CH

Examines various religious perspectives
on violence, war and the quest for peace.

RS 591 Religious Themes in Contemporary Fiction 3 CH
Explores the religious dimensions in the fiction of writers such as Cynthia Ozick, John Cheever, Toni Morrison and Italo Calvino.

RS 594 Elementary New Testament Greek 3 CH
An introduction to the nominal and verbal systems of Hellenistic Greek, this course provides a basis for reading the Greek New Testament.

RS 595 Intermediate New Testament Greek 3 CH
A study of the syntax of Hellenistic Greek in union with selected readings from the Greek New Testament. The aim of the course is to achieve a moderate reading proficiency.

RS 599 Special Topics in Religion 3 CH
Designates new or occasional courses that may or may not become part of the department's permanent offerings. Courses capitalize on a timely topic, a faculty member's particular interest, an experimental alternative to existing courses, etc. Course title is shown on the student's transcript. Consult the current course schedule for available topics.

RS 601 The Church: Roman Catholic Perspectives 3 CH
Investigates Catholic thinking and teaching about the nature of the Church.

RS 602 The Roman Catholic Sacraments 3 CH
Explores the history of the sacraments, the theology behind them and their role in contemporary Catholic life.

RS 699 Independent Study 1-3 CH
An area of study for which no course is presently provided. The student must find an instructor competent in his or her proposed topic and secure the permission of the program director, chairperson, and the dean.
MISSION STATEMENT
The John F. Welch College of Business mission is to foster a learning community rooted in the Catholic intellectual tradition, to provide students with business knowledge and appropriate skills, and to develop undergraduate and graduate students prepared to achieve their personal and professional goals in the business community and global society.

Who we are.
Our learning community includes faculty members who are teachers, scholars, and experienced professionals supported by administrative staff members, undergraduate and graduate business students, alumni, and members of companies and organizations who provide employment, internships, and advice.

What we value.
Rooted in the Catholic intellectual tradition, we value scholarship as contributing to learning, understanding, and the search for truth. We stress the primacy of teaching as the focus of our work and value active, engaging, and personalized learning experiences in and outside of the classroom. We believe personal attention fosters the growth and development of our students, and strive to develop individuals who will act ethically and responsibly. We find strength in the rich diversity of the human family and invite participation in our community by persons of varied races, faith traditions, ethnic backgrounds, and diverse opinions and beliefs.

What we do.
To fulfill our mission, we teach and advise students. We emphasize ethical dimensions in our curricula, promote active participation by students in the learning process, include experiential learning, and incorporate appropriate technology and teaching techniques in our classes. As faculty, we engage in research to understand and contribute to the development of our discipline, its practice, and ways in which it is taught. We partner with the business community to improve practice and align our curricula to evolving business needs, and also work collaboratively to ensure that students develop an awareness of and appreciation for the resources and expertise available to them from the faculty and Sacred Heart University community. We give service to our college, University, profession, and the wider community, and emphasize to our students the importance and intrinsic rewards of being good citizens and the responsibilities of being educated persons.

Master of Business Administration (MBA)

Anthony D. Macari, JD, MBA
Director, MBA Program and Clinical Assistant Professor of Finance
Office Phone: 203-371-7850
Fax: 203-371-7865
E-mail: macaria@sacredheart.edu

The Master of Business Administration (MBA) program at the John F. Welch College of Business is designed to prepare individuals for successful careers in the ever-changing and complex world of business. The program prepares leaders who are global thinkers, socially responsible, and ethical decision makers.

The MBA program is built on the pillars of:
- Leadership
- Commitment to fostering up-to-date, cutting edge knowledge of business disciplines
- Ethical responsibility
- Global awareness.
The MBA program is focused on the development of certain key competencies:

- Excellence in execution and continuous improvement through attention to detail, rigorous analysis, and decision-making
- Accountability for decisions and actions of team and self, putting team goals ahead of individual goals, with the focus on contribution to the organization
- Persuasive communication that is articulate, candid, to the point, and leads to action
- Personal and professional interest and the belief that every person deserves space and dignity.

Classes are conducted in the evening. The program serves both professionally employed students and accomplished students who recently received their undergraduate degrees. Both segments earn an advanced degree under the direction of faculty members who possess both academic credentials and pragmatic business expertise.

**GOALS AND OBJECTIVES**

The MBA program's objectives are that its students upon graduation:

- possess a broad understanding of the business disciplines and functional skills critical to their roles as professionals in business;
- have developed personal ethical standards that will guide their professional behavior;
- have developed effective oral and written communication skills;
- have learned to identify factors that affect business practices in the global environment and be able to propose decisions and actions that are appropriate in specific situations;
- are confident as decision-makers who use analysis and problem-solving skills;
- have gained knowledge of human behavior and interactions skills, which will enable them to work effectively in a team-focused, multicultural, diverse workplace; and
- practice leadership and demonstrate managerial competencies.

To help students achieve these objectives, the University relies on faculty members who are dedicated to teaching. The faculty combines broad business experience and academic training that define the unique learning experience at Sacred Heart University's John F. Welch College of Business.

**THE WELCH MBA**

The Welch MBA program features a twelve-credit integrated core (Dynamic Business Management) as well as more personalized professional planning.

**ADMISSION REQUIREMENTS**

Individuals who hold a bachelor's degree in any academic discipline from an accredited institution will be considered for admission to the MBA program. The applicant's undergraduate and post-graduate studies, GMAT score, essay, work experience, interview, and recommendations are considered in the admission process.

Applicants with an undergraduate degree in business from an accredited institution are eligible for the 36-credit program of study. Applicants without an undergraduate degree in business are required to complete an additional 6 credits of coursework.

In general, the minimum requirements for admission to the MBA program are an undergraduate GPA of 3.0 on a scale of 4.0, a GMAT score of 400 and two years of full-time professional work experience (excluding internships). The work experience must be significant and demonstrate either

- oversight responsibility for the work of others, or
- accountability for the tangible or intangible assets or accounts of others, or
- responsibility for certifying the successful outcome of the work of others, or,
- acquiring/analyzing data for the benefit
of an employer or client. A current resume and employer reference must be submitted with the application. Meeting the minimum admission requirements is no guarantee of acceptance into the program.

For those applicants without full-time work experience, the minimum GMAT score is 500, with an undergraduate GPA of 3.0.

Upon acceptance, students receive a copy of their planned academic program and are assigned a faculty advisor. Students are encouraged to meet periodically with their advisor to discuss academic progress, career issues, or special needs. Admitted students also may choose to have a mentor assigned to them. Mentors are senior-level business executives who have volunteered to assist those students interested in having practitioner based career advice.

**MBA CONTINUOUS ENROLLMENT POLICY**

Graduate students in the MBA program must maintain continuous enrollment in the program. Students who fail to enroll for two consecutive terms (exclusive of summer term) must reapply for admission. The MBA director may require the student to meet current admissions requirements as a condition of readmission. Applications for readmission should be submitted to the MBA Office and will be reviewed by the MBA director. Students who are readmitted must adhere to the guidelines and curriculum in effect at the date of readmission.

**DEGREE REQUIREMENTS**

A total of 36 credit hours of graduate coursework and a minimum GPA of 3.0 are necessary for completion of the Welch MBA program for candidates who possess an undergraduate business degree from an accredited institution. For those candidates who do not possess an undergraduate business degree from an accredited institution, an additional 6 credit hours of foundational coursework will be required.

In either case, a minimum of 36 credit hours must be taken in Sacred Heart University's Welch MBA program.

The Welch MBA program includes:

- Two Foundation Courses (3 credits each, for those who have not earned an undergraduate degree in business)
- Professional Planning (1 credit)
- The Integrated Core - Two six-credit Dynamic Business Management courses (12 credits)
- Breadth Courses (3 credits each, 2-4 courses)
- Elective Courses (3 credits each, 3-5 courses)
- Welch Competency Demonstration & Implementation (2 credits)

Students lacking an undergraduate business degree will be required to take the two Foundation courses:

- WGB 520 Introduction to Economics and Statistics (3 credits)
- WGB 521 Fundamentals of Management (3 credits)

Other courses in the program include:

- **Planning and Assessment**
  - WGB 600 Professional Planning (1 credit)

- **Breadth Courses**
  - WGB 601 Accounting and Information Systems (3 credits)
  - WGB 603 Corporate Financial Management (3 credits)
  - WGB 612 Leading and Influencing with Integrity (3 credits)
  - WGB 614 Social and Legal Responsibilities in Business (3 credits)

- **Integrated Core Courses**
  - WGB 640 and WGB 641 Dynamic Business Management I and II (6 credits each, total of 12 credits)

- **Electives**
  - Three 600-level courses (9 credits)

- **Capstone Course**
  - WGB 691 Welch Competency
Demonstration and Implementation (2 credits)

MBA CONCENTRATIONS
Students may choose among three concentrations: Accounting, Finance, or Management.
There are some restrictions on available concentrations for students who intend to take their coursework exclusively at the Luxembourg campus.

<table>
<thead>
<tr>
<th>Available Concentrations by Campus</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fairfield</td>
</tr>
<tr>
<td>Accounting</td>
</tr>
<tr>
<td>Finance</td>
</tr>
<tr>
<td>Management</td>
</tr>
</tbody>
</table>

Students who choose Accounting, Finance or Management must take three electives in the respective discipline.

COURSE LOADS
Six credit hours per trimester are considered the maximum workload for part-time students. Students taking nine credit hours per trimester meet the University definition of "full-time". However, part-time MBA students who want to take more than six credit hours per trimester, and "full-time" students who want to take more than nine credit hours per trimester, may do so only if permission is granted by the MBA program director.

MBA STUDENT SERVICES
CAREER DEVELOPMENT
The Career Development Office offers MBA students guidance on how to conduct a successful job search. They also arrange for interviews with companies visiting the campus to recruit students. Employment opportunities and internships are publicized through the Career Development Office.

GRADUATE PROFESSIONAL CERTIFICATES
Students who would like to specialize in one of the areas below without pursuing a full graduate degree or those who already have a master's degree and would like to upgrade their skills may want to consider a four-course graduate professional certificate.

Students who have successfully completed a graduate certificate may apply to the master's program and, upon acceptance, may be able to use credits earned in the certificate program toward the master's degree. Admission procedures and requirements may vary by graduate certificate program.

Contact the MBA Office or Graduate Admissions for further information on the graduate business certificates offered in Accounting, Corporate Finance, Financial Management, Global Investments, International Business, Leadership, and Marketing.

Accounting (12 credits)
AC 610* Accounting for Decision-Making and Control (3 credits)
AC 615 Managerial Controls and Budgeting (3 credits)
AC 617 Financial Statement Analysis (3 credits)

MK 668 International Marketing (3 credits)
MK 669 Contemporary Issues in Marketing (3 credits)
* Required course

WELCH MBA COURSE DESCRIPTIONS

FOUNDATION COURSES
Required for students without an undergraduate degree in business

WGB 520 Introduction to Economics and Statistics 3 CH

Key topics in microeconomics, macroeconomics, and international economics will be covered. This includes supply and demand, market equilibrium price and quantity, elasticity of supply, elasticity of demand, national income, inflation and unemployment, basics of the business cycle, international trade and exchange rates. Key topics in statistics will include an introduction to statistical capabilities of Excel, graphical and tabular descriptive techniques, numerical descriptive techniques, and basics of probability.

WGB 600 Professional Planning 1 CH

Students plan their MBA program based on personal and professional assessments. The course also introduces a management model, managerial thinking and the role of values and ethics in managerial work. Students review academic skills needed to successfully complete the program, complete self assessments, and develop plans for professional development and program completion. The action learning project is introduced, but students do not being work on it until after completing WGB 640 and WGB 641 Dynamic Business Processes I & II.

BREADTH: QUANTITATIVE COMPETENCIES
Note: Students without these competencies must take the courses before the Core. Students with strong quantitative competencies may substitute two approved AC, EC or FN electives and take at any time during the program.

WGB 601 Accounting and Information Systems 3 CH

Provides an introduction to both accounting and information systems with a focus on the preparation and interpretation of financial statements and the effective planning, implementation and integration of information technology.
WGB 603 Corporate Financial Management 3 CH
Provides an introduction to three key areas in finance - financial markets, financial management and valuation-focusing on how capital is effectively raised and invested in a value based management framework. Topics covered include: analysis of firm performance using financial ratios and other measures; techniques to assess new opportunities including new product lines, projects or corporate investments; an introduction to global capital markets; the relationship between risk and return; determinants of a firm's cost of raising capital and the basic factors impacting the value of financial securities.

INTEGRATED CORE
Must be taken in sequence
WGB 640 and WGB 641 Dynamic Business Management I and II
(6 CH each, total of 12 CH)
Prerequisite: WGB 600 and satisfaction of quantitative competencies.
Organizational success relies on effectively leading and managing holistically across many disciplines. The integrated core takes a process-based approach to present fundamental knowledge on accounting, finance, management, marketing, operations, and strategy. Classroom discussions are team taught with multiple professors and senior professional experts using real-life business simulations.
WGB 640 follows the process of developing new business sources, including new products and services. The viewpoint is from the top of the organization and how organizational leaders allocate resources. WGB 641 takes a more operational viewpoint. This includes the examination of processes involving order management, planning and budgeting, performance measurement, and talent management.

BREADTH: LEADERSHIP COMPETENCIES
Both courses are required. Students may take at any point in their program, before the capstone.

WGB 612 Leading and Influencing with Integrity 3 CH
Leaders and managers at all levels in organizations must influence others to enable achievement of the organization's objectives. Leading and influencing with integrity requires understanding of one's self, other people, the situational and cultural context, as well as both current and future impacts of actions taken. Through course learning experiences students develop individual and organizational strategies to influence others, shape culture, manage change, negotiate, and facilitate employee engagement and performance so organizations can contribute to society in ways that are effective, responsible and sustainable.

WGB 614 Social and Legal Responsibilities in Business 3 CH
Sustainable organizational practices require managers to pay attention to the economic, environmental and social impact of organizational strategies and actions. This course focuses on ethical and legal issues that organizations and individual managers face in achieving triple bottom line sustainability. Ethical decision-making frameworks provide principles for dealing with challenges posed by technology, globalization and societal changes and for fulfilling personal as well as corporate social responsibility. Legal topics survey business regulation and processes, forms of business organizations, intellectual property and commercial transactions.

ELECTIVES: SEE CURRENT INVENTORY
CAPSTONE
Should be taken as one of the last two courses in the students' program of study, and after students have successfully completed the breadth and integrated core courses and completed their action learning project.
WGB 691 Welch Competency Demonstration and Implementation 2 CH
This course serves as the capstone to the MBA program. Students present (1) their portfolio of MBA work, and discuss their learning in the program, and (2) the results of their action learning project, begun earlier in their program, to a panel that may include practitioners and faculty members. Seminar topics covered will include ethics, leadership, and strategy.

ACCOUNTING ELECTIVES COURSE DESCRIPTIONS

AC 615 Managerial Controls and Budgeting 3 CH
Prerequisite: AC 610 Accounting for Decision-Making and Control.
The basic considerations of controllership and budgeting are set forth and analyzed, and the importance of business planning and control is emphasized from a management perspective. Emphasis is on budgeting practices and theory as a tool for profit and control.

AC 617 Financial Statement Analysis 3 CH
Prerequisite: WGB 601 Accounting and Information Systems or AC 511 Corporate Financial Accounting and Reporting.
Examines current financial reporting and disclosure practices. Emphasis is on development of the ability to analyze financial statements to evaluate the current financial condition of a firm and assess its future trends. Topics include: use of various ratios to analyze income statements, balance sheets and funds flow.

AC 621 Federal Taxation 3 CH
Prerequisite: WGB 601 Accounting and Information Systems or AC 511 Corporate Financial Accounting and Reporting.
Studies the integration of the managerial decision-making process and the main elements of short and long-range planning with applicable economic theory. Topics include demand analysis and forecasting, risk analysis, and planning for profit under different market structures and government regulations. Students learn the body of useful managerial economic concepts being applied by informed management today.

AC 622 Advanced Federal Taxation 3 CH
Prerequisite: AC 621 Federal Taxation.
Introduces and extensively covers the taxation of corporations, including C and S corporations, passthrough entities, compensation issues, and consolidated corporate tax returns. Other topics include: corporate organization, earnings and profits, redemptions, liquidations, corporate capital gains and losses, net operating losses, alternative minimum tax, consolidation issues, and international tax issues. In addition, provides a comparative survey of other business entities, including partnerships and limited liability companies.

AC 625 International Accounting 3 CH
Prerequisite: WGB 601 Accounting and Information Systems or AC 511 Corporate Financial Accounting and Reporting.
Examines the diverse accounting systems employed by different countries and the relationship of those systems to environmental factors (cultural, economic, political, legal and religious). Principal topics include: performance evaluation in multinational enterprises, social responsibility, harmonization of accounting practices and transfer pricing within an international framework. The course addresses these topics in part through an applied approach in the discussion and analysis of cases.

AC 629 Contemporary Issues in Auditing 3 CH
Prerequisite: WGB 601 Accounting and Information Systems or AC 511 Corporate Financial Accounting and Reporting.
Emphasizes completion of the audit engagement. Includes preparation of various reports, other services offered
by CPAs, legal liability, ethical and professional responsibilities.

AC 630 Accounting Information Systems 3 CH
Prerequisite: WGB 601 Accounting and Information Systems or AC 511 Corporate Financial Accounting and Reporting.
Explains what constitutes information, and how to determine the value of information. Explains what is meant by a system and its major components.

AC 699 Contemporary Issues in Financial Accounting 3 CH
Prerequisite: AC 610 Accounting for Decision-Making and Control.
Emphasis is on the usefulness of accounting information in financial markets through the study of the accounting conceptual framework. Analyses include the standard-setting process, asset valuation and income determination. Examines accounting policies, ethical issues, FASB financial accounting rules and the impact of international accounting policies, all with a focus on application to current issues.

FINANCE ELECTIVES
COURSE DESCRIPTIONS

FN 661 Financial Markets and Institutions 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
Analyzes modern financial markets from the risk/management and risk reasurement perspective. Presents overviews of key theories and recent developments in international securities markets. Emphasis is on managing risk on the balance sheet at various financial institutions. Implications of monetary policy decisions by international monetary authorities are also examined.

FN 662 Corporate Finance 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
Examines corporate finance topics including working capital management, financial analysis, leverage, capital structure, capital budgeting and valuation.

FN 663 Global Investments 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
Course exposes students to the theory and practice of investments on a global scale. Key topics include: capital markets and instruments, efficient investment sets, basic equilibrium models such as CAPM and APT, bond prices and yields, equity valuation models, and an overview of portfolio theory and derivatives.

FN 665 International Financial Management 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
A study of financial management concepts and techniques, applied to international operations. Topics include: foreign currency spot and forward trading; exchange rate systems and determination.
FN 668 Portfolio Management 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
Develops the student's ability to evaluate securities in the context of a portfolio. Topics include: portfolio construction rules based on risk and return goals, valuation measures and risk-reduction techniques using derivative products.

FN 669 Alternative Investments 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
Examines financial concepts applied to current issues in finance such as risk management products and techniques.

FN 670 Mergers, Acquisitions and Joint Ventures 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
Examines the role of each of these strategies as part of the whole restructuring process faced by corporations in their attempt to compete and grow in the United States and abroad. Emphasis is on each method's strategic and financial advantages. Group analysis of cases and computer applications are utilized.

FN 672 Derivatives and Risk Management 3 CH
Prerequisite: WGB 603 Corporate Financial Management or FN 660 Financial Management.
An overview of derivative securities and their use in corporate strategy and risk management, this course employs quantitative methods to analyze, design, price and use derivative instruments in a managerial context. Basic derivative contracts such as forward, futures, options and swaps are covered, as well as the pricing of these claims, arbitrage, and hedging in these markets. Students apply the analytical models to real-life situations through case studies.

FN 699 Financial Crisis and Risk Management 3 CH
Risk management is becoming more important and more complex, while at the same time being viewed by regulators and investors as an essential and integral part of investment governance. The advent of new investment strategies (e.g., hedge funds and private equity) and new investment vehicles (e.g., CDOs and SIVs) has made risk more difficult to measure and to manage. This course reviews and assesses various techniques, both quantitative and qualitative, for the measurement and management of risk including how to price credit default swaps, counterparty credit risk, stress testing, and portfolio risk.

MANAGEMENT ELECTIVES
COURSE DESCRIPTIONS

BU 610 Entrepreneurship 3 CH
Prerequisites: AC 610 Accounting for Decision-Making and Control, WGB 603 Corporate Financial Management or FN 660 Financial Management, MK 661 Marketing Management.
Students utilize their interdisciplinary business knowledge and creativity to evaluate an entrepreneurial opportunity. These opportunities may be a new product/service/business, or a new application of an existing product or service. Student teams are required to develop a comprehensive business plan. The business plan requires students to utilize their knowledge of the market and the competitive landscape, engage in research, and develop financial models/forecasts. In addition, students use their business and management skills to gauge the project's financial feasibility, taking into consideration inherent business risk and the likelihood of being able to raise venture capital given their proposed
funding plan.

BU 621 Comparative Management and Intercultural Communication 3 CH
Prerequisite: WGB 521 Foundations of Management Note: BU 601 Organization Management may be substituted
Develops a student's awareness and sensitivity to cross-cultural management. Models of understanding other cultures and management styles are discussed. Topics include: cultural sensitivity, awareness of different value systems, context specificity of management techniques, and ensuring effective communications across cultures.

BU 632 Managing Change 3 CH
Prerequisite: WGB 521 Foundations of Management Note: BU 601 Organization Management may be substituted
Examines strategies and techniques for successfully introducing and managing change in organizations. Explores power, influence, leadership, motivation, and communication in the change process, as well as organization development, organizational learning, and innovation management. Student teams develop a framework for recognizing factors that influence change and a process map to manage change effectively.

BU 634 International Business Law 3 CH
Prerequisite: BU 633 Legal Environment of Business.
Examines the legal environment of international business law including international organizations, international trade regulation, World Trade Organization, European Union, North American Free Trade Agreement, U.S. regulation of international trade, international commercial transactions, financing international transactions, licensing and protection of intellectual property, foreign investments and resolution of international disputes.

BU 635 Human Resources and Career Development 3 CH
Prerequisite: WGB 521 Foundations of Management Note: BU 601 Organization Management may be substituted
Focuses on the role of the contemporary human resources function in organizations. Emphasis is on analysis of policies related to the organizational life cycle from hiring through termination, workforce and succession planning, compensation and benefits, career development, labor relations and employee training. These concepts are discussed in light of working with and managing a multicultural workforce.

BU 636 Legal Issues in Human Resource Management 3 CH
Prerequisite: BU 633 Legal Environment of Business.
Examines the legal relationship between an employer and an employee in the business environment. Special attention is given to how these issues are dealt with as companies expand globally.

BU 665 International Business 3 CH
Describes the scope of international business and studies multinational enterprises in light of cultural, historical, political and economic factors. Trade theories are examined in the context of international economics and finance. The focus then turns to the management of global operations, from initial entry into international markets to strategy development for the multinational enterprise.

BU 667 Team Management 3 CH
Prerequisite: WGB 521 Foundations of Management Note: BU 601 Organization Management may be substituted
Examines the use of teams to accomplish organizational strategies. Topics include: team leadership, goal-setting, group dynamics, group decision-making, diversity and multicultural issues.
BU 668 The European Union 3 CH
Prerequisite: BU 665 International Business.
Develops a solid understanding of the European Union (EU) and its impact on conducting business internationally. Reviews the history of EU integration and requirements for membership, fiscal and legal institutions being developed to integrate the social and economic policies of the member countries, and international trade advantages that come from EU integration. Also focuses on EU business practices pertaining to free movement of workers across borders; right of establishment to provide services across borders; competitive policies; distribution and licensing issues; merger and acquisition complexities; and regulations to protect the environment, consumers, and employees.

BU 673 Total Quality Management 3 CH
Prerequisite: WGB 521 Foundations of Management Note: BU 601 Organization Management may be substituted
Describes the relationship and use of accounting, management principles and statistics to produce high-quality products and services in today's competitive and dynamic business environment. Emphasis is on the criteria used to establish global quality standards, and the use of continuous process improvement metrics as a basis of comparison to improve quality.

BU 687 Contemporary Issues in Global Management 3 CH
Prerequisite: WGB 521 Foundations of Management Note: BU 601 Organization Management may be substituted
Examines current events and issues as they relate to global management and international business.

BU 689 Contemporary Issues in Business Ethics 3 CH
Prerequisite: WGB 612 Leading and Influencing with Integrity or BU 681 Leadership and Ethics.
Explores the origin and evolution of our ethics as they relate to the contemporary world of business. Emphasis is on decision-making, including situations where these decisions are complicated by issues of trust, fairness, right and wrong, integrity, social responsibility, personal conscience, or culture. Guest lecturers from various businesses and areas of responsibility are invited to present their views and experiences.

BU 694 Graduate Internship Study 3 CH
This course is the free elective course for students who are required to participate in a two-term internship program.

INFORMATION SYSTEMS ELECTIVES COURSE DESCRIPTIONS

IS 651 Data Communications and Networks 3 CH
Prerequisite: IS 641 Dynamics of Information Technology.
Focuses on concepts, technology applications of data communications and various computer networks, including the Internet. Current management techniques, industries, and technical issues, practices and cases are explored, with emphasis on strategy, technology and implementation. Topics include: distributed processing and communication management, network architecture, computer and network administration and security.

IS 653 Electronic Commerce 3 CH
Prerequisite: IS 641 Dynamics of Information Technology.
Introduces students to concepts, issues, applications and technologies essential to transacting business within the rapidly developing global Internet and web (information and networking infrastructure). Students gain understanding of electronic business-to-business and business-to-consumer marketing, sales, purchasing, distribution and trading; technical,
regulatory and ethical aspects of online business processes; security, payment and settlement systems; the Internet, intranets and extranets; and interoperability standards. Focuses on three themes: infrastructure and technology of electronic commerce; select industry transformation and applications of electronic commerce; and planning, organizing, directing and controlling electronic commerce.

**IS 659 Contemporary Issues in MIS** 3 CH

Prerequisite: IS 641 Dynamics of Information Technology

Focuses on current topics in global information and telecommunications management. Emphasis is placed on technology as a critical asset and as a competitive differentiator.

**MARKETING ELECTIVES COURSE DESCRIPTIONS**

**MK 650 Product Development and Management** 3 CH

Prerequisite: MK 661 Marketing Management.

Examines the product development and innovation process and cycle, its tools and techniques. The role of marketing, engineering, accounting and other functions is closely assessed. Use of techniques to enhance creativity, market research, and psychographics to assist with product development is the foundation of this course, with emphasis in the areas of product planning, competitive positioning, channels of distribution, pricing and promotion.

**MK 651 Marketing Research** 3 CH

Prerequisite: MK 661 Marketing Management.

Gives a managerial approach to market research activities. Primary emphasis is on applying qualitative and quantitative research information toward marketing decisions. The research process is discussed, then qualitative and quantitative methodological alternatives are systematically reviewed. Careful attention is paid to how to analyze and present research findings.

**MK 656 Advertising Management** 3 CH

Prerequisite: MK 661 Marketing Management.

Provides an analysis of the advertising function from a management viewpoint. Emphasizes the mechanics and techniques of advertising as part of an overall marketing strategy. Topics include: role of the corporate advertising director, role of the advertising agency and role of the media. Special emphasis is on understanding and participating in the creative process, essential for effective advertising.

**MK 658 Consumer Marketing and Behavior** 3 CH

Prerequisite: MK 661 Marketing Management.

Focuses on the consumer, and in particular what makes consumers behave the way they do in specific purchase situations. Emphasis is on behavioral, psychological and motivational theories as well as risk perception. Various consumer buying models are analyzed. The case method is utilized.

**MK 661 Marketing Management** 3 CH

Explores how firms analyze market opportunities; select target markets; develop the marketing mix (product, price, place and promotion); plan; manage; organize and control the marketing resources throughout an enterprise; deal with competition; and extend marketing to the global marketplace.

**MK 668 International Marketing** 3 CH

Prerequisite: MK 661 Marketing Management.

Provides an analysis of marketing concepts and applications in a global environment, focusing on market management and
cultural and institutional differences.

MK 669 Contemporary Issues in Marketing 3 CH
Prerequisite: MK 661 Marketing Management.
Current marketing issues are examined in light of the competitive global environment.
College of Education and Health Professions
The College of Education and Health Professions offers high-quality graduate and undergraduate programs that provide an opportunity for students to gain experience, skills, and values required to enter their first careers; to advance in existing careers; and/or make career changes. In cooperation with partners in the community, the college combines academic, internship and clinical experiences, which serve to foster a sense of service in students while enriching the educational and health care endeavors of the community. All professional programs within the college are accredited or approved by the appropriate government agency. The programs' commitment to excellence can be measured by the quality of the faculty, students, resources, and outcomes.

Isabelle Farrington School of Education

Guided by the University and College of Education and Health Professions mission statements, the Faculty of the Isabelle Farrington School of Education at Sacred Heart University engage in "preparing men and women to live in and make their contributions to the human community." Our primary purpose is to develop the capacities, talents and abilities of our teacher candidates through an integration of theory and practice in a performance-based program. Our teacher candidates possess the knowledge, skills, and dispositions to facilitate the learning of all children.

CONCEPTUAL FRAMEWORK

The National Council for the Accreditation of Teacher Education states that "the conceptual framework establishes the shared vision for a unit's efforts in preparing educators to work in P–12 schools." The School of Education at Sacred Heart University actively uses its conceptual framework to develop, implement, monitor, and assess its programs and to articulate and evaluate candidates' competencies in content mastery, skill development, the integration of technology and appreciation of diversity; and the development of dispositions in which the intellect and heart are focused on a greater good in teaching, leadership, and serving others. The overarching theme of our conceptual framework is "Promoting a Culture of Excellence in a Changing World" and it is based on our belief that a culture of excellence is promoted when four underlying principles are met: the educational practitioner possesses a comprehensive, integrated and context-dependent professional knowledge base; the educational practitioner effectively utilizes natural and acquired personal and professional skills; the educational practitioner cultivates and consistently demonstrates professional dispositions and commitments; the educational practitioner is responsive to cultural and technological influences that affect change in the educational environment. We further contend that to be an educator committed to promoting a culture of excellence; the candidate must demonstrate proficiency in each of the five domains of professional excellence identified by the School of Education. The five domains are: context, content, learner, pedagogy, and educator. Our system of assessing the learning outcomes of our candidates is based on these five domains.
GRADUATE EDUCATION
DEGREE OR CERTIFICATE
PROGRAMS

- Graduate Teacher Certification: Elementary and Secondary
- Master of Arts in Teaching (M.A.T.)
- Intermediate Administrator Certification
- Remedial Reading and Language Arts Certification
- Certificate of Advanced Studies (C.A.S.): Administration (Sixth Year)
- Certificate of Advanced Studies (C.A.S.): Teaching (Sixth Year)
- Certificate of Advanced Studies (C.A.S.): Literary Specialist (Sixth Year)
- MAT concentration in Pastoral and Catholic School Administration*
- Graduate Certificate in Pastoral and Catholic School Administration*
- Sacred Heart University Certificate in Education Technology

* The Programs in Catholic School Administration are on moratorium. Presently enrolled candidates will be supported through the completion of their program until June 30, 2010. New applications will not be accepted.

APPLICATION REQUIREMENTS
Advanced Degree Programs (MAT, CAS in Administration, CAS in Literacy, and CAS in Teaching)

All applicants to graduate programs in Education must meet the same admissions standards as certification candidates, unless they hold a current teacher’s certificate.

