Dear members of the Sacred Heart University community,

Today, we just have a couple of reminders. We want to remind students and employees to please upload vaccination information to the student health portal or the through the HR questionnaire (for employees). This allows us to determine how close we are to herd immunity and will impact our decision-making regarding COVID protocols for the remainder of this semester and the fall.

Undergraduate students who are fully vaccinated are automatically eligible to win prizes if they upload the information to their student portals by the end of May. Fully vaccinated means two doses of Pfizer or Moderna or one dose of Johnson & Johnson. Prizes include iPads, Airpods and iPhones.

**Mandatory Testing**
We also want to remind undergraduate students that we still have a few more weeks of mandatory testing. Please keep in mind that you will need a current wristband to participate in such events as this weekend’s Spring Fest, senior events, etc.

Please note: At this time, everyone is required to participate in mandatory testing even if they are fully vaccinated. This requirement may change in the future, but currently everyone is required to be tested and have a current wristband.

**Active Cases**
Today's dashboard shows 14 active cases. There are five students with current active cases isolating on campus.

Stay safe and enjoy the beautiful weather,
The Coronavirus Planning Team
