

# Financial Summary 2018

## Continued Growth & Financial Stability

Sacred Heart continues to grow—in physical space, enrollment and programs. In 2018, the University outlined its plans for phase II renovations at West Campus, former site of GE global headquarters. We will continue to renovate to meet and support our future growth. The University currently has its highest-ever undergraduate enrollment and is rapidly expanding its graduate population by developing new programs that meet the interests of potential students and the needs of the ever-changing global marketplace.

For the year ending June 30, 2018, Sacred Heart again demonstrated positive results and operated with a balanced budget. Net tuition and fee revenue grew by 7 percent over prior year, reflecting the continued growth in the student population. Total net assets increased by \$41 million, which represents more than a 11% increase over prior year and a 46% increase over the last three years. In addition, Sacred Heart has maintained solid long-term bond ratings with Standard & Poor's (A) and Moody's (A3).

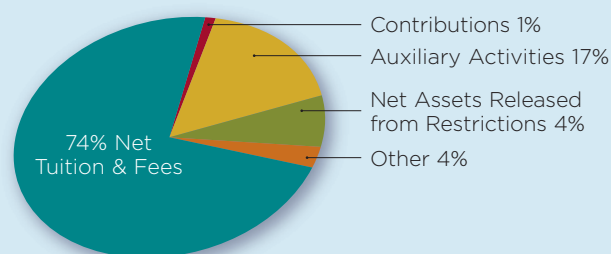

The University continues to align its operating budget with its Strategic Plan to ensure we are investing in the future.