Initial Certification Programs

Candidates must meet the following state-mandated entrance requirements:

- Pass the Praxis I Exam or qualify for waiver by meeting the following alternative testing requirement: A waiver may be granted to candidates furnishing official proof of achieving high scores on the SAT, ACT or PAA tests. Complete information and test registration materials may be obtained from the School of Education.
- Present an essay demonstrating a command of the English language, explaining reasons for wanting to enroll in the program and emphasizing experience relevant to teaching.
- Present at least two letters of recommendation from people able to testify to the candidate’s suitability as a prospective teacher.
- Be interviewed by members of the faculty of the School of Education.
- Present an undergraduate GPA of at least 2.75.

Intermediate Administrator Certification (092) (and CAS in Administration)

To be eligible for admission, the candidate must meet these requirements:

- Hold or be eligible for a Connecticut teaching certificate.
- Hold a master’s degree from an approved institution with a minimum GPA of 3.0.
- Have completed five years of teaching experience before applying for certification.
- Have completed a course in special education (at least 36 hours).
- Complete a case study essay.

Remedial Reading and Language Arts Certificate (102) (and CAS in Literacy)

To be eligible for admission, the candidate must meet these requirements:

- Hold or be eligible for a Connecticut teaching certificate.
- Hold a master’s degree from an approved institution with a minimum GPA of 3.0.
- Have completed 30 months of teaching experience before applying for certification.
- Have completed a course in special education (at least 36 hours). All candidates for teacher certification must earn a minimum of 12 credits from Sacred Heart University to be eligible for certification recommendation.
GPA GUIDELINES
Candidates applying to a graduate teacher certification program must hold a bachelor's degree from a higher education institution accredited by a regional association of colleges and schools recognized by the U.S. Secretary of Education and recognized as accredited by the Connecticut State Department of Education or a Connecticut higher education institution accredited by the Connecticut Board of Governors of Higher Education, and have at the minimum an undergraduate cumulative GPA of 2.75. Graduate candidates who apply for entrance into the Intermediate Administrator Certification program or the Remedial Reading and Language Arts Certification program must hold or be eligible for a Connecticut teaching certificate and hold a master's degree from an approved institution having achieved at least a 3.0 GPA.

GPA WAIVER
Graduate candidates who apply for admission to a certification program, but who do not qualify because their undergraduate cumulative average falls below 2.75, may ask for consideration under the School of Education's GPA Waiver Policy. To qualify for consideration for GPA waiver, candidates must submit materials (transcripts, letters of recommendation, personal statements of extenuating circumstances and other relevant information) to the GPA Waiver Committee. The committee may then recommend to the chair:
• waiving the 2.75 GPA requirement;
• rejecting the request; or
• inviting the candidate to take a specified number of undergraduate courses as described below.

Candidates who choose to take additional coursework must demonstrate "B" level achievement in the courses, and upon completion of the courses, reapply for a waiver. The waiver policy on additional coursework is as follows:
• All courses required for achieving an acceptable standing for a GPA waiver must be from the following disciplines: English literature, history, mathematics, social sciences, natural sciences, linguistics, philosophy and religious studies. All courses must be taken at the junior level or higher.
• Courses selected for fulfilling the cognate area requirement must be approved in writing on the GPA Waiver Course Approval Form before the courses are taken. Copies should be given to the candidate and placed in the candidate's file.
• All courses required for achieving acceptable standing for the GPA waiver must be taken at accredited four-year colleges and universities.
• To achieve acceptable standing and further consideration for a waiver, the candidate must earn a minimum grade point average of 3.0 or better.

REGISTRATION LIMITS
The graduate Education program offers courses in a variety of term lengths. Fall and Spring are 12-week terms, Late Spring and Summer are 6-week terms and intensive sessions are 3-week terms. To ensure appropriate academic standards, permit field experience, and facilitate reflective engagement in the education process—and recognizing that most of our graduate candidates are fully engaged in internship or other work responsibilities—the School of Education has established parameters for appropriate course loads during these terms. A graduate candidate is typically permitted to take three 3-credit graduate courses in each 12-week term, two 3-credit graduate courses in each 6-week term, and one 3-credit graduate course in each 3-week term. Permission to take more than these limits may be given by the Director of the School of Education after receipt of formal appeal. Such appeals should be based on the candidates' work load.

TRANSFER GUIDELINES
A candidate may request to transfer up to 6 graduate credits of coursework completed at another regionally accredited
university. Only graduate-level courses in which a candidate has received a grade of B or better that are not part of a previously earned degree and were earned within seven years prior to the request, will be considered. Transfer of credits to apply to a planned program of study leading to recommendation for certification may be transferred from an institution whose planned program is similarly approved or which otherwise meet the particular learning objectives and assessments required by the Sacred Heart University planned program. Requests for transfer of credit should be made to the Director of the School of Education in writing, include an official transcript of the courses completed and contain supportive material (e.g., catalog descriptions or syllabi).

APPLICATION FOR DEGREE COMPLETION

All candidates for graduate degrees are required to submit a graduation data card to the School of Education by published deadlines at least two months prior to the degree award date.

GRADUATE TEACHER CERTIFICATION PROGRAMS

The Graduate Teacher Certification programs allow candidates to meet requirements (36 credits) to become certified as public school teachers while applying earned credits toward an advanced degree. Candidates who have completed a bachelor's degree in a field other than teacher education may enter the graduate program to obtain a teaching certificate. The Graduate Education program offers approved programs for the preparation of teachers for the elementary grades (K-6), and for the secondary grades (7-12) in the academic areas of business education, English, history and social studies, mathematics, general science, biology, chemistry and Spanish. Course offerings in the School of Education may also provide certified teachers with the opportunity to obtain additional teaching endorsements.

Required Courses

The graduate program for Teacher Certification requires the completion of 36 credits in professional studies, including a semester of student teaching. In a typical planned program of study, 21 credits of the professional studies may be applied toward fulfillment of the master's degree requirements.

Initial Certification

Candidates admitted to the elementary or secondary school certification program, must complete the courses listed below. Each course in the program is identified by its undergraduate course number (UG No.) and its graduate course number (GR No.). The courses are grouped in sequentially-ordered blocks. It is recommended that candidates progress sequentially through the program, completing the courses and field experiences in a block before enrolling in courses scheduled in the next block. Candidates must complete all 10 prerequisite courses before entering student teaching. Candidates must complete the courses in their program with an average grade of "B" or better.

ELEMENTARY CERTIFICATION COURSE REQUIREMENTS

Block I (9 Credits)
ED 101 ED 553 Educational Psychology (3 credits)
ED 152 ED 552 Education in the United States (3 credits)
ED 271 ED 578 Introduction to Computers in Education (or an advanced computer technology course) (3 credits)

Block II (12 Credits)
ED 205 ED 569 Education of Special Needs Students (3 credits)
ED 223 ED 430 Elementary Curriculum & Methods: Social Studies & Health (3 credits)*
ED 229 ED 523 Multicultural Education (3 credits)
ED 207 ED 566 Classroom Management (3 credits)
Block III (9 Credits)
ED 387 EDR 560 Children's Literature (3 credits)
ED 221 ED 413 Elementary Curriculum & Methods: Reading, Writing & Language Arts (3 credits)*
ED 222 ED 459 Elementary Curriculum & Methods: Mathematics & Science (3 credits)*

Student Teaching (6 Credits)
ED 391 ED 491 Student Teaching Seminar: Elementary School (6 credits)**

General and Course Requirements and School of Education policies and interpretations of certification regulations are subject to change.

* Credits applicable to MAT degree for five-year program candidates only
** Credits not applicable to MAT degree

SECONDARY CERTIFICATION COURSE REQUIREMENTS

Block I (9 credits)
ED 101 ED 553 Educational Psychology (3 credits)
ED 152 ED 552 Education in the United States (3 credits)
ED 271 ED 578 Introduction to Computers in Education (or an advanced computer technology course) (3 credits)

Block II (12 Credits)
ED 205 ED 569 Education of Special Needs Students (3 credits)
ED 229 ED 523 Multicultural Education (3 credits)
ED 272 ED 627 Societal Issues in Adolescence (3 credits)
ED 207 ED 566 Classroom Management (3 credits)

Block III (9 Credits)
ED 262 ED 428 Secondary Curriculum (3 credits)*
ED 264 ED 429 Secondary Methods in the Content Areas (3 credits)*
ED 342 EDR 510 Content Area Reading Instruction (7-12) (3 credits)*

Student Teaching (6 Credits)
ED 395 ED 495 Student Teaching Seminar: Secondary School (6 credits)**
* Credits applicable to MAT degree for five-year program candidates only
** Credits not applicable to MAT degree

School of Education policies and interpretations of certification regulations are subject to change.

OTHER COURSE REQUIREMENTS FOR CERTIFICATION
Candidates for initial certification need to fulfill additional certification requirements.

Academic Major
Elementary candidates must achieve an acceptable subject area major (not Education). Secondary candidates must achieve a major in a their endorsement (or present the equivalent coursework as defined by State statutes).

General Education Requirements
All candidates must achieve 39 credits of general education courses including English, Math, Social Studies, Science, Fine Arts and World Language. All candidates must present a 3-credit course in American history. Elementary candidates must achieve 6 credits of human growth and development courses work (three credits are satisfied by ED 553 Education Psychology; the remaining 3 credits must include adolescent development). In the Elementary and Secondary Teacher Certification programs, completion of the master's degree is not required for teacher certification. Candidates who have completed equivalent coursework meeting certification requirements through previous studies should not repeat the same coursework at the graduate level. The candidate's program is completed with course selections with an advisor's approval.

INTERNSHIP PROGRAM
The Teacher Internship affords candidates the opportunity to complete teacher
certification and master's degree program requirements (total of 48 graduate credits) in a supervised internship setting in a public school. Tuition costs for 33 credits of this program are supported by the public school system under a contract arrangement with the University and the intern. Potential interns who desire certification in the program typically initiate coursework in the semester/summer prior to placement. Candidates need to meet with an advisor to develop their plans of study and schedule of coursework.

DURATIONAL SHORTAGE AREA PERMIT (DSAP)
Sacred Heart supports the DSAP process for candidates already engaged in the University's planned programs of study. The offer of a DSAP position from a school district cannot be the basis for admission to Sacred Heart's certification programs. Contact the certification officer in the School of Education for information and authorization. For DSAP associated with initial certification, the candidate must have completed 24 credits of Sacred Heart's planned program and be admitted to ED 492 and 493 (elementary) or ED 496 and 497 (secondary). Through these courses, the University provides on-site supervision to individuals who are working as school professionals under a DSAP issued through the Connecticut State Department of Education.

MASTER OF ARTS IN TEACHING (MAT)
The MAT program has the following four components that are designed to build on the applicant's prior academic and school experience. The MAT program is intended for educators who are already certified. Options exist, however, to combine initial certification or additional endorsement with MAT studies.

Core Requirements (12 credits)
The core requirements of the MAT degree focus on the broad foundation of knowledge and skills required of all effective educators. The three areas of study in the core are:
- Foundations: A course in history or philosophy of education, or social foundations of education (3 credits)
- Expressive/Receptive Communication: An advanced reading methods course or a course in content or professional development course in writing or personal or professional effectiveness (6 credits)
- Seminar: Candidates may fulfill this requirement only after the completion of a minimum of 24 credits in MAT studies. Candidates select from several course options designed to assist them in analyzing and integrating their knowledge of teaching (3 credits)

Concentration (12 credits)
Candidates select courses for focused study in their area of interest. Concentrations are available in Elementary Education, Secondary Education, Reading, Technology, Science and Professional Enrichment

Electives (6 credits)
Subject to faculty advisor's approval.

Culminating Requirement (3 credits)
Candidates may select one of the following:
- Comprehensive exam after the completion of 30 credits (3 credits)
- Master's thesis or project (3 credits)
- Special Projects in Education Technology (3 credits)
- Professional Seminar (3 credits)

INTERMEDIATE ADMINISTRATOR CERTIFICATION (092)
Admission Requirements
To be eligible for admission, the candidate must meet these requirements:
• Hold or be eligible for a Connecticut teaching certificate.
• Hold a master's degree from an approved institution with a minimum GPA of 3.0.
• Have completed five years of teaching experience before applying for certification.
• Have completed a course in special education (at least 36 hours).
• Complete a case study essay.

Required Curriculum—State of Connecticut

• Applicants for the Intermediate Administrator Certificate must complete a minimum of 18 semester hours of graduate credit beyond the master's degree. Fifteen credit hours must be taken at the institution providing the recommendation for certification.

• State of Connecticut regulations mandate that the categories of study for the Intermediate Administrator's Certificate listed below be completed anytime in the post-baccalaureate program [Sec. 10-145d-242 (g)]. In planning the program for certification, the candidate is advised that 18 credits are needed beyond the master's degree. Specific requirements for this certificate may have been met on the master's level. Consequently, in meeting the 18-credit requirement, the candidate will be directed to take enrichment studies specific to his or her career objective.

• Courses taken for the certificate may be applied toward completion of the Certificate of Advanced Studies in Administration (Sixth-Year Degree program).

• To obtain the Professional Educator Certificate, the candidate must complete not less than 30 semester hours of graduate credit at an approved institution or institutions in addition to the master's degree.

• All applicants for the 092, Intermediate Administrative Certification must pass the Connecticut Administration Test (CAT).

Two Models For Delivering The Administrative Programs

Two different models are available for completion of both the Intermediate Administrative Certification (092) and the 6th Year Certificate of Advanced Study in Administration.

The "Accelerated Weekend Cohort" model is delivered to a cohort of students on alternate Saturdays during the first year from September to June. At that point, after only 10 months, students would be eligible to take the Connecticut Administrator Test (CAT) and, if successful, could apply for the Intermediate Administrative Certification (092). For those choosing to continue on for the 6th Year Degree in Administration (CAS), there will be an additional summer and fall requirement resulting in a total of 15 months of study for both the 092 and CAS. This cohort model is only available on the Cambridge Campus. The application deadline for this Fall cohort program is March 1st.

The "Traditional" model is delivered according to each student's individual pacing where the students enroll in classes, primarily scheduled from 4-7pm and 7-10pm during the week. Some courses are also offered on Saturdays. Students in the "Traditional" model can register for 1 - 2 courses each semester, working through the program at their own pace. The "Traditional" model for delivering these programs is available on both the Cambridge Campus as well as on the Griswold campus. Applications are reviewed on a rolling basis.

Required Courses (18 credits)

Psychological Foundations (3 credits)
EDL 626 Assessment and Evaluation: Quantitative and Qualitative Analysis (3 credits)

Contemporary Education Problems (3 credits)
EDL 654 Leadership and Administrative Policy: Contemporary Educational Problems (3 credits) or EDL 655 Distinguished Lectures in Education (3
credits) (or another appropriate course approved by the advisor)

Curriculum Development (3 credits)
EDL 605 Advanced Curriculum Development and Program Monitoring (3 credits)

School Administration (3 credits)
EDL 650 The Law and Finance in Education (3 credits) (or another appropriate course approved by the advisor)

Supervision and Evaluation (6 credits)
EDL 635 Teacher Supervision, Evaluation, and Staff Development (3 credits) (or another appropriate course approved by the advisor)
EDL 698 Administrative Practicum (3 credits)

CERTIFICATE OF ADVANCED STUDIES (C.A.S.): ADMINISTRATION (SIXTH YEAR DEGREE)

Required Courses (15 credits)
EDL 695 Technology and Information Management for Administrators (3 credits)
EDL 696 Administrative Internship I (3 credits)
EDL 697 Administrative Internship II (3 credits)
Terminal Requirement* (6 credits)
EDL 690 Research Seminar (3 credits)
EDL 691 Thesis Seminar (3 credits)

*Note: Candidates completing the Sixth-Year program in Administration (Certificate of Advanced Study) must complete a "terminal requirement" as part of their program.

CERTIFICATE OF ADVANCED STUDIES (C.A.S.): TEACHING (SIXTH YEAR DEGREE)

Area I—Foundations (9 credits)
Contemporary Educational Problems
EDL 655 Distinguished Lectures in Education (3 credits)

Psychological Foundations (Choose one)
EDL 626 Assessment and Evaluation: Quantitative and Qualitative Analysis (3 credits)
EDL 609 Multiple Intelligences: Classroom Application of Current Research (3 credits)

Curriculum
EDL 605 Advanced Curriculum Development and Program Monitoring (3 credits)

Area II—Professional Development (3 credits)
ED 592 Advanced PC Applications in Education: P-12 (3 credits)

Area III—Electives 15 credits
Candidates select five courses at the 500 to 600 level for focused study in their area of interest or need.

Area IV—Terminal Requirement 6 credits
Candidates are required to take a research course in preparation for the terminal research project.
EDL 690 Education Research (3 credits)
EDL 691 Thesis Seminar (3 credits)

CONNECTICUT LITERACY SPECIALIST PROGRAM (CLSP) 102 CERTIFICATION
The CLSP provides professional education to graduate candidates in the area of Reading and Language Arts. The overall goal of the program is to prepare candidates to lead educators and school districts into the best practices of school reform available in the 21st century. They will be knowledgeable proponents of action research and change agents assisting schools in promoting community literacy as well as student performance. The CLSP prepares graduates to promote literacy in a variety of positions within a school system. Their training will give them the skills to lead staff development, run intervention clinics, chair appropriate departments, manage summer programs, write grants or provide all of these services in single school settings. Candidates will study reading and language from a
much broader perspective than that of a classroom teacher. Study will include systemic evaluation and programming, the training and supervision of professionals and paraprofessionals and the utilization of community resources. Further, candidates are expected to develop competence through a supervised summer school practicum in an urban setting and a clinical experience in a university-based diagnosis and remediation center (clinic). Graduates will be prepared to assume the leadership role in any school system seeking expertise in the area of Reading and Language Arts, to perform independent research or to pursue doctoral study.

The CLSP will serve both full-time and part-time candidates.

The program will be available to certified teachers with a Master's degree and a minimum of 30 months classroom experience as a teacher, intern, or degreed paraprofessional prior to graduation.

Portions of the CLSP satisfy course requirements for the Remedial Reading and Remedial Language Arts Certification as described in Sec. 10-145d-480, 481,482,483,484 (Certification Code 102).

Program Requirements

Sequence I—Classroom Instruction (select 3)

EDR 505 Early Reading and Language Arts Success (PK-3)*
EDR 507 Developmental Reading and Language Arts (4–6)*
EDR 510 Content Area Reading Instruction (7–12)*
EDR 518 Reading and Language Arts: Instruction and Assessment
EDR 520 Methods of Teaching and Evaluating the Writing Process (Prerequisite ED 537, ED 538 or ED 539)
EDR 525 Methods and Material for Teaching Second Language Learners

The first sequence will focus on the research and implementation and evaluation of Best Practices of classroom instruction K–12.

Sequence II—Student Services/Clinic (all are required)

EDR 540 Advanced Diagnosis and Remediation*
EDR 545 Assessment and Evaluation: CT Model*
EDR 550 Clinic Experience I (University Clinic)***
EDR 555 Clinic Experience II (School Clinic)***

The second sequence of courses are all field based. Candidates will work under direct supervision of University and public school personnel.

Evaluation will be performance based.

Sequence III—Literature (select 2)

EDR 560 Children's Literature
EDR 562 Middle School Literature
EDR 564 Young Adult Literature

The third sequence of courses will promote candidate's special expertise in the literature of Connecticut schools, and the electronic resources available to school systems. Faculty members, following new Connecticut State Department of Education guidelines, will design the specific course requirements and assessment criteria.

Sequence IV—School Administrative Services (select 3)

EDR 570 Reading and Language Arts Research Seminar
EDR 615 Grant Writing
EDR 620 Utilizing Technology in Reading Instruction
EDR 690 Practicum: Teaching Fellowship...... Staff Development (required)

The fourth sequence of courses will be designed with the needs of the public schools as the focal point of instruction. After being thoroughly schooled in the Connecticut Framework of instruction and evaluation, candidates will shadow reading and language arts personnel, work in teams to produce legitimate and appropriate external funding sources for literacy programs and explore the network of computer technology and applicability. All three selected courses will require projects to benefit the "field" school district and be designed with the guidance.
and collaboration of the participating school system.

*Apply to the 102 certification program (total 21 credits)

**Prerequisite is EDR 505, EDR 507, EDR 510 and EDR 540

COURSE DESCRIPTIONS

Note: Only those courses numbered 500 and higher apply to the MAT degree.

Candidates admitted as Sacred Heart University undergraduates to the five-year program may apply methods courses (see * with course description) to the MAT degree.

ED 413 Elementary Curriculum and Methods: Reading, Writing and Language Arts 3 CH*
A study of methodology in the areas of reading instruction and language arts for elementary education candidates. Field experience is an integral part of the course.

ED 428 Secondary Curriculum 3 CH*
Course is differentiated by subject-content area. Explores national and state curriculum standards for grades 7-12. Philosophical, psychological and practical implementation of curriculum in the secondary classroom is emphasized. Candidates develop subject-specific curricula appropriate to secondary disciplines.

ED 429 Secondary Methods in the Content Areas 3 CH*
Course is differentiated by subject-content area. Examines various methods of instruction applicable to all academic areas. Candidates plan and teach micro lessons in content areas, develop short- and long-range lesson plans and complete a subject specific portfolio for an extensive unit. Philosophical, psychological and practical implications for instruction; process learning; and cooperative learning are discussed and practiced.

ED 430 Elementary Curriculum and Methods: Social Studies and Health 3 CH*
Examines the scope and sequence of the curriculum, as well as content and methods of instruction, in elementary grades. Special attention is on lesson and unit planning and skill development in the subject areas.

ED 459 Elementary Curriculum and Methods: Mathematics and Science 3 CH*
Candidates learn the basic concepts, scope and sequence of instruction and current methodology in elementary mathematics and science. Attention is given to lesson and unit planning/skill development utilizing application of current research in effective mathematics and science instruction. Emphasis is on the student as a learner and the role of the teacher as facilitator of math and science investigation.

ED 491 Student Teaching Seminar: Elementary School 6 CH
Student teaching field experience in conjunction with a weekly student teaching seminar class is the culminating experience of the certification program. Application for student teaching placement must be made with the director of student teaching in the semester before beginning student teaching placement. Student teaching is conducted in the Fall and Spring semesters only. (Student teaching is 10 weeks for interns; 12 weeks for noninterns. There is a lab fee in addition to the usual tuition rate.) Interns must register for the companion seminar course ED 567.

ED 495 Student Teaching Seminar: Secondary School 6 CH
Student teaching field experience in conjunction with a weekly student teaching seminar class is the culminating experience of the certification program. Application for student teaching placement must be made with the director of student teaching in the semester before
beginning student teaching placement. Student teaching is conducted in the Fall and Spring semesters only. (Student teaching is 10 weeks for interns; 12 weeks for noninterns. There is a lab fee in addition to the usual tuition rate.) Interns must register for the companion seminar course.

ED 492/493 and ED 496/497
Durational Shortage Permit Supervision and Seminar

Semester 1 ED 492 or 496  2 CH
Semester 2 ED 493 or 497  6 CH

Prerequisites: Completion of at least 24 certification credits (including secondary methods courses as applicable) by the semester when DSAP teaching begins; 6 additional credits to be completed as per signed course status agreement; admission to the DSAP program signed by Sacred Heart's certification officer. DSAP candidates enroll in ED 492/493 (Elementary) or ED 496/497 (Secondary).

The two-semester seminar provides on-site supervision to individuals who are working as school professionals under a DSAP issued through the Connecticut State Department of Education. Candidates are supervised by a University supervisor at least six times during the academic year. They will attend the August Student Teacher Orientation program and a Student Teacher Seminar in the second semester. Candidates demonstrate evidence of their professional competencies based on the CCCT standards in a DSAP notebook. Course guidelines, materials and expectations are aligned with those of the student teaching program.

ED 501 Role of the Teacher  3 CH
An educational foundations course, this course is designed to address the needs, problems and tasks that confront teachers. Participants become able to understand their unique and changing roles as teachers and as human beings.

ED 505 (See EDR 505)
ED 510 (See EDR 510)

ED 513 (See EDR 505)
ED 515 (See EDR 560)
ED 517 Learning Stations in the Elementary Classroom  3 CH
Teachers are given practical ideas for the use of learning stations in the classroom. The course offers experience in designing and constructing learning stations, record keeping and using stations for all curriculum areas.

ED 518 (See EDR 518)
ED 522 Integration of the Arts in the Classroom  3 CH
The arts are critical to education and learning. Through the arts, academic skills are enhanced, and creativity and persistence are developed. This course balances the study of leading theories of arts education with experiential learning. Candidates actively engage in a broad spectrum of integrated arts to enhance creativity and artistic confidence.

ED 523 Multicultural Education  3 CH
This course is designed to foster understanding of ethnicities through literature and storytelling. Candidates attain problem-solving and listening skills necessary for attitudinal changes for appreciation of diversity. Group process activities are presented to help students understand biases and stereotypical assumptions, and how these affect decisions in the classroom. Portions of this course are experiential. There is a 10-hour field experience requirement in which candidates interact with persons of different cultural, linguistic, religious, socioeconomic, and ethnic backgrounds.

ED 526 (See EDL 626)
ED 527 Distance Learning: Methods of Instructional Design  3 CH
Prerequisite: ED 689 WWW: Curriculum and Instruction. Participants develop tutorial courses for use in professional
development and P–12 classroom instruction. Methods of instructional design for online learning focus on the delivery of course content, development of supplemental resources and utilization of appropriate assessment techniques.

ED 538 Process Writing 3 CH
Candidates study the methods of teaching writing as a process from beginning stages of written expression to more complex development. The writing process is explored in depth and instructional strategies are examined.

ED 545 Principles and Practices in Bilingual Education 3 CH
This course meets requirements for bilingual certification.

ED 552 Education in the United States 3 CH
Discusses current issues in education, explores their historical and philosophical roots and critically examines possibilities for the future of education.

ED 553 Educational Psychology 3 CH
Considers the application of psychological principles to educational theory and practice. Candidates explore the many ways of thinking about knowledge, teaching and learning. Major theories of learning and development are introduced, and consistent themes and concepts are identified.

ED 557 Human-Computer Interaction for Educators 3 CH
Prerequisite: ED 689 WWW: Curriculum and Instruction or ED 661 Multimedia Design and Programming. This seminar course discusses current theory and design techniques related to the development of computer interfaces for P–12 student use. Focus is on cognitive factors such as the amount of learning required and the information processing load imposed on the user. Participant projects target multimedia software, website development, and/or gaming design.

ED 562 Computer Art and Desktop Publishing 3 CH
Introduces the methods for creating, editing, and integrating computer graphics and/or digital images into the P–12 curriculum. No prior art experience is required. A PC with Microsoft Publisher and Internet access is required.

ED 565 Classroom Management: Elementary 3 CH

ED 566 Classroom Management: Secondary 3 CH
Presents teaching strategies for discipline and management in the classroom. Candidates learn practical approaches for the establishment of routines and codes of conduct. Group dynamics; assertive discipline; conflict resolution; and the legal rights of teachers, parents and students in Connecticut are examined.

ED 568 Education of the Gifted 3 CH
Examines the identification, educational and programming issues as well as the social and emotional needs of gifted students. Emphasis is on current successful models of educating gifted students. Candidates explore the changing conceptions of gifted behaviors and investigate issues concerning minority and disabled gifted populations.

ED 569 Education of Special-Needs Students 3 CH
Focuses on the identification of exceptional students as well as methods of meeting their educational needs in regular and special classroom settings. Issues surrounding inclusion are considered, as well as inclusive practices, models and strategies. Exceptionalities studied include all areas defined by Public Law 94-142 and Public Law 101-476.

ED 571 Storytelling 3 CH
This course is designed to give participants the opportunity to
understand the power and importance of story as an educational tool. Candidates encounter a wide variety of stories from many different cultures, learn to identify resources for finding stories, develop skills in telling stories with ease and enthusiasm, and learn to evaluate the qualities that make stories age-appropriate for various grade levels. Participants are encouraged to develop their own personal style of storytelling through class exercises and listening to professional storytellers in person and on tape. Candidates also explore ways to integrate storytelling into many areas of curriculum and to aid children in developing their own storytelling ability.

ED 575 Creative Drama in the Classroom 3 CH
Explores drama as an art form in the classroom as well as drama's contribution to other subject areas, especially reading and the language arts. Philosophy, rationale, objectives and values of child drama are examined. Participants learn both experientially and through class readings and discussions.

ED 578 Introduction to Computers in Education 3 CH
Emphasizes the integration of technological resources into primary and secondary classroom settings. Students complete field work in a diverse educational setting. A PC with Microsoft Office and Internet access is required.

ED 580 Observation and Case Studies of Learners 3 CH
Considers the purposes and procedures for ethnographic study of children, classrooms and schools. Candidates are required to carry out guided field work in urban, suburban and rural settings. This includes: gaining entry into the field; establishing rapport; observing and, later, interviewing people in educational settings; developing logs; analyzing data; sharing findings; and studying one's self. Gaining an understanding of qualitative methods leads to the development of action research and reflective practice.

ED 588 Curriculum for the Talented and Gifted 3 CH
Comprehensive curriculum for gifted learners includes planning, adaptation, process and integration. The facilitation of creative behavior is explored both experientially and theoretically.

ED 590 Master's Project/Thesis Seminar 3 CH
Designed for candidates who need to complete the culminating requirement for the Master of Arts in Teaching. Candidates conduct research on a specialized topic and design a project based on this research.

ED 592 Advanced PC Applications in Education: P–12 3 CH
Prerequisite: Intermediate PowerPoint skills. Surveys the technological resources and methods required for P–12 educational practice and administration. Microsoft PowerPoint is used in the development of interactive computer-based training materials. Students complete field work in a diverse educational setting. A PC with Microsoft Office and Internet access is required.

ED 597 Comprehensive Exam 3 CH
In weekly seminar discussions, candidates critique selected books, journal articles and research in preparation for taking the comprehensive examination for the MAT terminal requirement. Emphasis is on theories, current practices and issues that are, or have been, influential in American education to the end of designing the ideal school.

ED 598 Thesis Preparation 3 CH
A seminar format is utilized to offer direction and advice to candidates preparing to submit a thesis for the culmination of the master's degree or Certificate of Advanced Studies programs. The initial four weeks focus on development of a proposal. Instruction is shared by faculty of the School of Education.
ED 599 Emerging Technologies: PDA 3 CH
Present an overview of the methods for integrating personal digital assistants (PDAs) into the P-12 curriculum. An assortment of PDAs and software are used in conjunction with scientific probeware and graphing calculators. Participants explore the potential of this technology through hands-on activities and field research.

ED 599 Learning to Learn 3 CH
The seminar will examine the latest information on learning theories and how they may be applied to teaching and learning. Through a series of readings, class discussions and video footage participants will be engaged in an in depth study of the following topics: the many facets of learning, cognitive development including information regarding brain structure and function, inquiry centered learning, conceptual thinking and mapping; multiple intelligences and the appropriate uses of various kinds of formative and summative assessment models.

ED 599 Seminar in Interpersonal Skills for Teachers
This interactive and participatory seminar will: (1) help participants to understand and appreciate their different communications styles; (2) assist participants to develop techniques for dealing with conflicts and handling difficult people; and (3) provide practical experience in the preparation and delivery of oral presentations. Readings, discussions, projects and assignments will provide practical ideas for classroom application and professional development.

