ONLINE LEARNING SPACES FOR COMMUTERS

Sacred Heart has numerous outdoor spaces and informal places to study in our buildings. However, to provide additional options for learning during the COVID-19 pandemic, we have identified four areas throughout our campuses where students may choose to participate in online learning. Each area has a sign like the one (at left) that identifies the space as an Online Learning Space. These spaces are intended to be used by only one person at a time and have sufficient access to wireless fidelity (Wi-Fi) and electricity to allow for synchronous and simultaneous learning, while not being in the same classroom as the teacher due to room capacity restrictions. Shuttles will provide regular, efficient and safe transportation to each area. **We do not encourage students to study in their cars.**
