Mr. John O'Keefe & Mrs. Edward J. Reberkenny have been newly elected to the O.S.B., Board. Mr. John O'Keefe is the manager of Sears-Roebuck in Bridgeport and a leader in local civic and community affairs. Mrs. Edward J. Reberkenny is the first woman trustee of the University since its founding in 1963, who has given active leadership in various religious, educational, and community endeavors. Mr. O'Keefe currently is president of the regional council. He also sits on the board of directors of the Chamber of Commerce, Rotary Club, Junior Achievement Inc., United Community Services, Goodwill Industries of Western Connecticut, the Urban Coalition of Bridgeport and Lafayette Plaza Merchants Association.

The Sacred Heart University library collection of more than 2,000 mathematics volumes documenting, according to Dr. A. Matske, is considered the "best, quality" collection currently held at the facility and is partially responsible for the university's ranking recently in the prestigious American Mathematical Society.

Dr. Robert DeVilliers, chairman of the mathematics department at Sacred Heart, explained that his department, located in the most modern mathematics building of the day in its instructional programs and the library collection reflects that philosophy. The books on the library shelves encompass the four major areas of mathematics: algebra, topology, modern analysis, and applied mathematics, explained Dr. DeVilliers. He noted that some of the volumes are so modern they are still in the publishing stage.

The books are selected to be used in the most current mathematics literature and it has been sent from the classroom to the library. The Sacred Heart mathematics library is being used for their study as well as understanding other mathematics problems and theorems.

Dr. William H. Conley, chairman of Sacred Heart's mathematics department, will represent the university at the American Mathematical Society's 9th meeting in December.

The funeral home of Cox, Smith and Crummion, 1230 Chapel street, New Haven, has charge of the arrangements. The funeral home of Leon Elliston, of Chicago, Illinois, will be in charge of the service there.

In a statement issued today, Sacred Heart University president Robert A. Kidera, said:

"The Board of Trustees, President, Chancellor and Faculty of Sacred Heart University record with sorrow the untimely death of their colleague and friend, Reverend Mathias L. Kucera, O.S.B., a talented and outstanding teacher in the field of literature."

Dr. Kucera served on the board of managers of the Harum Festival Committee and was chairman of the 1971 Reception.

Mrs. Reberkenny is a graduate of Eden Hall Academy in Torrington, Pa., with highest honors, and Manhattanville College in Purchase, N.Y. A resident of Trumbull since 1963, Mrs. Reberkenny counts as community affiliations: the American Cancer Society; former board member of the Nichols PTA and member of the Plumly Wood Lake Association.

The Rev. Mathias Kucera, O.S.B., assistant professor of English and speech at Sacred Heart, was found dead yesterday at 4:30 p.m., Dec. 19 in the Sacred Heart Church, New Haven, where he resides. Cause of death is not yet determined.

Father Kucera, who came to Sacred Heart in the fall of 1955, was the first vice president for development and public relations of St. Procopius college, Lisle, Illinois in 1948 and was a Fine Arts degree from Catholic University of America. He earned his B.A. degree from St. Procopius college and composed an oratorio "A Light of the Darkroom." He held a number of positions in New York City conducting research on the functioning of human memory and interpersonal relationships. He has served as the consultant and counsel- in the fall of 1970, who has given extensive experience in counseling and疏导ing social agencies.

Family Grows at SHU

Michael Kriegsfeld of New York City, an associate professor of social science, has joined the full-time faculty of Sacred Heart University, according to an announcement made by Dr. Herbert C. Chais, dean of faculty.

Miss Roberta L. Staples of 179 Greenacre Lane, Fairfield, a part-time instructor during the day at the university since September, 1970, has also been appointed to the full-time faculty as an English instructor.

New City Educator

Teaching at the college level for more than ten years, Dr. Kriegsfeld comes to the university after spending a year as director of counseling services at New York Institute of Technology branch in Westbury, N.Y., where he also held the rank of associate professor.

His interest in social science goes beyond the classroom. Since 1965, he has held a number of positions in New York with a Ph.D. in human relations from New York University. Dr. Kriegsfeld has taught at Pace University, C.W. Post colleges and New York university. His master of social work degree was earned at Pace University.

He has served as the chairman of the American Psychological Association's Committee on Clinical Social Work, the American Community Service Association, and the American Psychological Association's Committee on Professional Social Work.