ED 599 Seminar in Legal Issues for Educators
This course is designed to help participants become aware of legal issues that affect schools, districts and individuals within a school setting. Most teachers are unaware of the legal precedents that drive school related decisions, and of the legal burdens implicit in educating and supervising students. We will examine the legal standards to which teachers are held, and explore areas where teachers often unwittingly fall short of those standards. Participants will learn skills for avoiding problem areas, thereby saving themselves, their students, and their schools legal problems, money, and heartache. We will also undertake a review of historical and current civil rights and constitutional issues, as well as current cases concerning educating students with special needs.

ED 599 Seminar in Coaching and Facilitating Student Learning
Candidates will gain an understanding of coaching, facilitation, and learning theories to enhance their own professional development and to impact student learning. Candidates will learn and demonstrate the use of coaching and motivation strategies as important components of designing and implementing learning experiences for all students.

ED 599 Public Education as Social Change Agent
Many question society’s standards, and some claim that schools must play an important role in improving the moral climate. Students in this seminar address the critical issues facing our country and answer the following questions: What kind of society do I want to help create? How can schools and my discipline contribute to my vision of society? Students will also evaluate various approaches to values education.

ED 599: Positive Psychology for the Classroom or Workplace
This class incorporates the theoretical practice of Positive Psychology the study of “what is right in life” and challenges the candidate to bring their professional dispositions to the forefront to understand their own personal strengths and to learn methods of how to tap into students and/or employee strengths to maximize performance and motivation.
ED 600 Characteristics of Effective Schools  
Examines the characteristics of effective schools and studies the implications that effective school practices have on improving learning, teaching and leadership. Research findings, selected readings and experts in the field who make presentations all contribute to exciting class discussions and stimulating weekly sessions.

ED 603 Seminar in Education  
This seminar includes a discussion of the writing of eminent scholars in the field of education. Candidates analyze their thoughts to see if they are addressing the real problems of the real classroom. Selected professionals are invited to speak.

ED 605 (See EDL 605)

ED 608 Urban Topics in Education  
Focuses on appropriate school environments for children in urban settings. Special emphasis is on national school reform projects that most adequately address the needs of children in urban districts.

ED 609 Multiple Intelligences: Classroom Application of Current Research  
Assists K–12 teachers in recognizing and nurturing the multiple intelligences of their students. Teachers develop strategies to incorporate the recognition and application of multiple intelligences into their classroom practice.

ED 612 (See EDL 654)

ED 623 Environmental Science for Elementary Teachers  
Designed for elementary school teachers, this course introduces the basic scientific principles underlying today's environmental issues. Air, water and land pollution are discussed.

ED 625 (See EDL 690)

ED 627 Societal Issues in Adolescence  
Focuses on the current school and community responses to problems such as substance abuse, AIDS, gender issues, etc. Through classroom presentations, speakers and audiovisual materials, candidates gain practical insight and understanding of contemporary issues in adolescent life.

ED 628 Grant Writing  
Assists candidates in developing the knowledge and skills necessary for effective grant-seeking activity in both public and private sectors. The culminating product is a grant application prepared for submission.

ED 633 The Adult Learner  
Explores some of the learning needs, interests and styles of adults returning to school.

ED 635 (See EDL 635)

ED 642 Special Projects in Education Technology  
Prerequisites: Completion of any two advanced level Sacred Heart University Education Technology courses in addition to prior instructor permission. This online research course provides advanced practical experience in the implementation and evaluation of computer technology as it relates to the areas of administration, curriculum, and instruction. Participants beta-test the usability of original software programs and/or classroom applications in diverse P–12 classroom settings. Research findings are presented via an on-campus Poster Session.

ED 650 (See EDL 650)

ED 655 (See EDL 655)

ED 657 Professional Seminar: Elementary  
Directed to candidates in the Fifth Year
Internship Program who teach at the elementary school level, this course addresses philosophical concerns and practical applications of effective teaching. Further instruction is given to mastering the state's initial educator requirements, including elements of the required second year portfolio. Candidates must register for the companion seminar course.

ED 658 Professional Seminar: Secondary 3 CH
Directed to candidates in the Fifth Year Internship Program who teach at the secondary level, this course addresses philosophical concerns and practical applications of effective teaching. Further instruction is given to mastering the state's initial educator requirements, including elements of the required second year portfolio. Candidates must register for the companion seminar course.

ED 661 Multimedia Design and Programming for Educators 3 CH
Multimedia authoring tools are used for developing educational courseware and exploring its relationship to P–12 instructional design. Participants produce a product, which supports state educational program goals and is field-tested with a target audience. No prior computer programming experience is required.

ED 663 Instructional Software and Instruments in Education 3 CH
Provides an overview of educational software for use in P–12 education. Methods for aligning developmentally appropriate software with P–12 student standards and curricular objectives are emphasized. Legal issues relating to software licensing are discussed. Assistive technology software for students with special needs is introduced.

ED 681 Human Growth and Development 3 CH
This course covers the life span from adolescence through late adulthood. Reading grounded in psychological theory, literature, videos, discussions, projects, and assignments provide the candidate with various theoretical and cultural perspectives on major themes in human growth and development.

ED 669–686 Special Topics in Content Areas 3 CH
Content-specific courses are regularly offered in academic subject areas. Specific, topic-appropriate course subtitles are provided on the candidate's transcript. Courses are available in the following subjects:

ED 669 Special Topics in Science 3 CH
ED 670 Special Topics in Business Education 3 CH
ED 671 Special Topics in Physics 3 CH
ED 672 Special Topics in Chemistry 3 CH
ED 673 Special Topics in Biology 3 CH
ED 676 Special Topics in History 3 CH
ED 678 Special Topics in Mathematics 3 CH
ED 680 Special Topics in Media 3 CH
ED 682 Special Topics in Political Science 3 CH
ED 684 Special Topics in Spanish 3 CH
ED 686 Robotics 3 CH
This seminar course introduces methods for integrating robotics technologies into P–12 classrooms. In collaborative groups, participants use "Lego Mindstorms for Schools" to build and program a robot that can perform a series of tasks. Activities
focus on the development of instructional materials and student assessments that connect robotics to content standards across the curriculum. No prior computer programming experience is required.

ED 687 Matter and Energy in Ecosystems for Elementary School Teachers 3 CH
Candidates increase content knowledge of geological and biological evolution and how it has affected energy flow through diverse ecosystems. They become proficient in appropriate technologies necessary for the gathering, analyzing, and communicating data and develop three lessons using an inquiry-based learning model and applying the newly acquired content knowledge and technological skills.

ED 689 WWW: Curriculum and Instruction P-12 3 CH
Examines the role of teacher-created website development for a P-12 educational environment. Participants design and publish standard-based, online documents that present curricular information and include links to classroom resources.

ED 690 Graduate Education Institutes or Workshops 1-6 CH
Exposure to outstanding educators, unique curriculums and exciting symposia is often available through special institutes and workshops. Through the guidance of University faculty and with some additional work, candidates can earn graduate credit for such experiences. Consult the graduate schedule for current availability of special institutes or workshops. Specific course subtitles are provided on the candidate’s transcript.
Note: Candidates may take a maximum of six credits of 690-numbered courses for fulfillment of MAT or Certificate of Advanced Studies program requirements. Courses numbered 690 apply only to the elective credit area of either program.

ED 691 (See EDL 691)

ED 696 (See EDL 696)
ED 697 (See EDL 696, EDL 697)
ED 698 (See EDL 698)
ED 699 (See EDL 698)

EDUCATIONAL ADMINISTRATION PROGRAMS:
092 INTERMEDIATE ADMINISTRATIVE CERTIFICATION 6TH YEAR DEGREE IN ADMINISTRATION—CERTIFICATE OF ADVANCED STUDY (CAS)

COURSE DESCRIPTIONS

EDL 605 Advanced Curriculum and Program Monitoring (Formerly ED 605) 3 CH
Engages prospective administrators in the investigation of what really matters in a school, the application of concepts and principals for sound curriculum design, and the examination of how a focus on standards and learning for understanding deepens curriculum and assessment work. The course involves reading, thought, and discussion on educational research, and study of concrete curricular, instructional, and assessment practices. Operating principles obtained from different sources and created by instructor and students will guide the learning in and from the course.

EDL 626 Assessment & Evaluation of Learning: Qualitative and Quantitative Analysis (Formerly ED 526) 3 CH
Focuses on interpretation of psycho-educational assessment data, and the translation of those data into instructional plans. Current tests as well as methods of data analysis are examined. Statistical methods of analyzing and tracking test data, including trend analysis, are utilized.
EDL 635 Teacher Supervision, Evaluation and Staff Development (Formerly ED 635) 3 CH
Provides an opportunity for perspective school administrators to develop and practice the skills essential to the improvement of teaching through effective evaluation and supervisory practices. The connection between supervision, evaluation and staff development is made explicit. The CT law on teacher evaluation is studied, and instruments such as the CT Competency Instrument and BEST portfolios are critically analyzed and discussed.

EDL 650 Educational Law and Finance (Formerly ED 650) 3 CH
Provides an overview of the origin and legal status of public and private schools and the legal rights and responsibilities of administrators, parents, students, school board members and teachers. Attention is given, through the case study approach, to those contemporary legal issues that concern the operations and management of schools.

EDL 654 Leadership: Contemporary Educational Problems (Formerly ED 612) 3 CH
Provides an opportunity for prospective administrators to examine leadership styles as they relate to effective school practices. Administrative theory is analyzed in relation to current research on organizational behavior. Students analyze schools as evolving social systems and, from a policy perspective, apply different decision-making models to solutions of authentic educational problems.

EDL 655 Distinguished Lectures In Education (Formerly ED 655) 3 CH
Students have the opportunity to hear 12 lectures delivered by distinguished guest lecturers each of whom has particular expertise in an area of school administration. In the past, lectures have included: the Urban Principalship, Restructuring Schools, Data Analysis for Continuous School Improvement, Teacher Fair Dismissal, Technology and Vision Building, etc. Readings and assignments, frequently presented in case-study format, are presented by each lecturer.

EDL 695 Technology and Information Management for Administration (Formerly ED 696) 3 CH
Prerequisite: Working knowledge of Microsoft PowerPoint, Excel, and Word. This course is designed for students to investigate, examine, synthesize and present their findings regarding the three major applications of computer technology in P-12 school districts. The application areas are: administrative, curriculum and instruction, and applied educational research. Individual and team assignments and group discussions provide a platform for developing and constructing understanding of these applications of computer technology.

EDL 696 Administrative Internship Part I (Formerly ED 697) 3 CH
120 internship hours January–June.

EDL 697 Administrative Internship Part II (Formerly ED 697) 3 CH
120 internship hours September–December.

The Administrative Internship requirement prepares future administrators with the opportunity to relate theory and practice in administration. Under direct supervision of a practicing administrative mentor, the program is coordinated and supervised by a Sacred Heart University supervisor. This requirement is an essential component of the intern's program leading to preparation as a school administrator. The internship normally is arranged after an intern has completed 18 credits of the program. The internship is not part of the 092 Administrative Certification Program but is a required part of the 6th Year Degree in Administration. The preferred plan of service of the intern is to complete a minimum of 120 hours in the first and second semesters. On occasion, special
circumstances permit a modification of this to include summer work experiences.

TERMINAL REQUIREMENT

EDL 690 Educational Research Seminar (Formerly ED 625) 3 CH
This course is designed to increase student awareness of educational research techniques; specifically to enhance classroom effectiveness by making administrators better consumers of educational literature. Students read and critique qualitative and quantitative educational literature. Experimental and quasi-experimental designs are examined and statistical techniques are discussed. A research study is started and moves through Methodological Design.

EDL 691 Thesis Seminar (Formerly ED 691) 3 CH
A seminar format is utilized to offer direction and advice to those students preparing to submit a thesis for the culmination of the Certificate of Advanced Studies program. Focus is on the development of a research proposal. Students complete their research, collect and analyze data, test hypothesis, and draw conclusions.

EDL 698 (50+ hours) 3 CH
All Students September–June Administrative Practicum: The Internship- Part I
Students will undertake a practicum for fulfillment of the terminal requirement. Students submit a proposal for a district/school-based project and that addresses an identified need. Further details will be available through the student’s advisor, the syllabus, and the NCATE standards and leadership competencies.

CONNECTICUT LITERACY SPECIALIST PROGRAM (CLSP) 102 CERTIFICATION

COURSE DESCRIPTIONS

*EDR 505 Early Reading and Language Arts Success (PK–3) (Formerly ED 513) 3 CH
Examines the philosophy behind the “reading wars” controversy and explains why primary grade instruction must be comprehensive. Teaching to individual differences, developing oral competencies, phonics and phonemic awareness are all covered in detail. The importance of, and how to involve family and community in the schools reading programs are taught. Motivating children to read and enjoy the language arts from a developmental perspective stressing the importance of quality literature as well as word play is the major focus.

*EDR 507 Developmental Reading and Language Arts (Grades 4–6) 3 CH
Connecticut Standards and teacher and society expectations of reading achievement are examined. Learning to read verses reading to learn and what that means. Designing a balanced literacy program, teaching reading comprehension, understanding meta-cognition and its implications. Involving students in the process of writing, developing a philosophy of spelling and grammar instruction, utilizing technology, intervention strategies, Guided Reading, leveling books, classroom libraries, understanding the big picture, creating a learning environment and community in the classroom are addressed.

*EDR 510 Content Area Reading Instruction (Grades 7–12) (Formerly ED 510) 3 CH
Teaches the content area teacher the appropriate use of text books in the Middle and Secondary classroom. Expands expertise to include constructivist and
inquiry methods of teaching as well unit planning and the “less is more” philosophy of instruction. The major goal of the course is to move teachers toward student centered classrooms and away from the lecture dominated pedagogy. Understanding textbook design and their limitations as well as C.R.I.S.S. comprehension strategies and the use of trade books to enrich instruction are also covered.

EDR 518 Reading and Language Arts: Instruction and Assessment 3 CH
Focus on the vital role the teacher plays in planning effective classroom instruction that is meaningful, purposeful, based on scientifically based reading research, data driven and that meets the educational needs of a classroom of diverse student learners.

EDR 520 Methods of Teaching and Evaluating the Writing Process 3 CH
Examines the best practices of teaching at different levels: the emergent writer preschool—grade 3, the transitional writer expository and narrative instruction, and the fluent—advanced writer. Instructional differences in motivation, evaluation and state and national standards are examined.

EDR 525 Methods and Materials for Teaching Second Language Learners 3 CH
Study of language acquisition of students who are English-language learners whose dominant language is one other than English. Examination of what research indicates as necessary educational support to acquire English literacy. The nature of support is controversial. Students develop and support personal philosophies after studying models.

**EDR 540 Advanced Diagnosis and Remediation 3 CH
Examines techniques of remediating the individual or managing the remedial classroom. Diagnosis through criterion-referenced and norm-referenced testing, including the Connecticut Mastery Tests, miscue analysis, independent reading inventories and running records is studied.

**EDR 545 Assessment and Evaluation: CT Model 3 CH
Focuses on teacher interpretation of psycho-educational assessment data, and the translation of those data into remedial instructional plans. Current tests, as well as methods of data analysis are examined and discussed. Stressed are the Connecticut Framework for instruction and evaluation and the National Assessment of Educational Progress.

**EDR 550 Clinical Experience I (University Clinic) 3 CH
Prerequisites: EDR 505, EDR 507, EDR 510 and EDR 540. Students will work 1/1 with a student in the University based reading clinic. This complete supervised diagnostic work up will take place after school, weekends, during semester break or during the summer. The methods and materials taught in EDR 540 Diagnosis and Remediation will be applied. Confidentiality and parental education ofthe issues and resolution will be primary; no child left behind is the driving force of the clinic.

**EDR 555 Clinical Experience II (School Clinic) 3 CH
Prerequisites: EDR 505, EDR 507, EDR 510 and EDR 540. Students will be assigned to work with small groups of children in remedial education programs throughout the area. After school enrichment programs, literacy volunteers, mandatory summer programs and any approved initiatives sponsored by the public sector to promote literacy. Each student will be mentored and supervised by appropriate personnel.

EDR 560 Children’s Literature (Formerly ED 515) 3 CH
Examines a variety of genres of children's literature to cultivate student interest
in books and to develop methods for incorporating literature into classroom experiences. Criteria for selecting children's books are included. Multicultural literature and the dramatic arts are emphasized.

EDR 562 Middle School Literature 3 CH
Examination of early chapter books from the works of local author as Patricia Reilly Giff to the Harry Potter phenomena with a focus on the American Library Association awards and links. Motivating students and the development of lifetime reading habits is the major focus of this course.

EDR 564 Young Adult Literature (Formerly ED 505) 3 CH
Young-adult literature is studied from the perspective of the developmental psychology of adolescents. Traditional and classic literature is presented, as well as contemporary authors and popular fiction. Techniques, motivational strategies and procedures that result in the development of lifetime reading habits are explored. Participation in the publishing of book reviews through the SHU web site and the utilization of technology within classrooms is paramount.

EDR 570 Reading and Language Arts Research Seminar 3 CH
This course will provide Education Specialists with advanced research skills in navigating appropriate databases, web sites and journals. There are numerous publishers who excel in distributing the best products for Reading Educators. The information explosion, both electronic and paper, requires special skills for optimal system access.

EDR 615 Grant Writing (Formerly ED 628) 3 CH
Assists students in developing the knowledge and skills necessary for effective grant-seeking activity in both public and private sectors. Priority is supporting remediation for underserved populations in priority school districts. The culminating product is a grant application prepared for submission.

EDR 620 Utilizing Technology in Reading Instruction (Formerly ED 686) 3 CH
Examination of the processes, programs and accomplishments of technology in the classroom. Special focus on computer generated reading instruction and record keeping.

EDR 690 Practicum: Teaching Fellowship - Staff Development 3 CH
Students in the Advanced Studies program undertake a practicum for fulfillment of this requirement. Students submit a proposal for a school-based project that addresses an identified need. School personnel responsible for the administration and supervision of Language Arts instruction mentor students. Complete information may be obtained from the program director.

*Indicates course required for Code 102 certification.
** Indicates course required for Code 102 certification and is available to CLSP students only.

Exercise Science and Nutrition

Program Director: Vacant
Phone: 203-365-7656
FAX: 203-365-4723
Email: TBA

PROGRAM RATIONALE
The program is designed to offer graduate level study in exercise science with the consideration of nutritional implications for both patients and clients concerned with high performance or clinical disease and illness. The program offers graduate education for students interested in applying the principles of exercise science
and nutrition in hospital settings working in cardiac and pulmonary rehabilitation, long term rehabilitation of cancer and immune disease patients, as well as fitness and sports performance settings such as health clubs, fitness facilities, athletic teams and community sports and recreation programs. Students applying to this program include current University undergraduate students who are seeking graduate education in the area of exercise science and nutrition, and current practitioners who are pursuing graduate education as a matter of professional development and career advancement.

The MS in Exercise Science and Nutrition program is located within the Department of Physical Therapy and Human Movement Science, along with graduate programs in physical therapy and geriatric health and wellness, and undergraduate programs in exercise science and athletic training.

PROGRAM DESCRIPTION

There are three major components of the graduate exercise science and nutrition curriculum: (1) core courses, (2) two major tracks (clinical and performance) of which each student will select one, and (3) a thesis requirement. Students will complete the core courses and select one of two available tracks depending upon their interest. The full degree program will be 37 credits taken over 2 academic years (full-time model) or three academic years (part-time model). Each track will include a thesis requirement. Formulation of a thesis research question will begin in the Professional Seminars and will be completed in the Thesis Preparation and Thesis Completion courses (3 credits each).

PROGRAM GOALS

Core Objectives

The MS in Exercise Science and Nutrition program will prepare graduates to:

- Demonstrate advanced knowledge in exercise physiology, nutrition, and clinical testing and assessment of the cardiovascular and musculoskeletal systems.
- Apply this advanced knowledge in clinical settings that provide cardiac and pulmonary rehabilitation and sport specific performance training for athletes.
- Lead and manage in clinical practice, coaching and fitness settings.
- Actively engage in the professional literature so as to demonstrate current, best practice in these work settings.
- Participate in clinical research activities in cardiac and pulmonary rehabilitation, nutrition and fitness.
- Continue their education in the acquisition of a terminal degree.

Tract Specific Objectives

The MS in Exercise Science and Nutrition; Performance Track will prepare graduates to:

- Demonstrate advanced knowledge in exercise physiology, nutrition, and clinical testing and assessment of the cardiovascular and musculoskeletal systems. This information will be applied to the field of strength and conditioning in the apparently healthy and elite athletic population.
- Apply this advanced knowledge in clinical settings that provide strength and conditioning programs that are sport specific for athletes.
- Lead and manage coaching and fitness settings.
- Actively engage in the professional literature so as to demonstrate current, best practice in these work settings.
- Participate in clinical research activities in nutrition and fitness.

The MS in Exercise Science and Nutrition; Clinical Track will prepare graduates to:

- Demonstrate advanced knowledge in exercise physiology, nutrition, and clinical testing and assessment of the cardiovascular and musculoskeletal systems. This information will be applied to the field of clinical exercise science.
- Apply this advanced knowledge in
clinical settings that provide cardiac and pulmonary rehabilitation as well as risk factor reduction and training specific for the treatment of chronic diseases.

- Lead and manage in clinical practice.
- Actively engage in the professional literature so as to demonstrate current, best practice in these work settings.
- Participate in clinical research activities in cardiac and pulmonary rehabilitation, nutrition and fitness.

There are three major components of the curriculum: (1) core courses, (2) two major tracks (clinical and performance) of which each student will select one, and (3) a thesis requirement. The full degree program will be 37 credits taken over 2 academic years (full-time model) or three academic years (part-time model). Each track will include a thesis requirement. Formulation of a thesis research question will begin in the Professional Seminars and will be completed in the Thesis Preparation and Thesis Completion courses (3 credits each).

**ADMISSIONS REQUIREMENTS**

Students will apply through the Graduate Admissions office of the University. In addition to application materials, applicants must demonstrate completion of the program pre-requisites which include:

- the completion of a Bachelor’s degree in a related clinical science, such as Exercise Physiology, Exercise Science, Physical Education, Public Health, Psychology, Applied Physiology, Athletic Training or Nutrition.

- undergraduate pre-requisite course work in the following courses, or their equivalent:
  - Anatomy and Physiology I and II (with labs) (8 CH)
  - Exercise Physiology (with lab) (4 CH)
  - Nutrition (3 CH)
  - Physics (1 semester survey course or Physics I with lab) (4 CH)
  - Statistics (3 CH)

**COURSE DESCRIPTIONS**

**EX 402 Advanced Exercise Physiology**

An in-depth overview of work physiology includes cellular respiration, ventilation, cardiovascular dynamics, skeletal muscle function, temperature regulation, and the anthropometric, histological, and biochemical adaptive response to physical training. Laboratory activity will complement the concepts reviewed in class and focus on determining the limits of performance.

**EX 401 Advanced Systems Physiology**

A continuation of students' studies in
human physiology is provided with special emphasis given to the cardiovascular and neuromuscular systems. The endocrine, pulmonary, renal, and digestive systems will also be explored.

EX 404 Nutrition and Chronic Disease Prevention 3 CH
Dietary factors associated with chronic disease development are examined with an emphasis on heart disease, stroke, cancer, diabetes, osteoporosis, and neurodegenerative diseases. Students will assess diets and provide alternative food choices to lower chronic disease risk.

EX 523 Clinical Nutrition 3 CH
Focus includes diseases related to nutrient deficiencies, nutrient manipulation to complement medical treatments to disease, and micronutrient metabolism. The role of the registered dietician in secondary and tertiary prevention programs is examined. Nutrition counseling techniques are discussed and practiced.

EX 531 Nutrition and Performance 3 CH
Acute and chronic exercise's effects on nutrient requirements and fluid needs are presented. Macronutrient metabolism and the ergogenic efficacy of dietary supplements receive substantial attention.

EX 533 Performance Testing and Program Design 4 CH
This course examines the rationale, reliability, and validity of common performance tests. Concepts and controversies in strength and conditioning program design are investigated. The laboratory portion of the course will include the set-up and running of performance tests, as well as discussing the applicability of test results.

EX 411 Professional Seminar I 2 CH
The purpose of the course is to prepare individuals for formal presentations at conferences or alternate professional forums. Students will prepare and deliver a seminar on topics related to the exercise or nutritional sciences.

EX 412 Professional Seminar II 2 CH
Similar to Professional Seminar I, students will continue to develop presentation skills. Students will prepare and deliver a seminar in preparation for the defense of their thesis.

EX 524 Exercise Prescription for Rehabilitation 4 CH
Exercise prescription and programming in the rehabilitation of cardiovascular disease, chronic obstructive pulmonary disease, metabolic disease, cancer, neuromuscular disease, and other conditions is examined.

EX 521 Clinical Testing and Assessment 4 CH
Clinical and physical assessment tests used prior to exercise prescription and for use in outcomes data collection are reviewed. Clinical diagnostic tests such as EKGs, blood lipids, and stress tests will be examined as well as physical assessment tests such as functional assessments, assessments of activities of daily living, aerobic capacity tests, strength and flexibility tests, and chronic disease specific assessments including analog scales and questionnaires.

EX 522 Behavior Modification/ Psych 3 CH
Psychological theories and studies relative to lifestyle and behavior modification are examined. Readiness for change models, stress assessment and stress management strategies will be reviewed as well as the psychological component of health and wellness.

EX 403 Research Methods 3 CH
This course provides an introduction to the fundamental concepts of measurement, statistical analysis and scientific inquiry as these concepts apply to understanding data, evaluating published research and informing one's practice. Students will develop an
understanding of and ability to analyze the range of issues affecting statistical and clinical inference in published research papers, including systematic reviews. Upon completion of this course, students should be able to make informed decisions about the relevance of published research to their clinical practice.

EX 532 Sports Psych 3 CH
This course is designed to provide information on and facilitate understanding of individual sport behavior. Emphasis on the psychological constructs and concepts that relate to and help explain the phenomena of sports performance.

EX 534 Applied Biomechanics 4 CH
This course provides a thorough evaluation of the mechanical basis of human movement. Fundamental mechanical principles affecting human movement during locomotion and a variety of daily activities are considered. Techniques and methods of mechanics, quantitative video analysis, isometric and isokinetic muscle force, electromyography, and research evaluation are incorporated into laboratory projects.

EX 560 Thesis Preparation 3 CH
Issues in research design and statistical analysis within the context of a proposed thesis are explored. A prospectus including a full review of literature will be the end-product of the course.

EX 561 Thesis Completion 3 CH
Data collection and analysis will be performed, culminating in the Results and Discussion sections of the thesis.

Geriatric Health and Wellness

Salome Brooks, PT, MBA
MBA Program Director

Fax: 203-365-4723
E-mail: brookss@sacredheart.edu

The University offers two innovative, interdisciplinary online options for advanced graduate education in the field of Geriatrics: a four-course certificate and a 36-credit Master of Science in Geriatric Health and Wellness. These programs are designed for health and human service professionals (physical therapists, nurses, occupational therapists, dieticians, social workers, geriatric care managers, and others) involved in clinical practice or programming with older adults. Both are founded on expertise in geriatrics, community health, health promotion, health care delivery systems, and adult learning. The programs emphasize evidence-based health care, building and functioning in effective interdisciplinary teams, and focus on the role of wellness and health promotion for holistic care of older adults across the continuum of functional status and health care settings, and the interplay of physical, psychological, and sociocultural domains in determination of quality of life for older adults, especially in the presence of impairments or functional limitations. For physical therapists, the certificate program is specifically designed to assist clinicians to prepare for the APTA Geriatric Clinical Specialist (GCS) certification examination. Both programs use a flexible, secure, Internet-based distance-learning format accessed via the University's webpage. The program faculty is comprised of members of the departments of Physical Therapy, Nursing, and Occupational Therapy.

GOALS AND OBJECTIVES
Graduates of the certificate and Master's Programs in Geriatric Health and Wellness will be better prepared to be:
GRADUATE CERTIFICATE IN GERIATRIC HEALTH AND WELLNESS

This certificate is designed to provide a solid foundation of the aging process, as well as the issues that challenge health care delivery and quality of life for aging adults. Courses in the certificate program have been developed with reference to competencies for advanced clinical practice established by the American Board of Physical Therapy Specialists for Geriatric Clinical Specialist (GCS) certification and competencies in gerontology defined by the American Occupational Therapy Association.

Certificate Courses
HS 523 The Aging Process: Physiological, Psychological, and Sociocultural Aspects (6 credits) (Fall)
HS 534 Wellness Across the Continuum of Care (3 credits) (Spring)
HS 535 Ethical and Moral Issues in Geriatric Health Care (3 credits) (Spring)
HS 512 Systems of Health Care Delivery (3 credits) (Summer)

MASTER OF SCIENCE IN GERIATRIC HEALTH AND WELLNESS (MS)

The Master of Science in Geriatric Health and Wellness builds on the foundational courses of the certificate program to assist students to reflect on their professional development needs, and develop a plan of action for continued professional growth and lifelong learning.

Degree Requirements

The Master's program in Geriatric Health and Wellness has a structured 36-credit plan of study that begins with the courses requires for the certificate, continues with additional advanced coursework, and culminates in a capstone scholarly project or thesis tailored to the student's interest and professional development goals. Master's students study with certificate students in the first year of their plan of study, and complete their degree by continuing for an additional three to four semesters (as determined by the capstone project/thesis that the student develops).

Master's Courses
HS 523 The Aging Process: Physiological, Psychological, and Sociocultural Aspects (6 credits) (Fall)
HS 534 Wellness Across the Continuum of Care (3 credits) (Spring)
HS 535 Ethical and Moral Issues in Geriatric Health Care (3 credits) (Spring)
HS 512 Systems of Health Care Delivery (3 credits) (Summer)
HS 511 Interdisciplinary Care in a Changing Health Care Environment (3 credits) (Summer)
HS 616 Foundations of Evidence-based Practice/Principles of Clinical Research (6 credits) (Fall)
HS 627 Pathology and Impairments in Later Life (6 credits) (Spring)
HS 638 Graduate Capstone Research-Based Project/Practicum (6 credits) (Summer, can be extended into Fall)

ADMISSIONS REQUIREMENTS

Students entering the program must have an entry level degree (BS, MS or clinical doctorate) in their professional field. At least one year of full-time clinical experience is strongly recommended. All students must meet admissions criteria for graduate studies of Sacred Heart.
University, as published in the Graduate Catalog. Completed applications are considered as they are received, on a rolling-admissions basis, until the class is filled (15 students). Admission into graduate study at Sacred Heart is based on the applicant's portfolio, which allows the University to consider work experience and other nonacademic activities relevant to the student's field of study. Application materials must include:

- A completed graduate application form (available online).
- Nonrefundable application fee.
- Official transcript documenting graduation from an accredited professional entry-level program (baccalaureate or higher) in their health care or human services discipline.
- If applicable, documentation (photocopy) of a current state license or national certification to practice as a health or human professional.
- Current curriculum vitae or resume, including relevant clinical experience with older adults.
- Two letters of recommendation from a current or former employer, a professor from a previous educational setting, or a professional colleague with advanced certification or education beyond entry level.
- A two-page essay defining key professional development goals to be achieved by completing the program. GRE scores are not required, but may be submitted as additional evidence of eligibility. International students are strongly encouraged to submit TOEFL scores. Qualified applicants will be invited for interview (on site or by conference call) with GHW program faculty to discuss professional goals, potential constraints on their progression through the program, and the "fit" of their preferred learning style with online learning delivery.

**HS 511 Interdisciplinary Care in a Changing Health Care Environment** 3 CH

Explores interdisciplinary team development and implementation, including factors that enhance or constrain the team's effectiveness within the health care environment. Defines traditional roles and boundaries of health professions, how these roles have evolved, and how boundaries are transcended in effective interdisciplinary teams.

