Seniors
At the collegiate level, it has become difficult to define what a senior is. For the *Prologue*, seniors are those students who have entered their final year or semester of classes. This may be after four years full-time or ten years part-time. Basically we are recognizing those students who have graduated in May 1993 or those who intend to finish in December. At any rate, we wish to congratulate those students who have accomplished their goal of attaining a degree of higher education.
If a man
does not keep pace
with his companions,
perhaps it is because
he hears
a different drummer.
Let him step to the music
he hears,
however measured
or far away.

HENRY DAVID THOREAU
There will be a time when you believe everything is finished. That will be the beginning.
