Coronavirus Update 7/9/21: Please Update Your Vaccination Information

Dear members of the Sacred Heart University community,

We hope everyone is having a healthy and fun summer. We wanted to touch base to remind everyone—and students in particular—to upload your vaccination information as soon as possible. Students should post it to [their health portal](#). Employees should use the link that has been provided by HR.

The University's senior leaders and the coronavirus planning team are in the process of determining policies for the fall semester that will be based on how many in our community have been vaccinated. Students should also provide that information [through this brief survey](#). These statistics will influence such policies as indoor masking, visitors on campus, etc. We are planning for as normal a semester as possible, but restrictions may be needed if a large percentage of us are not vaccinated.

We are looking forward to seeing everyone back next month, but enjoy the summer in the meantime!

Be safe,

The Coronavirus Planning Team