**HS 512 Systems of Health Care Delivery** 3 CH

An exploration of the development of the health care delivery system from historical, philosophical and economic perspectives, culminating with discussion of the factors shaping health care delivery in the 21st century. Changing roles and responsibilities of providers, consumers, government and corporations (provider networks and insurers) are examined.

**HS 523 The Aging Process: Physiological, Psychological and Sociocultural Aspects** 6 CH

An in-depth exploration of the "normal" aging process, from physiological, psychological and sociological/cultural perspectives. A collection of assigned readings from classic and current research literature in each area allows students to trace how understanding of the aging process has changed over time. Emphasizes differentiation of "aging" from the acute and chronic pathological conditions encountered in health care practice.

**HS 534 Wellness Across the Continuum of Care** 3 CH

Explores the concept of "wellness," comparing and contrasting principles and strategies of wellness to those of acute care, rehabilitation, public health or long-term care health practice. Students assess opportunity and need for wellness programming in their individual
practice or community settings. Using their knowledge of the aging process and principles of wellness and health promotion, they develop a proposal for a "wellness" initiative appropriate to their interests or practice setting. This proposal may be the initial component of planning for the graduate capstone activity.

HS 535 Ethical and Moral Issues in Geriatric Health Care 3 CH
Health professionals working with older adults often encounter situations where there is potential conflict between the rights of the patient and family, and the roles and responsibilities of the individuals and organizations that provide care. In this course, the contributions on spirituality and moral thought to health and health care practice are explored. Students also examine ethical principles important in health care practice, and explore how these principles can be used to guide clinical decision making when complex problems or issues create a dilemma (e.g., elder abuse, reimbursement-driven care, advanced directives).

HS 616 Foundations of Evidence-based Practice/Principles of Clinical Research 6 CH
In this intensive course, students develop understanding of the principles of measurement and data management and of research design. They apply their knowledge by examining instruments or protocols used to assess health or functional status of older adults in their particular practice settings, focusing on issues of reliability, validity and the interpretation of results. Students then examine how principles of evidence-based practice can be used to guide selection of appropriate intervention. Finally, they develop a research or project proposal for their "capstone," using sound measurement and design principles to evaluate "outcomes" of a wellness program and/or interdisciplinary activity appropriate for their interest or practice setting. The proposal will be ready for submission to potential funding sources and to the appropriate IRB for human subjects approval.

HS 627 Pathology and Impairments in Later Life 6 CH
Students explore the medical conditions that commonly occur in later life by looking at pathophysiological processes (tissue atrophy/hypertrophy, cell division and neoplasm, immune system response, infection, inflammation, tissue healing/scarring, pain, fluid dynamics, and pharmacokinetics/pharmacodynamics) as they present in diseases of the physiological systems of the aging human body (musculoskeletal, neuromuscular, endocrine and metabolic, cardiovascular and cardiorespiratory, integumentary, and cognitive/psychological). Using the concepts of the dis-ablement model, students investigate the epidemiology, diagnosis, and medical management (pharmacological, surgical, etc.) of these pathologies, the primary and secondary impairments associated with these pathologies, and the likelihood of functional limitation or disability. Students apply concepts of interdisciplinary teaming to the management and/or rehabilitation of older adults with these pathologies, and explore contribution of "wellness" initiatives to the prevention, management, or remediation of the disease.

HS 638 Graduate Capstone: Research- Based Practicum/Project 6 CH
In the final semester of the program, students implement the research or project proposal developed during the evidence-based practice (HS 616). On completion of the project, students prepare a project or research report as their "thesis," present it to faculty and peers, and submit their project for presentation or publication to an appropriate professional forum. Depending on the nature of the project, students may opt to complete this over one or two semesters.
Nursing

E-mail: barkera@sacredheart.edu

MASTER OF SCIENCE IN NURSING (MSN)

The University offers a Master of Science in Nursing (MSN) in three tracks: Patient Care Services Administration, Family Nurse Practitioner, and Clinical Nurse Leader. Students may choose to study on a full- or part-time basis, however, they must complete their plan of study within six years. The MSN program is accredited by the Commission on Collegiate Nursing Education (CCNE). For information, contact the CCNE at One Dupont Circle, NW, Suite 530, Washington, DC 20036-1120; phone: 202-887-6791; or web site: www.aacn.nche.edu.

Tracks

Patient Care Services Administration

The Patient Care Services Administration track prepares nurses who hold baccalaureate degrees for administrative positions within acute, community or long-term health care facilities. The Nursing Department offers a dual MSN/MBA degree in conjunction with the MBA program. There is also a Certificate Program in Patient Care Services Administration and an accelerated RN to MSN program for registered nurses without a baccalaureate degree.

Family Nurse Practitioner

The Family Nurse Practitioner track is designed to prepare students to successfully pass the American Nurses Association or the American Academy of Nurse Practitioner's National Certification Examination as a Family Nurse Practitioner. In addition, a 30-hour advanced pharmacology course, allows students to apply for an Advanced Practice Registered Nurse license in the state of Connecticut. Graduates of the program possess the necessary educational and experiential background to provide primary care across the lifespan, and to deliver care in numerous healthcare settings. The Nursing Department offers an accelerated RN to MSN program as well as a Post-Masters Certificate in the Family Nurse Practitioner program. The Post-Masters Certificate program is for applicants holding a graduate degree in nursing.

Clinical Nurse Leader

The Clinical Nurse Leader track prepares nurses who hold baccalaureate degrees for the newly designed and evolving role of Clinical Nurse Leader (CNL). The CNL is a generalist prepared at the Master's level with advanced clinical skills who will be responsible for a group of patients in a specific patient unit or health care setting. The major roles of the CNL are expected to be clinical care coordinator, outcomes manager, patient advocate, educator, information manager, and care team leader.

The Nursing Department offers an Accelerated RN to MSN program as well. The Nursing Education Certificate will develop the student's knowledge and skills in education to apply to practice as a faculty member in schools of nursing or positions in educational departments in hospitals or other health care organizations.

ONLINE STUDY

Many of the courses in all 3 tracks in the MSN program are offered online. Both the Patient Care Services and Clinical Nurse Leader tracks can be taken exclusively online, with the exception of the clinical experience in each track, or a combination of online and on-campus courses. For the Family Nurse Practitioner track, students must come to campus for 4 courses. Campus-based courses may also include online components to foster access to study materials and flexibility for students.
PROGRAM COMPETENCIES

Nursing

• **Caring:** Develop connections with and show empathy for clients, family, and colleagues.
• **Collaboration:** Establish effective collaborative relationships with interdisciplinary team members.
• **Communication:** Convey and process information effectively and accurately with individuals and groups in a manner that enhances credibility and builds relationships.
• **Critical Thinking:** Demonstrate critical thinking skills as evidenced by the ability to analyze, synthesize, evaluate, and reflect.
• **Therapeutic Interventions:** Provide and/or foster evidence-based, clinically competent and resource-efficient contemporary care.

Health and Illness

• **Clients:** Foster population-based health care for diverse client groups across the lifespan that uses resources effectively, relies on evidence and is appropriate to setting and role.
• **Health Care Needs:** Analyze complex factors that influence health care needs for individuals, groups and communities.
• **Health Care Goals:** Ensure appropriate, cost-effective, quality health care outcomes across the care continuum.

Professionalism

• **Leadership:** Demonstrate effective leadership skills needed for advanced practice in the contemporary and future health care delivery system.
• **Policy and Systems:** Use knowledge of local to global health care trends, systems, and policy to participate in change that results in improved nursing and health care services.
• **Standards and Conduct:** Promote accountability guided by ethical, legal and professional standards for nursing practice as an individual and as a member of a profession.

ADMISSION REQUIREMENTS

Students are admitted to the MSN program upon review and recommendation by the admissions committee based on the academic, course prerequisite and professional requirements listed below.

Admission criteria include:

• BSN degree from an accredited college or BA/BS in related field, with a GPA of 3.0.
• Provisional admission status is possible for individuals with a GPA of less than 3.0
• Statement of professional goals
• Interview with graduate nursing faculty
• Statistics course required
• Undergraduate research course recommended
• Basic health assessment course (30 hours or greater) or prior learning portfolio (FNP and CNL tracks only)
• Current Connecticut RN license (or for online students, RN licensure in the state of professional practice) The applicant must submit a completed application, résumé, two letters of recommendation, and send official copies of transcripts of all prior nursing and academic work.

DEGREE REQUIREMENTS

MSN students are required to design an approved plan of study in collaboration with a faculty advisor that must be satisfactorily completed for the degree, with a minimum GPA of 3.0. The plan of study varies depending on the track or program the student pursues. The Patient Care Services Administration track requires 36 credits. The Family Nurse Practitioner track requires 42 credits. The Clinical Nurse Leader track requires 36 credits.

Prerequisite Courses

MSN applicants must have successfully completed a basic statistics course and a
nursing research course is recommended. Applicants for the FNP and CNL tracks must also have successfully completed a basic health assessment course.

Required Graduate Core Courses
All Nursing graduate students are required to take the following:

- NU 501 Health Care Policy and Ethics for Contemporary Nursing Practice (3 credits)
- NU 530 Theory and Professional Roles for Contemporary Nursing Practice (3 credits)
- NU 601 Principles of Health Care Research for Contemporary Nursing Practice (3 credits)
- NU 602* Evidence-Based Practice for Quality Care (3 credits)

Total: 12 credits

* For FNP students, NU 602 content is incorporated across the three clinical courses.

Graduate Capstone
The graduate capstone project is a culminating experience beyond the specified course work and represents the student's ability to formulate a project and implement it using a combination of conceptual, technical and applied knowledge and skill defined by the MSN program competencies. The capstone is required to demonstrate competence in the scholarship of the students' selected master's track, the ability to work independently and to present the results of their investigation effectively. The capstone project is incorporated into course requirements for the last role practicum or role immersion course (NU 610, 613, 630 for the PCS, CNL, FNP students respectively).

PATIENT CARE SERVICES ADMINISTRATION TRACK
In addition to the core requirements and capstone, students in the MSN program in Patient Care Services Administration are required to complete the following plan of study:

Required Courses
- BU 601 Organizational Management (3 credits)
- NU 510 Strategic Leadership for Patient Care Services (3 credits)
- NU 520 Management of Human Resources (3 credits)
- NU 575 Health Care Information Systems (3 credits)
- NU 576 Management of Financial Resources (3 credits)
- NU 610 Patient Care Services Administration Practicum (6 credits)

Elective: 3 credits

Total: 24 credits

FAMILY NURSE PRACTITIONER TRACK
In addition to the core requirements and capstone, students in the Family Nurse Practitioner program are required to complete the following plan of study:

Required Courses
- NU 550 Family and Community Context for Health Care (3 credits)
- NU 551 Advanced Pharmacology (3 credits)
- NU 552 Advanced Health Assessment (3 credits)
- NU 553 Advanced Pathophysiology (3 credits)
- NU 560 Primary Care I: Women and Children in the Family (6 credits)
- NU 620 Primary Care II: Adult Health in the Family (6 credits)
- NU 630 Primary Care III: Chronic Illness in Families (9 credits)

Total: 33 credits

CLINICAL NURSE LEADER TRACK
In addition to the core requirements and capstone, students in the Clinical Nurse Leader program are required to complete the following plan of study:

Required Courses
- NU 550 Family and Community Context for Health Care (3 credits)
- NU 553 Advanced Pathophysiology (3 credits)
NU 554 Application of Comprehensive Health Assessment Methods (3 credits)
NU 575 Health Management Information Systems (3 credits)
NU 611 Care Management and Resources Across the Continuum (3 credits)
NU 612 Disease Management and Outcomes Assessment (3 credits)
NU 613 CNL Role Immersion Practicum (6 credits)
Total: 24 credits

DUAL-DEGREE PROGRAM: MSN/MBA

In conjunction with the MBA program in the John F. Welch College of Business, the Nursing Department offers a dual-degree option. Students in this program must adhere to University guidelines set forth in both the MSN and MBA programs.

Admission Requirements

The applicant must meet the admission requirements and prerequisite coursework of both the MSN and MBA programs. Prerequisite coursework are listed below. If a student does not have these prerequisites, appropriate coursework will be planned by the MSN faculty. Students must apply to, and be accepted by, each program independently although the same application is used.

Degree Requirements

Prerequisites

Corporate Financial Accounting and Reporting (3 credits)
Statistics for Decision Making (3 credits)
Economic Principles (3 credits)
The student must meet with the program director to determine a plan of study for the dual degree.

Required Courses

AC 610 Accounting for Decision Making and Control (3 credits)
BU 601 Organizational Management (3 credits)
BU 631 Organizational Behavior (3 credits)
BU 633 Legal Environment of Business (3 credits)
IS 641/NU 575 Dynamics of Information Technology/Health Care Information Systems Technology (3 credits)
BU 665 International Business (3 credits)
BU 670 Operations Management (3 credits)
BU 690 Global Management Integration (3 credits)
EC 621 Managerial Economics (3 credits)
FN 660 Financial Management (3 credits)
MK 661 Marketing Management (3 credits)
NU 501 Impact of History and Policy on Nursing and Health Care (3 credits)
NU 510 Strategic Leadership for Patient Care Services (3 credits)
NU 520 Management of Human Resources (3 credits)
NU 530 Theory and Professional Roles for Contemporary Nursing Practice (3 credits)
NU 601 Principles of Health Care Research for Contemporary Nursing Practice (3 credits)
NU 602 Evidence-Based Practice for Quality Care (3 credits)
NU 610 Patient Care Services Administration Practicum (6 credits)
Total: 57 credits

ACCELERATED RN TO MSN PROGRAM

This program is for registered nurses who currently have a diploma or associate degree in Nursing and provides an accelerated path into the Masters in Nursing program. The baccalaureate upper-division Nursing major includes both undergraduate and graduate-level courses to satisfy the requirements for the baccalaureate degree. The basis of the acceleration is the substitution of graduate credits for credits toward the BSN. Students are awarded a BSN after completion of 121 credits at the 300-400 level. Students progress to 500-level courses once a BSN is awarded.

Admission Requirements

The program is limited to academically talented students who have experience in nursing and demonstrate a commitment to nursing leadership and advanced practice. Students apply through Graduate
Admissions directly for the RN to MSN program. The criteria for admission include:

- An undergraduate GPA of 3.0 or above
- One (1) year of nursing experience preferred
- Statement of professional goals
- Interview with graduate Nursing faculty
- Connecticut RN license (or for online students RN license in the state of professional practice)
- Prospective applicants must submit a completed application, résumé, two letters of recommendation, and send official copies of transcripts of all prior nursing and academic work.

Degree Requirements

Students will be advised by a graduate faculty member. Students are required to maintain a GPA of 3.0 while they complete the plan of study listed below. However, many requirements may be completed through challenge exams.

Prerequisite Courses

BI 126/127 Human Anatomy and Physiology I (4 credits)
BI 128/129 Human Anatomy and Physiology II (4 credits)
BI 161/162 Introduction to Microbiology (4 credits)
Chemistry Elective (4 credits)
EN 110 Academic Writing (3 credits)
PS 110 Introduction to Psychology (3 credits)
PS 251 Lifespan 3 credits or PS 252 Child Development Psychology (3 credits)
SO 110 Sociological Imagination (3 credits)

Total: 28 credits

Required Courses

IL 101 Information Literacy (1 credit)
CA 101 Effective Communication (3 credits)
HICC 101 Human Journey: Historical Paths to Civilizations (3 credits)
ENCC 102 Literary Expression of The Human Journey (3 credits)
CC 103 The Human Community: Individual and Society or The Human Community and Scientific Discovery (3 credits)
PHCC 104 or RSCC 104 The Human Search for Truth, Justice and the Common Good (3 credits)
MA 101 Modern College Mathematics I
MA 131 Statistics for Decision Making or SO 242 Statistics for Social Research (3 credits)
PH 101 Introduction to the Problems of Philosophy (3 credits)
RS 101 Introduction to the Study of Religion (3 credits)
RS 260 Bioethics Religious Approaches or PH 258 Medical Ethics (3 credits)
Art, Music, History, Literature, Media Studies, Modern Foreign Language (6 credits)

Total: 37 credits

Validation of Prior Learning

Students are awarded 33 nursing credits through the State of Connecticut Nursing Articulation Plan. Students will be advised of their status by the Nursing faculty with credits shown as NU 290.

Required BSN Courses for Accelerated Degree—All Tracks

NU 290 Validation of Prior Learning (33 credits)
NU 325 Health Assessment for RNs (3 credits)
NU 375 Populations and Public Health Nursing (4 credits)
NU 385 Care Management and Capstone (4 credits)
NU 401 Health Care Policy and Ethics for Contemporary Nursing Practice (3 credits)
NU 430 Principles of Health Care Research for Contemporary Nursing Practice (3 credits)
NU 431 Evidence-Based Practice for Quality Care (3 credits)
NU 433 Theory and Professional Roles for Contemporary Nursing Practice (3 credits)

Total: 56 credits

Note: 400-level courses indicate graduate courses taken by undergraduates. At the completion of the above requirements, students will be awarded a BSN.
Required Courses for MSN in Patient Care Services
Administration
NU 510 Strategic Leadership for Patient Care Services (3 credits)
NU 520 Management of Human Resources (3 credits)
NU 575 Health Care Information Systems (3 credits)
NU 576 Management of Financial Resources (3 credits)
NU 610 Patient Care Services Administration Practicum (6 credits)
BU 601 Organization Management (3 credits)
Electives (Nursing, Business or other) (9 credits)
Total: 30 credits
Final Total: 151 credits

Required Courses for MSN in Family Nurse Practitioner
NU 550 Family and Community Context for Health Care (3 credits)
NU 551 Advanced Pharmacology (3 credits)
NU 552 Advanced Health Assessment (3 credits)
NU 553 Advanced Pathophysiology (3 credits)
NU 560 Primary Care I: Women and Children in the Family (6 credits)
NU 620 Primary Care II: Adult Health in the Family (6 credits)
NU 630 Primary Care III: Chronic Illness in Families (9 credits)
Total: 33 credits
Final Total: 154 credits

POST-MASTER’S CERTIFICATE IN FAMILY NURSE PRACTITIONER
The Family Nurse Practitioner Post-Master's Certificate program consists of 33 credit hours of study. It is designed to prepare the student with a master's degree in Nursing to become a certified Family Nurse Practitioner. Students in the Post-Master's Certificate program may transfer up to 15 graduate credits from other accredited programs with faculty approval.

Required Courses
NU 550 Family and Community Context for Health Care (3 credits)
NU 551 Advanced Pharmacology (3 credits)
NU 552 Advanced Health Assessment (3 credits)
NU 553 Advanced Pathophysiology (3 credits)
NU 560 Primary Care I: Women and Children in the Family (6 credits)
NU 620 Primary Care II: Adult Health in the Family (6 credits)
NU 630 Primary Care III: Chronic Illness in Families (9 credits)
Total: 33 credits

Required Courses for MSN in Clinical Nurse Leader
NU 550 Family and Community Context for Health Care (3 credits)
NU 554 Application of Comprehensive Health Assessment Methods (3 credits)
NU 555 Advanced Pathophysiology (3 credits)
NU 575 Health Care Information Systems (3 credits)
NU 611 Care Management and Resources Across the Continuum (3 credits)
NU 612 Disease Management and Outcomes Assessment (3 credits)
NU 613 CNL Role Immersion Practicum (6 credits)
NU Electives (Nursing, Business, Other) (6 credits)
Total: 30 credits
Final Total: 151 credits

Admission Requirements
Applicants are required to have an MS in Nursing and have successfully completed a basic health assessment course (30 hours or greater). An interview with the program coordinator is required. A Connecticut RN license and liability insurance are also required. Application materials must include:
• Completed graduate application including a statement of professional goals
• A résumé
• Two letters of recommendation
• Official transcripts of all prior nursing and academic work

Required Courses
NU 550 Family and Community Context for Health Care (3 credits)
NU 551 Advanced Pharmacology (3 credits)
NU 552 Advanced Health Assessment (3 credits)
NU 553 Advanced Pathophysiology (3 credits)
NU 560 Primary Care I: Women and Children in the Family (6 credits)
NU 620 Primary Care II: Adult Health in the Family (6 credits)
NU 630 Primary Care III: Chronic Illness in Families (9 credits)
Total: 33 credits
NURSING EDUCATION CERTIFICATE
The certificate in Nursing Education consists of a 10-credit course sequence covering educational theory and curriculum design and evaluation, culminating in a role practicum experience. The certificate will develop the student's knowledge and skills in education to apply to practice as a faculty member in schools of nursing or positions in educational departments in hospitals or other health care organizations. This certificate in Nursing Education can be awarded at either the baccalaureate or graduate level depending on the educational background of the student. Students already enrolled at Sacred Heart University or enrolling for a degree in the RNBSN or RN-MSN program, and MSN students in any track can take the certificate courses as electives and additional credit in the degree programs. Registered Nurses not enrolled at Sacred Heart University with a BSN or MSN can also take the certificate program.

Required Courses
NU 588 (488) Theoretical Basis of Teaching and Learning in Nursing Education (3 credits)
NU 589 (489) Curriculum Development and Evaluation in Nursing Education (3 credits)
NU 640 (490) Nursing Education Role Practicum (4 credits)

GRADUATE PROFESSIONAL CERTIFICATE PROGRAM IN PATIENT CARE SERVICES ADMINISTRATION
This program is ideal for experienced nurse managers who wish to update their leadership and management knowledge and skills or for nursing staff moving into management positions. Courses in both nursing and business address advanced management skills which will enhance leadership and role competencies of the patient care services administrator. This program is available online. Some courses are offered exclusively online whereas others are offered both on campus and online.

Admission Requirements
- a bachelor's degree from a regionally accredited four-year college or university (official transcripts required),
- graduate application for admission,
- two letters of recommendation,
- approval of the academic program director, and
- interview with the Coordinator, MSN, Patient Care Services Administration.

Required Courses
The certificate consists of 12 graduate credits and cannot exceed this number. There are three required and one elective courses:
NU 510 Strategic Leadership for Patient Care Services (3 credits)
NU 520 Management of Human Resources (3 credits)
BU 601 Organizational Management (3 credits)
Nursing or Business elective (requires permission of program coordinator) (3 credits)

COURSE DESCRIPTIONS
NU 501 (NU 401) Health Care Policy and Ethics for Contemporary Nursing Practice 3 CH
This core course focuses on history, policy, and ethics in nursing and health care. It examines health care policy, including global health considerations, health care financing, quality and safety in health care, and the ethics of health care. Current practices in nursing and health care are viewed from the past and present as a way to contemplate the future. The course builds on a framework of critical thinking, as students explore aspects of the history of nursing and medicine, analysis of current policy development, and implications of the past for present and future actions in nursing and health care.
NU 510 Strategic Leadership for Patient Care Services 3 CH
Course content covers five role competencies for the patient care services administrator including: strategic planning and visioning, meeting customer needs and expectations, marketing services, care delivery systems and managing quality. Students assess and design care delivery services across the health care continuum that meet or exceed patient expectations. The role visioning and strategic planning play in achieving quality organizational and patient outcomes is explored.

NU 520 Management of Human Resources 3 CH
Emphasis is on the role competency of management of human resources. Content focuses on administration of patient care services in a variety of settings and in collaboration with the multidisciplinary team. A model for human resource management provides the framework for the following content: work analysis, staffing, recruitment and selection, staff development, retention, rewards, and disciplinary action. Select strategies for working with others is covered including conflict management, teams, communication, and managing a diverse workforce. Legal and regulatory requirements is included.

NU 530 (NU 433) Theory and Professional Roles for Contemporary Nursing Practice 3 CH
This course is one of the graduate core that provides the foundation for advanced practice nursing. The role of the advance practice nurse as a member of the profession is emphasized. The student is introduced to theories from nursing, natural, social, biological and organizational sciences to frame their future practice. Further, the student considers issues of cultural diversity and competence to assure the delivery of culturally competent care and minimization of health disparities.

NU 550 Family and Community Context for Health Care 3 CH
This course, the first within the Family, Primary Care, and Community sequence, addresses selected family, primary care, and community theories within the context of advanced practice nursing and clinical leadership roles. The family system is viewed as both unique and dynamic, existing interdependently with the community and the environment and requiring advanced nursing expertise and caring at various times across the life cycle. Particular emphasis is placed on family and community assessment strategies, the impact of culture upon the family and community systems, and the impact of various primary care-oriented health problems on family roles and functions. In addition, relevant concepts and principles of epidemiology are applied to the current and emerging health status of families and communities. Faculty collaborate with students as they apply advanced clinical knowledge to the family system in a community setting. Students function interdependently with other health team members in the care of families and evaluate a plan of care using standards for advanced clinical practice.

NU 551 Advanced Pharmacology 3 CH
Focus is on the pharmacotherapeutic principles of drugs most commonly used in the primary care setting. Pharmacologic effects and clinical uses of various drug groups and classifications are discussed. Emphasis is placed on rational drug therapy for agent selection, monitoring drug therapies, identification and avoidance of adverse drug reactions and interactions, and extensive patient education and counseling. This course meets the standards for advanced practice nurse certification in Connecticut.

NU 552 Advanced Health Assessment 3 CH
This course prepares the learner to assess in-depth the biopsychosocial health status of clients across the life span by obtaining a complete and accurate health
history and by performing a thorough physical examination, and use acquired data to formulate a working medical diagnosis. Content is designed to provide correlation of assessment strategies with an understanding of the mechanisms of illness and health problems of the main body systems. Integration of common medical testing is addressed. The course assists in the socialization of the learner into the role of the advanced practice nurse in the current health care delivery system. The laboratory component enables the learner to develop advanced assessment skills.

**NU 553 Advanced Pathophysiology 3 CH**

This course further prepares each student to assess in-depth the pathophysiology of common disease states. Clinical pathology content addresses alterations in major body systems that are commonly found in the primary care settings, as well as common testing used in the diagnostic process. This course assists the student in the role of advanced practice nurse with the preparation to assess clients across the lifespan.

**NU 554 Application of Comprehensive Health Assessment Methods 3 CH**

This course prepares the learner to assess in depth the biopsychosocial health status of clients across the life span by obtaining a complete and accurate health history and by performing a systematic physical examination. Acquired data will be used to formulate a comprehensive problem list for the client and refine documentation skills. Content will be designed to provide correlation of assessment strategies with an understanding of the mechanisms of illness and health problems of the main body systems. Health and wellness in the context of disability will be addressed. This course assists in the socialization of the learner into the role of the clinical nurse leader or nurse educator in the current health care delivery system. The laboratory component enables the learner to develop comprehensive assessment skills.

**NU 560 Primary Care I: Women and Children in the Family 6 CH**

The first of three clinical courses designed to enable graduate students to learn problem-solving skills and clinical strategies necessary to socialize into the role of the family nurse practitioner. Class content introduces students to methodologies used to diagnose and treat common primary care problems found in emerging families and their members. Emphasis is placed on the educational and coaching role components of the nurse practitioner as well as on the direct provision of primary care. The application of family and primary care theory into supervised clinical practice is included and emphasized.

**NU 575 Health Care Information Systems 3 CH**

An introduction to health information systems as tools for decision making and communication in health care. This course builds on prior knowledge of systems theory and utilizes change theory and information processing theory to analyze, manage and evaluate health care information. Emphasis is also on the ability to utilize information systems in the delivery of patient care and the exploration of the variety of tools available to assist in the analysis of quality care.

**NU 576 Management of Financial Resources 3 CH**

An overview of the budgeting process in the health care setting. This course explores the building blocks that are utilized to develop sound financial projections. The course also reviews and explores the health care system and the multiple payers and their impact on the financial picture of health care organizations. Emphasis is on the ability to utilize information systems in the development and ongoing analysis of financial data.

**NU 582 Management of Home Health Care Agencies 3 CH**

This course takes basic and advanced
management concepts and applies them specifically to home care. Content includes financing home care including Medicare, Medicaid and private insurance; state and federal regulations; accreditation regulations including quality improvement, concepts of case management; trends and issues in home care; legal and ethical considerations, and community resources. This course is only offered online.

NU 588 (488) Theoretical Basis of Teaching and Learning in Nursing Education 3 CH
This course explores research-based theories of education, teaching, and learning. Theories are examined for their application in a variety of settings, levels of education, and for the adult learner. Emphasis is on who the learner is and how they learn. External issues and trends impacting nursing education are explored.

NU 589 (489) Curriculum Development and Evaluation in Nursing Education 3 CH
This course prepares the student to design and implement curriculum based on evidence-based teaching/learning theory. Focus is on the process of curriculum development for an individual course including course objectives, content, learning activities, delivery of the content, and student evaluation. The role of faculty in program evaluation of the curriculum is explored.

NU 601 (NU 430) Principles of Health Care Research for Contemporary Nursing Practice 3 CH
This course studies the field of research and its relationship to problems related to nursing and health care. Each step of the research process is explored in-depth to develop the skills to apply research to practice. Students apply critical analysis to relevant research literature to determine its usefulness and application. Statistical methods and concepts are reviewed and integrated throughout the course to promote an understanding of those concepts within the context of health care research. Emphasis is on understanding the research process through proposal development.

NU 602 (NU 431) Evidence-Based Practice for Quality Care 3 CH
This course builds on the content of Nursing Research Seminar 1 (NU 601/HA 650) and begins with principles inherent to a sound data collection and analysis, including both philosophical and pragmatic differences between qualitative and quantitative research. Content areas of substance include evidence-based practice, nursing theory in research, statistical analysis from the prospective of application and critique, research utilization, and issues in nursing and health care research from a national perspective. Students critique research articles according to criteria and develop a project related to evidence-based practice.

NU 610 Patient Care Services Administration Practicum 6 CH
In this last course in the Nursing sequence for patient care services administration, students apply and analyze the theories, competencies and concepts of previous courses in a designated role practicum experience using a preceptor. They also apply theory to practice in seminar discussion and readings. The core role competencies for the patient care service administrator frame the course activities including managing client needs and expectations and marketing.
managing human resources, managing financial resources, assessing quality and managing information, visioning and strategic planning, and designing care management systems. Leadership strategies for accomplishing this work are explored. Current issues and trends in health care and patient care services are integrated within each topical area. Students complete a capstone project that is a culminating experience beyond the required coursework. It represents the student’s ability to formulate a project and implement it from start to finish using a combination of conceptual, technical and applied knowledge.

NU 611 Care Management and Resources Across the Continuum 3 CH
Reviews the basic approaches to care or case management and utilization in their evolution, driving factors, and contemporary roles within a variety of health care settings. The role of practice guidelines and key relationships among nursing roles and interprofessional team members is considered along with the contributions of technology and financial considerations.

NU 612 Disease Management and Outcomes Assessment 3 CH
Introduces the concept of disease management as an evolution of case management and explores the benefits of a comprehensive case and disease management program in selected settings. Health priorities, models of chronic illness and important concepts related to health status (including quality of life and functional status) are discussed. Research on the outcomes of case and disease management is covered along with strategies for identifying and measuring outcomes of care.

NU 613 CNL Role Immersion Practicum 6 CH
This 6-credit course provides the opportunity for in-depth analysis of the CNL role within various health care settings and specialties through a guided role immersion practicum experience. Integration of prior coursework related to advanced assessment and pathophysiology, pharmacology, information systems, ethics, research and evidence-based practice and health care systems occurs through clinical role practice, case studies, and student presentations. A team of preceptors provides guidance and support as CNL students identify and enact the role components of the CNL role while analyzing the organizational context for this new role.

NU 620 Primary Care II: Adult Health in the Family 6 CH
The second of three clinical courses designed to enable graduate students to learn problem-solving skills and clinical strategies necessary to socialize into the role of the family nurse practitioner. Class content introduces students to methodologies used to diagnose and treat common primary care problems found in adult families and their members. Emphasis is on the consultation role component of the nurse practitioner as well as on the direct provision of primary care.