Dr. Kriegsfeld is married and has two children, Amy and Scott. His hobbies include: reading poetry, playing the piano, and writing music. Miss Staples holds a bachelor's degree in education and a master's degree from the University of Virginia. She is currently a graduate assistant for the University of Virginia. She is also a New York certified social worker, a New York licensed psychologist.

In a statement issued today, Mrs. Reberkenny said:

"I would like to see a response to this page because I know there is a lot of good material written by the Sacred Heart. I'd like to see it shared."
New Frat - Like Old Ones

A group of pseudo apathetic individuals on campus have almost decided to establish union among "concerned" students. The group, which has unofficially chosen as their title "I Sigma almost overwhelming apathy," will endeavor to formulate a brotherhood which, they hope, will inspire a feeling of overwhelming apathy.

Pledging will consist of four years, beginning on the first day of orientation and ending the day of graduation. During these four years the students should have demonstrated his ability at maintaining high intellectual and social standards, i.e., formal discourse of the value of bathroom graffiti, dropping at least one "hard" course per semester, cut at least half of scheduled classes, or demonstrated proficiency in reading any universally- renowned comic book. The culmination of membership in classes, or demonstrated proficiency in reading any universally-renowned comic book. The culmination of membership in classes, or demonstrated proficiency in reading any universally-renowned comic book. The culmination of membership in classes, or demonstrated proficiency in reading any universally-renowned comic book. The culmination of membership in consists of receiving a neatly-embroidered red emblem, the field of which contains a white question mark.

Interested students may obtain application forms in an area to be designated at some other time. May it be noted by all interested candidates that involves commitment to noncommitment.

Academic Vice-President

On Monday, President Kidera in an "official-unofficial" statement said that the new Academic Dean has not been chosen yet. However, when the choice is made from the cast of prominent applicants, an "official-official" statement would be issued to the student body giving the details of the appointment.

The Senate seems to be the most powerful organization on the campus. You can see why? It is made up of 30 non-students and 10 students. The majority of the school is students and yet the minority (administration and faculty) are the majority in the Senate, who in turn, determines school policy and what is best for you, the students. Who knows better than you, your needs? Yet you allow your wants and needs to be determined and controlled by this body, that is 75 percent administration and faculty. These same percentages are sometimes more grossly seen in the subcommittees. Where is the Black and Puerto Rican representative? There is none. I'm aware of the democratic system of selecting the candidates to the Senate. But, so what? Have you alienated the schools minorities in your democratic system? This should not be. How and why did this happen? Is this what you want at Sacred Heart University?? To have your curriculum, societies, investigating policies controlled by this type of Senate? Where is the students power? The power to determine what is best for you? A word to the wise when dealing with the Senate: Get everything in writing, verbal commitments have been known to be trickery. Take for example, the bill proposed for a student to be placed on the board of Trustees. This bill was postponed because of problems with worthiness, interest, and clarity, etc. A verbal commitment had been given in the meeting, by the president, that the bill would be first on the agenda in the next meeting. As the meeting came to pass, the bill was not even brought to the floor. Apparently, it had been placed in a subcommittee (Steering Committee) for review. When the head of this organ was asked about this deed, by several concerned students, he explained, "I' m not always aware of what I say up there", referring to the Chair. It's hard to believe, that the organization is so oblivious to the business at hand. (conviently, I'm sure) Not referring to the Chair. It's hard to believe, that the organization is so oblivious to the business at hand. (conviently, I'm sure) Not only are we a minority, but lax attitudes are taken toward business. There is more concern directed toward procedure then to progress. Is this what you really want?

Sacred Heart University

Mr. Solomon Stock, professor of English at Sacred Heart University, has published the beginning excerpt of his novel, My Last Will and Testament in The Dublin Magazine.

The novel by Mr. Stock, concerns a man who wishes to take his money with him and succeeds in doing so. "The Dublin Magazine," which contains Mr. Stock's work, is presently on display at the Library. The League of American Writers of the United States and Canada has given the magazine a regular basis.

Mr. Stock, who studied at the University of Dublin for three years, also holds the honor of being named the Assistant Editor of The Dublin Magazine, which has been in publication since 1923.

Once upon a time........

This story starts when the faculty becomes upset because Obelisk hadn't edited (to their satisfaction) a taped conversation we had with them about Education and the future of S.H.U.

So............

We decided to let them edit Part 2 of Faculty raps, so they wouldn't "sound as illiterate" as they said they did. This was done on the condition that they meet our deadline the next day, Dec. 8. (This was not an unreasonable request, you can only bend so far.)

