UPDATE Coronavirus Update 7-30-21

Dear members of the Sacred Heart University community,

It has just been announced that the CDC is including Fairfield County as an area with substantial COVID-19 community transmission, and the [Connecticut Department of Public Health has issued a health alert for Fairfield County](#).

Consequently, as of now we will be putting an indoor masking requirement in place until further notice. This includes indoor events and activities happening on campus tonight and over the weekend.

As was the case during the previous semesters, employees will not need to wear masks when alone in their offices, but everyone will need to mask when in a public indoor space or when there are two or more people in a room (not including students' own residence hall rooms).

There is still no mask requirement outdoors for either vaccinated or unvaccinated members of the University community.

Have a safe and happy weekend,
The Coronavirus Planning Team