NU 630 Primary Care III: Chronic Illness in Families 9 CH
This final clinical course enables graduate students to learn those diagnostic and management skills necessary to be effective in the role of family nurse practitioner. Class content emphasizes problems commonly found in aging families and topics especially important to primary care management. Implementation and synthesis of the role are addressed through a focus on types of practice settings, reimbursement mechanisms, marketing strategies, employment opportunities and collaborative relationships. Future trends in advanced nursing practice are explored. The application of advanced nursing practice theory into supervised clinical practice is included and emphasized.
NU 640 (490) Nursing Education Role Practicum 4 CH

In this last course in the nursing sequence for the certificate in Nursing Education, students apply and analyze the theories, competencies, and concepts of the two previous courses in a designated role practicum experience using a preceptor. Students are required to spend time with a preceptor in a college or staff development site. Further, students apply theory to practice in seminar discussion and readings. Current issues and trends in health care and nursing are integrated within each topical area.

Clinical Assistant Professor

Elissa Miller, OTD, OTR/L
Assistant Professor

Heather Miller-Kuhaneck, M.S., OTR/L
Clinical Assistant Professor

MASTER OF SCIENCE IN OCCUPATIONAL THERAPY (MSOT)

Sacred Heart University’s Graduate program in Occupational Therapy is for persons with a baccalaureate degree in a field other than Occupational Therapy. The program prepares students for entry-level clinical practice and develops beginning skills in leadership and research in Occupational Therapy. The University’s program design is highly unique, with its curriculum utilizing problem-based learning (PBL) and a systems and developmental approach; and strongly reflects a philosophy of humanism, occupational and social justice, service to others, and community-based practice.

The curriculum follows the Problem-Based Learning (PBL) model of teaching and learning utilizing small group tutorials where students solve clinical problems through self-directed and peer group study, evidence-based research, and clinical reasoning to solve clinical problems. Problem-based learning facilitates students to integrate theory, science, the best available research, client evaluation results and goals, and personal experience into the application of Occupational Therapy assessment and intervention. Problem-based learning actively engages students in clinical reasoning, clinical decision-making, team collaboration, leadership, and evidence-based practice. PBL provides students with skills in self-directed lifelong learning fundamental to professional practice. Graduates are well prepared to plan and implement assessment and intervention strategies based on the best available research evidence and best practices.

The curriculum also incorporates fieldwork education and community-based practice opportunities, where students actively use clinical reasoning to design assessment and intervention strategies. Opportunities to develop skills in leadership, supervision and management, research, and entrepreneurship are incorporated throughout the curriculum. Students are provided with a strong educational background to address the physical, cognitive, emotional, social, and spiritual needs of their clients and design occupation based interventions which enable clients to participate optimally in their lives, work, school, play, home, society, and community.
Completion of the program requires two calendar years including summers. The program consists of four academic semesters plus 24 weeks of fulltime supervised clinical fieldwork. Course of study is full time, with classes scheduled primarily during the day. Level I fieldwork experiences are integrated into the class schedule throughout the academic year. Level II fieldwork experiences are full time for two, 12-week time periods with hours determined by the clinical site. A limited number of part-time seats are available for adult students who are not able to attend the graduate program on a full-time basis. Admission criteria for the part-time program are the same as for the fulltime program with one addition: applicants must have a minimum of one year of full-time employment, or equivalent, post their baccalaureate degree. The part-time program can be completed in a 3-year sequence with classes scheduled with the full-time cohort.

Objectives of the Curriculum

The four core learner competencies are:

1. Utilize critical thinking and clinical reasoning skills to further knowledge of occupational science concepts and efficacy of occupational therapy practice, research, and education.

2. Utilize evidence-based and best practice in occupational therapy assessment and intervention in all practice areas.

4. Demonstrate skills in team collaboration and leadership.

In addition to these four core competencies, the program's objective is to prepare students to master entry-level practice skills and develop beginning-level skills in leadership and research in occupational therapy. Graduates of the program will demonstrate the ability to:

- Develop a theoretical foundation for professional practice, drawing from a wide variety of disciplines.
- Appreciate and understand the multicultural and multicontextual diversity of our client base.
- Approach clients and populations utilizing a client-centered, holistic and humanistic approach throughout the assessment and intervention process.
- Appropriately apply foundational sciences and theoretical principles to facilitate occupational therapy outcomes including function, occupational performance, health and well being, and quality of life in the context of the client's natural environment.
- Utilize principles of meaningful occupation in assessment and intervention.
- Uphold ethical standards, values and attitudes in practice and interactions with clients, families and caretakers, other professionals and the public.
- Determine the need for occupational therapy services for an individual person or population, or for referral to other professionals.
- Determine the appropriate assessment, intervention and outcome strategies for a client or population in need of occupational therapy services that are within the domain and scope of occupational therapy practice.
- Plan and utilize skills in occupational therapy assessment, intervention and outcomes including referral, evaluation, intervention, reevaluation, discharge and follow up.
- Utilize evidence based practice skills and the principles of occupation in all interventions including the establishment and restoration of skills or abilities, maintenance of performance capabilities, compensation and adaptation strategies and technology, environmental/task modifications, education of family and caregivers, disability prevention and promotion of health, well being and quality of life.
- Critically appraise and synthesize information presented in the professional literature, tests and measurements, and research, in order to read, interpret and be an effective
consumer of and participant in research and evidence based practice.
• Work within a variety of traditional and nontraditional service delivery models and systems where occupational therapists currently practice.
• Develop proactive entrepreneurial skills and abilities to enter new arenas of practice through assessing and identifying populations in need of service, designing program plans, marketing strategies and program evaluation methods.
• Develop and participate in beginning level professional research, from inception of a research question to the presentation of final results in a format appropriate for professional publication and or presentation.
• Engage in and plan for life-long learning and professional development to maintain one's level of skill consistent with current standards.
• Participate in professional service activities for the benefit of others, the greater community, the profession and one's self.
• Utilize leadership, administrative, and supervisory skills in developing collaborative and cooperative relationships with occupational therapy assistants, other professionals, caregivers, families and community agencies/organizations.
• Utilize strong clinical reasoning skills in determining the need for, prioritizing, selecting and designing occupational therapy assessment and intervention plans based on the best available research evidence.
• Demonstrate awareness of the laws, legal issues, health care policies, trends, educational laws and social policy issues as they influence the profession of occupational therapy, the individual professional, practice and consumers.

**Admission Requirements**

Students entering the program must have completed a baccalaureate degree in a field other than Occupational Therapy and must have completed the required prerequisite courses by the end of the spring semester prior to enrollment. If students require the summer prior to enrollment to complete prerequisites, any acceptance for admission into the program will be provisional to successful completion of prerequisite coursework. Students are admitted into the program on a competitive basis. Applicants must submit all materials for admission consideration by December 15 for Early Application or by January 15 for regular application (or the dates published by the Graduate Admissions Office) for the incoming fall class.

Application materials must include:
• a graduate admissions application form and supplemental sheet;
• two letters of recommendation: one from an academic source, one from an employer or volunteer supervisor;
• official transcripts of all previous college or university study;
• a nonrefundable application fee;
• volunteer/work experience in the health care field with specific knowledge of Occupational Therapy is highly recommended; and
• up-to-date certificate of Professional Rescuer Level CPR is required prior to enrollment in the program.

Admission criteria include:
• completion of a Bachelor of Arts or Bachelor of Science degree from an accredited college or university;
• Occupational Therapy prerequisite courses grade point average (GPA);
• undergraduate GPA;
• letters of recommendation;
• knowledge and experience relevant to Occupational Therapy;
• individual and or PBL group experience with the Occupational Therapy admissions committee; and
• essay/writing sample (to be completed via email); and
• A laptop computer loaded with the
Microsoft Office Professional Student and Home Edition software, a printer, high speed broadband Internet access, e-mail and word processing skills are required for the program. If you do not have a laptop, you may rent one through Sacred Heart University. Registered, full-time students who have their own laptops may obtain updated Microsoft Word software through Sacred Heart's factory help desk located on the Cambridge campus; however, Sacred Heart University is not responsible for any compatibility issues that may arise between the laptop and software nor will it service and/or support the laptop. Students are expected to be skilled in Internet library database searches, Internet searches and the use of e-mail, including sending and opening attachments, and Microsoft Word and PowerPoint, including the use of tables, grammar, spell check, and basic formatting. All assignments must be word processed. (See http://www.sacredheart.edu/pages/2140 for a full description of the University's laptop program.) The options for program decision are classified into two categories: Early Decision and Regular Application Decision. Early Application Decision is for entering Freshman and/or Sacred Heart University Senior-year students who have completed the prerequisite coursework in Biology with laboratory, Human Anatomy and Physiology I with laboratory, Statistics, Psychology, and at least one additional prerequisite course. Regular decision is for Senior-year students, internal or external to the University, and adult students.

Early Application Options

Option One: Entering Freshman

Early Program Decision Option requirements for entering Freshman include:

- successful completion of four years of Science, and two of the following three criteria:
  - high school GPA of 3.2 or higher in academic courses (Math, Science, History, English and Language);
  - SAT scores of 1100 or higher; and
  - rank in the top 30% of their high school class; and

Entering Freshman who meet Early Decision criteria will have a seat reserved in the graduate Occupational Therapy program contingent upon successful completion of all prerequisites and an undergraduate major, maintenance of a 3.0 GPA throughout Sacred Heart University tenure, completion of a graduate admission application by December 15 of their Senior year, and an interview with the Occupational Therapy Admissions Committee.

Option Two: Senior Year, Fall Term

For Sacred Heart University undergraduate students and for students attending universities with whom Sacred Heart University has negotiated articulation agreements, there is an opportunity to apply for Early Program Decision following the completion of specific prerequisites based on Sacred Heart University credentials. Application deadline is December 15. Senior Early Decision Program Option requirements include:

- submission of a completed graduate admission application and applicable fee by the application deadline established by the Office of Graduate Admissions;
- official transcripts from all colleges and universities attended;
- two letters of recommendation (one from an employer or volunteer job supervisor, one from an academic source);
- a GPA of 3.0 or better and prerequisite GPA of 3.0 or better; and
- interview with the Occupational Therapy Admission Committee, which includes participation in a group problem-based learning experience.

Successful completion of prerequisite coursework in Biology with laboratory, Human Anatomy and Physiology I with laboratory, Statistics, Psychology, and at least one additional prerequisite course; and
• Completion of an online essay

Seniors who meet the Early Program Decision criteria will have a seat in the Occupational Therapy program reserved contingent upon maintenance of a 3.0 GPA throughout their University tenure, successful completion of all prerequisites and an undergraduate major, and an interview with the Occupational Therapy Admissions Committee.

Regular Application Option

Option 3: Senior Year, Spring Term

For students who do not wish to apply for Early Program Decision or who do not meet the criteria, or, who are applying from universities other than Sacred Heart University. The application deadline is January 15 or the date published by Graduate Admissions for the incoming fall class.

Requirements for Regular Decision Options include:
• successful completion of all prerequisite courses with a GPA of 3.0 or better;
• overall GPA of 3.0;
• submission of a completed graduate admission application and applicable fee;
• official transcripts from all colleges and universities attended;
• two letters of recommendation: one from an academic source, one from an employer or volunteer supervisor;
• relevant experience in the health care field;
• interview with the Occupational Therapy Admissions Committee, which will include participation in a group problem-based learning experience (conducted in spring or early summer only);
• completion of an online essay

Adult Student Application Option and Applicants to the Part-time Program

Option 4: Adult Students Who Have Already Obtained a Baccalaureate Degree or Adult Students Who Wish to Select the Part-time Program Option

Open admissions are maintained for applicants who have already obtained a baccalaureate degree in a field other than Occupational Therapy. Although application deadlines and admissions criteria are flexible to accommodate the unique needs of adult applicants, it is suggested that materials be received as close to the January 15 deadline as possible as open admissions are contingent upon available seats. The part-time program is open to adult students who have obtained a baccalaureate degree and who have at least one year of full-time employment, or its equivalent, post-baccalaureate degree. Enrollment is limited to five part-time students per entry class.

Requirements for admission include:
• completion of a baccalaureate degree;
• official transcripts from all colleges and universities attended;
• overall GPA of 3.0 and a prerequisite GPA of 3.0 or better;
• two letters of recommendation from employers or supervisors;
• résumé outlining work experience and significant continuing education courses;
• interview with the Occupational Therapy Admissions Committee, which will include participation in a group problem-based learning experience (conducted in spring or early summer only);
• completion of an online essay
• submission of a completed graduate admission application and applicable fee; and
• completion of prerequisite courses:
  • Prerequisite courses in Statistics and Human Anatomy and Physiology I and II must have been completed within the past 10 years.
  • Alternative courses and CLEP tests for prerequisite courses in psychology, sociology, and life span development may meet prerequisite criteria. Applicants must submit
CLEP test results and catalog course descriptions or other relevant documentation to the Occupational Therapy program director who will determine if the alternative course/CLEP meets prerequisite requirements. For all applicants: Prerequisite courses in Diversity/Multicultural studies and in Ethics may be taken concurrently with the Occupational Therapy program but must be successfully completed before the student begins their second level II fieldwork experience.

Continuous Enrollment Policy

Graduate students in the master's degree program in Occupational Therapy must maintain continuous enrollment in the program. Students who need to take a leave of absence from the program must apply, in writing, to the program chairperson. A maximum of one 12-month leave of absence may be granted upon review of the student's request. As the program is a "lock-step" curriculum, students must reenter the program following a leave of absence in the required curriculum sequence. If a request is denied, or if students fail to enroll for their next consecutive trimester in the program, the student must apply for readmission. The application for readmission must be submitted to the Office of Graduate Admissions. Students who are readmitted must adhere to the guidelines and curriculum in effect at the date of readmission and the University may charge a continuous enrollment fee to maintain matriculation.

Program Accreditation

The Occupational Therapy program is fully accredited under the "Standards for an Accredited Educational Program for the Occupational Therapist-2006" by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA). For information about accreditation, contact ACOTE at AOTA, 4720 Montgomery Lane, PO. Box 31220, Bethesda, MD 20824-1220; phone: (301) 652-2682; web address: www.aota.org. Graduates of the program are eligible to sit for the national certification examination for the occupational therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). Most states, including Connecticut, require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT certification examination.

Note: A felony conviction may affect a graduate's ability to sit for the NBCOT certification examination and/or attain state licensure. Some fieldwork sites require students to undergo criminal background and/or substance use checks as well.

Degree Requirements

The program consists of four academic semesters plus 24 full-time weeks of supervised clinical fieldwork, and includes summers. Completion of the program requires two full calendar years. The completion of the part-time program requires three calendar years plus three months and includes summers. The course of study is full-time, with classes scheduled primarily during the day. The part-time program can be completed in a 3-year sequence with classes scheduled with the full-time cohort. Level I Fieldwork experiences are integrated into the class schedule during the academic year. Level II Fieldwork experiences are full-time for two, 12-week time blocks, with hours determined by the clinical site. Students should note that all level II fieldwork must be completed within 24 months of completion of coursework. The program includes a capstone research project with a poster presentation and defense to be completed prior to graduation. This course of study leads to preparation for national certification and state licensure as an Occupational Therapist.

Note: A felony conviction may affect a graduate's ability to sit for the NBCOT certification examination and/or attain state licensure. Some fieldwork sites require students to undergo criminal background checks as well.
and/or substance use checks, and or fingerprinting. The costs for these checks are the student's responsibility.

**Prerequisite Courses**

- Biology I with lab (4 credits)
- Human Anatomy and Physiology I and II with lab (8 credits)*
- Psychology 3 credits
- Abnormal Psychology (3 credits)
- Life Span Development or Developmental Psychology (Content must include the entire life span, from birth to old age) (3–9 credits)
- Sociology (3 credits)
- Statistics (Content must include descriptive statistics, probability, confidence intervals, correlation and hypothesis testing) (3 credits)*
- Interpersonal Communication, or Group Dynamics, or Family Dynamics (3 credits)
- Diversity or Multicultural Studies, or advanced language with documented fluency in that language, or one semester or the equivalent of AmeriCorps or Peace Corps experience (3 credits)**
- Ethics, Bioethics, or Medical Ethics (3 credits)**

Only grades of C or better meet prerequisite requirements.

**Recommended Electives**

- Physics with lab (4 credits)
- Neuroscience (3–4 credits)

*Must have been taken within the past 10 years.

**May be taken concurrently with the program but must be completed before beginning the second level II Fieldwork experience.

**Required Courses**

- OT 512 Biopsychosocial Maturation and Occupational Therapy Assessment and Intervention I: Infancy, Childhood and Early Adolescence (Seminar - 2 credits, Lab - 4 credits, PBL - 4 credits and FW - 1 credit)
- OT 514 Biopsychosocial Maturation and Occupational Therapy Assessment and Intervention II: Late Adolescence and Adult (Seminar - 2 credits, Lab - 4 credits, PBL - 4 credits and FW - 1 credit)
- OT 521 Professional Interaction Skills I: Individuals, Families and Supervision (2 credits)
- OT 551 Research I (3 credits)
- OT 553 Research II (2 credits)
- OT 571 Introduction to Occupational Therapy: OTPF, Models and Frames of Reference (2 credits)
- OT 573 Health Care and Professional Foundations I: Professional Guidelines (2 credits)
- OT 612 Biopsychosocial Maturation and Occupational Therapy Assessment and Intervention III: Older Adults and Elderly (Seminar - 2 credits, Lab - 4 credits, PBL - 4 credits and FW - 1 credit)
- OT 614 Occupational Therapy Assessment and Intervention in Mental Health (3 credits)
- OT 623 Professional Interaction Skills: Groups (3 credits)
- OT 625 Leadership and Administration in Occupational Therapy (3 credits)
- OT 651 Research III (2 credits)
- OT 653 Research IV (5 credits incl. 1 cr. field research)
- OT 655 Capstone Research Project (3 credits)
- OT 671 Health Care and Professional Foundations II: Health Care Policies and Law (2 credits)
- OT 673 Health Promotion/Roles in the Community (3 credits incl. 1 credit level 1 FW)
- OT 691 Level II Fieldwork: 12 weeks of fulltime equivalent of supervised clinical affiliation (4 credits)
- OT 693 Level II Fieldwork: 12 weeks of fulltime equivalent of supervised clinical affiliation (4 credits)
- OT 699 Independent Study in Occupational Therapy (1–3 credits)

(Optional; by permission of the program chair and academic advisor only)

Total: 76 credits
COURSE DESCRIPTIONS

OT 512 Biopsychosocial Maturation and Occupational Therapy Assessment and Intervention I: Infancy, Childhood, and Early Adolescence

Seminar - 2 credits
Lab - 4 credits
PBL - 4 credits
FW - 1 credit

This course examines the biological, psychological, medical, and social foundational sciences that serve as a basis for occupational therapy assessment and intervention in current practice with infants, children, and early adolescents. Additional topics include typical and atypical pediatric development, diseases, disorders, conditions, and traumas that can occur within children and their impact on childhood occupations. Students have opportunities to develop and practice skills in pediatric occupational therapy assessment and intervention incorporating clinical reasoning, evidence-based practice, a play-based approach to intervention, client and family-centered perspectives, and a variety of pediatric occupational therapy frames of reference. Appropriate and family-centered documentation is emphasized. Learning formats include problem-based learning tutorial groups, laboratories, lecture/seminars, and one day per week in Level 1 fieldwork in community-based and/or traditional settings.

OT 514 Biopsychosocial Maturation and Occupational Therapy Assessment and Intervention II: Late Adolescence and Adult

Seminar - 2 credits
Lab - 4 credits
PBL - 4 credits
FW - 1 credit

This course examines the biological, psychological, medical, and social sciences that serve as a basis for occupational therapy assessment and intervention in current practice with older adolescents and adults. In addition adolescent and adult human development, foundational sciences, and spirituality, as it relates to meaningful occupations, are explored. Typical and atypical development, diseases, disorders, conditions, and traumas that can occur within human systems in this stage of the life-span are studied for their impact on occupations that allow clients to participate in their lives and life contexts. Students have opportunities to develop and practice skills in occupational therapy assessment and intervention incorporating clinical reasoning, evidence-based practice, and client and family-centered perspectives. Documentation and the development of intervention plans including the application of occupational therapy frames of reference to clinical cases are emphasized. Learning formats include problem-based learning tutorial groups, laboratories, lecture/seminars, and one day per week in Level 1 fieldwork in community-based and/or traditional settings.

OT 521 Professional Interaction Skills I: Individuals, Families, and Supervision 2 CH

This course, designed with lecture and experiential components, enables students to gain knowledge of, and practice professional interaction skills that occupational therapists use when working with diverse populations of individuals, families and, other professionals. This course is designed to facilitate the emergence of self-knowledge as a foundation for professional interactions. This course reviews diversity issues, including race, social class, ability, ethnicity, religious/spiritual beliefs, gender roles and sexual identity as they affect the occupational therapist's values and interactions. Individuals' and families' values as they affect the functioning, meaning of occupation, occupational choices, and participation in a person's life are studied in depth. Students also explore roles and responsibilities of the supervisory relationship. Supervisory models and styles of learning and teaching are introduced. Students develop a supervision plan suited to their own and
their supervisor/supervisee's teaching and learning style. Learning formats include seminars, group activities and structured experiences.

**OT 551 Research I** 3 CH
This course introduces the use of evidence-based practices. Students develop skills in finding, critically analyzing, and appraising research evidence. They learn how research evidence can be incorporated into clinical problem solving, clinical decision-making, and practice. They develop the critical thinking skills and learning necessary to function as a consumer of research. Students investigate, gather, analyze, and synthesize scholarly literature relevant to occupational therapy. Students gain a basic understanding of methodological and statistical information presented in the literature and in standardized instruments and will develop the ability to analyze and contrast them in the context of PBLs. Students learn to produce critically appraised topics on a variety of research topics. By comparing and analyzing articles, students develop the ability to identify articles and research designs international databases. Students select a topic for their Capstone research project in collaboration with faculty lines of research inquiry in an area of OT practice.

**OT 553 Research II** 2 CH
Students complete the introductory section of their Capstone paper including the purpose statement, research question, and literature review. Additionally, students begin to investigate appropriate methodology for their Capstone research projects. Students are introduced to professional writing as well as AOTA and AJOT submission guidelines for publication and presentation. Course formats include seminars, in-class workshops, and regular meetings with Capstone advisor.

**OT 571 Introduction to Occupational Therapy: OTPF, Models and Frames of Reference** 2 CH
The centrality of occupation for the person's participation, overall health and well being are explored utilizing the Occupational Therapy Practice Framework (OTPF) for integration into practice. Differentiation between occupation, activity and purposeful activity is explored in depth along with activity/task/occupational analysis. Theoretical models and occupational therapy frames of reference are introduced and reviewed for application to practice using case examples from occupational therapy practice.

**OT 573 Health Care and Professional Foundations I: Professional Guidelines** 2 CH
The Official Documents of AOTA, including the Code of Ethics, Core Values and Attitudes, and various position papers are studied and applied to practice. Specific topics covered in this course include professional ethics, collaborative and supervisory responsibilities between occupational therapists and occupational therapy assistants, and functions of and participation in international, national, state and local occupational therapy associations. Personnel management, team management, and participation in leadership roles in health care systems are discussed. Students examine their own ethical values research the ethics of the profession and other related health care professions. The interrelationship between AOTA guidelines, NBCOT standards, and state licensure are reviewed. The assumption of individual responsibility in continued professional development as a lifelong learning process to maintain competency in practice is emphasized. Students also begin to explore their ongoing professional responsibilities in providing fieldwork education and supervision. This is an online/hybrid course.
OT 612 Biopsychosocial Maturation and Occupational Therapy
Assessment and Intervention III: Older Adults and the Elderly
Seminar - 2 credits
Lab - 4 credits
PBL - 4 credits
FW - 1 credit

This course examines the biological, psychological, medical, and social sciences that serve as a basis for occupational therapy assessment and intervention in current practice with older adults and the elderly. Geriatric human development, foundational sciences, and spirituality, as they relate to meaningful occupations, are explored using a case-based, PBL format. Typical and atypical development, diseases, disorders, conditions, and traumas that can occur within human systems in this stage of the life span are studied for their effect on occupations and the ability of clients to participate in their lives and meaningful life contexts. In addition to assessment and intervention, students have opportunities to develop and practice skills in occupational therapy reassessment, consultation and education of caregivers, documentation of ongoing progress, and the development of intervention plans through discharge and follow-up. Incorporation of clinical reasoning, evidence-based practice, and client and family centered perspectives is expected as demonstrated through oral and written assignments. Documentation and the development of intervention plans, including the application of occupational therapy frames of reference to clinical cases, are emphasized. Learning formats include problem-based learning tutorial groups, laboratories, lecture/seminars, and one day per week in Level I fieldwork in community-based and/or traditional settings.

OT 614 Occupational Therapy Assessment and Intervention in Mental Health 3 CH

This course examines the role of occupational therapy in psychosocial practice including the range of service delivery models such as acute care, day treatment, transitional living, vocational rehabilitation, forensic psychiatry, school-based psychosocial practice, home health, wellness and prevention, and psycho-geriatrics. Psychosocial diagnoses, models/frames of reference, assessment, and intervention programs including individual and group delivery methods are covered. Current evidenced-based intervention methods are researched and discussed in comparison to mental health practice. Students participate in a 6-hour per semester laboratory experience in the local community to practice interviewing, assessment, and group leadership skills in the field.

OT 623 Professional Interaction: Groups 3 CH

Students study the elements of groups: leadership, group membership/roles, and communication patterns during group processes. The basic assumption regarding systems work with groups from an OT perspective are covered to prepare for a future role as entrepreneur in emerging OT practice arenas. Developing observation skills of these elements that reflection and documentation can occur and provide deeper insight and meaning to the group leader/therapist. Observations of self help groups are assigned to further understanding of community-based support systems. Small group laboratory experiences are used to illustrate the stages of group process and study the elements affecting a group's cohesiveness. Students design and lead intervention groups using multiple frames of reference and OT models.

OT 625 Leadership and Administration in Occupational Therapy 3 CH

This course uses the formats of lecture, seminar, collaborative group work, problem-based learning, and presentations to study leadership, supervision and management in health care contexts and organizations. This course provides the knowledge and opportunities to practice critical and ethical reasoning, and skills
for organizational analysis, leadership, management, and supervision. Leadership and management theories including aspects such as budgeting, marketing and strategic planning are examined in detail. Students use self assessment and reflective for professional development planning and AOTA specialty and Board Certification processes. Evidence-based processes are used to find and evaluate research evidence to determine the best course of action in management, supervisory, and leadership situations. Guest lectures from the PT and nursing programs expose students to their future roles as members of interdisciplinary health care teams.

OT 651 Research III 3 CH
Students study a variety of quantitative and qualitative research designs and methodologies and design and complete their proposals for the Capstone research project in collaboration with faculty advisors and peer groups. This course culminates in the submission of the proposal to the Sacred Heart University Institutional Review Board for review. Course formats include seminars, in-class workshops, and regular meetings with Capstone advisor.

OT 653 Research IV 5 CH incl. 1 credit field research
Students implement and complete their capstone research project. Students will spend time in the field conducting their research and schedule ongoing advisement with their faculty project advisor(s). Statistical and qualitative data analysis are highlighted as well as professional writing. Course formats include seminars, in-class workshops, and regular meetings with Capstone advisor.

OT 655 Capstone Research Project 3 CH
Students complete their capstone research projects, finalize their Capstone paper, create and present a research poster, and defend their work to their faculty and peers. The Capstone poster must meet AOTA criteria for poster presentations. A successful oral defense with poster presentation of the Capstone research is required for graduation and is scheduled prior to students leaving for level II fieldwork. Students are responsible for scheduling regular Capstone advisement meetings and establishing appropriate timelines and objectives with their Capstone advisor. Students requiring additional time to complete the Capstone research project will pay tuition at a rate of 1.5 graduate credits per semester for continued research advisement. This is a hybrid course and includes online formats, in-classworkshops, and advisement.

OT 671 Health Care and Professional Foundations II: Health Care Policies and Law 2 CH
This course explores legal, social, educational, and health care policies as they affect the practice of OT. Constructs governing practice and reimbursement are examined, including IDEA and ADA. International classifications of diseases, and functioning, disability and health, along with reimbursement codes, are reviewed to provide students with the tools for professional documentation for accountability and reimbursement. Identification of local, national, and international vehicles for advocacy in the arena of health care policy and law is emphasized and encouraged. This is an online/hybrid course.

OT 673 Health Promotion/Roles in the Community 3 CH incl. 1 credit Lab
Students complete a needs assessment of a community population and develop a community-based program. Lab experience is community based, and includes gathering the data needed for the needs assessment, communicating the results to stakeholders, and program implementation and evaluation. The experience is designed to give students the proactive entrepreneurial skills needed to identify and work in community based and emerging arenas of practice. The course also examines the theoretical models of community based practice and health promotion including consultation,
resilience and prevention. The course utilizes lecture, discussion, laboratory, and advisement.

OT 691 Level II Fieldwork 4 CH
12 weeks of full-time equivalent supervised fieldwork education. Hours are usually 40 hours per week, with specific hours determined by the fieldwork site. Students arrange fieldwork site locations with the Academic Fieldwork Education Coordinator.

OT 693 Level II Fieldwork 4 CH
12 weeks of full-time equivalent supervised fieldwork education. Hours are usually 40 hours per week, with specific hours determined by the fieldwork site. Students arrange fieldwork site locations with the Academic Fieldwork Education Coordinator.

OT 699 Independent Study in Occupational Therapy Intervention (optional) 1–3 CH
Must have the approval of program chairperson and academic advisor. Independent project exploring a selected aspect of occupational therapy practice.

Physical Therapy

Michael J. Emery, PT, Ed.D., FAPTA
Director

Fax: 203-365-4723
E-mail: emerym@sacredheart.edu

DOCTOR PHYSICAL THERAPY (DPT)
The University's Doctoral Program in Physical Therapy prepares students for professional practice as general practitioners who demonstrate self-directed, ongoing learning, competency in clinical practice, a commitment to the application of professional skills and knowledge in service to others. The program's curriculum is a problem-based learning (PBL) design. PBL places emphasis on the development of a reflective practitioner by teaching students to learn from and solve clinical problems. Curriculum content is organized around carefully designed clinical patient problems that students study, discuss and research in small tutorial groups. Students learn to synthesize information from multiple disciplines as it is relevant to the clinical problem. Tutorial group work develops interdependence among students, and supports the use of peers in learning and problem solving. Clinical education includes part-time, integrated experiences in each of the academic semesters, and full-time clinical education in the summers following the first and second years of study and the final semester of the academic program. Clinical education totals 38 weeks of full-time work and approximately 12 to 16 hours per semester of part-time work.

GOALS AND OBJECTIVES
The graduate of the Program in Physical Therapy at Sacred Heart University will demonstrate the ability to:

• Practice in an ethical, legal, safe, caring and effective manner.
• Screen individuals to determine the need for physical therapy examination or for referral to other health professionals.
• Determine in any patient with physical dysfunction a diagnosis that is within the scope of physical therapy.
• Design and manage a comprehensive physical therapy plan of care.
• Apply concepts and principles of management in the provision of physical therapy to individuals, organizations and communities.
• Apply concepts of teaching and learning theories in designing, implementing and evaluating learning experiences used in the education of patients, students, colleagues and the community.
• Apply basic principles of the scientific method to read and interpret professional literature, to participate.
in clinical research activities, and to critically analyze new concepts and findings.