Follow along (it's time).
This is "x'd" out because in all investigations you're bound to meet one dead-end. After weeks of editing and meeting our deadline, as they never did, we asked the faculty for our long, lost copy. All 160 inches of it, enough to cover both these pages. Dr. Bordeau began the investigation, only to find a dead-end. He claimed, he "heard" that it had been given to Spyder last (why I don't know). But when we asked Spyder, he denied the accusation and the faculty withdrew their statement. (But they said it happened, "x'd" out or not). So the investigation went on.

After a thorough search of the mail box, "no copy." . . .

Perhaps never to be found again!!

Sorry?

Couldn't risk giving you this to edit.

Why? Why would something as important as the appointment of Academic Dean be put off or delayed? Because we're only pawns to be manipulated by the Administration at their whim and fancy.

Well, it's really not that important a decision because in the long run the only people who lose anything from this procrastination is YOU!

More About Queen's

According to the last editorial in reference to the complaint about Winter Weekend Queen's Contest, Greg Collins' theory is completely "washed-up." I am able to speak from previous experiences, as I was a Queen in the 1970's Winter Weekend Queen Contest. I do not believe that a King's Contest should be held. I believe that Greg Collins is contradicting himself throughout his letter, because everything he mentioned about Queen's Contests will also hold true for any King's Contest.

The Ephebian Fraternity work hard together, in trying to prepare the Winter Weekend Queen's Contest every year, and I don't think we should destroy the Weekend for them, or the entire school. It was stated that Queen's Contests are a farce, and the same girls are up there. I don't think that Queen's Contests are a farce, and if they were considered a big popularity contest, or considered a big "drag," then I ask you- does everyone enjoy this? No one is making them. Also, every year, the Ephebians get a fabulous turn-out, and one has to remember-not every girl can win-believe me-I know because I've lost too.

As you say- "what's so significant about picking the most popular or good-looking girl?" Because this is a tradition and people build things - on tradition. What is more - people enjoy this. A minority may think a King's Contest would be in good taste - well I feel that a King's Contest would be a messed-up evening, and it would turn into a big laugh-show.

If you want this to go through, then lots of luck before AND after the election of a King. There is a lot of University outside this cafeteria, and when queens are chosen, everyone goes outside the cafeteria to choose one, Gregg! Tell us, would you be willing to run for King??

Everywhere Signs

Due to an increased number of parking tickets issued last semester, parking area security has taken steps in an attempt to alleviate this problem. During the semester break, "Tow Away" signs were placed in the reserved parking places as to discourage students from parking their vehicles in zones saved for students and administration.

Now, no one really minds who parks where, but this is the kind of thing that could be blown out of proportion - very easily.

The fact that signs were placed in one area to keep unauthorized personnel out isn't particularly amusing, but the possibilities stemming from this are.

In looking after the needs of all the students, you'll see that not all students drive to school. And assuming they too will put themselves on an equal basis (they are tuition paying students, also) they will request something so to feel left out of the action.

To accommodate the needs of the student who does not drive, painted waiting circles with the students' initials will be placed near the driveway by the bus stop. Hopefully now, all students will be able to take advantage of the available places.

The Ear is here. The Ear is an informal group involving students, that want to talk about what is going on in this school in a cultural and social way. It is open to anyone affiliated with Sacred Heart University, (students, faculty, trustees, alumni etc.) in order to insure a reservation for the Hawaiian trip, a down-payment of $5.00 must be received no later than Feb. 18, as there are a limited number of seats. If a student wishes to pay a certain amount of money each week, instead of paying the lump sum, he may do so. However, the balance must be paid by Mar. 1.

Hawaii Here We Come

Mr. Thomas Calabrese and Mr. Bill Dean have started a new club this semester. This club is going to be along the lines of a university travel club. Their first major trip is to Hawaii over Easter vacation.

The group will leave April 1st and return April 8th. The cost of the trip is $299.00 which includes airfare, transportation, and hotel expenses. Also, the group will have all meals, (breakfast and dinner). The purpose of this club is to expand their travels around the world in a cultural and social way. It is open to anyone affiliated with Sacred Heart University, (students, faculty, trustees, alumni etc.) in order to insure a reservation for the Hawaiian trip, a down-payment of $5.00 must be received no later than Feb. 18, as there are a limited number of seats. To all students of Sacred Heart

This year's Winter Weekend is not going to have the Rolling Stones in for a concert, or a high class formal. We can't, because we don't have any money of sufficient amount to sponsor such events. What the class of 74 is trying to do is present a weekend of social activities that will not rip-students pockets. These four days of events, including the Ephebian "ski night," and Queen contest on Thursday, are for you Sacred Heart. Our intentions this year are not to make a great profit, but rather to sponsor good, inexpensive, college-oriented activities. We hope you will have a good time and help make Sacred Heart a little more than just classrooms. This place is what we make it, so MAKE IT! please...

