Coronavirus Update—Tests Available and Other Reminders 9/16

Dear members of the Sacred Heart University community,

We want to remind everyone that the University has home tests and masks available to anyone who needs them. They can be picked up in all residence halls, at the concierge or at public safety. If your department needs a larger supply of masks or tests, please reach out to Pete Bravo via email.

Masks in Classrooms

There are instances when, because of professional or departmental needs, masks will be required in a lab or clinical setting. Professors may also request that students wear masks in labs or classroom settings. Of course, you may choose to wear a mask anytime. Nobody should be made to feel uncomfortable about their decisions regarding masks.

Stay Home if You are Sick

With flu season rapidly approaching, we want to remind everyone to stay home if you are feeling sick. Flu and COVID symptoms can be similar, but either way, you should not be in class, in the dining halls or in the office if you are not feeling well. Let's remember the [Pioneer Promise](#) and take the necessary steps to protect ourselves and others.

Thank you,
The Coronavirus Planning Team