- Design and implement cost-effective physical therapy services.
- Plan and implement programs designed to promote and maintain health and wellness.
- Use current information management technologies in the delivery of physical therapy services and analysis of data when indicated.
- Demonstrate effective verbal, nonverbal and written communication skills.
- Reassess and modify treatment and service outcomes.
- Plan for future professional development to maintain a level of practice consistent with acceptable standards.
- Participate in developing methods to meet the physical therapy needs of society.
- Serve as consultants to individuals, colleagues in physical therapy, other health professionals, organizations and the community.
- Participate in personal and professional service activities for the benefit of self, others and the greater community.
- Appreciate the significance of biological, psychological, cognitive, social and cultural factors as it relates to the provision of physical therapy services to patients, families, other health professionals and the community.
- Examine, evaluate and interpret the results of history and clinical findings in order to diagnose clinical problems within the scope of physical therapy practice.
- Synthesize the findings from laboratory and diagnostic tests, including radiologic assessments, in order to arrive at a diagnosis and prognosis for rehabilitation.
- Differentiate from history and diagnostic findings relevant information which should result in a referral to another practitioner.
- Utilize advanced clinical measurement instrumentation, where appropriate, in order to diagnose and intervene in patient/client clinical problems.
- Participate in program development and evaluation.
- Be prepared to practice as a primary care provider for clinical problems within the scope of physical therapy practice.
- Be prepared to evaluate the health of communities and populations.
- Be prepared to facilitate the health and wellness of communities and populations through clinical interventions, health promotion and personalized care activities.

ADMISSION REQUIREMENTS

Students entering the program must have completed an undergraduate degree in the discipline of their choice. In the case of Sacred Heart University undergraduates, undergraduate study in biology, exercise science, or psychology may be completed in three years, followed by three years of graduate study. Students also must have completed the necessary course prerequisites by the end of the Summer semester prior to enrollment and have no more than two courses outstanding at the time of application. Students are admitted to the program on a competitive basis. Applicants must submit all materials for admission consideration by December 15 (or as published by the Graduate Admissions Office) for the incoming Fall class.

Application materials must include:
- a graduate admissions application form;
- two letters of recommendation (one from an academic source and one from an employment/volunteer source);
- complete official transcripts of all previous college or university study; and
- a nonrefundable application fee

Admission criteria include:
- physical therapy prerequisite courses grade point average (GPA);
- undergraduate GPA;
- letters of recommendation;
- relevant activity in the health care field;
individual and group interviews with the Physical Therapy admissions committee.

**DEGREE REQUIREMENTS**

The program is a three-year (six semesters plus eight weeks of clinical education in the first summer and ten weeks in the second summer) course of study offered on a full-time basis only, to allow for the professional socialization of the student and the integration of coursework. This program leads to preparation for licensure as a physical therapist.

**Prerequisite Courses**

- BI 111, 112 Concepts in Biology I and II (6 credits)
- BI 113, 114 Concepts in Biology Laboratory I and II (2 credits)
- BI 131, 132 Human Anatomy and Physiology I and II (6 credits)
- BI 133, 134 Human Anatomy and Physiology Laboratory I and II (2 credits)
- CH 151, 152 General Chemistry I and II (6 credits)
- CH 153, 154 General Chemistry Laboratory I and II (2 credits)
- MA 131 Statistics for Decision Making (3 credits)
- MA 140 Precalculus (or above) (4 credits)
- PY 111, 112 General Physics I and II (or above) (6 credits)
- PY 113, 114 General Physics Laboratory I and II (2 credits)
- Two psychology electives (6 credits)

Total: 45 credits

**Required Courses**

**Semester Credit Year 1, Semester 1**

- PT 611 Structure and Function I (7 credits)
- PT 621 Examination and Documentation I (4 credits)
- PT 631 Evaluation-Intervention I (6 credits)

Semester Total: 17 credits

**Summer**

- PT 632 Evaluation-Intervention II (4 credits)

Semester Total: 16 credits

**Year 2, Semester 1**

- PT 713 Structure and Function III (7 credits)
- PT 723 Examination and Documentation III (4 credits)
- PT 733 Evaluation-Intervention III (3 credits)
- PT 741 Professional Practice II (2 credits)
- PT 743 Grand Rounds I (2 credits)

Semester Total: 18 credits

**Year 2, Semester 2**

- PT 714 Structure and Function IV (5 credits)
- PT 724 Examination and Documentation IV (3 credits)
- PT 734 Evaluation-Intervention IV (3 credits)
- PT 744 Grand Rounds II (3 credits)
- PT 760 Special Project I (3 credits)

Semester Total: 18 credits

**Year 3, Semester 1**

- PT 825 Contemporary Practice in Physical Therapy (9 credits)
- PT 845 Professional Practice III (4 credits)
- PT 861 Special Project II (4 credits)

Semester Total: 17 credits

**Year 3, Semester 2**

- PT 853 Clinical Experience III (6 credits)
- PT 854 Clinical Experience IV (6 credits)

Semester Total: 12 credits

Program Total: 108 credits
Clinical Education

The curriculum includes 21 credits of full-time clinical education at affiliating clinical sites across the United States. These activities occur in the summers following the first and second years of study and during the entire sixth semester of the program. Student placement for these clinical education experiences provides each student with a variety of learning experiences within different types of practice settings. The DPT program is affiliated with more than 300 clinical facilities representing a wide range of practice settings, located predominately in the northeastern United States, but include sites across the country. Each site must have a formal contractual relationship with the University that includes a description of the responsibilities associated with clinical education. The University supervises the student's clinical education experience through communication with the clinical instructor on site, written student performance evaluations and on-site visits as may be necessary. Students should anticipate the additional costs of clinical education in the curriculum, including travel, housing, meals and living expenses. In some cases, clinical sites may provide some assistance for expenses such as housing. Planning for clinical education is done through the DPT program by the academic coordinators of clinical education (ACCEs). Students will receive individual advisement regarding clinical education planning. Students will be asked to make clinical education placement requests; however, final placement decisions are the responsibility of the ACCEs.

PROGRAM ACCREDITATION

The Physical Therapy program was initially accredited by both the Connecticut Department of Higher Education (CTDHE) in 1998 and the Commission on Accreditation of Physical Therapy Education (CAPTE) in 1999. In 2003, both agencies approved transition of the program to the Doctor of Physical Therapy (DPT) degree. The program was recognized in these accreditation proceedings for several strengths, including the high quality of its curriculum, the exceptional qualifications of its faculty and for the level of University support provided to the program. CAPTE accreditation is an ongoing process for all PT programs. The PT program at Sacred Heart University received continuing accreditation in 2005 with the next CAPTE accreditation review occurring in 2014.

COURSE DESCRIPTIONS

YEAR 1, SEMESTER 1

17 CH [25.25 HRS/WK]

This semester focuses on the patient with movement dysfunction primarily due to musculoskeletal problems. While PT 611 serves as the tutorial course, each of the courses use the patient cases from tutorial (some with additional information or modification) as the context for learning. Cases first presented in the tutorial will not be used concurrently across courses, but will be presented in a course context-specific manner. The courses will be substantially interrelated and are, therefore, co-requisite to each other. The structured clinical experiences and related writing assignments are attached to the tutorial course for purposes of description. Also included in this semester and tied to components of each course are 4-6 structured clinical exposures for each student per semester that will serve as a mechanism for understanding clinical relevance to practice and patient care. Each structured clinical experience will have an associated short writing assignment that will be used to facilitate achievement of the goals of the experience and to work on writing competence.

PT 611 Structure and Function I

7 CH

This tutorial-based course covers the structure and function of the normal and impaired musculoskeletal system. Normal anatomy and biomechanics are examined in the context of patient cases with
common musculoskeletal problems to understand the tissue and organ stressors (including environmental interaction, aging, and disease processes) that result in physiological responses that may then lead to or exacerbate pathology, impairment or dysfunction. [Format: 2 3-hour tutorials, and 2 large group discussions (75 minutes) each and 1 2-hour laboratory per week.]

PT 621 Examination and Documentation I 4 CH
This course presents conceptual models for clinical decision-making and expert practice for patients presenting with musculoskeletal dysfunction. Students are introduced to psychosocial, psychomotor, and communication aspects of interacting with patients and their families. Using tutorial-based cases, basic concepts in patient data collection from the patient interview to clinical tests and measurements of the musculoskeletal system are presented, including assessment of: range of motion, joint integrity and mobility, pain, basic muscle performance, posture, body mechanics and observational gait analysis. Students are introduced to the concepts of evidence-based practice, with emphasis on principles necessary to understanding patient impairment, functional outcome and disability data, measurement characteristics of and rationale for choices among available tests and measures, and strengths and limitations of using data to draw conclusions about individual patients or patient groups. Parameters of patient documentation as a data management tool and form of professional communication are initiated. [Format: 2 2.5-hour laboratories and 1 large group discussion per week (75 minutes each).]

PT 631 Evaluation and Intervention I 6 CH
This course includes interpretation and implications of patient history, patient goals and examination data, including diagnostic imaging, to evaluation of the patient with musculoskeletal problems, to diagnosis of movement dysfunction, to formulation of a prognosis and to planning appropriate interventions. The intervention options, the physiologic rationale, implications and evidence for choices in the context of tutorial cases are discussed for impairment-level problems with strength, range of motion, inflammation and pain. Implications of pharmacologic use and interactions on the musculoskeletal system and related structures are also included, as well as the role of assistive and adaptive devices in facilitating goal achievement. [Format: 2 large group discussions (75 minutes each) and 2 3-hour labs per week.]

YEAR 1, SEMESTER 2

16 CH [23.5 HRS/WK]
This semester focuses on the patient with movement dysfunction primarily due to neurologic problems, although some cases include musculoskeletal problems to maintain continuity across semesters. While PT 612 serves as the tutorial course, each of the courses uses the patient cases from tutorial (some with additional information or modification) as the context for learning. Cases first presented in the tutorial will not be used concurrently across courses, but will be presented in a course context-specific manner. The courses will be substantially interrelated and are, therefore, corequisite to each other. Also included in this semester and tied to components of each course are 4–6 structured clinical exposures for each student per semester that serve as a mechanism for understanding clinical relevance to practice and patient care. Each structured clinical experience has an associated short writing assignment that will be used to facilitate achievement of the goals of the experience and to work on writing competence.

PT 612 Structure and Function II 7 CH
This tutorial-based course covers the structure and function of the normal and impaired neurological system. Anatomy of the central, peripheral and autonomic nervous systems is examined in the context of patient cases with common neurological pathology to understand the
interactive effects of normal, pathological, developmental or agerelated and environmental influences on movement (including motor planning, motor control and motor learning). [Format: 2 3-hour tutorials, and 3 large group discussions (75 minutes) each per week.]

PT 622 Examination and Documentation II 5 CH
Using neurologically involved patients from tutorial-based cases, principles of examination and patient data collection are expanded to include interview issues with and clinical tests and measurement options and rationales for assessing: attention, arousal, cognition, cranial nerve integrity, neuromotor development, reflex integrity, sensory integrity and motor performance. Handling skills for the more involved patient will be included, as will implications of findings for referral to other health care practitioners. Students continue to examine how to use evidence in practice by developing an understanding of and ability to analyze and independently interpret the range of issues affecting statistical and clinical inference in a published research, including individual studies, systematic reviews and clinical practice guidelines. [Format: 2 2.5-hour laboratories and 2 large group discussions per week (75 minutes each).]

PT 632 Evaluation and Intervention II 4 CH
This course includes interpretation and implications of patient history, patient goals and examination data, including diagnostic imaging, to evaluation of the patient with neurologic problems, to diagnosis of movement dysfunction, to formulation of a prognosis and to planning appropriate interventions for the patient with neurologic involvement with consideration of best available evidence. The intervention options and implications for choices in the context of tutorial cases are discussed, for example, for problems with balance, gait, and motor function. Gait analysis are used as a support to the patient evaluation process. The implications of pharmacologic use and interactions on the nervous system and related structures are also included, as well as the role of assistive and adaptive devices in facilitating goal achievement. [Format: 1 large group discussion (75 minutes) and 2 2.5-hour lab/seminars per week.]

YEAR 1, SUMMER 5 CH

PT 740 Professional Practice 1 CH
This three-day, all-day retreat provides students with the opportunity to explore fundamental issues of professionalism in physical therapy, patient communication and interaction, and professional ethics through readings, discussions, and small group activities. This seminar prepares students to enter full-time clinical education later in the summer.

PT 651 Clinical Experience I 4 CH
This 8-week full-time supervised clinical experience takes place in an environment that has a predominant caseload of patients with musculoskeletal and/or neurologic problems.

YEAR 2, SEMESTER 1 18 CH [26.25 HRS/WK]
This semester focuses on the patient with movement dysfunction primarily due to cardiopulmonary or integumentary problems, as well as movement dysfunctions for the patient with complex and multisystem problems. Although PT 713 serves as the tutorial course, each of the courses use the patient cases from tutorial (some with additional information or modification) as the context for learning. Cases first presented in the tutorial are not necessarily used concurrently across courses, but are presented in a course context-specific manner. The courses are substantially interrelated and are, therefore, co-requisite to each other. Also included in this semester and tied to components of each course are 4-6 structured clinical exposures for each student per semester that serve as a mechanism for understanding clinical relevance to practice and patient care. Each structured
clinical experience has an associated short writing assignment that will be used to facilitate achievement of the goals of the experience and to work on writing competence.

**PT 713 Structure and Function III** 7 CH

This tutorial-based course covers the structure and function of the normal and impaired cardiopulmonary and integumentary systems. Patient cases include not only problems of the cardiopulmonary and integumentary systems, but also the patient with complex, multisystem problems such as amputation, cancers, chronic pain, and frailty. The interactive effects of normal, pathological, developmental or age-related and environmental influences on the ability to perform activities of daily living and on response to exercise are considered. The implications of pharmacologic use and interactions on the relevant systems and on exercise tolerance are also. [Format: 2 3-hour tutorials per week and 3 large group discussions per week (75 minutes each).]

**PT 723 Examination and Documentation III** 4 CH

In the context of tutorial-based cases, students continue with clinical tests and measurements to assess ventilation, respiration, circulation, aerobic capacity, and endurance for patients with problems of the cardiopulmonary and integumentary systems, as well as special tests and measurements that might apply to the frail patient, patients with cancer, or patients with amputation being considered for prosthetic intervention. Students develop an understanding of how patient data and documentation systems are used to develop diagnostic codes and patient classification systems that direct patient care, support interprofessional communication and provide a rationale for the patient's plan of care. Diagnostic screening and implications of findings for referral to other health care practitioners are also included. Development of a mini-proposal build skills in applying evidence to practice. [Format: 1 large group discussion (75 minutes) and 2 3-hour lab/seminars per week.]

**PT 733 Evaluation and Intervention III** 3 CH

This tutorial-based course looks at clinical decision-making for the patient with cardiopulmonary dysfunction, the more complex patient and the patient with multisystems involvement. Intervention options, rationales and implications for choices in patient groups are considered. The impact of lifespan issues, family/cultural/societal support systems and expectations, and health care resource limitations are also considered in the context of how these affect evaluation, prognosis and intervention for a patient. Patient advocacy issues relative to obtaining equipment and support services are included. Also included in this semester and tied to components of each course are 4 to 6 structured clinical exposures for each student per semester that serve as a mechanism for understanding clinical relevance to practice and patient care. Each structured clinical experience has an associated short writing assignment that is used to facilitate achievement of the goals of the experience and to work on writing competence. [Format: 1 large group discussion (75 minutes) and 2 2-hour lab/seminars per week.]

**PT 741 Professional Practice II** 2 CH

This course uses tutorial-based cases to examine the roles and responsibilities of the physical therapist as a professional. Scope of physical therapy practice is explored, including the role and responsibilities of other members of the health care team, responsibilities in referral to other health care professionals and in delegation to and supervision of support personnel. Ethical guidelines and conflicts are considered along with factors affecting patient, family and interprofessional communication. Patient and family educational issues are examined in the context of optimizing short- and long-term outcomes. [Format: 1 large group discussion (150 minutes each) per week.]
PT 743 Grand Rounds I 2 CH
Students work in small groups utilizing clinical case scenarios typical of patients with complex medical problems affecting the cardiovascular, pulmonary, integumentary systems and immune systems. Students apply an evidence-based analysis of the literature related to a specific clinical examination, intervention, or management strategy. The culminating product of the semester is a professional presentation of the case and evidence-based findings to students and faculty.

YEAR 2, SEMESTER 2
18 CH [25.0 hrs/wk]
This semester focuses on the patient with movement dysfunction primarily due to spinal, TMJ, or genitourinary problems, including patients with congenital or acquired spinal cord injury that is inherently multisystem and complex. Although PT 714 serves as the tutorial course, each of the courses use the patient cases from tutorial (some with additional information or modification) as the context for learning. Cases first presented in the tutorial are not necessarily used concurrently across courses, but are presented in a course context-specific manner. The courses are substantially interrelated and are, therefore, co-requisite to each other. Also included in this semester and tied to components of each course are 4 to 6 structured clinical exposures for each student per semester that serve as a mechanism for understanding clinical relevance to practice and patient care. Each structured clinical experience has an associated short writing assignment that is used to facilitate achievement of the goals of the experience and to work on writing competence. This semester also includes the first special project that will serve as the summative capstone experience for the patient-based components of the curriculum.

PT 714 Structure and Function IV 6 CH
This tutorial-based course covers the in-depth structure and function of the normal and impaired axial skeleton and genitourinary system, including problems related to pregnancy, spinal dysfunction, TMJ, and spinal cord injury. Building on the foundational musculoskeletal and neurologic systems presented in previous semesters, patient problems are inherently more complex and likely to involve at least two systems. The interactive effects of normal, pathological, developmental or age-related and environmental influences on the ability to perform activities of daily living and on response to exercise are explored. The implications of pharmacologic use and interactions on the relevant systems and on exercise tolerance are included. [Format: 2 3-hour tutorials and 2 large group discussions (75 minutes).]

PT 724: Examination and Documentation IV 3 CH
In the context of tutorial-based cases, students continue with clinical tests and measurement options and rationales for assessing spinal dysfunction, genitourinary problems, mobility impairments, and environmental/ergonomic factors including functional capacity evaluations. The strengths and limitations of advanced technology-based procedures for obtaining examination data, including muscle performance and movement analysis, are introduced. [Format: 1 large group discussion (75 minutes) and 2 2-hour lab/seminars per week.]

PT 734 Evaluation and Intervention IV 3 CH
This course includes interpretation and implications of patient history and examination data, including diagnostic imaging, to evaluation of the patient with spinal, TMJ, genitourinary, or complex mobility problems, to diagnosis of movement dysfunction, to formulation of a prognosis and to planning appropriate interventions using best available evidence. The intervention options, rationale, and implications for choices among spinal interventions, exercise programs, assistive or supportive devices, and orthotics are examined as the means...
of optimizing mobility and self-care. Gait analysis is used as a support to the patient evaluation process. The implications of pharmacologic use and interactions on the studies systems and related structures are also included, as well as the role of assistive and adaptive devices in facilitating goal achievement. [Format: 1 large group discussion (75 minutes) and 2 2-hour labs per week.]

PT 744 Grand Rounds II 3 CH
Students work in small groups utilizing clinical case scenarios typical of patients with complex medical problems affecting the musculoskeletal and neurological systems. Students apply an evidence-based analysis of the literature related to a specific clinical examination, intervention, or management strategy. The culmination product of the semester is a professional presentation of the case and evidence-based findings to students and faculty.

PT 760 Special Project I 3 CH
Students complete and present a project that will be a summative experience across coursework to date. Students are presented with complex clinical cases from which key issues in examination or intervention are selected. Working in small groups, students review the research literature on their assigned case-related management issue. Using independent and self-directed learning, students:
1. assess the value of case and issue-related scientific literature to the clinical decision making;
2. choose, analyze, and present the research article chosen to best facilitate clinical decision-making;
3. make a recommendation for the patient case based on the reviewed article and background literature; and
4. briefly propose a research project that would address one or more deficits in the current body of relevant research literature. This major project will demonstrate the students' ability to appropriately use research literature to guide clinical decision-making and practice, as well as their understanding of the role of research in advancing practice and contributing to the profession's body of knowledge. [Format: Preparation is largely independent. Each group will present for approximately 60 minutes once during the semester (2 presentations per class session). Student will be required to attend all presentations but little preparation is required for other than one's own presentation. 1 3-hour presentation session per week for the latter half of the semester.]

YEAR 2, SUMMER

PT 752 Clinical Experience II 5 CH
This 10-week full-time supervised clinical experience takes place in an environment that differs from the student's first affiliation and is expected to prepare students to work with more complex and multisystem-involved patients, as well as prepare the student to carry an independent caseload.

YEAR 3, SEMESTER

1 - 17 CH [22.75 hrs/wk]
This semester focuses on the larger issues in contemporary physical therapy practice rather than on individual patient management. While PT 825 serves as the tutorial course, PT 843 will also use the contemporary practice cases from tutorial as the context for learning. The courses will be substantially interrelated and, therefore, co-requisite to each other. Students also work with a faculty member and preceptor for their second Special Project.

PT 825 Contemporary Practice in Physical Therapy 9 CH
This tutorial-based course focuses on the health care delivery system—the content in which practice exists, must function, and within which practice goals and objectives are established. Practice-based cases are used to develop an understanding of health care finance and financial decision-making (including an understanding of case-mix and cost-effectiveness issues), marketing, and capitation/contractual issues. Trends in health care and health care
finance are examined in the context of understanding the role of the physical therapist as an advocate for the patient and the profession. The function of and considerations relative to the physical therapist as a consultant to other practices, health care providers, or a community are discussed. Program evaluation and needs assessment strategies, concepts in wellness assessment, and screening programs are considered as elements of understanding current practice status, potential for new services and short- and long-term practice planning strategies. [Format: 2 3-hour tutorials, 3 large group discussions (75 minutes), and 1 2-hour seminar per week.]

PT 845 Professional Practice III 4 CH

Practice-based tutorial cases are used to prepare students for role competence in practice implementation issues. Practice-based cases are used to develop an understanding of the role of standardized patient examination data and patient/practice documentation systems (including employee assessment tools) in examining practice outcomes, administrative issues such as scheduling (patient and personnel), and cost-effectiveness issues around equipment/supplies. The role of documentation systems in contributing to the body of knowledge of the profession and generating financial data is explored. This course prepares students for community outreach, implementation of wellness programming, advanced or specialized intervention programs in the context of either practice-based tutorial cases or past tutorial cases revisited. Students are exposed to options for and have selected experiences with interventions based on advanced technology. Professional presentations by the students are used as the teaching-learning medium for a substantial segment of this course. [Format: 1 large group discussion (75 minutes per week) and 1 2.5-hour seminar per week.]

PT 861 Special Project II 4 CH

This project is a summative experience across coursework to date, serving as a capstone experience for the practice and community-based phase of the curriculum. Students work in small groups to develop a full proposal, including some data collection, analysis, and interpretation. Students work jointly with a faculty member and preceptor from the professional community who can lend expertise to the clinical problem. Each group presents and defends its project to the class, preceptor and faculty, and (where possible) relevant practice personnel in an end-of-semester professional presentation week. The final outcome of each project (approved by the preceptor and faculty) includes a formal written recommendation that includes a full and documented rationale. One day per week of integrated field experience provides students time to focus on their clinical practice problem. [Format: 1 3-hour seminar/presentation session and 1 3-hour field work period per week.]

YEAR 3, SEMESTER 2 12 CH [40 hrs/week]

In this final semester, students complete their study with both clinic-based patient management experiences, and with practice-based clinical and didactic experiences.

PT 853 Clinical Experience III 6 CH

PT 854 Clinical Experience IV 6 CH

These two full-time supervised clinical experiences (in 2 10-week units) take place either in a single environment that offers different patient care or practice options, or in two different settings that will round out the student's exposure to patient care. Students are exposed to and participate in practice administration for at least some period during this final experience or set of experiences.

C.A.S., Wesleyan University  
Ed.D., City University Los Angeles  

Jody Bortone  
Chairperson, Occupational Therapy  
Director, Occupational Therapy Program  
Clinical Associate Professor  
Occupational Therapy  
B.S., Columbia University  
M.A., New York University  
Ed.D., Fordham University  

Donna M. Bowers  
Clinical Assistant Professor  
Physical Therapy  
B.S., Northeastern University  
M.P.H., Southern Connecticut State University  

*Rachel E. Bowman  
Associate Professor  
Psychology  
B.S., M.A., Appalachian State University  
Ph.D., City University of New York–Hunter  

*Benoit Boyer  
Chairperson, Accounting and Information Systems  
Professor  
Accounting  
B.S., University of Montreal  
Ph.D., University of California, Los Angeles (UCLA)  

Salome V. Brooks  
Academic Coordinator of Clinical Education  
Clinical Assistant Professor  
Physical Therapy  
B.A., Quinnipiac College  
M.B.A., Sacred Heart University  
M.A., Teachers College, Columbia University  

*Stephen M. Brown  
Professor  
Management  
B.A., University of Massachusetts  
M.A., University of Rhode Island  
Ed.D., Boston University  

Antoinette Bruciati  
Coordinator for Education Technology  
Assistant Professor  
Education  
B.S., M.S., Southern Connecticut State University  
M.A., Sacred Heart University  
Ph.D., Nova Southeastern University
Karen Christensen  
Griswold Campus Director,  
Graduate Education Programs  
Clinical Associate Professor  
Education  
B.S., M.S., 6th Yr., Southern  
Connecticut State University  
Ph.D., Union Institute

Kevin K. Chui  
Assistant Professor  
Physical Therapy  
B.S., M.S., Long Island University  
Ph.D., New York University

Michelle A. Cole  
Instructor  
Nursing  
B.S.N., Saint Joseph College  
M.S.N., University of Hartford

Maureen A. Conard  
Associate Professor  
Psychology  
B.A., Providence College  
M.A., Ph.D., University of Connecticut

Patricia A. Conti  
Instructor  
English  
B.A., San Jose State University  
M.S., Boston University

Thomas D. Curran  
Professor  
History  
B.A., University of Delaware  
M.A., M.Phil., Ph.D., Columbia University

Clinical Assistant Professor  
Occupational Therapy  
B.S., Boston University  
M.S., Ohio State University

*Kathryn M. LaFontana  
Chairperson, Psychology  
Associate Professor  
Psychology  
B.S., University of Toronto  
M.A., Ph.D., University of Connecticut

Kittipong Laosethakul  
Assistant Professor  
Information Systems  
B.S., Chulalongkorn University, Bangkok, Thailand  
M.S., University of Alabama  
Ph.D., Auburn University

*Michael D. Larobina  
Professor  
Management  
B.A., Pace University  
J.D., University of Bridgeport  
LL.M., Fordham University School of Law
Leanna Lawter
Instructor
Management
B.A., Colgate University
M.S., University of Vermont
M.B.A., University of Connecticut

Marian Leal
Instructor
Biology
B.S., M.S., St. John's University

*Pamela K. Levangie
Professor
Physical Therapy
B.S., Northeastern University
M.S., D.Sc., Boston University

*Lois A. Libby
Supervisor of 5th Year Program
Associate Professor
Education
B.A., M.Ed., C.A.S., University of Maine
Ph.D., University of Connecticut

*Stephen J. Lilley
Chairperson, Sociology
Associate Professor
Sociology
B.A., College of the Holy Cross
M.A., Ph.D. University of Massachusetts, Amherst

Ralph Lim
Associate Professor
Economics and Finance
B.S.E., Princeton University
M.B.A., Wharton School, University of Pennsylvania

Maria Lizano-DiMare
Assistant Professor
Education
B.S., University of Switzerland
M.A., Ed.D., University of Hartford

Karl M. Lorenz
Director, Teacher Certification Programs
Clinical Associate Professor
Education
B.S., Illinois Benedictine College
M.A., Ed.D., Columbia University

*Michelle Loris
Associate Dean, College of Arts and Sciences
Professor
English
B.A., Sacred Heart University
M.A., University of Bridgeport
Ph.D., Fordham University
M.S., M.F.T. University of Bridgeport
Psy.D., Antioch New England

*Peter Loth
Associate Professor
Mathematics
M.S. equiv., University of Erlangen, Nurnberg, Germany
Ph.D., Wesleyan University

James M. Lundberg
Assistant Professor
History
B.A., Connecticut College
M.Phil., Ph.D., Yale University

*Michelle Lusardi
Professor
Physical Therapy
B.S., SUNY Downstate Medical Center
M.S., Ph.D., University of Connecticut

*Bridget Lyons
Chairperson, Economics and Finance
Associate Professor
Economics and Finance
B.A., Georgetown University
M.S., Columbia University
D.P.S., Pace University

Anthony D. Macari
MBA Director
Clinical Assistant Professor
Finance
B.A., M.B.A., University of Connecticut
J.D., Pace University

Paul K. Madonna
Visiting Professor
Government and Politics
B.A., Manhattan College
M.A., New York University
M.A., Ed.D., Teachers College, Columbia University
J.D., Touro College
**Richard M. Magee**
Director, Freshman Communications Program
Associate Professor
English
B.A., University of California at Berkeley
M.A., Polytechnic State University, San Luis Obispo
Ph.D., Fordham University

*Edward W. Malin*
Chairperson, Education
Director of Education Programs in Fairfield, Griswold, and Stamford
Professor
Education
B.A., University of Notre Dame
M.A., Ph.D., Fordham University

**Khawaja A. Mamun**
Assistant Professor
Economics and Finance
B.S.S., M.S.S., M.B.A., University of Dhaka, Bangladesh

**Christel Manning**
Director, Master of Arts in Religious Studies Program
Associate Professor
Religious Studies
B.A., Tufts University
M.A., Ph.D., University of California

**Peter A. Maresco**
Clinical Associate Professor
Marketing
B.A., University of Charleston
M.A., Fairfield University
Ph.D., Walden University

*Robin L. McAllister*
Associate Professor
English
B.A., Wesleyan University
M.A., Ph.D., Princeton University

**Jennifer Mattei**
Associate Professor
Biology
B.S., University of Maryland
M.F.S., Yale University
Ph.D., SUNY at Stony Brook

**Keri A. Matthews**
Instructor
Computer Science/Information Technology
B.A., Tufts University
M.S., University of New Haven

Assistant Professor  
Occupational Therapy  
B.S., Cornell University  
M.S., Mercy College  
O.T.D., Creighton University  

*Mindy Miserendino  
Associate Professor  
Psychology  
B.A., Franklin and Marshall College  
M.A., Ph.D., New York University  

Christopher F. Mojcik  
Lecturer  
Biology  
B.A., Washington University  
M.D., Ph.D., University of Connecticut School of Medicine  

*Jason Molitierno  
Director, Thomas More Honors Program  
Associate Professor  
Mathematics  
B.S., Connecticut College  
Ph.D., University of Connecticut  

Matthew F. Moran  
Assistant Professor  
Human Movement and Sports Science  
B.S., The College of William and Mary  
M.S., Ph.D., The Pennsylvania State University  

Patrick W. Morris, Jr.  
Instructor  
Criminal Justice  
B.S., University of Delaware  
M.P.A., University of New Haven  

Joseph C. Mudd  
Instructor  
Religious Studies  
B.A., The University of Montana  
M.Div., Harvard Divinity School  

Ryan D. Mullen  
Assistant Professor  
Mathematics  
B.S., M.S., University of Idaho  
Ph.D., University of Connecticut  

*Pilar Munday  
Associate Professor  
Foreign Languages  
A.S., B.A., University of Granada, Spain  
M.A., Ph.D., New York University  