She sat waiting, looking much older than her years. Starred out into space, stopped and got her hands wrapped around a bright orange bag from Woolworths. Such a long way from her Southern farm. She hardly ever saw the sun anymore. The lover who whipped her back for hours, and not caring, being and not eating and not looking, taking and not giving, seeing. Annie now works for Mrs. Smith and she remembers with fingers wrapped around a bright orange Woolworths bag.

"The Ear is here. The Ear is here." The Ear is an experimental peer counseling group involving students, that has been in training for ten weeks. The Ear will officially open on Feb. 7th. It will be located in the stairwell office in the South wing. Drop in any time, we will be "ear even if you're not."

Cabaret Review

By Andy Avedisian

Playing opposite Miss Helen was Milton Sanas as Herr Schlutz, an elderly Jewish widower in pre World War II Germany. Mr. Sands was quite convincing in portraying the archetypal Jewish landlord. His acting evoked a spectrum of genuine feeling ranging from a sigh of despondency at one moment to a smile of exuberant laughter at the next.

Casting Pat Hemenway as Sally Bowles was perhaps as laudable a choice as Julie Andrews as the lead in "The Stripper," entertaining but not convincing. Miss Hemenway who is a very fine actress and vocalist did not come across as the provocative and sensual cabaret performer Sally Bowles.

Greg Collins in his first attempt at acting played Miss Hemenway's romantic opposite, Clifford Bradshaw. What Greg lacked in polish and polish he more than made up for with freshness and honesty. Of course, Mr. Collins' singing was horrendous, but nevertheless he came across as just what he portrayed: a naive young American novelist infatuated with an earthy German frauder.

"Cabaret's" success was due in large part to the four actors in the lead. The key to the play's unity was the abundance of talent which pervaded many areas of the production. The actors performing the fine performances are: James Murphy as Emcee, Walter Wilson and Bob Fallon as Waiters, and DIlSa Saad as Frenchie.
Pioneers Earn Consolation Honors in Holiday Classic

The Sacred Heart University Pioneers settled for third place in the Holiday Classic by upending Clark 87-70. SHU had previously won the crown in three of the tournament’s five years. Wesleyan won the classic by beating the Pioneers 82-62.

Junior Brad Rodgers edged Ed Czernota for the tournament Most-Valuable Player Award. The Wesleyan forward tallied eighteen points against Upsala for a three game total of 64. However, Czernota, by pouring in 34 points, broke the tournament scoring record for most field goals in a game to break Czernota’s record with 47 points as Sacred Heart walloped St. Michael’s 133-90. 

In the preliminary match, the Pioneers led at halftime by 57-37 despite some erratic play. But St. Michael’s rallied behind the shooting of guard Bob Toner to outscore the Pioneers before Czernota led Sacred Heart to a 104-65 romp over Pratt during this week.

The Sacred Heart University Pioneers then held the ball until Billy Burke hit on a twenty-foot jumper from the corner. The Pioneers were then sparked by the torrid shooting of sophomore Ed Czernota, who then scored the dramatic second one was missed but Vyzas' free throw by Hofstra's Quinans was then followed by Toner's 18 and Gene Fran Laffin with 29 points of the gym.

With only four minutes remaining in the game, the Blue Devils came as close as 78-74 on baskets by 6-5 center Bill Macala and Rich Murallo. But, the Pioneers then outscored their opponent on a 15-1 surge to ice the victory.

After the Pioneers' Jim Kelly sank two free throws, Ray Vyzas scored on a driving lay up and soared two key defensive rebounds to key the spurt. Sacred Heart shot at a torrid 58 from the field and placed four men in double figures—Ed Czernota (30), Vyzas (27), Bob Gers (16), and Kelly (11). Czernota also grabbed 16 rebounds while guard Bill Burke contributed eleven assists and a brilliant floor game.

CCSC registered on 47 of their shots and was paced by Macala with 17 points and Billy Wendt with 15. In the preliminary contest, Central Connecticut subdued the Sacred Heart 77ers by a 90-74 score.
