### **Coronavirus Update 5-11-22**

Dear members of the Sacred Heart University community,

We wanted to update you on our most recent decisions regarding our COVID policies:

- With the end of the semester, we have shut down the COVID dashboard. We will evaluate the need for it in the future based on the status of the virus
- Students will not need to inform health services or upload a positive test while away for the summer; **students who are still on campus for the summer** will need to continue reporting any positive test results
- We are asking those who test positive to notify their likely contacts as SHU's contact tracing team will not be operating during the summer
- The mask mandate for classrooms will be lifted as of June 1. There still may be some classes (lab, etc.) that will require masks
- We still have rapid tests available that students may take home with them

Again, congratulations to all who are graduating, and we look forward to seeing everyone else back here in August!

The Coronavirus Planning Team