*Edward T. Murray  
Associate Professor  
Education  
B.S., M.S., Southern Connecticut State University  
Ph.D., University of Connecticut
Joseph L. Nagy  
Co-Director, AIP Program  
Instructor  
English  
B.A., Fairfield University  
M.A., Regis University  

Gerald E. Neipp  
Assistant Professor  
Education  
B.S., Boston University  
M.S., Central Connecticut State University  
Ed.D., Nova Southeastern University  

Terry Neu  
Assistant Professor  
Education  
B.A., Harding University  
M.S., University of Central Arkansas  
Ph.D., University of Connecticut  

Gail M. Nordmoe  
Assistant Professor  
Education  
B.A., University of Illinois  
M.Ed., Ed.D., Wayne State University  

*Lucjan T. Orlowksi  
Professor  
Economics and Finance  
M.A., Ph.D., Academy of Economy, Katowice, Poland  

Rupendra Paliwal  
Assistant Professor  
Economics and Finance  
B.E., Govt. Engineering College, Jabalpur, India  
M.B.A., ICFAI Business School, Ahmedabad, India  
Ph.D., University of Connecticut  

*Danny A. Pannese  
Associate Professor  
Accounting  
B.S., Sacred Heart University  
M.S., University of New Haven  

*Claire J. Paolini  
Dean, College of Arts and Sciences  
Professor  
Foreign Languages  
B.A., Boston University  
M.A., Middlebury College  
Ph.D., Tulane University

Professor
Accounting
B.S., Dong-Guk University, Seoul
M.B.A., Ph.D., Rutgers University

*Joshua A. Shuart
Associate Professor
Sport Management
B.A., Grove City College
M.A., St. Bonaventure University
Ph.D., University of Connecticut

*Marlina Slamet
Associate Professor
Physics
B.S., University of Indonesia
M.A., Brooklyn College of City University of New York
Ph.D., City University of New York
Graduate School and University Center
Penny A. Snetsinger  
Chairperson, Chemistry  
Associate Professor  
Chemistry  
A.B., Brandeis University  
M.S., University of Illinois  
Ph.D., University of New Hampshire

Timothy E. Speicher  
Director, Human Movement and Sports Science  
Clinical Associate Professor  
Human Movement and Sports Science  
B.S., Towson University  
M.S., Marshall University

Robert Lynne Staples  
Professor  
English  
B.A., Russell Sage College  
M.A., University of Virginia  
Ph.D., University of Massachusetts

Alfred Steinberr  
Executive in Residence and Professor  
Management  
Diploma, University of Madrid, Spain  
Diploma, University of Florence, Italy  
M.A., McMaster University, Ont., Canada  
M.S., George Washington University  
Ph.D., Cornell University

Dezroy Stewart  
Visiting Instructor  
Accounting  
B.S., University of the West Indies  
M.B.A., University of Connecticut

Julie A. Stewart  
Assistant Professor  
Nursing  
B.S.N., Regents College, University of the State of New York  
M.S.N., Sacred Heart University  
M.P.H., University of Connecticut Health Center  
D.N.P., Case Western Reserve University

Brian Stiltner  
Director, Center for Catholic Thought, Ethics, and Culture  
Associate Professor  
Religious Studies  
B.A., Carroll University  
M.A.R., Yale Divinity School  
M.Phil., Ph.D., Yale University

Geffrey F. Stopper  
Assistant Professor  
Biology  
B.A., Hartwick College  
M.S. Ph.D., Yale University

Linda L. Strong  
Assistant Professor  
Nursing  
B.S.N., University of Bridgeport  
M.S.N., The Catholic University of America  
Ed.D., Teachers College, Columbia University

Jing’an Tang  
Assistant Professor  
Management  
B.A., Renmin (People’s) Univ. of China  
M.B.A., University of Maryland  
Ph.D., University of Western Ontario

Barbara Magi Tarasovich  
Clinical Assistant Professor  
Accounting  
B.S., M.B.A., Sacred Heart University

Nina L. Turner  
Assistant Professor  
Psychology  
B.A., Sacred Heart University  
M.A., University of Missouri  
M.Phil., Ph.D., City University of New York

Thomas A. Terleph  
Faculty Representative and Advisor, Goldwater Fellowship  
Assistant Professor  
Biology  
B.A., Columbia University  
Ph.D., City University of New York, Graduate School and University Center

Mary Garlington Trefry  
Chairperson, Management  
Associate Professor  
Management  
B.A., Agnes Scott College  
M.L.S., University of Maryland  
M.A., M.Phil., Ph.D., Columbia University
Mary L. Treschitta
Assistant Professor
Art and Design
B.A., M.A.T., University of New Hampshire
M.F.A., Miami International University of Art and Design

*Amy Van Buren
Associate Professor
Psychology
B.A., Williams College
M.A., Emory University

Michael J. Ventimiglia
Associate Professor
Philosophy
Co-Director Hersher Institute for Applied Ethics
B.A., M.A., Fordham University
Ph.D., Pennsylvania State University

Gregory F. Viggiano
Assistant Professor
History
B.A., University of Montana
M.A., University of Texas
M.Phil., Ph.D., Yale University

Michael J. Ventimiglia
Associate Professor
Philosophy
Co-Director Hersher Institute for Applied Ethics
B.A., M.A., Fordham University
Ph.D., Pennsylvania State University

*Michael J. Ventimiglia
Associate Professor
Philosophy
Co-Director Hersher Institute for Applied Ethics
B.A., M.A., Fordham University
Ph.D., Pennsylvania State University

John H. Voss
Assistant Professor
Education
B.A., M.A., University of Wisconsin
6th Year, Southern Connecticut State University
Ed.D., University of Sarasota

Albert Wakin
Instructor
Psychology
B.A., M.S., University of Bridgeport
6th Year, Southern Connecticut State University

*Jonathan Walker
Chairperson, Art and Design
Associate Professor
Art and Design
B.A., Southern Connecticut State College
M.F.A., University of Connecticut

Patricia Wade Walker
Dean, College of Education and Health Professions
Professor
Medical Technology
B.S., University of Illinois at Chicago
M.A., Central Michigan University
Ed.D., Loyola University of Chicago

Karen C. Waters
Clinical Assistant Professor
Education
B.A., M.S., University of Bridgeport
6th Year, Southern Connecticut State University

Sherylyn M. Watson
Instructor
Nursing
B.S.N., Fairfield University
M.S.N., Quinnipiac University

*Laurence M. Weinstein
Professor
Marketing
A.B., Bowdoin College
M.B.A., Ed.D., Columbia University

Deirdre M. Yeater
Assistant Professor
Psychology
B.S., State University of New York, Maritime College
M.A., Ph.D., University of Southern Mississippi

Christopher C. York
Clinical Assistant Professor
Management
A.B., Colgate University
M.A., University of Hawaii
J.D., Emory University Law School

Eileen T. Yost
Instructor
Nursing
A.S., B.S.N., Pace University
M.S.N., Western Connecticut State University

*Sandra G. Young
Associate Professor
English
B.A., Rosary College
M.A., Ph.D., University of Louisville

*Jijin "Michael" Zhang
Associate Professor
Management
B.A., Guangzhou Institute of Foreign Language
M.A., Eastern Washington University
M.B.A., Gonzaga University
D.B.A., Cleveland State University

Karen C. Waters
Clinical Assistant Professor
Education
B.A., M.S., University of Bridgeport
6th Year, Southern Connecticut State University

Sherylyn M. Watson
Instructor
Nursing
B.S.N., Fairfield University
M.S.N., Quinnipiac University

*Laurence M. Weinstein
Professor
Marketing
A.B., Bowdoin College
M.B.A., Ed.D., Columbia University

Deirdre M. Yeater
Assistant Professor
Psychology
B.S., State University of New York, Maritime College
M.A., Ph.D., University of Southern Mississippi

Christopher C. York
Clinical Assistant Professor
Management
A.B., Colgate University
M.A., University of Hawaii
J.D., Emory University Law School

Eileen T. Yost
Instructor
Nursing
A.S., B.S.N., Pace University
M.S.N., Western Connecticut State University

*Sandra G. Young
Associate Professor
English
B.A., Rosary College
M.A., Ph.D., University of Louisville

*Jijin "Michael" Zhang
Associate Professor
Management
B.A., Guangzhou Institute of Foreign Language
M.A., Eastern Washington University
M.B.A., Gonzaga University
D.B.A., Cleveland State University
EMERITI FACULTY

Edward J. Bordeau
Professor Emeritus
Religious Studies
Ph.B., University of Montreal
M.A., Ph.D., Fordham University

Donald W. Brodeur
Professor Emeritus
Psychology
B.S., M.S., Ph.D., Fordham University

Marian S. Calabrese
Professor Emerita
English
B.A., M.A., State University of New York at Albany
Ph.D., University of Connecticut

Ralph L. Corrigan, Jr.
Professor Emeritus
English
B.A., Iona College
M.A., Ph.D., Fordham University

Raghunath Shashi V. Daté
Professor Emeritus
Management
B.Ch.E., Bombay University
M.Ch.E., University of Oklahoma
M.B.A., Sacred Heart University
M.S., M.Phil., Ph.D., Yale University

Raoul A. DeVilliers
Professor Emeritus
Mathematics
Ph.D. (Philosophy), Ph.D. (Applied Mathematics)
University of Havana, Cuba

Edward Donato
Professor Emeritus
History
B.A., M.A., Providence College

Ramzi N. Frangul
Professor Emeritus
Economics and Finance
B.A., University of Baghdad, Iraq
M.S., Loyola University of Chicago
Ph.D., New York University

Edward W. Gore
Professor Emeritus
Management
B.S., Massachusetts Institute of Technology
M.S., Columbia University
O.P.S. Pace University

Theodore Gutswa
Professor Emeritus
Art
B.A., Jersey City State College
M.F.A., Pratt Institute

Saul Haffner
Professor Emeritus
Management
B.S., Polytechnic Institute of New York
M.B.A., Hofstra University

Thomas H. Hicks
Professor Emeritus
Psychology
B.A., Cathedral College
S.T.B., The Catholic University of America
M.S., Ed., Iona College
Ph.D., St. John's University

William B. Kennedy
Professor Emeritus
History
Vice President, Public Affairs
B.A., University of Bridgeport
M.A. University of Pennsylvania
6th Yr. Certificate, University of Bridgeport

*John F. Kikoski
Professor Emeritus
Political Science
B.A., Wesleyan University
M.A., Ph.D., University of Massachusetts

Carol Kravitz
Professor Emerita
Nursing
B.S., Regents College
M.S., Binghampton University

Marcella Malloy
Professor Emerita
Modern Languages
B.A., Northwestern University
M.A., University of Chicago

George F. R. Miller
Professor Emeritus
Management
B.I.D., M.B.A., Syracuse University

Judith D. Miller
Professor Emerita
English
B.A., Tufts University
M.A., Western Connecticut State College
Ph.D., University of Connecticut
Camille P. Reale
Professor Emerita
Management
B.S., Central Connecticut State College
M.S., Fairfield University

Leland R. Roberts
Professor Emeritus
Music
University of Kansas

Mariann Russell
Professor Emerita
English
B.A., St. John's University
M.A., Ph.D., Columbia University

Carol D. Schofield
Professor Emerita
Biology
B.S., College of Mount St. Vincent
M.S., Fordham University
Ph.D., University of Connecticut

Jean Silva
Professor Emerita
Mathematics
B.S., Seton Hill University
M.A., 6th Year, Fairfield University

Maria-Teresa Torreira Tenorio
Professor Emerita
Modern Languages (Spanish)
B.S., Nuestra Senora del Sagrado Corazon, Madrid, Spain
M.A., Social Institute Leo XIII
Ph.D., University of Madrid, Spain

Constance E. Young
Professor Emerita
Nursing
B.S., Burbank Hospital School of Nursing and State College at Fitchburg
M.A., Ed.D., Teachers College, Columbia University

Virginia F. Zic
Professor Emerita
Art
Ph.B., DePaul University
M.A., Villa Schiffanoia Graduate School of Fine Arts, Italy
M.F.A., Syracuse University

ADJUNCT FACULTY

David J. Abate
Adjunct Instructor
Education
B.S., Central Connecticut State University

John N. Adinolfi
Adjunct Instructor
English
B.S.E.E., Manhattan College
M.S., New York University

Kathleen A. Agis
Adjunct Instructor
Nursing
B.S.N., Adelphi University

Anthony R. Alberino
Adjunct Instructor
Education
B.S., Quinnipiac University
M.S., 6th Year, Southern Connecticut State University

Ruth A. Alcabes
Adjunct Instructor
Information Literacy
B.A., Yale University
J.D., New York University
M.L.S., Southern Connecticut State University

Julie A. Alexander
Adjunct Instructor
Athletic Training
B.A., Eastern Connecticut State University
M.S., Old Dominion University

Paul R. Allan
Adjunct Instructor
Computer Science/Information Technology
B.S., Pace University
M.B.A., University of Connecticut

Claudette A. Allen
Adjunct Instructor
Chemistry
B.S., M.B.A., Sacred Heart University

Raymond J. Altieri
Adjunct Instructor
Mathematics
B.A., Sacred Heart University
M.A., Fairfield University

Michael C. Amico
Adjunct Instructor
Psychology
B.S., Salem State College
M.A., Antioch New England Graduate School
M.A., University of Hartford

Cassandra Andreas
Adjunct Instructor
Music
B.M., Eastman School of Music
Vanessa J. Avery
Adjunct Instructor
Religious Studies
B.A., McGill University
M.Th., Kings College, London U.K.

Emily N. Bachman
Adjunct Instructor
Biology
B.S., University of Santo Tomas
Ph.D., University of Minnesota

Paul J. Bailo
Adjunct Instructor
Management
B.S., St. John's University
M.B.A., Wagner College
M.S.W., Fordham University

Diane F. Baklik
Adjunct Instructor
English
B.S., M.A., St. Joseph College

Mary T. Ballas
Adjunct Instructor
Biology
B.S., University of Rhode Island
M.S., Southern Connecticut State University

Kenneth P. Bangs
Adjunct Instructor
Psychology
B.A., Providence College
M.A., Ph.D., Temple University

Ian M. Banner
Adjunct Instructor
Education
B.S., M.S., University of Bridgeport

Andrew H. Banoff
Adjunct Instructor
Management
B.A., Duke University
M.B.A., City University of New York, Baruch College

Nancy J. Barate
Adjunct Instructor
English
B.A., M.A., University of Bridgeport

David G. Barber
Adjunct Instructor
Economics
B.A., Middlebury College
M.B.A., University of Pennsylvania
Maria C. Baris  
Adjunct Instructor  
English  
B.S., M.A., Seton Hall University

Cynthia E. Barnett  
Adjunct Instructor  
Education  
B.S., New York University  
M.A., Ed.D., Teachers College, Columbia University

Cynthia F. Barwise  
Adjunct Instructor  
Occupational Therapy  
A.A.S., Orange County Community College  
B.S., Dominican College of Blauvelt

Arne Bass  
Adjunct Instructor  
Art and Design  
B.F.A., Massachusetts College of Art

Adjunct Instructor  
Education  
B.S., University of Connecticut  
M.S., Southern Connecticut State University

Barbara Benjamin  
Adjunct Associate Professor  
English  
B.A., M.A., University of Bridgeport

Andrea Benko  
Adjunct Instructor  
Biology  
B.S., University of Connecticut  
D.C., Palmer College of Chiropractic

Murielle S. Benros  
Adjunct Instructor  
Foreign Languages  
M.S., Université Paris VIII  
M.S., École Nationale de Procédure, Paris

Lisa Ann Bernard  
Adjunct Instructor  
English  
B.A., Union College  
M.A., Columbia University

Carrie L. Bernier  
Adjunct Instructor  
Criminal Justice  
B.A., Boston College  
J.D., Pace University School of Law

Paul D. Bernier, Jr.  
Adjunct Instructor  
Physical Therapy  
B.A., Albertus Magnus College  
M.S., Sacred Heart University

Janet H. Betts  
Adjunct Instructor  
Health Science  
A.S., B.S., M.A.R.S., Sacred Heart University

Elizabeth Beirne  
Adjunct Instructor  
Philosophy  
B.A., Mercy College  
M.A., Ph.D., Fordham University

Ekta Bhatia  
Adjunct Instructor  
Chemistry  
B.S., M.S., Ph.D., University of Delhi

Sandra B. Billings  
Adjunct Instructor  
Education  
B.S., Boston College  
M.S., Central Connecticut State University  
6th Year, Southern Connecticut State University  
Ph.D., University of Connecticut

David M. Bjerklie  
Adjunct Instructor  
Chemistry  
B.S., University of Maine  
M.S., Ph.D., University of New Hampshire  
M.S., University of Alaska

Sheila Blachman  
Adjunct Instructor  
Education  
B.A., Queens College, City University of New York  

Karen M. Blood  
Adjunct Instructor  
Physical Therapy  
B.S., M.P.T., Sacred Heart University
Jason Bluestein
Adjunct Instructor
Education
B.A., University of Connecticut
M.S., Sacred Heart University
6th Year, Southern Connecticut State University

Margaret M. Boice
Adjunct Instructor
Education
B.S., Oklahoma College of Liberal Arts
M.Ed., University of Oklahoma
Ed.D., Nova Southeastern University

James C. Boisi
Adjunct Instructor
Government and Politics
B.A., Fairfield University

Psychology
B.S., Sacred Heart University
M.A., Southern Connecticut State University

Dennis J. Demchak
Adjunct Instructor
Chemistry
B.A., M.S., University of Bridgeport

Christopher P. DeSanctis
Adjunct Instructor
Government and Politics
B.S., Grand Canyon University
M.A., Regent University

Jennifer M. DeSilva
Adjunct Instructor
History
B.A., Ph.D., University of Toronto
M.A., University of Warwick, U.K.

Jean P. Desrosiers, Jr.
Adjunct Instructor
Human Movement and Sports Science
B.S., Bridgewater State College

Wayne A. Detzler
Adjunct Instructor
History
B.A., M.A., Wheaton College
Ph.D., University of Manchester

Mary C. Dever
Adjunct Instructor
Foreign Languages
B.A., Western Connecticut State University
M.A., Central Connecticut State University

Eleni Diakogeorgiou
Adjunct Instructor
Human Movement and Sports Science
B.S., University of Connecticut
M.B.A., Sacred Heart University

Stephen C. Diaz
Adjunct Instructor
Accounting
B.S., M.B.A., University of Bridgeport

Louise E. DiCocco
Adjunct Instructor
Government and Politics
B.A., Boston University
J.D., Quinnipiac University School of Law

Steven R. DiGiovanni
Adjunct Assistant Professor
Art and Design
B.A., University of South Carolina
M.F.A., Maryland Institute College of Art

Brian J. Dillon
Adjunct Instructor
Mathematics
B.A., University of Connecticut
M.S., University of Bridgeport
Ed.D., City University Los Angeles

Joseph DiMenno
Adjunct Instructor
Biology
B.S., Fairfield University
M.A., University of Connecticut

Mary M. Dolan Collette
Adjunct Instructor
Education
B.S., Eastern Connecticut State University
M.A., Southern Connecticut State University

Christopher W. Dost
Adjunct Instructor
Religious Studies
B.A., Western Connecticut State University
M.A., Alliance Theological Seminary
M.A., Jewish Theological Seminary

Ann M. Dougherty
Adjunct Instructor
Biology
B.S., M.S., Southern Connecticut State University
C.A.S., Wesleyan University

Nicholas A. Douglas
Adjunct Instructor
Mathematics
B.S., Herbert H. Lehman College
M.B.A., Iona College
Claire T. Doyle  
Adjunct Instructor  
English  
A.S., Housatonic Community College  
B.S., M.S., 6th Year, Southern Connecticut State University  
Ed.D., University of Bridgeport  

Paul Drager  
Adjunct Instructor  
Philosophy  
B.B.A., University of Massachusetts  
J.D., University of Miami School of Law  

Anie Dubosse  
Adjunct Instructor  
English  
A.S., Norwalk Community College  
B.A., Fairfield University  
M.A., Fordham University  

Kwamie O. Dunbar  
Adjunct Instructor  
Economics  
B.S., University of the West Indies  
M.B.A., Sacred Heart University  
Ph.D., Fordham University  

Elaine R. Dunseath  
Adjunct Instructor  
English  
B.F.A., Emerson College  
M.S., Quinnipiac University  

James Durso  
Adjunct Assistant Professor  
Philosophy  
B.A., University of New Haven  
M.A., Trinity College  

Indrani Dutta  
Adjunct Instructor  
Biology  
B.S., M.S., M.Phil., University of Calcutta, India  
Ph.D., University of North Texas  

Sherry Earle  
Adjunct Assistant Professor  
Education  
B.S., Springfield College  
M.S., College of New Rochelle  
Ph.D., Kent State University  

Mark Edwards  
Adjunct Instructor  
Media Studies and Digital Culture  
B.S., Sacred Heart University  
M.A., New York University  

Christian H. Eggers  
Adjunct Instructor  
Biology  
B.S., Colorado State University  
Ph.D., The University of Montana  

Victoria A. Egri  
Adjunct Instructor  
Education  
B.A., Sacred Heart University  
M.S., 6th Year, Southern Connecticut State University  

Toby Elberger  
Adjunct Instructor  
Biology  
B.A., New York University  
M.A.T., Sacred Heart University  

Khaled M. Elleithy  
Adjunct Instructor  
Computer Science/Information Technology  
B.S., M.S., University of Alexandria, Egypt  
M.S., Ph.D., University of Southwestern Louisiana  

Ingrid S. Ellinger-Doviak  
Adjunct Instructor  
Education  
B.S., M.S., Southern Connecticut State University  

Gerald T. Elmore  
Adjunct Instructor  
Religious Studies  
B.A., University of Michigan  
M.A., American University in Cairo  
Ph.D., Yale University  

Lisa M. Elwell  
Adjunct Instructor  
Information Literacy  
B.S., Northeastern University  
Ph.D., University of Bridgeport  
M.S., Fairfield University  

Mahi S. Emekli-Galvin  
Adjunct Instructor  
Mathematics  
B.S., Kaunas Technological University, Lithuania  
M.S., University of Bridgeport  
M.S., Fairfield University  

Lilija Elzanaty  
Adjunct Instructor  
B.A., University of Delaware  
M.S., M.Ed., Ph.D., Fordham University
Bonnie Ephraim  
Adjunct Instructor  
Education  
B.A., Brooklyn College  
M.S., 6th Year, Southern Connecticut State University  

David Erwin  
Adjunct Instructor  
Education–Griswold  
B.S., University of Connecticut  
M.S., Southern Connecticut State College  

Moira B. Ethier  
Adjunct Instructor  
Occupational Therapy  
B.S., Quinnipiac University  
M.S.G.R.W., Sacred Heart University  

Jacquelyn A. Etling  
Adjunct Instructor  
Art and Design  
B.A., Sacred Heart University  

Vincent J. Faggella  
Adjunct Instructor  
Computer Science/Information Technology  
B.A., M.A., Fairfield University  

Richard C. Falco  
Adjunct Instructor  
Media Studies and Digital Culture  
B.A., State University of New York  

Stephen V. Falcone  
Adjunct Instructor  
Education  
B.A., Amherst College  
M.A.L.S., Wesleyan University  
6th Year, Sacred Heart University  
Ph.D., University of Connecticut  

Paul E. Farrell  
Adjunct Instructor  
Chemistry  
B.A., Boston University  
J.D., Quinnipiac College School of Law  

Jessica L. Farrone  
Adjunct Instructor  
Nursing  
B.S.N., Fairfield University  
M.S., Southern Connecticut State University  

Mary V. Fedanick  
Adjunct Instructor  
Education  
B.A., Sacred Heart University  
M.S., University of Bridgeport  

Alexander Fekete  
Adjunct Assistant Professor  
Chemistry  
B.S., Fairfield University  
M.S., Boston College  
Ph.D., University of Connecticut  

Stephen J. Feldman  
Adjunct Instructor  
Education–Griswold  
B.A., M.S., Southern Connecticut State University  
Ed.D., St. John’s University  

Audrey A. Felsen  
Adjunct Instructor  
Criminal Justice  
B.A., Brown University  
J.D., University of Connecticut  

Victoria T. Ferrara-Loris  
Adjunct Instructor  
Management  
B.A., Fairfield University  
J.D., St. John’s University School of Law  

Heather A. Ferrillo-DiIulio  
Adjunct Instructor  
Nursing  
B.S.N., Western Connecticut State University  
M.S.N., Sacred Heart University  

James Fiddes  
Adjunct Instructor  
Biology  
B.A., San Francisco State University  
B.S., Ohio University  
M.S., M.A., Western Connecticut State University  

Bonita C. Figgatt  
Adjunct Instructor  
Information Literacy  
B.A., Trinity College  
M.S., Simmons College  
M.A., Western Connecticut State University  

Andrew L. Figlar  
Adjunct Instructor 
History  
B.A., University of Bridgeport  
M.A., Fairfield University  

William D. Finley  
Adjunct Instructor 
Music  
B.M.E., M.M., University of Montevallo  
M.M., Yale University
Marlène Firlotte
Adjunct Instructor
Foreign Languages
B.A., M.A., Southern Connecticut State University

Robert G. Fischer, Jr.
Adjunct Instructor
Chemistry
B.S., St. Louis University
Ph.D., Case Western Reserve University

Therese Fishman
Adjunct Instructor
Education–Griswold
B.A., Salve Regina College
M.Ed., Ed.D., Boston University

John Fleming
Adjunct Associate Professor
Chemistry
B.S., Pennsylvania State University
Ph.D., Michigan State University

Kimberly S. Flynn
Adjunct Instructor
Occupational Therapy
B.S., Quinnipiac University
M.P.H., New York University

Arline Foodman
Adjunct Instructor
Education
B.A., Queens College
M.S., 6th Year, University of Bridgeport

Elinor Ford
Adjunct Professor
Religious Studies
B.S.Ed., M.S.Ed., M.S.T., Fordham University
Ed.D., Columbia University

Gregory D. Foss
Adjunct Instructor
History
B.A., Belhaven College
M.A., Gordon-Conwell Theological Seminary

Maureen M. Fox
Adjunct Instructor
Education
B.A., Fairfield University
J.D., University of Connecticut
M.S., Southern Connecticut State University

Regina T. Fox
Adjunct Instructor
Education
B.A., Mercy College
M.A., College of New Rochelle
6th Year, Sacred Heart University

D. Bruce Franklin
Adjunct Instructor
English
B.A., Wesleyan University
M.A., Ed.D., Teachers College, Columbia University

John W. Frazier
Adjunct Instructor
Management
A.A., Miami-Dade Junior College
B.S.B.A., University of Florida
J.D., University of Florida Law School

Daniel D. French
Adjunct Instructor
Psychology
B.S., St. Lawrence University
M.A., Boston College
M.A., Ph.D., Hofstra University

Barbara W. Friedman
Adjunct Instructor
Education
B.S., City College of New York
M.S., City University of New York
6th Year, University of Bridgeport

Yoshimi Fukuda
Adjunct Instructor
Foreign Languages
B.A., Miyagi Gakuin Women's College, Japan

Thomas Gallagher
Adjunct Instructor
Human Movement and Sports Science
B.S., M.S., East Stroudsburg University

Bernadette K. Ganio
Adjunct Instructor
Education
B.S., M.S., Western Connecticut State University

Susan B. Gannon
Adjunct Instructor
Psychology
B.A., Sacred Heart University
M.S., Southern Connecticut State University

Mona M. Garcia
Adjunct Assistant Professor
History
B.A., University of Bridgeport
M.L.S., Southern Connecticut State University
M.A., Ph.D., Boston University
Lorraine Gass  
Adjunct Instructor  
English  
B.F.A., M.A., New York Institute of Technology

Steven E. Gazzini  
Adjunct Instructor  
Education  
B.S.B.A., Mercy College  
M.A.T., Sacred Heart University

Aaron M. Gee  
Adjunct Instructor  
Human Movement and Sports Science  
B.S., Southern Connecticut State University  
M.A., East Carolina University

Sriparna Ghosh  
Adjunct Instructor  
Biology  
B.S., M.S., Vidyasagar University  
Ph.D., Jadavpur University

Toni L. Giannone  
Adjunct Instructor  
English  
B.S., University of Connecticut  
M.A., Western Michigan University

Joanne V. Giaquinto  
Adjunct Instructor  
Education  
B.S., M.S., Southern Connecticut State University

Elizabeth A. Gillis  
Adjunct Instructor  
Human Movement and Sports Science  
B.S., Indiana University

Cally Ginolfi  
Adjunct Instructor  
English  
B.A., Sacred Heart University  
M.A., Fairfield University

James Giordano  
Adjunct Instructor  
Education–Griswold  
B.S., M.A., 6th Year, University of Connecticut

Dexter D. Gittens  
Adjunct Instructor  
Economics  
B.A., University of the West Indies  
M.A., City University of New York  
Ph.D., Fordham University

Wilfred H. Gladue  
Adjunct Instructor  
Education–Griswold  
B.S., Willimantic State College  
M.A., University of Connecticut

Jeffrey H. Glans  
Adjunct Assistant Professor  
Chemistry  
B.S., University of North Carolina  
M.S., Ph.D., University of Michigan

Constance H. Glenn  
Adjunct Instructor  
Nursing  
B.S.N., M.S.N., Sacred Heart University

Michelle M. Godin  
Adjunct Instructor  
Nursing  
R.N., Baystate Medical Center  
B.S.N., American International College  
M.S.N., University of Connecticut  
Ed.D., Teachers College, Columbia University

Sam R. Goldstein  
Adjunct Instructor  
Management  
B.S., School of Visual Arts

Michael A. Gorfinkle  
Adjunct Instructor  
Accounting and MIS  
B.S., Massachusetts Institute of Technology  
M.S., New York University

John M. Grayeski  
Adjunct Instructor  
Finance  
A.S., Norwalk Community College  
B.S., M.B.A., Sacred Heart University

Marilyn E. Greenberg  
Adjunct Instructor  
Computer Science/Information Technology  
A.A., Nassau Community College  
B.S., University of Bridgeport  
M.A., Hofstra University  
M.B.A., Sacred Heart University

Katherine B. Grevelding  
Adjunct Instructor  
Physical Therapy  
B.S., University of Virginia  
M.S.P.T., D.P.T., MGH Institute of Health Professions

Denise P. Griffin  
Adjunct Instructor  
Philosophy  
B.A., Brown University  
M.A., University of Wisconsin–Madison
Erika B. Griffin
Adjunct Instructor
Education
B.A., Fairfield University
M.A.T., Sacred Heart University
6th Year, Southern Connecticut State University

Martha M. Griffin
Adjunct Instructor
Media Studies and Digital Culture
B.S., Ohio University
M.B.A., Columbia University

Jason K. Grimes
Adjunct Instructor
Physical Therapy
B.S., M.P.T., Quinnipiac University

Peter J. Grose
Adjunct Instructor
Computer Science/Information Technology
B.S., Clarkson University
M.S., Polytechnic University

Judy E. Grossman
Adjunct Instructor
Occupational Therapy
B.S., University of Pennsylvania
M.S., Boston University
D.P.H., Columbia University
School of Public Health

Henry Guasp III
Adjunct Instructor
Mathematics
B.S., M.S., Fairfield University
B.S., University of Connecticut
M.S., University of New Haven

Nancy A. Haas
Adjunct Instructor
Management
A.A.S., Montgomery County Community College
B.S., Gwynedd Mercy College
M.B.A., Fairleigh Dickinson University

Richard P. Hageman
Adjunct Instructor
Education
B.S., Central Connecticut State College
M.S., 6th Year, University of Bridgeport

Seth A. Hagymasi
Adjunct Instructor
Physical Therapy
B.S., Skidmore College
M.P.T., Sacred Heart University

John Halapin
Adjunct Instructor
Education
B.S., Western Connecticut State University
M.S., 6th Year, University of Bridgeport

William H. Halmec
Adjunct Instructor
Biology
A.A., Norwalk Community-Technical College
B.A., Western Connecticut State University
M.A.T., Sacred Heart University

Winifred C. Hamilton
Adjunct Professor
Education
B.S., Southern Connecticut State University
M.S., University of Bridgeport
C.A.S., Fairfield University
Ph.D., Union Institute

Michael J. Hann
Adjunct Instructor
Human Movement and Sports Science
B.S., University of Delaware
M.S., Ohio University

Robert M. Hardy
Adjunct Instructor
English
B.A., M.A.T., Sacred Heart University

Antipas L. Harris
Adjunct Instructor
Religious Studies
B.A., La Grange College
M.Div., Emory University
S.T.M., Yale University

Brian D. Hartley
Adjunct Instructor
Music
A.A., Manchester Community College

David Harvey
Adjunct Instructor
Foreign Languages
B.A., College of Holy Cross
M.A.T., Sacred Heart University

Adjunct Instructor  
Psychology  
B.A., Boston University  
M.S.W., Columbia University, School of Social Work
Lauren Kempton  
Adjunct Assistant Professor  
Education  
B.A., West Virginia Wesleyan College  
M.A., Southern Connecticut State College  
Ed.D., University of Hartford

Thomas M. Kennedy  
Adjunct Instructor  
Mathematics  
B.A., Wilkes University

Matthew R. Kenney  
Adjunct Instructor  
Religious Studies  
B.A., M.A., Providence College  
Ph.D., Duquesne University

Virginia C. King  
Adjunct Instructor  
Education  
A.B., Barnard College  
M.S., Western Connecticut State University  
6th Year, Southern Connecticut State University  
Ed.D., Teachers College, Columbia University

Elizabeth A. Knapik  
Adjunct Instructor  
Information Literacy  
B.S., M.A.L.S., University of Michigan  
M.B.A., Rensselaer Polytechnic Institute

Kimya R. Knecht  
Adjunct Instructor  
History  
B.A., Nyack College  
M.A., Iona College

Stephen J. Koch  
Adjunct Instructor  
Management  
B.A., Michigan State University  
M.A., Fairfield University

Lisa M. Komaromi  
Adjunct Instructor  
Education  
B.A., U.S. International University  
M.A., Ed.M., Teachers College, Columbia University

Helene J. M. Kozma  
Adjunct Instructor  
English  
B.A., Adelphi University  
M.B.A., 6th Year, Sacred Heart University

Joan Kranz  
Adjunct Instructor  
Education  
B.A., Barnard College  
M.A., Teachers College, Columbia University  
6th Year, University of Bridgeport

Maureen S. Kraten  
Adjunct Instructor  
Economics  
B.S., M.B.A., Sacred Heart University

Sharon A. Kratochvil  
Adjunct Instructor  
Economics  
B.A., M.A., Ph.D., State University of New York, Stony Brook

Diane S. Krivda  
Adjunct Instructor  
Education  
B.S., M.S., Southern Connecticut State University

Lisa M. Kuchta  
Adjunct Instructor  
English  
B.A., University of Massachusetts at Amherst  
M.A., University of South Florida

Peter Kuczynski  
Adjunct Instructor  
Accounting  
B.A., Sacred Heart University  
M.S.A.T., University of Hartford

Robert D. Kuklis  
Adjunct Assistant Professor  
Education  
B.A., Amherst College  
M.A.T., Harvard University Graduate School of Education

Warren Kunz  
Adjunct Assistant Professor  
Management  
B.A., Queen’s College  
M.B.A., St. John’s University

Stephen J. Kwasnik  
Adjunct Instructor  
Information Literacy  
B.S., Central Connecticut State University  
M.L.S., Southern Connecticut State College

Gregory N. Kyrytischenko  
Adjunct Instructor  
Computer Science/Information Technology  
B.S., M.B.A., Sacred Heart University
Victoria L. Labenski  
Adjunct Instructor  
Physical Therapy  
B.S., Springfield College  
M.S.P.T., Sacred Heart University

Eric J. LaBonte  
Adjunct Instructor  
Physical Therapy  
B.S., M.P.T., Sacred Heart University

Michael J. Lagas  
Adjunct Instructor  
Education  
M.B.A., Adelphi University  
B.S., Ed.D., Fordham University

Rosemary G. Lague  
Adjunct Associate Professor  
English  
B.A., Diocesan Teachers College  
M.A., Boston College  
C.A.S., Trinity College

Murielle Lamour  
Adjunct Instructor  
Occupational Therapy  
A.S., Bay Path College  
M.S., Dominican College of Blauvelt

Louis L. Lapolla, Jr.  
Adjunct Assistant Professor  
Education  
B.S., Holy Cross College  
M.A.T., C.A.S., Fairfield University  
Ed.D., Indiana University

Mary E. Latela  
Adjunct Instructor  
Religious Studies  
B.A., Albertus Magnus College  
M.Div., Yale University Divinity School

Arline K. Lathrop  
Adjunct Instructor  
Education  
B.S., M.S., Western Connecticut State University

Richard R. LaTorre  
Adjunct Assistant Professor  
Mathematics  
B.A., Sacred Heart University  
M.A., Fairfield University

Christopher T. Lavoie  
Adjunct Instructor  
Computer Science  
B.S., Sacred Heart University

Diane P. Lazar  
Adjunct Instructor  
Education  
B.S., University of Rhode Island  
M.A., Fairfield University

Richard A. Leadem  
Adjunct Instructor  
Education  
B.S., Mt. St. Mary's College  
M.Ed., Iona College

Harriet S. Lebish  
Adjunct Instructor  
Art and Design  
B.S., University of Bridgeport

Joo-Hwan Lee  
Adjunct Instructor  
Religious Studies  
B.A., Yale College  
M.Div., Yale Divinity School

Timothy J. Leonard  
Adjunct Instructor  
Education  
B.S., M.A.T., 6th Year, Sacred Heart University

Patricia Leonard-Pasley  
Adjunct Instructor  
Religious Studies  
B.A., Boston College  
M.T.S., Weston Jesuit School of Theology

Mary A. Levine  
Adjunct Instructor  
Education  
B.S., M.S., 6th Year, Southern Connecticut State University

Paul Levitsky  
Adjunct Instructor  
Management  
B.B.A., Iona College  
J.D., University of Bridgeport  
M.B.A., Sacred Heart University

David B. Levy  
Adjunct Instructor  
English  
B.A., M.S., University of Bridgeport

Greg K. Lew  
Adjunct Instructor  
Philosophy  
B.A., University of California  
M.A., Ph.D., Boston College  
M.A., Boston University
Jane M. Lewis  
Adjunct Instructor  
Biology  
B.A., Williams College  
D.V.M., Cornell University

Xiaohua Li  
Adjunct Instructor  
Computer Science/Information Technology  
B.A., Liaoning Normal University, Dalian, China  
M.S., Sacred Heart University

Justin M. Liberman  
Adjunct Instructor  
Media Studies and Digital Culture  
B.A., Sacred Heart University

Todd E. Lichtfus  
Adjunct Instructor  
Physical Therapy  
B.S., Southern Connecticut State University  
M.S., Sacred Heart University

Douglas G. Lilly  
Adjunct Instructor  
Management  
A.B., College of the Holy Cross  
J.D., Benjamin N. Cardozo School of Law, Yeshiva University

Hui-Mei Lin  
Adjunct Instructor  
Music  
B.M., The Hartt School of Music  
M.M., The Juilliard School  
D.M.A., The City University of New York

David J. Lincoln

History  
B.A., M.A., Boston College

Jerry C. Lindsley  
Adjunct Instructor  
Government and Politics  
B.A., The University of Hartford  
M.A., Fairfield University

Enid S. Lipeles  
Adjunct Instructor  
Education  
A.B., Hunter College  
M.S., University of Bridgeport

Richard A. Lipsey  
Adjunct Instructor  
Management  
B.S., University of Pennsylvania, Wharton School  
M.B.A., University of Chicago

Robert A. Lisak  
Adjunct Instructor  
Media Studies and Digital Culture  
A.B., Harvard University  
M.F.A., Yale School of Art

Edward E. Lisi  
Adjunct Professor  
Management  
B.S., Rider College  
M.B.A., University of Connecticut

Luc Litwinionek  
Adjunct Instructor  
Sociology  
B.A., McGill University, Montreal, Canada  
M.S., University of Montreal

Lisa L. Lopez  
Adjunct Instructor  
English  
B.A., M.A., Hofstra University

Beatriz Lozano  
Adjunct Instructor  
Foreign Languages  
B.A., Universidad Santo Tomas, Colombia  
M.A., Universidad Cooperativa de Colombia, Colombia

Mary S. Luongo  
Adjunct Instructor  
English  
B.A., St. Joseph's College  
M.A., Fairfield University

Barbara Lyons  
Adjunct Instructor  
Management  
B.A., Southern Connecticut State University

Karen C. Macdonald  
Adjunct Instructor  
Occupational Therapy  
B.S., Quinnipiac University  
M.S., University of Bridgeport  
Ph.D., New York University

Christina P. Machielson  
Adjunct Instructor  
Physical Therapy  
B.S., Juniata College  
M.S.P.T., Sacred Heart University

Amy R. Mackie  
Adjunct Instructor  
Information Literacy  
B.A., University of Tennessee  
M.A., George Washington University  
M.S., Drexel University
Edward J. Mackniak
Adjunct Instructor
Education
B.S., Southern Connecticut State University
M.S., 6th Year, University of Bridgeport

Carol M. MacLenathen
Adjunct Instructor
Education
B.S., Danbury State Teacher's College
M.A., Teachers College-Columbia University
6th Year, University of Connecticut

Kimberly Macomber
Adjunct Instructor
Information Literacy
B.A., Grove City College
M.L.S., Southern Connecticut State University

Matthew S. Magda
Adjunct Instructor
History
B.S., Southern Connecticut State University
M.A., University of Connecticut

Pier Magnifico
Adjunct Instructor
Foreign Languages
B.S.Ed., Central Connecticut State University
M.A., Middlebury College

Bhaskar Majee
Adjunct Instructor
Management
B.S., Bangalore University, India
M.S., Syracuse University

James F. Malerba
Adjunct Instructor
English
B.A., University of Bridgeport
M.A., University of New Haven
M.A.R., Yale University Divinity School

Michael G. Mancari

Art and Design
B.F.A., Maryland Institute College of Art
M.F.A., Yale University School of Art

Gani Manelli
Adjunct Instructor
History
B.A., Boston University
M.A., University of Connecticut

Raja S. Mani
Adjunct Instructor
Chemistry
B.S., University of Madras, India
M.S., Annamalai University, India
Ph.D., University of Wyoming

Silvia M. Manno Gerety
Adjunct Instructor
Foreign Languages
M.A., Yale University
M.A., The Johns Hopkins University

Brian A. Marks
Adjunct Instructor
Economics
B.A., Union College
M.A., J.D., Ph.D., Washington University

Jocelyn L. Master
Adjunct Assistant Professor
English
B.A., St. John's University
M.A., Fordham University

Richard B. Mathes
Adjunct Instructor
Computer Science/Information Technology
B.S., Northeastern University
M.S., Sacred Heart University

Richard J. Mathews
Adjunct Instructor
Mathematics
B.S., M.S., University of New Haven

Bonnie Maur
Adjunct Instructor
Education
B.A., Herbert H. Lehman College,
City University of New York
M.S., Southern Connecticut State University

Gary C. Maynard
Adjunct Instructor
Media Studies and Digital Culture
B.A., University of Southern California

Horace M. Mazzone
Adjunct Instructor
Biology
B.S., M.S., Boston College
Ph.D., University of Wisconsin – Madison

Flora Mazzucco
Adjunct Instructor
Foreign Languages
B.A., State University of New York
M.A., Fairfield University
Linda McCarrick-Tampellini
Adjunct Instructor
Nursing
B.S., University of Connecticut
M.S., Pace University

Sharon M. McCloskey
Adjunct Instructor
Occupational Therapy
B.S., University of Dublin,
Trinity College, Ireland

Siobhan M. McCormack
Adjunct Instructor
Education
B.A., M.Ed., Boston College
M.Ed., Lesley University

Deborah A. McDonagh
Adjunct Instructor
Athletic Training
B.S., Castleton State College

John L. McDonnell
Adjunct Instructor
Education
B.S., St. Bonaventure University
B.S., Mercy College
M.A., Fairfield University

Susan M. McGinnis
Adjunct Instructor
Nursing
B.S., State University Teachers College
M.S., University of Bridgeport

Cynthia F. McGuire
Adjunct Instructor
Biology
B.S., Southern Connecticut State University
M.S., University of Bridgeport

James C. McLaughlin
Adjunct Instructor
Education
A.A., Mitchell College
B.S., Central Connecticut State College

Edward W. McMahon, Jr.
Adjunct Instructor
Management
B.A., Colgate University
M.S., Benedictine University

Ethel T. McManus
Adjunct Instructor
Education
B.S., M.S., Southern Connecticut State University
6th Year, Fairfield University

Christine L. McNamara
Adjunct Instructor
Biology
B.S., M.S., Southern Connecticut State University

Jean McPhilmy
Adjunct Instructor
Nursing
A.A.S., Corning Community College
B.S.N., State University of New York at Brockport
M.S.N., University of Rochester

Shawn R. M-DeTroy
Adjunct Instructor
Occupational Therapy
B.F.A., Temple University
M.S., Quinnipiac University

Christopher D. Melley
Adjunct Instructor
Philosophy
B.A., Marist College
M.A., Columbia University
Ph.D., Universitat des Saarlandes

Chandra L. Mehta
Adjunct Instructor
Physics
B.S., Rajasthan University, Jaipur, India
M.S., Delhi University, Delhi, India
Ph.D., University of Rochester

Jennifer L. Mehta
Adjunct Instructor
Physical Therapy
B.S., Quinnipiac College

Linda B. Melodia
Adjunct Instructor
Physical Therapy
B.S.N., University of Bridgeport
M.S.N., Sacred Heart University

Angela S. Meyers
Adjunct Instructor
Music
B.M., Lawrence University Conservatory of Music
M.M., Westminster Choir College of Rider University

Ronald P. Michaels
Adjunct Instructor
Education—Griswold
B.S., University of Bridgeport
M.A., Sacred Heart University
C.A.S., Fairfield University
Mary Jean Michel  
Adjunct Instructor  
Nursing  
A.S., University of Bridgeport  
M.Ed., Cambridge College

Sally Ann Michlin  
Adjunct Instructor  
English  
B.A., Hofstra University  
M.A., Fairfield University  
Ph.D., Kennedy-Western University

Bruce D. Miller  
Adjunct Instructor  
English  
B.A., Augusta State University  
M.F.A., Goddard College

Linda A. Miller  
Adjunct Instructor  
Education  
A.A., Centenary College  
B.A., University of Connecticut  
M.A.T., 6th Year, Sacred Heart University

Vera Rozarie  
Adjunct Assistant Professor  
Education  
B.A., New York University  
M.S., Western Connecticut State University  
6th Year, Fairfield University

Adrienne Rubin  
Adjunct Instructor  
Education  
B.A., New York University  
M.S., Western Connecticut State University  
6th Year, Fairfield University

Kerry Rudich  
Adjunct Instructor  
Physical Therapy  
B.S., University of Connecticut  
M.S., Quinnipiac University

William T. Russell, III  
Adjunct Instructor  
Government and Politics  
B.S., M.A., 6th Year, University of Connecticut
Clement L. Russo
Adjunct Instructor
History
B.A., Fordham University
M.A., Ph.D., Cornell University

Robert D. Russo
Adjunct Instructor
Government and Politics
B.A., Georgetown University
J.D., Fordham University

Wayne Sakai
Adjunct Instructor
Physics
B.S., Tarleton State University
M.A.T., Sacred Heart University
C.A.S., Fairfield University

Adolia F. Sala
Adjunct Instructor
Education
B.S., Central Connecticut State College
M.S., University of Bridgeport

Monica Sanchez-Franzone
Adjunct Instructor
Education-Griswold
B.S., Eastern Connecticut State University
M.A.T., Connecticut College
Ed.D., Johnson & Wales University

Monica M. Sartor
Adjunct Instructor
Nursing
B.S.N., University of Bridgeport
M.S.N., Sacred Heart University

Laurie A. Scheer
Adjunct Instructor
Media Studies and Digital Culture
B.A., Marquette University
M.A., DePaul University

Martha E. Schipul
Adjunct Instructor
English
B.A., M.A., University of Bridgeport

Richard M. Schneider
Adjunct Instructor
Art and Design
B.A., Ohio University

Edward J. Schriffert
Adjunct Instructor
Computer Science/Information Technology
B.S., Muhlenberg College

Michael A. Schrynemakers
Adjunct Instructor
Philosophy
B.S., St. John's University
M.A., University of Notre Dame
M.A., City University of New York

Edward Schuler
Adjunct Instructor
Management
B.A., Michigan State University
M.B.A., University of Florida

Carl W. Schumann
Adjunct Instructor
Art and Design
A.A., Nassau Community College
B.F.A., School of Visual Arts
M.S., University of Bridgeport

Eugene Schwartz
Adjunct Instructor
Religious Studies
B.S., University of Pennsylvania, Wharton School
M.B.A., New York University

Maureen M. Schwartz
Adjunct Instructor
Nursing
A.S., Naugatuck Valley Community College
B.S., Charter Oak College
M.S.N., Yale University

Stuart A. Schwartzman
Adjunct Instructor
Mathematics
B.A., University of Michigan
M.S., University of Vermont
M.B.A., University of Bridgeport
Ed.D., City University of Los Angeles

Tanya L. Schweitzer
Adjunct Instructor
Psychology
B.A., Sacred Heart University
M.S.W., Southern Connecticut State University

Melvin Senator
Adjunct Instructor
Education
B.A., Brooklyn College
M.S., Long Island University
6th Year, University of Bridgeport

Rochelle Senator
Adjunct Instructor
Education
B.A., Brooklyn College
M.L.S., Southern Connecticut State College
Michael J. Seroka  
Adjunct Instructor  
Music  
B.S., DeSales University  
M.L.M., The Catholic University of America

Jeffrey F. Shannon  
Adjunct Instructor  
Chemistry  
B.S., University of California  
M.Phil., Ph.D., Yale University

Patricia A. Shea  
Adjunct Instructor  
Mathematics  
B.A., Southern Connecticut State College

Susan A. Shellard  
Adjunct Instructor  
Occupational Therapy  
B.S., M.P.A., New York University

Roger W. Sherman  
Adjunct Instructor  
Social Work  
B.A., Manhattan College  
M.S., University of Bridgeport  
M.S.W., Fordham University

Vladimir Shpitalnik  
Adjunct Instructor  
Art and Design  
B.A., Abramtsevskoe Art School  
M.F.A., Yale School of Drama

William Sidarweck  
Adjunct Instructor  
Psychology  
B.A., Sacred Heart University  
M.S., 6th Year, University of Bridgeport

Paul B. Sideleau  
Adjunct Instructor  
Computer Science/Information Technology  
B.S., M.S., Sacred Heart University

Paul J. Sideleau  
Adjunct Instructor  
Management  
B.A., Fairfield University  
M.B.A., Sacred Heart University

Mary L. Siefert  
Adjunct Instructor  
Nursing  
B.S.N., Emmanuel College  
M.B.A., Fordham University  
M.S.N., Yale University School of Nursing

Cindy L. Simoneau Lambert  
Adjunct Instructor  
English  
B.A., University of Rhode Island

James N. Sirch  
Adjunct Instructor  
Biology  
B.S., West Virginia University  
B.S., Miami University  
M.S., Antioch/New England Graduate School

Mary Lou Skarzynski  
Adjunct Associate Professor  
English  
B.A., M.A., Sacred Heart University  
M.A.T., Fairfield University

Jacqueline de La Chapelle Skubly  
Adjunct Assistant Professor  
Foreign Languages  
B.A., M.A., University of Bridgeport

Charles J. Slabaugh  
Adjunct Instructor  
Mathematics  
B.S., Sacred Heart University

Lois Smith  
Adjunct Instructor  
Education  
B.S., University of Connecticut  
M.S., 6th Year, University of Bridgeport

Ralph J. Soldano  
Adjunct Instructor  
Occupational Therapy  
B.S., University of New Haven  
M.S., Quinnipiac University

Johannes F. Somary  
Adjunct Instructor  
Music  
B.A., Yale College  
M.M., Yale University School of Music

Mary E. Sommar  
Adjunct Instructor  
History  
B.A., Temple University  
M.Div., Yale University  
Ph.D., Syracuse University

Nancy G. Souza  
Adjunct Instructor  
Education–Griswold  
B.S., M.S., Eastern Connecticut State University  
6th Year, Sacred Heart University

Adjunct Instructor  
Mathematics  
B.S., M.S., University of Bridgeport

Stephen A. Toth  
Adjunct Associate Professor  
English  
B.A., University of Bridgeport  
M.A., University of Kansas  
C.A.S., Fairfield University

Charmaine Tourse  
Adjunct Instructor  
Education  
B.B.A., Howard University  
M.Ed., 6th Year, University of Bridgeport

Kathleen T. Trenske  
Adjunct Instructor  
Media Studies and Digital Culture  
B.A., M.A.T., Sacred Heart University

Alan Trippel  
Adjunct Associate Professor  
Management  
B.S., State University of New York at Cortland  
M.B.A., University of Connecticut

Christopher E. Turuta  
Adjunct Instructor  
Physical Therapy  
B.S., D.P.T., Sacred Heart University

Timothy C. Tuttle  
Adjunct Instructor  
History  
B.A., Pace University  
M.A., Western Connecticut State University  
Ph.D., New York University

Elaine M. Twomey  
Adjunct Instructor  
Physical Therapy  
B.S., Trinity College, Dublin, Ireland

David A. Ulizio  
Adjunct Instructor  
Management  
B.S., Fairfield University  
M.Ed., Springfield College

Paul J. Upham  
Adjunct Instructor  
History  
B.A., St. Michael's College  
M.A., Western Connecticut State University
Joe Utterback  
Adjunct Assistant Professor  
Music  
B.M., M.M., Wichita State University  
D.M.A., University of Kansas  

Gary J. Valentine  
Adjunct Instructor  
Human Movement and Sports Science  
B.S., M.A., University of Kansas  

Barbara M. Vallera  
Adjunct Instructor  
Management  
B.S., University of Connecticut  
M.S., Central Connecticut State University  
M.S., M.S., Rensselaer Polytechnic Institute  
D.M., University of Phoenix  

Mary Ann Valovcin  
Adjunct Associate Professor  
English  
B.A., Sacred Heart University  
M.S., University of Bridgeport  

Michael J. Valovcin  
Adjunct Instructor  
English  
B.A., Sacred Heart University  
M.A., 6th Year, University of Bridgeport  

Kathleen Van Cleef-Toedt  
Adjunct Assistant Professor  
Biology  
B.S., Adelphi University  
M.S., M.Ph., Ph.D., New York University  

Patricia A. Van Haste  
Adjunct Instructor  
English  
B.A., William Patterson College  
M.A., University of Connecticut  

Victor Vaughan  
Adjunct Instructor  
Physical Therapy  
B.S., University of Vermont  
M.S., University of Massachusetts  

Srividhya Venkatesan  
Adjunct Instructor  
Biology  
B.S., M.S., Delhi University, India  
M.S., Texas Tech University  

Ferdinand W. Vital  
Adjunct Instructor  
Biology  
B.S., Fairfield University  
M.A., M.S., Teachers College, Columbia University  

James M. Volo  
Adjunct Instructor  
Physics  
B.A., City University of New York  
M.A., American Military University  
Ph.D., Bernelli University  

Edward F. Waggoner, IV  
Adjunct Instructor  
Religious Studies  
B.A., Willamette University  
M.A.R., Yale Divinity School  
M.A., M.Phil., Ph.D., Yale University  

Janet F. Wahnquist  
Adjunct Instructor  
Education  
B.A., Central Connecticut State University  
M.A., Sacred Heart University  

Shirley A. Wakin  
Adjunct Instructor  
Mathematics  
B.A., University of Bridgeport  
M.A., University of Massachusetts  

Susann M. Walens  
Adjunct Instructor  
History  
B.A., Charter Oak College  
M.A., Western Connecticut State University  
Ph.D., The Union Institute  

Aurelia D. Walker

Adjunct Instructor  
Mathematics  
B.S., Cornell University  
M.A., New York University  

John A. Watts  
Adjunct Instructor  
English  
B.A., M.A., Fairfield University  

Sheila T. Watts  
Adjunct Instructor  
Physical Therapy  
B.S., Ohio State University  
M.B.A., University of New Haven
Sylvia A. Watts  
Adjunct Associate Professor
English  
B.A., College of Notre Dame of Maryland  
M.S., University of Bridgeport  
C.A.S., Fairfield University  
Ed.M., Ed.D., Columbia University

Henry W. Weeks  
Adjunct Assistant Professor
Economics  
B.S., State University of New York, Oneonta  
M.B.A., Syracuse University

Richard H. Weidlich  
Adjunct Instructor
Music  
B.A., Portland State University  
M.M., D.M.A., University of Arizona

Carl C. Weigand  
Adjunct Instructor
Mathematics  
B.S., M.S., Sacred Heart University

Jesse S. Weiss  
Adjunct Instructor
Mathematics  
B.B.A., M.B.A., City University of New York

Joseph C. Wesney  
Adjunct Assistant Professor
Physics  
B.S., Ohio State University  
M.S., Purdue University  
M.S.T., Ph.D., Cornell University

Debra A. Widman  
Adjunct Instructor
Occupational Therapy  
B.S., Binghamton University  
M.S., Russell Sage College

Robert C. Williams  
Adjunct Instructor
Media Studies and Digital Culture  
B.A., Princeton University  
M.A., Ph.D., University of New Mexico

Mark L. Winzler  
Adjunct Instructor
Education  
B.A., Upsala College  
M.Ed., 6th Year, University of Hartford  
M.S.N., Fairfield University

James R. Wittstein  
Adjunct Instructor
Nursing  
B.S.N., M.S.N., Sacred Heart University  
J.D., Pace University School of Law

Joy G. Wofse  
Adjunct Instructor
Information Literacy  
B.A., State University of New York at Stony Brook  
M.L.S., Pratt Institute  
M.S., New York University

Regina Wohlke  
Adjunct Instructor
Education  
B.A., C.A.G.S., St. Joseph College  
M.A., Southern Connecticut State University

Robert M. Wojna  
Adjunct Instructor
Physics  
B.S.M.E., B.S.E.E., Bridgeport Engineering Institute

Thomas E. Wolf  
Adjunct Instructor
Education  
B.A., Yale University  
M.A.T., Harvard University  
Ed.D., University of Massachusetts

Harold Wong  
Adjunct Instructor
Finance  
B.A., Knox College  
M.B.A., DePaul University

John E. Woodilla, Jr.  
Adjunct Instructor
Management  
B.S., Ph.D., Massachusetts Institute of Technology

Lisa M. Wozniak  
Adjunct Instructor
Foreign Languages  
B.A., M.A., Yale University

Richard P. Wronski  
Adjunct Instructor
Education  
B.S., Southern Connecticut State University  
M.S., 6th Year, University of Bridgeport

Thomas M. Wuenemann  
Adjunct Instructor
Criminal Justice  
B.S., M.S., University of New Haven

Carolyn M. Wurthmann  
Adjunct Instructor
Criminal Justice  
B.A., Long Island University  
M.S., University of New Haven
Lisa Yacoviello
Adjunct Instructor
Education
B.S., C.A.S., Sacred Heart University
M.S., Southern Connecticut State University

Hernan D. Yepes
Adjunct Instructor
Foreign Languages
A.S., Norwalk Community College
B.A., Sacred Heart University
M.A., Fairfield University

Christina I. Zito
Adjunct Instructor
Biology
B.A., Mount Holyoke College
M.S., M.Ph., Ph.D., Yale University

Heidi S. Zommer
Adjunct Instructor
Physical Therapy
B.A., M.A., Sacred Heart University

Sacred Heart University Main Campus
Fairfield, CT

Entrance at Park Avenue only.
Exits at Park Avenue and Jefferson Streets.
Check with guard at entrance on Park Avenue or Public Safety Office for parking permit.
DIRECTIONS TO SACRED HEART UNIVERSITY

**MAIN CAMPUS, FAIRFIELD, CT**
5151 Park Avenue, Fairfield, CT 06825-1000
From Merritt Parkway (Route 15) NORTH OR SOUTH (passenger vehicles only).
Take Exit 47. At end of ramp turn left onto Park Avenue and proceed one block to Sacred Heart University. Entrance on Park Avenue.
From Connecticut Turnpike (I-95) NORTH OR SOUTH (passenger vehicles only)
Take Exit 27A. Continue straight ahead on combined Routes 8 and 25 to fork. Bear left onto Route 25. Take Exit 7, Merritt Parkway south, and follow directions above.

**OAKVIEW LOCATION**
101 Oakview Drive, Trumbull, CT 06611
From Connecticut Turnpike (I-95) NORTH OR SOUTH (all vehicles)
Take Exit 27A (Route 25/8 Connector) and follow signs for Route 25 (bear left when the connector splits). Just after the split, get off at Exit 7. (Merritt Pkwy/Route 127 Trumbull). Bear right, following signs for Route 127 (White Plains Road). At the end of the exit ramp, turn left onto White Plains Road.**
From Merritt Parkway SOUTHBOUND (passenger vehicles only)
Take Exit 50 (Route 127/White Plains Road). At end of ramp bear right onto White Plains Road.**
**Stay in the left lane for about 1 mile on White Plains Road and turn left at the traffic light (fire station on the right) onto Reservoir Avenue. Follow Reservoir Avenue (go under Parkway bridge) and turn right onto Lindeman Drive. At the stop sign at the end of Lindeman Drive, turn right onto Oakview Drive. The road dead-ends. Sacred Heart University’s driveway is on the left. Visitor parking is on the right.

From Merritt Parkway NORTHBOUND (passenger vehicles only)
Take Exit 48 (Main Street). At end of ramp turn right onto Main Street. At second traffic light, turn left onto Old Town Road. At third stop sign, turn left onto Oakview Drive (beginning of office park area). At top of hill, Oakview will dead-end. Turn left into Sacred Heart University’s parking lot. Visitor parking is on the right.

**STAMFORD CAMPUS**
12 Omega Drive, Stamford, CT 06907
From Merritt Parkway (Route 15) NORTH OR SOUTH (passenger vehicles only)
Exit 36. Turn right. Go 2 miles; take a right at the light onto Camp Street. At the next light turn left onto Hope Street. Entrance to River Bend Park is on the left past the Springdale train station. Follow signs to first office building on right.
From Connecticut Turnpike (I-95) NORTH OR SOUTH (all vehicles)
Exit 9. Follow Route 106/Courtland Avenue to Glenbrook Road; turn left. At second light turn right onto Hope Street. Continue past United Wrecking and through next light to the second River Bend entrance, on right just before the Springdale train station. Follow signs to first building on right.

**TRUMBULL, CT CAMPUS**
7 Cambridge Drive, Trumbull, CT 06611
From Merritt Parkway (Route 15) NORTH OR SOUTH (passenger vehicles only)
Exit 48. Take left from Southbound direction or right from Northbound onto Main Street (Route 111). Take left onto Old Town Road. At second stop sign, go straight on to Cambridge Drive. Proceed to first building on the left.
